The 2nd War Loan Starts April 12

13 billion dollars must be raised!

THE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we *must* do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough *now* to win this war!

We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year *still* won't be enough!

We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

And We've Got to Buy More War Bonds!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and building . . . We've got to match, as best we can, the sacrifice of those Americans who are toiling and sweating on a dozen battlefronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion *extra* dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this: in doing your duty, you're doing yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and *get* the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peacetime jobs making peace-living for every one of us.

For your Country's sake—for your *own* sake—invest *all you can!*

There Are 7 Different Types of U. S. Government Securities — Choose The Ones Best Suited For You:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back $4 for every $3 when the Bond matures. Designed especially for the smaller investor. The following resoulution was offered by Trustee Turnbull:

Whereas, there has been presented to the Village of Tecumseh by the Township of Tecumseh an agreement to provide compensation for rendering fire protection to certain residents of the Township of Tecumseh: and

Whereas, the Village of Tecumseh desires to render fire protection to certain residents of the Township; and

Where, the agreement appears to be fair and that it will in a measure compensate the Village for the use of its equipment.

Now, Therefore, Be it resolved, that the Village enter into the agreement with the Township of Tecumseh, copy of which is attached hereto, and that the President and Clerk be authorized to sign the same on behalf of the Village.

AGREEMENT

This agreement, entered into at the Village of Tecumseh, this 6th day of April, 1943, by and between the Village of Tecumseh and the Board of Supervisors of the Township of Tecumseh.

Whereas, the Township of Tecumseh does not maintain a fire department; and

Whereas, it is unable to provide fire protection to the citizens and tax payers living with the Township; and

Whereas, the Village of Tecumseh maintains a fully equipped volunteer fire department which is ready and willing at all times to render fire protection to the Township of Tecumseh.

Now, Therefore, in consideration of the mutual undertakings, the Township of Tecumseh through its proper officers does hereby agree to pay to the Village of Tecumseh the sum of $25.00 for each and every run the fire department is called upon to make to residents of the Township who are not members of the heretofore created Fire Truck Association.

It is further agreed by and between the Village and Township that this agreement may be continued from year to year if the governing bodies of the parties hereto so approve by resolution at their annual meetings.

Motion made by Turnbull, supported by VanVleet that the Village Clerk be authorized to sign agreements with the N.Y.C. R.R. Co. for permission to place water and sewer services under their tracks on west Cummins St. and south Evans St. at the corner of Patterson St. Motion carried.

On Motion Council adjourned.

The Harmony Home Makers will meet Wednesday, April 14, at the home of Mrs. Gail Austin for a pot luck dinner and social afternoon. The assistant hostesses are Mrs. Clarence Hunt and Mrs. Walter Haviland. Members are to bring Easter cards to be sent to men in service.

WELCOME CLASS

The Welcome class of the Presbyterian church will meet Tuesday afternoon, April 13 at the home of Miss Mary Whitelock for business meeting and program.

Rehearsals Are Held Twice Weekly For The Easter "Messiah"

Rehearsals for "Messiah" are being held every Wednesday evening and Sunday afternoon in preparation for the presentation in the Baptist church the afternoon of Easter Day, April 25.

Not in opera nor in any other form of music does one composition standout above all others as does "The Messiah." No other oratorio has enjoyed such enjoying popularity and such positive adoration. Scores of sermons have been preached about it. In England it is held in absolute veneration and in all generations has resounded with its strains.

The most marvelous portions of "The Messiah" are in the second part: "Behold the Lamb of God," "Lift up your heads, Oh ye gates," and the "Hallelujah" chorus, the tremendous grandure and sublimity of which it is impossible to describe. It was in London that the reverent and still exsting custom of standing during the "Hallelujah" chorus was inaugurated by King George II who was so moved by its sublimity that at the words "For the Lord God our impotent reigneth" he rose to his feet followed by the audience.

In the aria "He was despised and rejected of men", is one of the most pathetic and deeply expressive songs ever written, in which the keynote of sorrow is struck. Over this composition Handel was found in tears. In the tenor recitation "Thy rebuke hath broken His heart," is a very pathetic aria, bringing the spectical of the Savior dying on the Cross. This is followed by the soprano aria "But Thou didn't not leave His soul in Hell." What is more beloved than the aria for soprano "I know that my Redeemer liveth," and the great bass trumpet aria "The trumpet shall sound", in which is incalculated the awesomeness of the resurrection of the dead.

Tecumseh is very fortunate in having so many singers who have sung "The Messiah" with other large oratorical societies, who are singing in the Tecumseh chorus. Rev. and Mrs. Edward Escolme sung the oratorio often in England, others have taken part in the Choral unions at Ann Arbor, Michigan State, Oberlin, Madison, Wis., Alma Lake Erie, Brooklyn Oratorical Society in New York, Toledo Oratorical Society, Waldenwoods chorus and the MacDowell Society of Jackson.

Mrs. Morris Cornell, 29, Dies In Toledo Hospital

Mrs. Morris Cornell, aged 29 years, died suddenly Tuesday night at 9 o'clock at Flower Hospital in Toledo, where she had been a patient only a few hours.

Mrs. Cornell was formerly Glenna Mae Grigg, daughter of Mr. and Mrs. William Grigg of Tecumseh, and was born May 30, 1913, in Canton township, Wayne county and came to Tecumseh with her parents about 15 years ago. She attended the local high school graduating in 1932. After graduation she was employed in theOusterhout Flower Shop for a few years, and later went to Lincoln Park where she followed the same line of work until her marriage. While in Tecumseh she attended the Methodist church.

Survivors are the husband and three year old daughter Kathlyn, her parents, a sister Marian of Detroit and two brothers, Robert of Tecumseh and Sergeant Lyle Grigg of Dean, Montana.

The body was brought to the Collins Funeral Home where funeral services will be held Saturday afternoon at 2:30, with burial in Ridgeway hemetery. Rev. O. V. Robinson will officiate.

MRS. D. F. BAUER DIES

Mrs. David F. Bauer, aged 81 years, died Tuesday morning at her home northwest of Clinton after a two weeks illness. She had been in failing health for some time.

She leaves her husband, one son Henry of Ganser, two daughters Mrs. Fred Schaffer and Mrs. Roy Smith, also six grandchildren and three great grandchildren.

Funeral services will be held this (Thursday) afternoon at 2 o'clock at the Hause Funeral Home in Clinton with burial in Manchester cemetery.

K. T. ELECTION

At a meeting of Adrian commandery No. 4, Knights Templar, held Friday evening in Adrian, officers were elected, among them Orville W. Parver, junior warden and Frank K. Smith, standard bearer, both of Tecumseh.

CARD OF THANKS

Many thanks to my friends for the cards, flowers and plants sent me, while in the hospital and to all for their kindness during my illness.

Mrs. Guy E. Nemire.

CARD OF THANKS

We wish to thank all who so kindly assisted us in our time of sorrow, especially Rev. O. V. Robinson and W. J. Bruce of the Bruce Foundry.

Mr. and Mrs. Henry Kelley, and the brothers and sisters.

$68,000 Goal Speeds Buying of Bonds Here

BERKHOF IS OPTIMISTIC; BELIEVES THAT TECUMSEH WILL EXCEED ITS QUOTA

"Tecumseh will exceed its quota."

That was the prediction this morning of W. L. Berkhof, Tecumseh chairman of the government's second War Loan Drive, as he canvassed figures of the first 14 days sales in April and reported them to be "in keeping with expectations."

"As nearly as I can estimate," Mr. Berkhof said, "Tecumseh, in the first two weeks of April, has indicated the purchase of more than $30,000 worth of bonds. Our quota for the month is $68,000. We haven't quite hit the half-way mark, but I believe that we will before the week is over. I am of the opinion that the drive will gather momentum as it progresses, and I feel confident that we will exceed our quota in the 13 billion dollar nation-wide campaign."

John R. Thompson, cashier of the United Savings Bank, said that the institution is selling bonds at the rate of about $2,000 a day. There is an increased interest in bonds this month, he declared. He also announced that the United Savings Bank had purchased $100,000 worth of the government's seven-eighths of one per cent bonds to boost the Second War Loan Drive. This sale, however, is not credited to the community's quota of $68,000, because bank purchases are not included in Lenawee's quota of $1,990,000.

School children are exceedingly War Loan conscious, it was announced at the superintendent's office. In yesterday's bond and stamp sales at the school, total receipts amounted to $540.80. This is nearly double previous weeks totals, it was said, and the school will endeavor to keep sales above the $500 mark during the month.

To prove that Tecumseh has been among the leaders of the state in the sale of war bonds during the past month, Mr. Berkhof submitted figures showing that in the 10 months ending with March this village has subscribed $309,587 to War bonds some $99,287 more than its 10-month quota of $210,300. In the month of March local bond sales amounted to $34,968.75.

"The sale this month means that we need not more than double our March sale to be well over our quota," he said. "I know that everybody is trying to buy two bonds this month instead of one, and if this policy is practiced by all buyers we will have no difficulty in going well over the top."

Mr. Berkhof urged that organizations and societies with funds in their treasuries invest a goodly portion in War Loan Bonds during April. "Maybe it will be only $100 or $200, but every hundred dollars will help. Our government needs funds and needs them quickly."

Of the county total of $1,990,000, compilations last night showed that approximately one-fourth of the amount had been subscribed with 15 days remaining to shove the figure over the top.

Gets Navy Honor

LIEUT. JAMES BEARDSLEY DECORATED BY GENERAL BUTLER IN ALASKA

Maj. Gen. William O. Butler, commanding general of the Eleventh Air Force, has awarded an air medal for "brave flying under tough conditions" to Lieut. James Beardsley of Tecumseh. The award was made at some advanced base in Alaska.

According to news dispatches, similar awards were made to other men of the service on March 31 by Gen. Butler. Many of the men had flown over Kiska as many as 30 times. The awards were given, the general said, "because the weather was too bad to take to the air and slap the Japanese at Kiska," the delayed report said.

Lieut. Beardsley, who was home on leave a few weeks ago, is a squadron flight leader. He has made several trips over Kiska. His bomber has been struck by cannon and machine gun bullets, but he has not been wounded.

Lieut. Beardsley's brother, William Beardsley, is manager of the Hayden Flour Mills.

HURT IN ACCIDENT

Walter Dunbar was injured early Thursday morning and his car was wrecked when it left the road and struck a tree on a curve on M-50, two miles west of Tecumseh. He was taken to Tecumseh hospital for treatment of an injured knee.

Luncheon Ends TM Club's Year

SOUTH AMERICAN PROGRAM ENJOYED WITH TWO SPEAKERS FROM ADRIAN

The annual luncheon of Tecumseh Monday Club was held Monday in the Methodist church parlors with Mrs. William Barnes in charge of the buffet luncheon which was served by the ladies of the church. Tables were decorated with pussy willows and forsythia and places of officers, past presidents and guest speakers were marked with corsages.

Mrs. B. J. Pulver was chairman of the program on "South America" and Mrs. John E. Martin and Mrs. Frank Davies of Adrian, were the speakers, Mrs. Martin, who had traveled in South America, told of the history and customs of the country and Mrs. Davies who lived in Peru for several years spoke on that country, and exhibited a collection of silver, paintings, toy native animals and other articles. Mrs. Harold Wilson assisted in the program by wearing native costumes.

Mrs. R. H. Moore introduced the new president Mrs. W. C. Fisher who presented the new officers, Mrs. J. O. Eaton and Mrs. L. C. Jacokes, vice presidents; Miss Ethelyn Garlinghouse, treasurer; Mrs. Kenton Hunt, recording secretary and Mrs. C. C. Ruppell, corresponding secretary. Mrs. Moore, retiring president, was accepted as a member of the Past President's Club. It was voted to continue meetings in the Methodist church and announcement was made of the county federation meeting in Clayton April 29.

Guests included Mrs. E. T. Armstrong and Mrs. Stanley Weer of Adrian, Mrs. S. L. Wyman of Ann Arbor, Mrs. Matt Benner of Clayton, president of the county federation and Mrs. A. R. Haviland of Morenci, second vice president of the federation.

New Officers Chosen By The B. & P. W. Club

The Business and Profesional Woman's club met Tuesday evening at Brees House for their regular monthly dinner meeting. Miss Marie Koering was hostess and Mrs. Howard Truesdale, program leader. Mrs. Edward Escolme, who was to be the speaker, was unable to attend because of illness and Mrs. Naomi Sallows spoke on Friend Service, telling what the Friend do for the boys in service, the people in England and other countries and others who need aid. A vocal trio composed of Mrs. Lillian Tingley, Miss Agnes McIntyre and Miss Bernice Parker sang two numbers "The Green Cathedral" and Allah's Holiday.

New officers were elected as follows: Mrs. Goldie Watkins, president, to succeed Mrs. Lilah Campbell; Miss Jane Elliott and Miss Nellie Burleson, vice presidents; Miss Geraldine French and Miss Betty Heidenreich, secretaries.

SOON TO ENTER ARMY

Mr. and Mrs. E. J. Aebersold entertained 16 members of a former bridge club at dinner Thursday evening, honoring Hubert Van Camp who will soon enter army service. Contract was the diversion and the prizes won and other gifts were presented to Mr. Van Camp.

GO TO CUSTER

Joseph A. Russell, James E. Meade and Bruce L. Osborne from Tecumseh were among the group of 47 inductees who left Tuesday for Ft. Custer. Others from this vicinity are Bernard A. Fisher of Clinton; Paul R. Gomez and Kenneth L. Randolph of Britton.

Customer Number System Due To Rationing Is Instituted By Market

To avoid confusion and to speed up customer turn-over, Hart's Market, in the A. and P. Store, today announced the installation of a "numbers system" for customers, the innovation having been made necessary because of meat rationing.

"In the future," La Rue Hart, owner of the market said, "when a customer enters our market he takes a number from the case and retains it until he is through shopping. When his number is called by the clerk he instantly knows that we are ready to serve him and to give him our complete attention until he is through buying. In this way we will be able to serve all customers in regular order, without mistake. In the past, it is possible that some customers were waited on by our clerks in an 'out-of-order fashion.'"

Since the rationing of meat, Mr. Hart said, customers spend considerably more time than before looking over the meats on display and figuring the number of points necessary to buy as compared with the number of points in their ration books. Because of this figuring many customers lose their turn in the line of from 50 to 100 at the meat counter. The new system, he believes, will permit such study without the customer surrendering his turn in line.

"The use of numbers in barber shops years ago was a regular thing but with the advent of the safety and electric razors barber shop numbers have gone with hitching posts. Now, however, since meat rationing we are finding it necessary to revive the numbers system for the convenience of our shoppers."

The numbers system in Hart's market will go into effect on Saturday.

Girls Will Present Baptist Church Playlet

During the Sunday morning service hour at the Baptist church the girls of Mrs. Robert Gillespie's Sunday school class are to present a playlet "Why the Easter Lilly is White," which was written by the Rev. John Perrin of Athens, father of Mrs. Gillespie.

The class will be assisted by Miss Helen Claus as queen, and Miss Clara Gillespie as reader from the older group. Those taking part are Alice Schuman, Princess Violet; Priscilla Sisson, Princess Red; Nina Marsh, Princess Yellow; Ella Louise Pearson, Princess Orange; Lavonne Perrin, Princess Blue; Colleen Davidson, Princess Indigo; Dorothy Schumn, Princes Green; Jane Hoeksrat, the Queen's maid; Linda Sisson and Mary Lou Bird, pages; Jacelyn Gillespie, lily bearer.

GARDEN CLUB TO MEET

The Tecumseh Garden Club will meet Friday afternoon in the home of Mrs. Al Heitzerman on South Oneida Street. The assisting hostesses will be Mrs. Sam Sisson, Mrs. E. G. Palmer, Mrs. Glenn Van Denbergh and Mrs. A. J. Eaton. A weather quotation will be the response to roll call and Mrs. Edward Escolme will give a talk on English gardens.

Herrick Urges War Gardening

PRODUCTS PRESIDENT OFFERS GROUND FOR BEST GARDEN GROWN

Ray W. Herrick, president of the Tecumseh Products Company, in a message this week in the shop's magazine, "TP Broadcast," to the employees of the company, urges the planting of Victory Gardens and offers $60 in prizes for the best gardens grown on a 20-acre plot immediately south of the plant, which will be plowed and fitted for seeding.

"The Products president is hopeful of interesting 50 or 75 employees of the company in planting gardens this summer and for the best garden a $25 prize will be awarded. The second best will receive $20 and third $15. "Chuck" Warner and Neil DePuy are listed as "deluxe gardeners" by the Broadcast, who will give any needed information to "first timers" in the produce business.

"There is considerable interest in gardening among the employees here," M. W. Wilson of the personnel office, declared. "Already we have several persons registered for a garden site and I know that the number will be materially increased. Victory Gardens this year, you know, are a MUST on everybody's calendar, and when one considers Mr. Herrick's prizes in addition, there's really something to shoot at. There is no charge for the use of the ground, the only cost to gardeners being their time and seed."

Henry Ford also has offered the use of several acres of land east and south of Tecumseh Hospital as a community garden site here, and this land will be plowed within a few days. Those interested in obtaining a garden site on the Ford land must register with Wade L. Jones, village clerk. There is no charge for the use of the ground.

Capt. Leon Williamson Now In United States

Capt. Leon Williamson of the United States Marine Air Corps, who participated in the battles of Midway, Solomon Islands and Guadalcanal, is now in the United States and is expected almost daily to arrive at his home in Tecumseh. He is the son of Leon P. Williamson, West Chicago boulevard.

Capt. Williamson, following the severe air battle at Guadalcanal two weeks ago was ordered to Australia for a brief rest. Last Saturday his father received a wire from his son saying that he was in California and would visit him here within a short time. It is expected that Capt. Williamson had to first report to his home base at San Diego before being permitted to travel.

Capt. Williamson wears the coveted Navy Cross awarded to him several months ago.

REGISTERING THERMOMETER STOLEN FROM POWER CO.

Ernest Church, plant superintendent of the Consumers Power Company, is looking for what he believes to be the meanest man in Tecumseh. If he finds him it is altogether likely that there'll be another newspaper story.

The reason for Mr. Church's anger is this: A week ago he posted at his high-priced registering thermometer about 9 o'clock in the morning. Shortly before noon he looked again. The thermometer was gone. Someone had stolen the instrument and the support to which it was attached to the power plant.

"I hope the fellow knows how to use it, but I doubt it," Church said. "The thermometer is set with the aid of a magnet and I have the magnet."

SCHOOL BOARD MEETS

The regular meeting of the Tecumseh school board was held here Tuesday evening. Plans for holding of an adult class in welding were approved. The schools will close on Good Friday afternoon, April 23. Routine reports were received and current bills audited and ordered paid.

Good Friday Service At Methodist Church

The annual three-hour union service on Good Friday will be held this year in the Tecumseh Methodist church from 12 noon to 3 p.m. with local ministers participating in the service as follows; chairman Rev. Norman McNaughton; address on the words "Father forgive them for they know not what they do": Rev. N. McNaughton; "Today thou shalt be with me in paradise"; Rev. E. Escolme; "Woman, behold thy Son, behold thy Mother": Rev E. T. Rodda; "My God, My God, Why hast Thou forsaken me.": Rev. J. C. Murdoch; "I Thirst": Rev. O. V. Robinson; "It is finished": Rev. E. T. Rodda; "Father into thy hands I commend my spirit": Rev. E. Escolme.

Scrap Metal Is Coming Slowly

FARMERS ARE BUSY BUT ARE COOPERATING; 3,000 POUNDS OF CANS COLLECTED

Scrap metal—heavy iron and steel badly needed for the nation's defense—is coming in very, very slowly in Tecumseh and its neighboring townships, despite the fact that in the present salvage drive some 1,050 tons of such material must be obtained from Lenawee farms.

"I don't think that we have taken in more than 500 pounds of scrap in the past week," Fay Wheeler, local chairman, said today. "I know that the farmers are busy, and so is everybody else. That's the reason we are not getting the metal, but we must have it, regardless. I would like to urge the farmers to bring scrap metal with them every time they come to town. A few hundred pounds from a few dozen farmers would greatly boost our total."

The local committee is hoping to obtain some 500 pounds of heavy scrap metal from every farm in the county. In some instances this figure is high, in others it will be doubled.

The tin can salvage drive, conducted here last Saturday by the village committee in charge of the Rev. O. V. Robinson fell slightly under expectations of two tons of salvage.

"I would estimate," the Rev. Mr. Robinson said, "that we collected about 3,000 pounds of cans, and considering everything I believe that we made a good showing. Undoubtedly there will be another collection within the near future and I am urging everyone to continue to save cans for another pick-up."

CONFERENCE REPORTS

Reports of the 153rd District Conference of Rotary International held at Grosse Pointe last Monday, were heard by members of the Tecumseh Rotary Club on Tuesday, following the regular noon-day luncheon at Brees House. The conference was attended by Wade L. Jones, secretary of the local club, and M. L. Daniels, program chairman, and president-elect.

The annual Rotary-Ann dinner will be held on Tuesday evening, April 27, at 7 p.m., in the gymnasium of the high school. The speaker at the dinner has not yet been announced.

ILLUSTRATED TALK

Miss Minnie Schulman of Grand Rapids will present an illustrated message Sunday evening at 7:30 o'clock on "The Passover" at the Tecumseh Friends Church. Miss Schulman is a Hebrew Christian and she is associated with the Detroit Hebrew Christian Mission. Miss Schulman spoke in the Friends Church a few months ago at which time she gave an interesting account of her escape as a girl from czarist Russia. The public is very cordially invited to this service.

MARRIED IN OHIO

Mrs. Jennie Brown and Jack Williams were married March 25, at the home of her son Hazen Sallows in Zanesville, O. They are making their home in Tecumseh.

Mail Delivery To Be Resumed

TWO NEW EMPLOYEES AT POSTOFFICE; HELP IS "GREEN" AND ERRORS LIKELY

Delivery of mail to residents of the west side of the Village of Tecumseh will be resumed today, P. A. Bowen, postmaster, said, but he warned that residents must be patient until the new carrier learns his route and becomes accustomed to the work.

"It's a real task for a man to start out to deliver mail to some 400 homes when he doesn't know where people live—in fact is almost a stranger to the community. However, we are doing our best to give service and we urge that the public cooperate."

The new west side carrier is George Hunter, who has been employed in a local factory. Mr. Hunter has served 14 months in the army and holds an honorable discharge. He began work at the postoffice yesterday and replaces Harold Hall, who resigned.

The other new employe is Mrs. Opal Dickinson who will deliver parcel post and special delivery and C. O. D. packages. She replaces Clarence Kopke, resigned.

Mr. Bowen said that the Selective Service Board had given Milburn Brooks, east side carrier, a deferment of six months, and that he did not expect an interruption of service to that section of the village.

"The new carrier on the west side will for a few days deliver nothing but first class mail," the postmaster said. "We will, therefore, ask that residents continue to call at the office for their magazine and newspapers. However, The Herald will be delivered today both east and west side carriers. If there are errors, a call at the post office will be all that is necessary to obtain a copy of the paper."

DIES IN SERVICE

Mrs. Mary Deery of Adrian, formerly of Tecumseh has been notified of the death of her nephew Lt. James F. Noone of Kalamazoo who was killed in a mine explosion while on maneuvers near Knoxville, Tenn. The accident occurred last Wednesday and Lt. Noone died Thursday. He was the son of Mr. and Mrs. James Noone of Kalamazoo and Mrs. Noone is a sister of Mrs. Deery.

JUNIOR LEAGUE

The Westminister Junior League will meet Tuesday evening, April 20 at the home of Mrs. Thomas Gallant, Jr., with Mrs. Gerald Baker and Mrs. Herman Kurth assisting in entertaining. The program will be presented by the Tecumseh Music Club.

Notice to Subscribers

The Herald received many complaints from subscribers last week relative to the late delivery of their newspaper. Some subscribers on the West Side reported that they did not receive their Herald until Saturday.

The Tecumseh postoffice has been unusually short of help during the past week or 10 days and West Side residents have been forced to call at the postoffice for their mail because there was no delivery service. Subscribers to The Herald should have received their newspaper at the postoffice window along with any other mail addressed to them on Thursday afternoon or at the latest on Friday.

Until the postoffice is able to correct the labor shortage and resume regular delivery service in the Village, The Herald urges its subscribers to call at the postoffice on Thursday afternoon for their newspaper. If the newspaper is not in the postoffice box or included with other mail at the General delivery window, ask for it. The postal clerk will be happy to cooperate.

Banquet Honors Cage Champions

BASKETBALL LETTERS AWARDED AT DINNER SERVED HERE, FRIDAY EVE

The Tecumseh high school basketball banquet, sponsored by the Athletic Club Mothers, honoring the squad of 1942-1943, state district champions, was held Friday evening at the high school, with members of the teams and the men teachers of the high school as guests. The chicken dinner was prepared by the club mothers and served family style.

Alvin Brazee gave the invocation preceding the banquet and following the dinner Mrs. Purnell Osburn, president of the club, welcomed the guests. Supt. W. L. Berkhof spoke briefly after which the squad was introduced and letters were awarded by Coach Raizk. Robert Laidlaw, captain, also spoke briefly. The program closed with singing "Tecumseh Hi."

The local team holds quite a record, having won 46 games and lost only seven games over a period of three years. Members of the varsity squad were Robert Laidlaw, Donald Brazee, John Hamilton, Stuart Costigan, Jack Brown, Jack Osburn, Douglas Murdoch, Jim Osburn, Charles Bancroft and George Murdoch; of the Reserves, Robert Hoekstra, Lee Clark, Herbert Farver, Dermot Polley, Robert Randall, John Murdoch, Earl Baldwin, Leo Coffey, Max Brandt, Robert Baker, Donald Purkey and Lowell Wise. Managers were Jim Sisson and Ben Hammack. Members of the all-county team were Robert Laidlaw, Stuart Costigan and John Hamilton.

Douglas Murdoch was chosen captain of the team for the coming year.

Holy Week Services Announced By St. Peter's

Holy week will be ushered in at St. Peter's Episcopal Church on Palm Sunday with the regular services of Holy Communion at eight a.m. and Morning Prayer at 11:15 a.m. The latter service Palms will be blessed and distributed to the congregation.

St. Peter's has been the recipient of a gift of Office Lights. These three branch candlesticks are a gift of Mrs. Gertrude Schneider in memory of her husband, Karl M. Schneider. They will be dedicated at the beginning of the regular service.

On Monday and Tuesday there will be a celebration of the Holy Communion at 10:00 a.m.; Wednesday, Holy Communion at 10:00 a.m. and 8:00 p.m. The regular mid-week service which has been an added feature during Lent will be changed to Thursday at which time the institution of the Lord's Supper will be observed. This service will be at 7:30 in the evening. There will also be a celebration of the Holy Communion at 10 o'clock in the morning. On Good Friday, Holy Communion at 10:00 a.m. in the church. The traditional Three Hour Service will be held in the Methodist church with the Baptist, Friends, Methodist, Presbyterian and Episcopal churches participating.

"MESSIAH" REHEARSAL

Mrs. O. V. Robinson directed rehearsal for "The Messiah" Sunday afternoon in the absence of Mrs. George Parsons. Another rehearsal was held last evening.

Next Sunday's rehearsal will be held with the organ in the Methodist church and all taking part must be present for seating will be arranged at this time.

Another rehearsal will be held Wednesday evening at 8 o'clock.

$280 CONTRIBUTED

The sum of $280 was contributed to the Red Cross during the drive conducted last week by the Strand Theatre, Walter Nichols, manager, announced. He has turned the money over to J. R. Thompson, treasurer of the Tecumseh fund. The local sum is earmarked for use in Tecumseh. The money was raised through collections taken daily from patrons of the theatre.

SPEECH CONTEST

In the speech contests held at the high school here yesterday afternoon, in which Tecumseh, Dundee and Milan students participated, Lois Holcomb of Milan won first honors in the declamation contest, Avalon Woodruff of Milan, second, and Joan Church, Tecumseh, third. In the dramatic declamations, Lenore Larsen, Tecumseh, won first place, and Shirley Collins, Milan, second.

MISSIONARY MEETING

The Friends Missionary Society held an all day meeting Thursday at the home of Mrs. Roland Mohr. Pot luck dinner was served at noon and the afternoon spent sewing on capes for the Easter choir.

WHAT MAY WE HATE

There are some people today who are saying that what is lacking in this war is a good hate—that until we begin to hate, we won't begin to fight. They want our propaganda keyed to a horror theme, so that our people will be mad with rage. They forget that mass hatred is just a step from mob hatred—and that no one can predict on whom the mob will turn next.

But if we cannot hate a people—what may we hate?

We may hate war. We can hate war so much that we will fight with every ounce of our ability to wipe it from the earth forever—not in a servile pacifistic withdrawal from the fight, but in a supreme battle against those criminals who bring desolation and destruction upon the peaceful peoples of the world. We can hate war so much that we will gladly put aside our way of life for a while so that we may speedily put an end to war.

We may hate intolerance. We may hate intolerance so intensely that we will try to stamp it out wherever it exists, in any place in the world, toward any group, whether that group be majority or minority. We may hate intolerance so much that we will set a seal upon our own lips and see to it that no intolerant act or speech of ours adds flame to this funeral pyre of unity.

We may hate discrimination. We may hate it so vehemently that we will demand equal rights for all people. We may hate discrimination so intensely that we will insist that all people be judged upon their individual merits and not as a group. We may hate discrimination so sincerely that we will never demand special privileges for ourselves as part of any group.

We may hate cruelty. We may fight to the bitter end to wipe out organized cruelty to any people, anywhere. We may hate treachery, deceit, dishonor. We may hate it so that we ostracize from our lives all those who live by these practices. We may hate injustice. We may hate it enough to give our lives for the cause of freedom and fair play.

"Ye that love the Lord, hate evil," spake the Psalmist. These things may we hate and against these things do we fight.

OBITUARY

MRS. CLYDE DIVENS

Gertrude A. Divens, daughter of John and Catherine Ousterhout was born May 15, 1880, at Ridgeway, Michigan, and died April 1, 1943, in Bixby hospital, Adrian, after a long illness. She was nearly 63 years of age. Her early life was spent in Ridgeway, where she was first married to George Carlton, World War veteran, who died in 1918 at Fort Custer, during the influenza epidemic.

In August 1921 she was married to Clyde Divens of Adrian. On first moving to Adrian she became a member of the M. P. church, later joining the Lenawee Brotherhood Tabernacle which she served faithfully as long as health permitted.

She was also a member of the William E. Stark Auxiliary of the American Legion, the Annis-Flint Auxiliary of the Veterans of Foreign Wars, and the Adrian Women's Benefit Association.

Besides her husband she leaves several half brothers and sisters and cousins. A son Orrin preceded her in death.

Funeral services were held April 4 in Adrian with burial in Ridgeway cemetery.

THE OLD JUDGE SAYS...

"You can't imagine, Judge, how much comfort Louise and I got out of reading that recent report made by the government on drinking habits in and around Army camps. If you hadn't loaned us your copy we'd still be worrying about our Jim... all because of those silly rumors goin' around."

"I'm mighty glad to hear that, John. As the report says, no Army in American history has been so orderly, so well-behaved, so well-trained. Why, even on pay-night, there's very little drinking done. I was particularly interested in that part which said the Army, with an eye to its own problem, usually prefers to have its camps in wet communities rather than dry communities because wet communities can be regulated . . . dry communities with their bootleggers *can't*. It's just more proof that *prohibition does not prohibit*."

D. A. R. Prepares To Elect New Officers

Abi Evans Chapter, Daughters of the American Revolution met Friday afternoon at the home of Mrs. O. V. Robinson with 30 members and guests in attendance. The assistant hostesses were Mr. B. B. TurnBull, Mrs. E. T. Armstrong and Mrs. H. E. Whelan.

Mrs. Whelan presided, Mrs. H. H. Loveland conducted the pledge of allegiance, assembly singing of the national anthem was led by Mrs. R. S. Moore with Mrs. Robinson at the piano and Mrs. Ida Spencer led in repeating the Lord's Prayer. During the business session Mrs. W. J. Penman, Mrs. E. D. Brown and Miss Ethelyn Garlinghouse were appointed as nominating committee to report at the next meeting.

The program was in charge of Mrs. Edith Cotton Smith and consisted of two two-piano numbers, "The Flight of the Bumble Bee" and "In a Chinese Temple Garden" played by Mrs. George Parsons and Mrs. Robinson and two soprano solos "Rain" and "Wake Up" by Mary Jane Hayden accompanied by Mrs. Neville Hart.

Mrs. Whelan gave a report of the recent state conference, and stated that the Michigan organization has given $5000 toward the blood plasma project and has aided 27 students with loans and the Junior D.A.R. has contributed $875 toward Burman Metal Locates. Mrs. W. C. Fisher reported that the C.A.R. has given $228 toward the ambulance and clubmobile fund. She also told of the patriotic pageant conducted by Dr. Joseph Maddy of the University of Michigan.

Miss Laura Cook of Hillsdale, vice regent and regent-elect of the state D.A.R. was then introduced as the guest speaker. She outlined the work of the state organization and announced that Mrs. Fisher is to be the new state chairman of music.

Following the program tea was served from a table centered with spring flowers, by Mrs. Loveland and Miss Edith Ingersoll.

The next meeting will be the annual May breakfast and election of officers.

Preceding Fridays meeting Mrs. Whelan entertained at luncheon for Miss Cook at her home on West Chicago Boulevard. Other guests were Mrs. Penman, Mrs. Smith, Mrs. J. F. Elliott, Mrs. Spencer, Mrs. B. Claus, Miss Isabel Tripp, Mrs. Fisher and Mrs. TurnBull, officers of the chapter.

Warns of Dangers In Flying Kites Near Wires

Even a boy flying a kite can make a contribution to the war effort, according to H. B. Koelbel, division manager of Consumer Power Company.

"If he will fly his kite only where there is no danger of kite or string touching electric wires," said Mr. Koelbel, "he will avoid the possibility of shutting down some war production plant by depriving it of electric power."

He will likewise, Mr. Koelbel added, eliminate the danger of incurring a severe and possibly fatal electric shock.

"Many kites have metal parts which make them conductors of electricity," Mr. Koelbel said. "Wire used as a kite string, or cord that has wire in it, such as tinsel cord, also will conduct electricity. So will a wet string, or even a damp one.

"There have been many cases in which a kite falling into electric wires has caused a short circuit that cut off electric service to factories, stores and homes. There also have been many cases of boys being shocked severely and even fatally."

Thee rules for safer and pleasanter kite flying were suggested:

Never fly a kite near electric wires of any kind.

Don't use wire or twine with wire in it for a kite string.

Never run across a street or highway while flying a kite.

Don't climb a pole or tree to knock down a kite caught in electric wires.

TO GO TO ARMY

In honor of Joseph Russell who left Tuesday for Ft. Custer, a group of relatives and friends met at the Schneider cottage at Wamplers Lake Sunday. Those present were Mrs. Martha Lowe, Mr. and Mrs. Joseph Russell, Mr. and Mrs. Louis Schneider and son Louis, Mrs. Purnell Osburn, Patricia, James and Jean Osburn of Tecumseh, Mrs. Helen Dunning of Dearborn and Miss Dorothy Barr of Dundee.

The Second War Loan is on. Here are a few reasons why every American must put every possible dollar into the Government securities of this important battle of the home front. Your dollars of the Second War Loan support your men in uniform on the battle front. If you don't invest all you can in Bonds of the Second War Loan you are letting our fighting men down. Remember, our enemies will stop at nothing to defeat us and turn us into a nation of slaves. We must go all-out with our dollars as well as with everything else to beat the Axis. Never forget, when you put dollars into the uniform of Government Bonds, today, that this is not a ten, not even a twenty per cent war. This is total war! There are Government bonds to fit every purse, every need. When you buy them today remember . . . Our men give their lives, you lend your money. Get the Bonds of the Second War Loan at your bank . . . Buy all you can TODAY.

Refrigeration Pioneer Joins Products Staff

Carl F. Nystrom, one of the pioneer engineers in the refrigerating industry and until recently in the Westinghouse engineering department, has joined the engineering staff of Tecumseh Products Company. Mr. Nystrom will work in a new division of research on domestic and commercial compressors and condensing units.

Mr. Nystrom was graduated from the Technische Schule at Falun, Sweden, receiving the M. E. degree in 1905. The same year he came to the United States and, for several years, was employed in Mechanical and Electrical engineering work by the Mesta Machine Company and the Union Switch and Signal Company, both of Pittsburgh. In 1924 he joined the staff of Westinghouse in a research capacity on hermetic compressors.

He was selected in 1928 as one of three engineers to start the newly formed Westinghouse refrigeration division. At this time he moved to Mansfield, Ohio and was in charge of Compressor Development.

Two years later he transferred to Springfield, Mass. At this plant, in addition to continuing his research on domestic and commercial units and applications, he was a consulting engineer on other household appliances. After the entry of United States in the war, his efforts were largely devoted to design of defense equipment.

At the Tecumseh Products Company, Mr. Nystrom will continue in design of war products and also work on development of post war compressors and condensing units.

Mrs. Nystrom expects to move to Tecumseh approximately May 1st. They have two sons, Carl Harry who is a graduate M. E. from Northeastern University and now employed as a Diesel Engineer by the American Bosch Company, and George Verner who is a student at Nor heastern University and employed part time in tool design.

Mr. Nystrom was instrumental in the perfecting of the present Westinghouse domestic unit and is the holder of several patents on hermetics.

FREE ZINNIA SEEDS

Free packets of super giant zinnia seeds are being distributed by The Firestone & Rubber Company through its dealers and stores. People in this vicinity who are intereseid in growing zinnias may get their free packets from the local Firestone dealer located at Butler Motor Sales. Firestone's new Garden Guide booklet is also free to all who are interested in planting a garden.

Have You Enlisted as a Victory Gardener?

Victory Gardening this year is a MUST in every home. Our government has asked us to grow our own produce because food is ammunition.

It is easy to plant and raise a Victory Garden—fun in fact.

And after you get your garden plowed or spaded and fitted, we'll be happy to sell you the necessary seeds.

Our seeds are tested for dependability—the kind that you may be sure will grow after you plant them.

THE 2nd WAR LOAN DRIVE IS ON!

America....you've got to get tougher!

WAR FINANCE COMMITTEE

AMERICA — Let's be frank about it . . . so far, many of us back home have been fighting this war from an easy chair. Many of us have bought War Bonds out of *extra* cash, out of money we didn't miss too much. We haven't been really tough with ourselves.

But this war is a hard, down-to-reality war. And many of our boys are dying in it.

We've got to buy MORE

So your government asks you to buy Bonds and *more* Bonds—to get really tough with yourself. We're asking you to give up the frills and "extras."

We know how human it is not to make sacrifices until the crisis drives us to it. In England they felt the same way until the bombs started falling.

Bombs are such persuasive things. But just as persuasive ought to be the spirit of our brothers, sons, husbands.

If you could see

Look at it this way—suppose you had a magic carpet that could take you to Africa and New Guinea. Suppose you could hear the groan of American boys wounded, and American boys dying. . . . Say now, how many Bonds would you buy?

That kind of war

THEY . . . *are* dying. And they will keep on dying until we drown the enemy in an overwhelming torrent of bombs, bullets, guns, tanks, planes, ships, and shells.

That's why we're asking you, in this one month of April alone, to lend Uncle Sam 13 billions of dollars—by buying War Bonds. 13 billions of *extra* dollars—over and above any buying that you'd be doing anyway!

A lot of money

Of course, 13 billion dollars is a lot of money. It'll take sweat and tears to raise it. It'll mean going *without* now. But also—it will mean savings now—to buy later. It'll mean giving up *everything* you can't square with your conscience, so that we, us, our children, can have a better, more decent place to live in when this war is won.

The drive is on

So during this month of April, if someone calls on you to ask you to buy War Bonds in this 2ND WAR LOAN DRIVE, will you buy to the limit—and then buy more?

Better yet, will you go to your Bank, Postoffice, or wherever you're used to buying your Bonds—and buy NOW? Will you lend *extra* money this month? Money that can hasten the day of Victory? Money that can help to save American lives.

Money buys money

Remember, what you're really buying with your money is still *more* money. For after all, these Bonds are *money!* Money plus! Every dollar you put into War Bonds will bring you a dollar *plus interest.*

So the more Bonds you buy the better for you. Americans — Get Tough — with yourselves — for your country.

There are 7 different types of U. S. Government Securities —Choose the ones best suited for you:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back $4 for every $3 when the Bond matures. Designed especially for the smaller investor. TWO CARS DAMAGED

Two cars were damaged last night after 11 o'clock in an accident in front of the Don Morley home, 410 W. Chicago boulevard. The Morley car was parked at the curb and it was struck from the rear by the other car and shoved several feet over the curb. Police did not learn the name of the driver of the second car, which was ordered removed to Schneider Bros. Garage by a wrecker.

GUEST OF HONOR

Mrs. C. W. Howe and Mrs. Lyman Curtiss entertained a group of young people Friday evening for James T. O'Neil who was home on furlough from Great Lakes, Ill., and for Jack Curtis, who has enlisted in the Navy and left this week for Naval Training Station. A social time with games was enjoyed and a barbecue lunch was served.

FOR SAFETY AND MORE FUN OBSERVE THE FOLLOWING RULES

1. Never fly your kite near electric wires of any kind. Kites with metal parts are dangerous if they fall across electric wires.
2. Never use wire or twine that has wire in it for a kite string. Wet string is dangerous because it conducts electricity.
3. Never run across streets or highways while flying a kite.
4. Never climb poles or trees to knock down kites caught in wires.

Products Wins 2nd Star Award

NAVY BOARD OF PRODUCTION PRAISES LOCAL INDUSTRY FOR WAR EFFORT

Another star was added to the Tecumseh Products Company's Navy 'E' Pennant this week when the Navy Board of Production at Washington granted the renewal of the award for another six months period, dating from April 2. This is the second star that has been won by the company since the original pennant was unfuried, April 27, 1942.

The Navy 'E' Pennant is awarded by the government for outstanding production of munitions and the Products compay was the first in the United States to receive the award simultaneously with the granting of the Treasury's Minute Man Flag for the buying of Defense Bonds. Six months later the company received its first production star of achievement, a few months ago it received the Treasury' Bulls-eye flag for the purchase of War Bonds and this week comes the added honor of the second star for continued meritorius prduction.

"The men and women of the Tecumseh Products Company have achieved a signal honor by continuing their splendid production in such volume as to justify this renewal of their award." Admiral C. C. Bloch of the United States Navy Board of Production Awards declared in a letter received yesterday by Ray W. Herrick, president of the company.

Admiral Bloch's letter to Mr. Herrick follows:

"At the last meeting of the Navy Board of Production Awards the question was taken up whether your company would be granted a renewal of the Navy 'E' Award for an additional period of six months dating from April 2, 1943.

"It is with great pleasure that I inform you that affirmative action was taken in the case of the Tecumseh Products Company. Accordingly, there is being forwarded to you through the Commandant of the Ninth Naval District a new pennant with two stars affixed, which you should receive in the near future. Whether a ceremony is held in connection with the hoisting of the new pennant is left entirely to your discretion. Should you elect to have a ceremony, the local Navy Public Relations Officer is available to assist you in any way possible.

"The men and women of the Tecumseh Products Company have achieved a signal honor by continuing their splendid production in such volume as to justify this renewal of their award. In the first instance it was difficult to win the Navy 'E' and by meriting a second renewal, the management and employees have indicated their solid determination and ability to support our fighting forces by supplying the equipment which is necessary for ultimate victory.

"The Navy Department extends to each and every man and woman of your company its hearty congratulations on their accomplishment and desires to express a fervent hope that future production will be even more outstanding."

Mr. Herrick said that immediately upon its arrival the new banner would replace the one star flag now flying from his company's staff. He said that inasmuch as a ceremony was not held when the first star was added to the flag there would not be a ceremony at this time.

Mrs. Clarence Gilmore Buried In Brookside

Mrs. Clarence A. Gilmore passed away very suddenly at 2 o'clock Sunday morning in her home, 211 E. Shawnee street., after an illness of only four days. She was born in Tecumseh July 14, 1870, the daughter of Mr. and Mrs. Josiah Pomroy, and lived her entire life in this community. For the past 23 years Mr. and Mrs. Gilmore had lived in their present home. She was a member of St. Peter's Episcopal church and other organizations of the church.

Mrs. Gilmore is survived by her husband, two daughters, Mrs. Alvin Clark of Manchester and Mrs. Julia Jensen of Gregory, three grnadchildren, Cpl. Robert Clark, of Camp Hood, Texas, Marylin Clark of Manchester and Patricia Jensen of Gregory; also several nieces, nephews and cousins.

The funeral was held Wednesday afternoon at 3 o'clock in St. Peter's church, the Rev. E. Thomas Rodda officiating. Burial was made in Brookside cefetery.

MEETING POSTPONED

The meeting of the Past Chiefs club which was to be April 27 has been postponed until May 4th and will be held at the home of Mrs. C. E. Allison.

Laundry Closes Doors Due To Labor Shortage

With washing machines off the market for the duration, Tecumseh housewives turned to galvanized tubs and old-fashioned wash boards this week as the Tecumseh Laundry, one the village's oldest institutions, closed its doors for the duration of the war. The laundry was the 13th business casualty here since the war started.

Lester Rogers, owner and operator of the laundry, said that he would continue operations to accommodate the Tecumseh Hospital, but the laundry would not accept commercial work from other source. The laundry has been operated by Mr. Rogers for 32 years.

The closing of the laundry, the proprietor said, is due to the acute shortage of labor. With the freezing of wages, he said, he is unable to compete with the wage scale paid in factories.

With scores of housewives, unable to do their laundry work in their own home because of a lack of facilities, wash women reported that customers were too numerous and that they were unable to take care of the increased work.

Stores to Close on Good Friday

THREE-HOUR SERVICE AT METHODIST CHURCH; MAYOR ISSUES PROCLAMATION

Good Friday will be observed with union services from 12 to 3 o'clock in the Methodist church. The Rev. Norman MacNaughton is chairman of the services in which the local ministers will participate.

The order of service is as follows: "Father, forgive them, for they know not what they do", Rev. MacNaughton; "Today thou shalt be with Me in Paradise", Rev. Edward Escolme: "Woman, behold thy Son, behold thy mother", Rev. E. T. Rodda; "My God, my God, why hast Thou forsaken me", Rev. James C. Murdoch: "I thirst", Rev. O. V. Robinson: "It is finished", Rev. Rodda; "Father, into Thy hand I commend my spirit", Rev. Escolme.

All business places will close for the three hour service.

At Grace Lutheran church Good Friday services will be held Friday evening at 8 o'clock.

Proclamation

Friday, April 23, is Good Friday. This is the day set apart by Christian Churches everywhere in memory and recognition of the vicarious sufferings and death on the Cross of Calvary of our Lord and Savior Jesus Christ. It is eminently fitting in a world of deepening darkness that we look at:

"The green hill far away
Without the city's wall
Where our dear Lord was crucified
Who died to save us all."

From that holy ground issues the light and hope for all the world.

I, therefore, request that all business houses and places of amusement in the Village of Tecumseh close during the three hours from 12 noon to 3 p. m., on Good Friday, so that all of our citizens might attend the Union Good Friday Services in the Methodist church or similar services of their own choosing.

George G. McClure, 43, Dies In Pittsburgh

George G. McClure, aged 43, died suddenly at 5 o'clock Saturday afternoon in Pittsburgh. He was the son of Mrs. Julia Wright McClure and the late Thomas McClure of Pittsburgh.

He is survived by his mother, two brothers, Thomas Wright McClure, of Pittsburgh and Donald E. McClure of Susanville, Calif., a niece and a nephew, also an uncle Donald F. Wright and two aunts Mrs. M. V. Bangs and Mrs. Richard Mead of Tecumseh. Mr. McClure served in the meteorology department of the United States Army until March 1.

The funeral service was held Tuesday in Pittsburgh and the body was brought to Tecumseh for burial in Brookside cemetery. A prayer service was held at the grave with Rev. James Cameron Murdoch officiating.

CLASS CONFIRMED

Last Sunday the confirmation service for the junior class was observed at Grace Lutheran church. The following were confirmed: Jean Leonard, Kenneth Maves, Robert Dinse, Naioma Faust, Richard Henkel and Dermont Poley, Jr.

Many confirmation dinners were given after the service in the various homes of the members of the class.

Churches Ready For Easter Day

SPECIAL SERVICES ARE PLANNED WITH SUNRISE MEETING AT 7:30 A. M.

The Easter season will be observed among the churches of Tecumseh and vicinity this year with a feeling of deep reverence and the hope that out of the present turmoil will come newness of life for the entire world.

A sunrise service will be held Easter day at 7:30 a.m. with the young people's societies of the Baptist, Methodist, Presbyterian, and Friends churches participating. If the weather is favorable the service will be held near the 1924 pageant grounds near the Globe Mill, otherwise the meeting will be in the Friends church. In addition to the Easter hymns sung by the entire group the following special numbers will be given: selections by the Methodist Trio composed of Aden Meads, George Parsons and Ray Waters; scripture reading, Beppy Escolme; prayer, Rev. O. V. Robinson; instrumental music, B.Y.P.U.; Easter reading, Mary Lou Carlson; musical number, Presbyterian Tuxis Society; Easter address, Rev. Norman MacNaughton; benediction, Rev. J. C. Murdoch. Mrs. Naomi Sallows is chairman of the meeting.

At the Presbyterian church the church school will meet at 10 o'clock. No special exercises have been prepared but the primary, junior and senior departments will meet together for the opening service.

At the eleven o'clock worship hour, the new St. Andrews Choir of sixty voices will make its initial appearance, gowned in new robes. The theme of the Rev. J. C. Murdoch's sermon for this service will be "Resurrection On Chicago Boulevard." There will be a baptismal service for children.

At the Baptist church Rev. O. V. Robinson will preach on the theme "This I Know." Music for this service will be furnished by the three choirs of the church: "Ring Merry Easter Bells" by the Boys choir; "Angels Roll the Rock Away" by the Girls choir and "Roll the Day that Sees Him Rise" by the Senior choir. Sunday school will be at the regular hour.

Grace Lutheran church will hold communion service this evening at 8 o'clock, and Good Friday services Friday at the same hour. Easter Sunday services will be held at 11 o'clock Sunday morning when five infants will be baptized. The church will be appropriately decorated and the Wintersteen Sisters will sing.

A Service of Remembrance will be held this evening at 8 o'clock at the Friends church. The Easter service will be held Sunday morning at 10:30 with Rev. Edw. Escolme bringing the Easter message "The Risen Christ." The Junior choir will sing and recitations will be given by the children. The hour of worship is changed for this service only.

Easter Vesper srevices will be held in the Methodist church at 6:30 p. m. when "The Messiah" will be sung by the combined choirs.

Mrs. Alice Cheetham To Wed A. W. Eaton

Thursday evening, April 15, Mrs. Alice Cheetham was the honored guest at a bridge supper at the home of Mrs. Lawrence W. Larsen, Pottawatamie street.

Enclosed with the tallies were cards announcing Mrs. Cheetham's hethrothal to A. W. Eaton, formerly resident engineer for the General Electric Company in the Tecumseh Products Company, but now on defense work in Lynn, Mass., for the same company.

Following an enjoyable evening of contract bridge, refreshments were served. The table was beautifully decorated with a center piece of white tapers and Calla lillies.

Mrs. R. S. Moore and Mrs. R. W. Herrick won the honors at bridge and Mrs. Cheetham received the guest prize.

The guest list included Mesdames J. P. Ammer, C. M. Brown, C. F. Cederquist, Phillip Colgrove, H. H. Hanna, R. W. Herrick, A. R. MacLean, R. H. Moore, Jr., K. M. Schneider J. K. Touborg, and S. Sisson.

The date of the wedding has not been definitely set, according to Mrs. Cheetham, but will probably be in early June. The wedding ceremony will take place in the East and the couple expect to make their home in Swampscott, Mass., where Mr. Eaton now lives.

Mr. Eaton's family home is in Bryan, Ohio, where his mother, Mrs. O. S. Eaton and brother, Mr. O. S. Eaton, Jr., still reside.

PURCHASES BUILDING

Miss Dorothy Allen Bride of Chas. Boussum

A wedding of charming simplicity took place at seven o'clock Monday evening in the home of Mr. and Mrs. Charles W. Allen, northeast of Tecumseh when their daughter, Dorothy, became the bride of Pfc. Charles Boussum, son of Mrs. Inez Boussom of Calon, Michigan.

The bridal couple mingled with the guests until the appointed hour when the single ring service was performed by Rev. R. E. Simons of Flat Rock, former minister of the Methodist church in Clinton.

The bride was attractively gowned in a traveling costume of aqua with tast brown accessories and her shoulder corsage was of talisman roses. Her only attendant, Mrs. Oral Boussum of Toledo, wore waterfall crepe with a corsage of briar cliffe roses. Clio Boussum of Battle Creek, assisted the groom as best man.

At the close of the ceremony, a three course dinner was served to the thirty guests by Mrs. Oscar Bryan, Miss Doris Wintersteen and Miss Janice Allen. Spring flowers were used about the rooms and the bridal table was centered with a crystal bowl of white blossoms. A feature of the dinner was a beautifully decorated, three tiered wedding cake.

The bride is a graduate of Tecumseh high school and Ypsilanti Normal and holds a teaching postition in the Lansing schools. The groom was graduated from Calon high school and Ypsilanti Normal and until he was inducted into the armed forces, taught school in Elk Rapids, Michigan.

Private and Mrs. Boussum left on a short wedding trip after which the bride will return to Lansing and Pfc. Boussum will report for duty at Hamilton Field, Calif.

Among the out of town guests for the wedding were Mrs. Inez Boussum and son Cleone of Colon, Clio Boussum of Battle Creek, Mrs.

Brighton Died In N. Atlantic

PARENTS ADVISED OF SOLDIER'S DEATH BY ADJUTANT GENERAL AT WASHINGTON

Emmett J. Brighton, Jr., 21-year-old son of Mr. and Mrs. Emmett J. Brighton of Tecumseh, Route 1, lost his life as a result of an enemy action in the North Atlantic, the War Department advised the parents this week. Previously, Mr. and Mrs. Brighton had been advised that their son was reported "missing in action" in the North Atlantic.

The message received this week from the Adjutant General's office at Washington said:

"The Secretary of War desires me to express his deep regret that it has been officially determined that your son, Pvt. Emmett J. Brighton, who was previously missing in action on Feb. 2, 1943, lost his life as a result of enemy action in the North Atlantic, Feb. 3, 1943. Letter follows."

REVIVAL CONTINUES

Revival services at the Gospel Tabernacle on North Pearl street are being continued by Paul M. Schurdell, evangelist, with services every evening at 8 o'clock except Monday. Miss Opal E. Berger is pastor of the church.

CITED FOR HONOR

George C. Wilson, son of Mr. and Mrs. Harold Wilson of Tecumseh, a freshman in the literary college at University of Michigan, was one of 723 students cited for honors at the annual convocation, April 16.

Miss Nellie Burleson Weds Everett Furgason

The Martha-Mary Chapel at Macon was the scene of a charming wedding Saturday when Miss Nellie Burleson of Tecumseh, daughter of Mr. and Mrs. D. L. Burleson of Macon, became the bride of Everett L. Furgason, son of Mr. and Mrs. Ernest Furgason of Munith, Michigan.

Preceding the service Herbert Gilmore sang "The Lord's Prayer," and "I Love You Truly," accompanied by Mrs. George Parsons at the organ. Mrs. Parsons also played several selections, including Mendelssohn's Wedding March as the bridal party took their places.

The service was read at 3 o'clock in the presence of 75 relatives and friends by the Rev. James Cameron Murdoch. Lighted candelabra and baskets of pink snapdragons and white Calla lillies decorated the chancel.

The bride, who was given in marriage by her father, was gowned in white satin, fashioned on princess lines with a lace yoke and sweetheart neckline accented by a pearl necklace. The sleeves formed points over her hands and the skirt swept into a train from a fitted waistline. Her full length veil of bridal illusion with pointed scallops which followed the train was

Mrs. W. Whiting Dies

Mrs. W. W. Whiting who has been ill for several weeks, died early this morning at Tecumseh hospital, where she was moved yesterday from her home on Pottawatamie street.

Mrs. Whiting was formerly Mary Emily Baker of Detroit, but had made her home in Tecumseh since her marriage to Mr. Whiting 45 years ago.

She leaves her husband and two sisters, Mrs. Sena Baker and Mrs. Agnes Coleman, both of Detroit and several nieces and nephews.

Funeral arrangements have not been completed.

Garden Club Plans For Annual Exhibit

Members of the Tecumseh Garden Club were entertained in the home of Mrs. Al Helzerman on S. Oneida street, Friday afternoon with Mrs. E. G. Palmer, Mrs. Arthur Eaton and Mrs. Sam Sisson, assisting hostesses.

Weather quotations were given in response to roll call.

During the business meeting the resignation of Mrs. E. E. Berry, treasurer, was accepted and Mrs. Don Heesen was elected to fill the vacancy. Mrs. Berry has taken a position in the office of the Tecumseh Products Co.

Discussion of plans for the annual spring exhibit of flowers followed and it was decided to have entries open to the public. The date of the exhibit will be announced later. The names of four new members were added to the club roll: Mrs. J. R. Thompson, Mrs. R. W. Puffer, Mrs. Leo Neitling and Mrs. Mertie Waring.

Mrs. R. S. Moore, who recently returned from a trip to Mexico, gave a most interesingt talk. She told of her impressions of the Country and the results of the "Good Neighbor" pliey, stating that a greater number of people are speaking English than when she visited Mexico seven years ago and that English is now being taught in the schools. She spoke in detail regarding the Mexican gardens and the many flowers and displayed jewelry, pottery woven fabrics, costumes, dolls, wood carving and many other things of interest which she had collected on her trip. Mrs. Moore and Mrs. Helzerman were both dressed in Mexican costumes.

The president, Mrs. Neil Pearson, gave an entertaining account of a recent visit to Cape Girardeau, Mo., where her son, an aviation cadet, is stationed and of a garden tour she enjoyed while there.

Tea was served at a table attractively decorated with spring flowers, Mrs. Moore and Mrs. Heesen pouring. A tray of candied fruit and watermelon rind, brought from Mexico, was served by Mrs. Moore.

The May meeting of the club will be held in the home of Mrs. W. L. Jones on S. Union street.

ROTARY-ANN DINNER

The Tecumseh Rotary Club's annual Rotary-Ann dinner, at which meeting wives of club members are guests, will be held next Tuesday evening at 6:30 o'clock in the gymnasium of the high school. The speaker will come from the University of Michigan.

At this week's meeting at Brees House, Fay Whelan discussed the government's regulations on the sale and manufacture of farm machinery.

Bond Sale Here Nears $89,000

TOWNSHIP QUOTA OF $214,500 IS MORE THAN ONE-THIRD SUBSCRIBED

With a little more than a week remaining in the Second War Loan Campaign, figures released from the office of W. L. Berkhof, chairman of the War Bond Sales in this area today showed that the township had purchased or pledged $88,943.75 of its total quota of $214,500, or about 42 percent. A large portion of this amount is in "E" bonds of which Tecumseh's quota is $68,000.

"When we announced last week that Tecumseh's quota in the second loan drive was $68,000 were both correct and incorrect," said Mr. Berkhof. "I was told that was the amount of "E" bonds, but it appears that the error was made by the county committees in Adrian in not informing me that the township's total quota, including all classes of bonds, was $214,000. The drive for bonds other than "E's" is headed by another committee of which John R. Thompson has been named as the local chairman. As quickly as we discovered our error we merged the efforts of the two committees and we are now progressing satisfactorily. We will make a concerted effort to push the drive over the top in the remaining days, but to do this means complete cooperation on the part of every resident of the township. Bond buying must be speeded up and doubled up. One bond last month, two bonds this month. We must not fall down on our quota—we must not fail. Tecumseh's reputation is at stake as a leader in Lenawee county."

Of the total thus far sold or pledged in the local drive, $45,000 of the amount comes from employees and executives of the Tecumseh Products Company, it was said today. Normally this company, through its payroll deduction plan, subscribes about $26,000 a month. An effort is being made this month to double that amount, M. L. Dannells, treasurer of the company said. Ninety-seven per cent of its employees are participating in the bond buying with a regular payroll deduction of 12.8 per cent for bonds. This average is extremely high as compared to state-wide figures.

In addition to the $45,000 from the Products company, the post-office here reported the sale of $2,-045.75 and the United Savings Bank $41,900. The bank itself purchased $100,000 in government bonds but under the quota set-up this amount cannot be counted in the township's figures. Two of the large sales reported were $10,000 from the Quaker Oats Company and $10,000 from St. Peter's Episcopal church.

The heaviest sale of stamps and bonds ever reported in the local schools came on Tuesday when the students celebrated Hitler's birthday with a playlet and the purchase of stamps and bonds. The students of all grades purchased securities in the amount of $1,709.35. The fourth grade led the school with $263.60, the sixth grade was next with $252 and the ninth grade third with $220.35.

The skit presented at a general assembly was humorous and was sponsored by the Student Council. Lee Coffey took the part of Hitler and Don Winter and Jack Osburn sang, "Der Fuehrer's Face."

TRAILER CAMP LAW PASSED BY COUNCIL

An ordinance controlling trailer and house car camps within the village limits was passed by the village council, in regular session, Monday evening. The ordinance in its legal form will be found in another page of this newspaper. Current bills were audited and ordered paid and reports of committees were received and placed on file.

BROTHER DIES

Mrs. George Curry was called to Chicago Friday by the death of her brother William N. Connor, which occurred that morning in a Chicago hospital.

Mr. Connor who spent his younger life in Palmyra, was 74 years of age.

The funeral will be held in Chicago and the body will be brought to Palmyra for burial.

CHIMNEY FIRE

The fire department was called to the home of Leon Maynard on North Ottawa street where an overheated chimney caused a slight blaze. No damage resulted.

CAUSE OF DELINQUENCY

With a committee at work in Lenawee County studying child delinquency which, according to Judge Maurice E. Tripp of the probate court, is on an alarming upgrade, we would like to recommend that some time be spent in a conference with Capt. Edgar A. Lucas, chaplain of the Juvenile Court, Detroit, who has some definite ideas as to the cause of child delinquency and, we believe, a corrective program that is full of common sense.

Newspaper reports say that a 15-year-old youth was brought before Capt. Lucas recently, charged by his parents with incorrigibility. The child, the parents declared, refused to stay at home and was continually running away. In the eyes of his father and mother, the 'teen aged younster was a "bad boy."

But before we condemn the child, let's look at Capt. Lucas' reported findings in the case. Both parents were working, and when mother was not at work she was busy catching up on her housecleaning. Father, during his spare time, bowled with his team. He was seldom at home.

"The boy won't stay at home. Why should he," Capt. Lucas told the parents. "He hasn't got a home. This mother works although it is not financially necessary. The boy is ignored. An outcast under his own roof."

"But," continues Capt. Lucas, "the report shows that he's not getting into trouble as you seem to think. In your church he met a woman whose son died a couple of months ago. He's been spending his time with her. The maternal devotion which your child craves he gets from that lady. His parents haven't time to bother. The boy hasn't done anything wrong yet. But you have. Take him home. Bake him his favorite dessert tonight. Prove to him that you belong to him, not to a bowling team."

What Capt. Lucas told those parents is exactly what we have contended for years. Children in this day and time can't grow up like Topsy—social conditions are different. Capt. Lucas believes that prevention, not correction, is the thing that counts in curbing the rise in delinquency. We agree with him 100 percent. Who cares what happens to the kids if their parents don't care. Why should the kids "go straight" if their mother and father don't give a damn? A father has his outside job; a mother has her outside interests; but the home is all that the kid has.

Judge Tripp, in a recent address to the Tecumseh Rotary Club, declared that child delinquency in Lenawee county is increasing sharply, as it is all over the State of Michigan. Judge Tripp blamed war working mothers and fathers for the condition. It is much more critical now than during the depression, the judge said.

And Capt. Lucas agrees with Judge Tripp. Capt. Lucas has this to say about war work: "Women with children in formative ages should not be permitted to work without first making proper provision for them, in many cases women are waving the flag of patriotism with nothing but greed in their hearts. Now we have hundreds of "warphans" running the streets, adding to the police problem. I don't hold with the brand of patriotism that puts both parents in war plants and awards the custody of their children to the police."

Capt. Lucas we congratulate you. Tell your story every time you get a chance and practice what you preach in the Juvenile Court.

We sincerely hope that the Lenawee investigators will take a leaf from Capt. Lucas' book of experience and talk with him about local problems. Both Judge Tripp and the Captain have the right answer to a serious situation.

COUNTY BUTTER IS VITAL TO WAR EFFORT

Lenawee County must increase its butter production in 1943 to 1,550,000 pounds, or approximately 10 per cent more than 1942, if the United States Department of Agriculture's national goal is to be met.

The nation's production of creamery butter dropped last year to an estimated 1,779,465,000 pounds, or about five per cent below the 1941 level. Butter production likewise decreased in Michigan in 1942, dropping to an estimated 76,270,000 pounds as compared to 90,273,000 pounds the previous year, but higher average returns were received from this product, according to a report of the A & P Tea Company, one of the larger buyers of the state's butter. The A & P purchased 8,702,557 pounds of this state's butter for $3,425,075 last year as compared to 8,960,856 for $3,020, 297 in 1941.

WAR RESTRICTS
Telephone Installations
to a Conditional Basis

NO INSTALLATIONS
can be made in some sections

UNDER an order of the War Production Board, telephone installations can be made hereafter only on a conditional basis. The order requires that an applicant agree to share his line with others or to relinquish his service entirely, if the facilities are needed later for vital war or other essential purposes.

Service moves to new addresses for present telephone users also are on a conditional basis.

In some places, no installations can be made because the facilities are being used to capacity and critical material shortages prevent expansion.

These and other wartime restrictions will inconvenience many persons, we know. However, we shall continue to supply service whenever possible, and we look forward to the day when we again can give all the service wanted, when and where wanted.

THIS Spring, it's more important than it ever was before to have your car thoroughly reconditioned and revitalized.

None of us can tell how long our present cars may have to do. We have a war to win—and every automobile that helps ease the transportation situation is a potential aid to Victory.

So don't take chances with your car, whatever make you drive. Come in now and have it put in tip-top shape by our expert, factory-trained mechanics. These men are Essential Transportation Workers who fully realize their responsibility to the community and the nation.

Limited driving has created new operating problems. Old servicing methods are no longer completely adequate. Our special Spring inspection and tune-up service is based on new procedures that were devised by factory experts after exhaustive tests in the great Studebaker engineering laboratories and on the famous 800-acre Studebaker proving ground.

Save time, save money, save your car—let us keep it up to par with Studebaker service.

GOOD RULES TO FOLLOW to keep your car up to par

1. Have inspections made regularly.
2. Have engine oil checked frequently for condition as well as quantity.
3. Have the chassis lubricated every 30 days.
4. Have the body washed and waxed often to protect the finish.
5. Have tires switched regularly and re-capped before too worn.

MISS NELLIE BURLESON WEDS EVERETT FURGASON

Continued from Page One

outlined in lace and caught to a coronet of seed pearls. She carried a bouquet of white Kilarney roses centered with an orchid.

Mrs. Jennie Hellman, sister of the bride, was the matron of honor. Her gown was fashioned of pale pink lace and marquisette and she carried a bouquet of Briar Cliffe roses. Miss Virginia Cameron, in yellow marquisette carrying Talisman roses and yellow snapdragons, and Miss Joan Barritt, in orchid marquisette carrying Pernet roses and white snapdragons, were the bridesmaids. The three attendants wore flower head dresses to match their bouquets. The flower girls were Donna and Marilou Burleson, nieces of the bride. Donna was dressed in rose taffeta and Marilou in aqua taffeta each with a matching bow in her curls. They carried colonial bouquets tied with a shower of baby ribbon streamers in pastel shades.

The bridegroom was attended by Patrick Detzler of Jackson. Elmer Burleson and Hugh Andrews seated the guests.

The bride's mother wore an afternoon dress of powder blue with Navy accessories and the bridegroom's mother was in rose with Navy accessories. Each wore a corsage of gardenias.

After the ceremony a reception was held in the Chapel basement. Refreshments were served from an effectively appointed table decorated with white snapdragons and carnations in a crystal bowl and lighted white tapers. The white wedding cake was topped with a wedding bell and miniature bride and groom.

Among the guests from away were Mr. and Mrs. Furgason, parents of the bridegroom, Mr. and Mrs. Kenneth Hay and Mrs. John Sczykutowitz of Jackson, Mr. and Mrs. William Shultz and daughter Mrs. Dean Briggs, Mrs. Lynn Shultz, Mr. and Mrs. Raymond Pratt and daughter Mrs. Geo. McKeighan and Mrs. Mervin Furgason of Adrian, Mr. and Mrs. Sam Tilden of Brooklyn, Mr. and Mrs. Dick Coller of Milan, Mrs. Oscar Bryan of Detroit, Mr. and Mrs. Elton Lutz of Pleasant Lake and other relatives and friends from Macon and Tecumseh.

After the reception the bridal party went to the home of Mr. and Mrs. Elmer Burleson where many friends gathered to congratulate the bride and groom. Later in the evening Mr. and Mrs. Furgason left on a short wedding trip, the bride traveling in a suit of toast brown with accesories in lilac tones. An orchid corsage completed her costume.

The bride is a graduate of the Tecumseh high school and Cleary College at Ypsilanti and is employed in the office of the Tecumseh Refrigeration Sales and Engineering Company. The bridegroom is a graduate of the Jackson high school and has been a member of the Michigan State Police at Flint. He enlisted October 15, 1942, in the Army Air Corps Reserve as glider pilot.

Among the pre-nuptial parties given in honor of the bride was a linen shower for which Miss Virginia Camerdn and Miss Joan Barritt were hostesses. The party was given in the home of Mr. and Mrs. C. F. Sage on Adrian street. Office Associated also gave a dinner party in her honor at the Regent in Jackson and presented her with a gift.

HONOR BRIDE-TO-BE

Miss Mary Lou Boyd entertained 27 guests Tuesday evening, at a miscellaneous shower for Miss Juanita Jackson, who is to become the bride of John Becker of Tipton, May 29. The gifts were presented to Miss Jackson in a novel manner being required to break a number of toy balloons to find the location of the gifts. The evening was spent in solving quiz contests and making a scrap book, the winners presenting their prizes to the bride-elect. Refreshments were served, the hostess being assisted by her mother, Mrs. Lawrence Boyd and Mrs. Herman Titley. Guests were present from Tipton, Tecumseh, Clinton, Onsted and Palmyra.

P. E. O. TO MEET

On Tuesday, April 27th at 1:30 o'clock, Chapter A J, P. E. O. will meet in the home of Mrs. Gretel Collins on S. Union street. There will be a report on the annual convention of the Michigan State P.E.O. held in Detroit last week. Of special interest is the use of the Victory Fund. With it P.E.O.'s are buying and giving to the U. S. Army Disaster Unit complete mobile hospitalization, recreational and kitchen equipment caravans for use at the front.

BRITTON

Mr. and Mrs. Bert Moore have been notified that their son Pvt. Myrlen Moore is now at Tucson, Arizona.

Born April 9 to Mr. and Mrs. Raymond Seagert, a son.

Robert Gregg who holds a government position in the U. S. Rubber Co. laboratories at Passaic, N. J., was home recently and on April 10, received his degree of doctor of philosophy at the University of Michigan in Ann Arbor.

BIRTHDAY SURPRISE

Mrs. John Kopka entertained 14 guests at dinner Sunday in her home northeast of Tecumseh as a surprise honoring her husband who was celebrating his birthday.

A feature of the dinner was a large birthday cake and Mr. Kopka was presented with several gifts.

Out of town guests included Mr. and Mrs. Jay Kleinert and son Richard, Mr. and Mrs. Roland Miller and daughter and Miss Ruby Hibbs of Monroe, Mrs. Martha Kopka of Milan and Mrs. Phillip Gee of Dundee.

WRITES FOR PAPER

Col. H. H. Hammel, who is stationed at Camp Forrest, Tenn., is the author of an article which appeared in a current issue of the camp's newspaper, "Hypodermic." The 12-page paper is filled with news of the army and is published and edited by members of the camp's hospital staff.

The way some secretaries type the boss' letters is a triumph of mind over mutter.

Mr. Farmer! Do You Need Cash for Victory Farming

We know a lot of farmers who are stepping up their production this year in our food for freedom fight.

If you need funds to increase your production, we'll be glad to be of assistance. We have plenty of money to loan for the purchase of stock, seed, fertilizer and improvements.

Our one requirement is that any loan we make must be in keeping with sound banking practice.

THE 2ND WAR LOAN DRIVE IS ON!

Winner Take All!

There is one stark and simple fact about war which you had better get straight...*and quickly, too*

THERE IS NO SECOND PLACE IN A WAR—IT'S EITHER WIN OR LOSE!

WAR FINANCE COMMITTEE

This war is being fought for tremendous stakes...
...for your life and your liberty.
...for your church and your children.
...for your freedom and your future.

And it's WINNER TAKE ALL. Don't forget that for a minute.

The winner will dictate whether tomorrow you shall be a free citizen of a free world, or a helpless serf to a "master race."

The winner will dictate whether you shall live and prosper under the Four Freedoms, or toil hopelessly in the darkness of a "New Order."

The winner will dictate . . . because the winner takes all.

The winner takes all. All you own, all you hold dear.

The winner is being decided right now . . . today . . . this very minute . . . on battlefields all over the world. Will you stand idly by . . . or throw all your weight on *our* side?

The weight of mighty tanks and planes. The weight of thousands of guns and millions of shells. The weight of billions of dollars . . . 13 billions which your country asks you to lend during this Drive.

Your country wants to borrow every idle dollar you have—every dollar except what you need for the barest necessities of life.

You'll have to give up some luxury or comfort which was dear to your heart. You'll have to postpone some pleasure which you had been eagerly anticipating.

But what of it?

Your sons and brothers and husbands are *dying* out there . . . fighting your fight. Surely it is no sacrifice to *lend your dollars* while they are giving their lives.

They need your help. They need the weapons your money can buy. If one of the War Loan volunteers calls on you...greet him with open pocket-book. Remember, Uncle Sam's goal is 13 billion dollars in April.

Don't wait to be asked. Go to your nearest bank, investment dealer, broker, Post Office or issuing agency and lay your money on the line. Remember, it's an *investment* you're making—an investment that pays a good return and insures a happier future for you and your loved ones.

So *lend* up to the limit.

You'll sleep better for it.

The following Ordinance was offered by Trustee VanVleet:

AN ORDINANCE to license and regulate the location, maintenance and operation of Camp and/or House Trailer Camps within the corporate limits of the Village of Tecumseh; to establish rules and regulations relating to the management, operation and inspection thereof; and to fix penalties for violation.

THE VILLAGE OF TECUMSEH ORDAINS:

Section 1-A. For the purpose of this Ordinance, a Camp and/or House Trailer is hereby defined and declared to be any vehicle used, or intended for use, as a conveyance upon the public streets or highways, and duly licensed as such; and shall include self-propelled and non-self-propelled vehicles, so designed, constructed, reconstructed or added to by means of portable accessories in such manner as will permit the occupancy thereof as a temporary dwelling or sleeping place for one or more persons, and have no foundation other than wheels, jacks or skirtings so arranged as to be integral with or portable by said Camp and/or House Trailer.

Section 1-B. The term Camp and/or House Trailer Camp shall mean any site, lot, field or tract of land upon which one or more occupied Camp and/or House Trailers are harbored whether or not a charge is made for such haboring, and shall include any building, structure, vehicle or enclosure used or intended for use as a part of the equipment of such Camp and/or House Trailer Camp.

Section 2. No person, firm or corporation shall establish, maintain or operate any Camp and/or House Trailer Camp within the corporate limits of the Village of Tecumseh without first obtaining a license therefor from the Village Clerk after approval by the Village Council. Such license shall be issued for one year and shall be renewed annually on or before the 1st day of May.

Section 2-A. The license fee shall be based upon the number of individual trailer parking spaces provided, as designed by the approved application and plot plan, and shall be established at Two Dollars, annually for each unit trailer parking space. No reduction shall be made for fractional yearly licenses. It shall be issued in the name of the owner, or owners, or operators of the Camp and a separate license shall be required for each Camp.

Section 3. The Village Clerk, after approval of the Village Council, is hereby authorized to grant a license to any person, firm, partnership or corporation desiring to engage in the business of establishing, maintaining, conducting or operating any Camp and/or House Trailer Camp, upon compliance with the provisions of this Ordinance and other ordinances applicable thereto; and upon certification thereof by the Health Officer, the Police Department, and the Fire Department, that the application for license shall be provided by the Village Clerk, and shall state the exact location of the site, lot, field or tract of land upon which it is proposed to establish such Camp and/or House Trailer Camp; and shall contain an agreement on the part of the applicant in accepting such license he will permit etry onto such Camp and/or House Trailer Camp premises and into any building, structure, tent, vehicle, or enclosure upon said Camp premises, at any time that request of the same by the Health Officer or Peace Officer of the Village of Tecumseh.

Section 3-A. No permit or license to establish, conduct or maintain any Camp and/or House Trailer Camp within the limits of the Village of Tecumseh shall be issued until the owner, operator or person in control thereof shall file with the application a certified statement, signed by sixty-five or more percent of the property owners by number and area of ownership, within a distance of six hundred feet from all boundaries of said Camp site, signifying agreement to the establishment thereof.

Section 4. The Council may at any time after proper hearing suspend or revoke any license granted under this Ordinance, and may as a result of such suspension or revocation order any Camp and/or House Trailer Camp closed.

Section 5. Any occupied Camp and/or House Trailer may be parked at one or more regularly licensed Camp and/or House Trailer Camps subject to the provisions of this Ordinance, for an accumulated period not to exceed ninety days in any twelve months' period, unless the time is extended by the Village Council.

Section 6. Every Camp and/or House Trailer Camp shall be in charge of a responsible attendant at all times, who shall supervise the Camp and be answerable with the licensee for any violation of the provisions of this Ordinance.

Section 7. Each Camp and/or House Trailer Camp shall be provided with a custodian's office, where each Camp and/or House Trailer entering such Camp shall be assigned to a plot location, given a copy of the Camp rules and registered according to a prescribed form. Said registration shall include the name and address of every occupant of said Camp and/or House Trailer; the license numbers of all units; the state issuing such licenses; and a statement indicating the exact location at which such Camp and/or House Trailer was last parked, including the state, city, town or village where such parking occurred. A copy of such registry shall be posted in or on the Camp and/or House Trailer for which it was issued, and the custodian's copy shall be available for inspection by any person at all times. The custodian's registration records shall be neatly and securely maintained and no registration record shall be destroyed until twelve months have elapsed following the date of said registration.

Section 8. The Camp license and an approved copy of the plot plan of the Camp shall be conspicuously posted in the Camp Custodian's office at all times.

Section 9. Every Camp and/or House Trailer Camp shall have erected thereon a suitable building to be known as the service building.

A. Such service building shall be provided with a sufficient supply of pure drinking water.

B. Common drinking utensils are hereby prohibited.

C. Water faucets shall be so placed in said community building as to be convenient for the use of all the occupants of the Camp.

D. No drinking water faucets or outlets shall be placed in any toilet room or water-closet compartment.

E. The community building shall be provided with toilet rooms in which shall be installed water closets with proper water supply. Each such water-closet shall be placed in a separate compartment, properly separated from any other water-closet; each such compartment shall be not less than three feet wide and shall be enclosed with proper partition. Such water-closet accomodation shall be provided in the ratio of one water-closet for every fifteen females, or less, and one such water closet for every twenty-five males, or less; and in addition, one approved urinal for each male toilet so provided. Such water-closet accomodation shall be based on the total Camp capacity, according to the accepted plans and specifications submitted to the Health Officer with the application, and shall be computed on the basis of a minimum of three persons to each Camp and/or House Trailer. For the purpose of this computation, the sexes shall be considered as being equal in number. There shall be provided in every toilet room, or within ten feet of the entrance thereof, proper facilities for washing hands, in the ratio of one lavatory or sink for every two or less water-closets. Separate facilities shall be provided for each sex. Every building and plumbing installation, alteration or repair, shall be in every respect in accordance with he provisions of the State building and plumbing codes.

F. Every such Camp and/or House Trailer Camp shall be provided with conveniently located, approved shower bath compartments for both sexes. An adequate supply of hot and cold running water shall be available at all reasonable hours, together with soap and individual towels. A minimum of one approved shower head shall be provided for each sex, one additional shower head for every twenty persons for each sex or major fraction thereof, based on the estimated population, as hereinbefore provided. In combination with each shower stall, there shall be provided an individual dressing compartment not less than two feet one-half by three feet in plan so arranged as to insure privacy and protected by waterproof partition or shower curtain. The floor of such compartment shall be waterproof and elevated three inches above the floor of the shower stall G. There shall be provided in the service building such laundry facilities as may be necessary for the convenience of the patrons. Laundry trays shall not be located in toilet rooms.

H. Every Camp shall be so arranged that the walking distance from any unit parking site to water, toilet and shower accommodations will not exceed three hundred feet.

Section 10. All excreta and liquid waste shall be collected in proper receptacles and emptied into suitable sewer connected fixtures. Spilling or draining of waste water upon the superficial area of any Camp and/or House Trailer Camp is hereby prohibited. The Camp attendant, or employees under his control, shall be responsible for the supervision of the emptying of all containers and shall furnish such services as may be necessary to maintain sanitary conditions.

Section 11. No Camp and/or House Trailer Camp shall be located upon any area where public sewer and water services are not available. Every such Camp and/or House Trailer shall be well drained to the public sewer and kept clean and sanitary at all times.

Section 12. No Camp and/or House Trailer Camp shall be located on any highway, street, area or place where fire hydrants are not accessible.

A. Sufficient approved hand fire extinguishers shall be provided and installed in the Camp Custodian's office and at such other locations within the camp as determined by the Board of Fire Commissioners.

B. Inspection of camps and buildings shall be made by a representative of the Fire Department at intervals to be determined by the Village Council.

Section 13. No garbage, rubbish, refuse or waste matter of any kind shall be deposited anywhere except in proper receptacles provided for that purpose. These receptables shall be provided in sufficient number and convenient locations for the use of all occupants of the Camp. Mixing of rubbish, garbage and other waste is prohibited.

Section 14. No animal washing, car washing, or other slop creating practice shall be carried on at any individual Camp and/or House Trailer site, or at any building structure, tent, vehicle, or any other place within the Camp and/or House Trailer Camp, not designed and approved for such purpose.

Section 15. No dogs, cats, or other animals shall be permitted to run at large in any Camp and/or House Trailer Camp.

Section 16. All streets and driveways in every Camp and/or House Trailed Camp must be maintained in a passable and reasonably dust-free condition at all times and shall have a minimum width of not less than twenty feet.

Section 17. Every Camp and/or House Trailer Camp and every portion thereof must be lighted at night.

Section 18. Every Camp and/or House Trailer Camp site shall be subdivided and marked into rectangular-shaped lots. The area of each lot shall be not less than five hundred square feet. Such lots shall be grouped in blocks with streets at least twenty feet in width between each block. Motor vehicles shall not be parked on any individual Trailer plot. Separate parking space for attending cars shall be provided on the camp site.

Section 19. No occupied Camp and/or House Trailer shall be parked on any Camp and/or House Trailer Camp site n such manner as to be closer than ten feet to any public street line, twenty feet to any adjacent private property line, or eight feet to any other parked Camp and/or House Trailer. All Camp and/or Touse Trailers and cars attendant therewith shall be arranged and parked in an orderly manner in accordance with such established Camp rules as are intended to safe guard the health, safety and conveniences of the patrons and to promote general uniformity of appearance in the Camp as a whole.

Section 20. Every Camp and/or House Trailer Camp shall have erected around its border a suitable woven wire or open metal or wooden fence not less than five feet nor more than six feet in height, having only necessary openings for entrance and exit facilities. Barbed wire shall not be used in the construction of any fences.

Section 21. It shall be the duty of every owner, or operator of any camp and/or House Trailer parked in the Village of Tecumseh in case a physician is not in attendance, and every Camp Custodian, to report to the Health Officer the full name, age and temporary address of every person who is affected or suspected to be affected with any contagious malignant, infectious, or any other reportable communicable disease.

Section 22. Any person, firm, partnership, or coporation who shall establish, maintain, conduct and operate a Camp and/or House Trailer Camp without a license, and every licensee, or his agent, Camp attendant, or any occupant of any Camp and/or House Trailer who shall violate any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and, upon conviction thereof, subject to a fine of not more than $100.00 or to imprisonment in the Lenawee County Jail for a period of not more than 90 days, or to both such fine and imprisonment in the descretion of the Court.

Motion made by VanVleet, supported by Truesdale that, Ordinance to license and regulate the location, maintenance and operation of Camp and/or House Trailer Camps within the corporate limits of the Village of Tecumseh; to establish rules and regulations relating to the management, operation and inspection thereof; and to fix benalties for violation, be approved and adopted. Ayes: VanVleet, Winter, Truesdale, Rohweder, Smith. Nays: None.

The Village Attorney was instructed to complete the zoning ordinance at once.

On motion Council adjourned.

J. FLOYD ELLIOTT,
Village President.
WADE L. JONES,
Village Clerk.

Tecumseh Buys $411,777 In War Bonds

Township Is Far Over Top In Second Victory Drive

PRODUCTS COMPANY AND EMPLOYEES RESPONSIBLE FOR NEARLY $245,000 OF TOTAL

"You just can't beat that old Tecumseh spirit."

Those were the words of W. L. Berkhof and John R. Thompson, co-chairmen of the government's 13 billion dollars war bond drive in this township, today, when they announced that Tecumseh had purchased a total of $411,777.-50 worth of bonds in the present campaign, despite the fact that its quota was only $214,500.

"We haven't quite doubled our quota, but it wouldn't surprise me a bit if we did so before Friday midnight," was Mr. Berkhof's comment. "This community is out to set a record that Adrian and the rest of the county can shoot at and I guess Tecumseh has done it. We were the first sizeable community in Lenawee to go over the top, and I doubt very much if any other community, even the City of Adrian, will make such an enviable record in the present bond campaign. We need less than $20,000 in bond sales to double our quota. I'll not be surprised if we sell more than that amount before the drive is over."

Tecumseh's bond sales swept into an all-record high on Tuesday and Wednesday when the Tecumseh Products Company and its employees swung into action to push the community far over the quota.

Tuesday morning, Ray W. Herrick, president of the company, announced that Products had purchased $100,000 worth of bonds and almost simultaneously, M. L. Dannells, treasurer of the company, announced that employees and executives of the company had purchased $44,362.50 in additional bonds.

Although these two purchases pushed Tecumseh over its quota, Mr. Herrick again stepped into the bond buying picture on Wednesday morning and announced the purchase of another $100,000 worth of bonds for his company.

"And it wouldn't surprise me if we sold another one or two thousand dollars in 'E' bonds before Friday night," Mr. Dannells said.

The second largest purchase locally was made by the United Savings Bank last week in the sum of $100,000. These bonds were of the seven-eighths securities classification and may or may not be included in computing the townships total sales against its quota.

Of the total bond sales in Tecumseh, all but $3,412.50 of the amount were made through the United Savings Bank. The $3,412.50 sales were through the local post office.

Tecumseh's "E" bond quota in the present drive was $68,000 and totals last night showed that the community had purchased well over $70,000 in "E" securities.

"Tecumseh has done very, very well in the bond drive, and Mr. Thompson and myself, as chairman, desire to express our appreciation for the splendid cooperation.

"We are indeed grateful to the employees of the Tecumseh Products Company and to Mr. Herrick and Mr. Dannells for their splendid spirit of cooperation and loyalty. It is the kind of loyalty that makes Tecumseh a leader in Lenawee county; a spirit that is found in but mighty, mighty few towns in the country." Berkhof said.

"Our hats are off," he concluded, "to a community that has set the pace for the entire county."

Compiled reports last night at Adrian showed that the county was within short some $385,000 of Lenawee's total quota of $1,990,000. The city of Adrian was some $162,000 behind its quota of $1,152,250. The Village of Britton has nearly doubled its quota of $3,250 and Clinton is well on its way to hitting an $83,000 quota.

A FUTURE AVIATOR

Wooster, O., April 29.—A future Naval aviator, Charles Gillette Coffey, 18, son of Mr. and Mrs. Elmer Coffey, 205 Logan Street, Tecumseh, Michigan, has been enrolled at the Naval Flight Preparatory school on the campus of Wooster college here for preliminary training.

Upon completing the 12-week basic course he will be transferred to one of the five pre-flight schools, then to a primary flight school and finally to an advanced school where he will receive the coveted Navy "wings of gold."

NURSES MEET

A large group of Tecumseh nurses attended the April meeting of the Lenawee District of the Michigan State Nurses' Association at the home of Mrs. Rosborough in Adrian last Wednesday evening. A book review and musical evening were greatly enjoyed after the business meeting.

ANNUAL BANQUET

Monday evening, May 3, is the date set for the annual banquet of the Wit and Wisdom Club. Dinner will be served at 6:30 o'clock followed by a special program in charge of Glen Van Denbergh.

Fear Kidnapping Of Pastor's Kin

FBI JOINS IN SEARCH FOR NEPHEW OF REV. JAS. MURDOCH, IN DETROIT

Agents of the Federal Bureau of Investigation joined with state and city police this week in a search for two-year-old Alan McAlpine of Detroit, who mysteriously disappeared from his home at 16533 Hazelton avenue, last week Thursday noon. The child is a son of Mr. and Mrs. William McAlpine, and a nephew of the Rev. James Cameron Murdoch, pastor of the Presbyterian church here. The Rev. Mr. Murdoch went to Detroit on Sunday to be with his sister and her family. Mrs. McAlpine is confined to her bed and under the care of a physician.

Alan disappeared from the yard of his home about noon-time while playing with a four-year-old girl, a visitor in a neighbor's home. When it was discovered that the children were missing, an immediate search was made and Donna Scribner, the girl, was found near a path that runs along the bank of the River Rouge, which is only a block from the McAlpine home. Alan's cap was found floating on the river. Donna's stories were disconnected and contradictory.

Because the cap was found in the river, it was first believed that the child had drowned and a detail of police from the Harbor Master's Division, aided by hundreds of scouts, air raid wardens and interested searchers, combed every inch of the banks along the river and dragged the stream for a distance of a mile to where a dam is located. It was said that the child's body could not have gone over the dam.

When searching parties failed to find any trace of the child the Detroit police turned to the kidnaping theory and called upon the FBI for assistance. It now is feared that the child may have been kidnapped by a man who thought the child might be used to escape the draft.

Police have broadcast a complete description of the boy over radio networks and shortwave to police posts in neighboring states.

John S. Marsh, 59, Buried In Brookside

John S. Marsh, aged 59 years, was found dead in his bed at his home on Brown street Saturday morning. Although he had been in ill health since September, his death was unexpected.

Mr. Marsh who was born in Monroe county May 14, 1883 had lived in Tecumseh for the past 56 years. At the time of his death, he was employed as night watchman at Meyers Aircraft.

He is survived by the widow, Mrs. Juliet Nina Marsh, six sons, James and Ronald Marsh of Tecumseh, the Rev. Charles Marsh, pastor of the Southfield Baptist church in Detroit, Sgt. Frank Marsh of San Diego, Calif., Pvt. Harry Marsh of Ft. McClelland, Ala., Pvt. Chester Marsh of Geiger Field, Wash., and a daughter, Nina, at home; also three grandchildren; five brothers, Casper, James and Fred Marsh of Tecumseh, Frank of Lansing and Walter of Jackson, and several nieces, nephews and cousins. Two sons and two daughters preceded him in death.

Funeral services were held Wednesday afternoon at 2:30 o'clock in the Collins Funeral home, Rev. O. V. Robinson of the Baptist church officiating. Burial was made in Brookside cemetery.

Rotary Speaker

Arthur Secord

Dr. Secord of the University of Michigan staff, addressed the Rotary-Ann dinner meeting at the high school here, Tuesday evening.

Secord Speaks At Rotary Meet

ROTARY-ANNS ENTERTAINED AT DINNER AT HIGH SCHOOL, TUESDAY EVENING

Dr. Arthur Secord, instructor in speech at the University of Michigan and manager of the Michigan High School Forensic Association, was the guest speaker at the annual Rotary-Ann dinner meeting, Tuesday evening in the gymnasium of the high school here. Nearly 90 Rotarians, their wives and guests were at the banquet table.

Using as the subject of his address, "Personality," Dr. Secord, who is an able and entertaining speaker, declared that a person's real personality is not what he himself thinks it to be but what others think. That person, he declared, who can make others unconsciously want to do the things he wants them to do has personality.

Discussing the need for a better understanding between all people, the Michigan educator declared that unity and oneness are essential in the family, in a community, a state and a nation. "And I believe that we will find shortly that unity is an international necessity. True, we must hate to fight a victorious war, but when the war is over we must forget our hatred and direct our thoughts to fellowship, friendship and cooperation."

S. Henry Smith, president of the club, presided and Wade L. Jones, secretary, acted as toastmaster. Group singing was directed by W. L. Belchof with Mrs. Edna Stauffer at the piano. In the fun part of the program, C. O. Butler acted as sergeant-at-arms and imposed fines for club rule infractions.

Guests at the dinner included Rotary District Governor Alex Moore and Mrs. Moore of Wayne, Mr. and Mrs. R. W. Herrick, Mr. and Mrs. J. H. Rohweder, Mr. and Mrs. E. H. Ahrens, Mr. and Mrs. Harold Wilson, Mr. and Mrs. O. W. Farver and Mr. and Mrs. John Tresedale.

The dinner was served at beautifully decorated tables by Mrs. Fannie Brees. Corsages marked the places for Rotary-Anns at the tables.

OFFICERS ELECTED

The Westminster Junior League at last week's meeting held in the home of Mrs. Thomas Gallant, Jr., elected the following new officers: Mrs. Norris Morehouse, president; Mrs. Chester Beach, vice president; Mrs. Stanley Kruse, secretary; Mrs. Frank Beal, treasurer.

The Westminster and Presbyterian Leagues will join in a mother and daughter pot luck supper at the church for the next meeting May 4.

HAPPY CIRCLE P. T. A.

The committees for the May meeting are Mr. and Mrs. N. C. McConnell and Mr. and Mrs. E. H. McConnell, entertainment; Mr. and Mrs. Harvey Lewis, Roy Richard and George Hyvis, refreshments.

MOTHER-DAUGHTER DINNER

The Westminster Junior League will meet with the Presbyterian League Tuesday, May 4 for a mother and daughter pot luck supper at the Presbyterian Church.

Service Flag Is Dedicated

SILKEN BANNER AT HIGH SCHOOL HAS 149 STARS; ONE STAR IS GOLD

At an impressive ceremony, held at the high school auditorium on Monday morning, a silk service flag with 149 stars, representing students and alumni who are in the military service, was unveiled by Alvin Brazee, a member of the school's faculty. The stars on the flag are in "V" formation with one gold star, honoring the memory of Donald White, a '37 graduate who gave his life in service several months ago, in the South Pacific.

Bob Laidlaw, student council president, opened the program by leading the pledge of Allegiance to the Flag, which was followed by the group singing of "The Star Spangled Banner" with band accompaniment under the direction of Clare Camburn. C. R. Dustin announced the unveiling of the Service Flag by Mr. Brazee, who spoke in tribute to the alumni of Tecumsen high school now serving in the armed forces, saying that "it seemed but yesterday that they were here with us, and now they are scattered all over the world ready to sacrifice their lives, if need be, for their country." After paying tribute to them, he unveiled the flag, revealing stars in the form of a "V" over the number "149", which represents the number of THS boys in the service. Recognition was made of the one gold star on the flag.

The fifth grade pupils, directed by Miss Moulding, sang "Sailors of the U. S. A." and "Pledge". The Rev. Edward Escolme gave the chapel talk. Two songs, "Stout-hearted Men" and "Men of the Old Brigade" were sung by the faculty quartet, much to the enjoyment of the students.

The Minute Man Flag was then presented by W. L. Berkhof to Bob Laidlaw, who, as president of the Student Council, represented the school. The flag flies as a result of the regular purchase of defense stamps and bonds by ninety per cent of the student body and faculty during the past month. Tecumseh is the first school in the county to win this coveted flag, and the students hope to keep up the record so that they may continue to fly it.

The faculty quartet closed the program by singing "Kentucky Babe" and "Aura Lee", and the Tecumseh high school band played a march.

THE LESSON

Most people talk about the last war as though nothing came out of it. They forget that there was time before the First World War, and that that sanguinary struggle changed their lives completely.

Debt, depression, new quarrels in place of old, broken lives, disjointed relationships, these came out of the war—but so did idealism, awakened social conscience, a broadening of knowledge, of opportunity, a self-determination of individuals.

But the real benefit from the last war was the lesson we have slowly learned, and which it has taken this war to bring home. As a man suddenly wakens to the meaning of what he studied as a child, so we as a nation are just coming to realize what we learned in the holocaust a quarter of a century ago—the lesson which, if had we put its precepts into practice, might have given the world a peace lasting long enough to prove the futility of war.

We have learned that patriotism is not measured by power; that love of country thrives on oppression and that a man will fight more zealously for his faith than for his possession.

We have learned that we are not the only people, that there are no Herrenvolk except in their own eyes, that the aristocracy among nations consists of those who are willing to take responsibility for protecting the rights of the weak.

We have learned that we can't solve a problem by ignoring it, that what menaces the freedom of some menaces the freedom of all.

We have learned never again to stop a fight before it is won and not to be maudlin with those who come whining for mercy when they are losing, but who are merciless when their side is on top.

We have learned to beware those who never stand on their own actions, but who always seek scapegoats, who always have an alibi ready when they are caught.

We have learned that more powerful than "invading armies" is the power of hope for the future. We won the battle behind the lines with the Fourteen Points. That we did not win the peace was due not to the cleverness of others, but to our own stupidity.

We have learned that no nation lieveth unto itself alone—that because we tried to live alone, walking out on the world, we had to pass through a period of distress before we could again have a chance to help establish the kind of world in which we want to live.

A lesson came out of the last war. We have been long in learning it and our education has been costly but we can at last say, in the words of Kipling after another war, "Let us admit it fairly as a business people should. We have had no end of a lesson. It will do us no end of good."

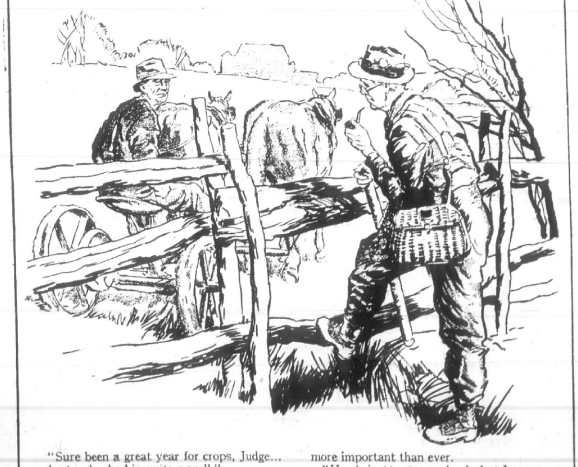
THE OLD JUDGE SAYS...



"Sure been a great year for crops, Judge... best we've had in quite a spell."

"That's true, Henry... all over the country. As a matter of fact, there's been quite a surplus supply of grain according to some figures I saw in one of your farm papers the other day. But that surplus is being used to mighty good advantage and is making the contribution of you farmers to the war effort more important than ever.

"Here's just one example of what I mean. The beverage distilling industry alone will use 100,000,000 bushels of this surplus to make alcohol seriously needed by the government for gunpowder, synthetic rubber, chemicals and medical supplies.

"So, keep it growin' Henry... you're doing a great job."

HEAVY WINDS SWEEP MICHIGAN

CAUSING CONSIDERABLE DAMAGE OVER WIDE AREA

EVERY DAY BRINGS IN NOTICES OF CLAIMS FOR DAMAGE BY WINDSTORM

From March 17 to April 15, This Year, We Received 1500 Claims for Losses by Wind

This total wreck was caused by windstorm May 29, 1942. The property belonged to Ross and Gladys Toan, Sebewa Township, Ionia County, and this company promptly paid the loss, $3,106.34.

THIS IS THE WINDY SEASON OF THE YEAR!

No one knows when or where the next windstorm may strike! Be prepared — A windstorm insurance policy with this strong company gives you the security you so badly need.

The Michigan Mutual has nearly $500,000,000 Insurance in force — Surely these thousands of policyholders are not wrong!

TO BLAST THE WORLD'S BIGGEST WINDBAGS!

A roaring, raging hurricane seldom hits harder than 100 miles an hour. But at Wright Field, Ohio, *Air Force engineers whip up an almost unbelievable 400-mile wind*—to help improve American military planes.

Two forty-foot fans, weighing nearly a million pounds, put the "hurry" in this hurricane tunnel. They're driven by a huge 125-ton electric motor with a terrific horsepower rating. They permit accurate tests of large-scale plane models at speeds up to 400 miles an hour.

America's sleek fighters and burly bombers are faster, safer, more deadly to the enemy, because America has the world's biggest wind tunnels—and the world's biggest supply of electric power.

In fact, electric power is basic to nearly *all* war production. It turns the machines that turn out tanks, planes and guns. It welds the steel seams of ships. It flashes the urgent words of war by air and by wire.

War has brought shortages of many materials, but there has been plenty of electric power for war production.

The electric companies under business management, supplying about *seven-eighths of all America's electric power*, had a BIG job to do—and *did* it!

THE 2ND WAR LOAN DRIVE IS ON!

It's Ten Minutes to Midnight!

Wake Up, Americans...Your Country's Most Fateful Hour Is Near

THE hour when the final die is cast, when decisive victory hangs in the balance. The hour which will decide the future of you and your children . . . a future of joyous freedom or a future of endless serfdom.

Yes, it is ten minutes to midnight. And when the first stroke of that fateful hour begins to sound, it will be *too late* to throw your weight into the fight.

The time to do that is NOW.

Now, when your dollars can keep the production lines humming. *Now*, when your dollars can buy the tanks and guns and planes and ships our soldiers need to fight a winning war . . . the only kind of a war we can afford to fight. *Now*, while there are still ten minutes before midnight.

Your country is asking you to lend your dollars in greater amount than ever before. It is asking for 13 billions of dollars *extra* this month . . . 13 billions for the weapons of war to make sure that it is *our side* which dictates the peace.

If we do not win, the money you fail to lend now will be worse than useless to you. If we win, as we *must*, the money you lend now will be returned with interest . . . for you to spend on the good things of life . . . for you to enjoy in a free and safe world.

So dig down, Americans. Answer the challenge by buying War Loan securities this month with every idle dollar you have except what you need for the barest necessities of life.

Don't wait for the War Loan Volunteer. Beat the gun by going to your bank, investment dealer, broker, Post Office, or bond booth *today*.

Have your money in your fist . . . the fist that can deliver the knockout blow to the Axis. But hurry . . .

For it is ten minutes to midnight . . .

The hour that can strike the knell of doom—or the blessed song of freedom.

Your dollars can call the tune.

AN ORDINANCE

The following Ordinance was offered by Trustee VanVleet:

AN ORDINANCE to license and regulate the location, maintenance and operation of Camp and/or House Trailer Camps within the corporate limits of the Village of Tecumseh; to establish rules and regulations relating to the management, operation and inspection thereof; and to fix penalties for violation.

THE VILLAGE OF TECUMSEH ORDAINS:

Section 1-A. For the purpose of this Ordinance, a Camp and/or House Trailer is hereby defined and declared to be any vehicle used, or intended for use, as a conveyance upon the public streets or highways, and duly licensed as such; and shall include self-propelled and non-self-propelled vehicles, so designed, constructed, reconstructed or added to by means of portable accessories in such manner as will permit the occupancy thereof as a temporary dwelling or sleeping place for one or more persons, and have no foundation other than wheels, jacks or skirtings so arranged as to be integral with or portable by said Camp and/or House Trailer.

Section 1-B. The term Camp and/or House Trailer Camp shall mean any site, lot field or tract of land upon which one or more occupied Camp and/or House Trailers are harbored whether or not a charge is made for such haboring, and shall include any building, structure, tent, vehicle or enclosure used or intended for use as a part of the equipment of such Camp and/or House Trailer Camp.

Section 2. No person, firm or corporation shall establish, maintain or operate any Camp and/or House Trailer Camp within the corporate limits of the Village of Tecumseh without first obtaining a license therefor from the Village and/or House Trailer shall be parked on any Camp and/or House Clerk after approval by the Village Council. Such license shall be issued for one year and shall be renewed annually on or before the 1st day of May.

Section 2-A. The license fee shall be based upon the number of individual trailer parking spaces provided, as designed by the approved application and plot plan, and shall be established at Two Dollars annually for each unit trailer parking space. No reduction shall be made for fractional yearly licenses. It shall be issued in the name of the owner, or owners, or operators of the Camp and a separate license shall be required for each Camp.

Section 3. The Village Clerk, after approval of the Village Council, is hereby authorized to grant a license to any person, firm, partnership or corporation desiring to engage in the business of establishing, maintaining, conducting or operating any Camp and/or House Trailer Camp, upon compliance with the provisions of this Ordinance and other ordinances applicable thereto; and upon certification thereof by the Health Officer, the Police Department, and the Fire Department. The application for license shall be provided by the Village Clerk, and shall state the exact location of the site, lot, field or tract of land upon which it is proposed to establish such Camp and/or House Trailer Camp; and shall contain an agreement on the part of the applicant that in accepting such license he will permit entry onto such Camp and/or House Trailer Camp premises and into any building, structure, tent, vehicle, or enclosure upon said Camp premises, at any time that request is made by the Health Officer or Peace Officer of the Village of Tecumseh.

Section 3-A. No permit or license to establish, conduct or maintain any Camp and/or House Trailer Camp within the limits of the Village of Tecumseh shall be issued until the owner, operator or person in control thereof shall file with the application a certified statement, signed by sixty-five or more percent of the property owners by number and area of ownership, within a distance of six hundred feet from all boundaries of the camp site, signifying agreement to the establishment thereof.

Section 4. The Council may at any time after proper hearing suspend or revoke any license granted under this Ordinance, and may as a result of such suspension or revocation order any Camp and/or House Trailer Camp closed.

Section 5. No occupied Camp and/or House Trailer may be parked at one or more regularly licensed Camp and/or House Trailer Camps subject to the provisions of this Ordinance, for an accumulated period not to exceed ninety days in any twelve months' period, unless the time is extended by the Village Council.

Section 6. Every Camp and/or House Trailer Camp shall be in charge of a responsible attendant at all times, who shall supervise the Camp and be answerable with the licensee for any violation of the provisions of this Ordinance.

Section 7. Each Camp and/or House Trailer Camp shall be provided with a custodian's office, where each Camp and/or House Trailer entering such Camp shall be assigned to a plot location, given a copy of the Camp rules and registered according to a prescribed form. Said registration shall include the name and address of every occupant of said Camp and/or House Trailer; the license numbers of all units; the state issuing such licenses; and a statement indicating the exact location at which such Camp and/or House Trailer was last parked, including the state, city, town or village where such parking occurred. A copy of such registry shall be posted in or on the Camp and/or House Trailer for which it was issued, and the custodian's copy shall be available for inspection by any person at all times. The custodian's registration records shall be neatly and securely maintained and no registration record shall be destroyed until twelve months have elapsed following the date of said registration.

Section 8. The Camp license and an approved copy of the plot plan of the Camp shall be conspicuously posted in the Camp Custodian's office at all times.

Section 9. Every Camp and/or House Trailer Camp shall have erected upon a suitable building to be known as the service building.

A. Such service building shall be provided with a sufficient supply of pure drinking water.

B. Common drinking utensils are hereby prohibited.

C. Toilet facilities shall be so placed in said community building as to be convenient for the use of all the occupants of the Camp.

D. No drinking water faucets or outlets shall be placed in any toilet room or water-closet compartment.

E. The community building shall be provided with toilet rooms in which shall be installed water closets with proper water supply. Each such water-closet shall be placed in a separate compartment, properly separated from any other water-closet; each such compartment shall be not less than three feet wide and shall be enclosed with proper partition. Such water-closet accomodation shall be provided in the ratio of one water-closet for every fifteen females, or less, and one such water closet for every twenty-five males, or less; and in addition, one approved urinal for each male toilet so provided. Such water-closet accomodation shall be based on the total Camp capacity, according to the accepted plans and specifications submitted to the Health Officer with the application, and shall be computed on the basis of a minimum of three persons to each Camp and/or House Trailer. For the purpose of this computation, the sexes shall be considered as being equal in number. There shall be provided in every toilet room, or within ten feet of the entrance thereof, proper facilities for washing hands, in the ratio of one lavatory or sink for every two or less water-closets. Separate facilities shall be provided for each sex. Every building and plumbing installation, alteration or repair, shall be in every respect in accordance with the protvisions of the State building and plumbing codes.

F. Every such Camp and/or House Trailer Camp shall be provided with conveniently located, approved shower bath compartments, for both sexes. An adequate supply of hot and cold running water shall be available at all reasonable hours, together with soap and individual towels. A minimum of one approved shower head shall be provided for each sex and one additional shower head for every twenty persons for each sex or major fraction thereof, based on the estimated population, as hereinbefore provided. In combination with each shower stall, there shall be provided an individual dressing compartment not less than two and one-half by three feet in plan so arranged as to insure privacy and protected by waterproof partiion or shower curtain. The floor of such compartment shall be waterproof and elevated three inches above the floor of the shower stall.

G. There shall be provided in the service building such laundry facilities as may be necessary for the convenience of the patrons. Laundry trays shall not be located in toilet rooms.

H. Every Camp shall be so arranged that the walking distance from any unit parking site to water, toilet and shower accommodations will not exceed three hundred feet.

Section 10. All excreta and liquid waste shall be collected in proper receptacles and emptied into suitable sewer connected fixtures. Spilling or draining of waste water upon the superficial area of any Camp and/or House Trailer Camp is hereby prohibited. The Camp attendant, or employees under his control, shall be responsible for the supervision of the emptying of all containers and shall furnish such services as may be necessary to maintain sanitary conditions.

Section 11. No Camp and/or House Trailer Camp shall be located upon any area where public sewer and water services are not available. Every such Camp and/or House Trailer shall be well drained to the public sewer and kept clean and sanitary at all times.

Section 12. No Camp and/or House Trailer Camp shall be located on any highway, street, area or place where fire hydrants are not accessible.

A. Sufficient approved hand fire extinguishers shall be provided and installed in the Camp Custodian's office and at such other locations within the camp as determined by the Board of Fire Commissioners.

B. Inspection of camps and buildings shall be made by a representative of the Fire Department at intervals to be determined by the Village Council.

Section 13. No garbage, rubbish, refuse or waste matter of any kind shall be deposited anywhere except in proper receptables provided for that purpose. These receptables shall be provided in sufficient number and convenient locations for the use of all occupants of the Camp. Mixing of rubbish, garbage and other waste is prohibited.

Section 14. No animal washing, car washing, or other slop creating practice shall be carried on at any individual Camp and/or House Trailer site, or at any building structure, tent, vehicle, or any other place within the Camp and/or House Trailer Camp, not designed and approved for such purpose.

Section 15. No dogs, cats, or other animals shall be permitted to run at large in any Camp and/or House Trailer Camp.

Section 16. All streets and driveways in every Camp and/or House Trailed Camp must be maintained in a passable and reasonably dust-free condition at all times and shall have a minimum width of not less than twenty feet.

Section 17. Every Camp and/or House Trailer Camp and every portion thereof must be lighted at night.

Section 18. Every Camp and/or Hous Trailer Camp site shall be subdivided and marked into rectangular-shaped lots. The area of each lot shall be not less than five hundred square feet. Such lots shall be grouped in blocks with streets at least twenty feet in width between each block. Motor vehicles shall not be parked on any individual Trailer plot. Separate parking space for attending cars shall be provided on the camp site.

Section 19. No occupied Camp Trailer Camp site n such manner as to be closer than ten feet to any public street line, twenty feet to any adjacent private property line, or eight feet to any other parked Camp and/or House Trailer. All Camp and/or Touse Trailers and cars attended therewith shall be arranged and parked in an orderly manner in accordance with such established Camp rules as are intended to safe guard the health, safety and conveniences of the patrons and to promote general uniformity of appearance in the Camp as a whole.

Section 20. Every Camp and/or House Trailer Camp shall have erected around its border a suitable woven wire or open metal or wooden fence not less than five feet nor more than six feet in height, having only necessary openings for entrance and exit facilities. Barbed wire shall not be used in the construction of any fences.

Section 21. It shall be the duty of every owner, or operator of any Camp and/or House Trailer parked in the Village of Tecumseh in case a physician is not in attendance, and every Camp Custodian, to report to the Health Officer the full name, age and temporary address of every person who is affected or suspected to be affected with any contagious malignant, infectious, or any other reportable communicable disease.

Section 22. Any person, firm, partnership, or coporation who shall establish, maintain, conduct and operate a Camp and/or House Trailer Camp without a license, and every licensee, or his agent, Camp attendant, or any occupant of any Camp and/or House Trailer who shall violate any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and, upon conviction thereof, subject to a fine of not more than $100.00 or to imprisonment in the Lenawee County Jail for a period of not more than 90 days, or to both such fine and imprisonment in the descretion of the Court.

Motion made by VanVleet, supported by Truesdale that, Ordinance to license and regulate the location, maintenance and operation of Camp and/or House Trailer Camps within the corporate limits of the Village of Tecumseh; to establish rules and regulations relating to the management, operation and inspection thereof; and to fix penalties for violation, be approved and adopted. Ayes: VanVleet, Winter, Truesdale, Rohweder, Smith. Nays: None.

County Federation To Meet With Nurses

A joint meeting of the Lenawee County Federation of Women's Clubs and the Lenawee District of the Michigan State Nurses' Association will be held on Tuesday evening, May 4, at eight p.m., in the auditorium of the Adrian high school. Moving pictures on nursing will be shown at this time. They will include the life of a student nurse during her period of schooling, and the life of nurses in military services of their country.

Miss Thelma Scratch, executive secretary of the Michigan Nursing Council for War Service, will give a short talk, as well as being available to answer questions.

The public is invited to attend this meeting, especially young women and their families who may be interested in nursing as a profession.

Providing nursing services to the civilian population as well as the military services is indeed a problem, since there was a shortage of nurses before this war began. Be better informed on this matter, so that you may be able to help.

NINETY-THIRD YEAR—NUMBER THIRTY-TWO | TECUMSEH, MICHIGAN, THURSDAY, MAY 6, 1943 | FIVE CENTS PER COPY

Bond Sale Here Over $423,000

BERKHOF AND THOMPSON SAY "THANK YOU" FOR A "JOB VERY WELL DONE"

Tecumseh village and township purchased $423,074 worth of War Savings Bonds in the Second Victory Drive that ended on Friday, April 30, according to an announcement today by W. L. Berkhof and John R. Thompson, co-chairmen directing the campaign.

"Mr. Thompson and I desire to say thank you to the residents of this village and township for a job very well done," Mr. Berkhof said. "Tecumseh really estbalished a record for the rest of the county to shoot at by nearly doubling its original quota of $214,000."

Of the total sales reported, $75,177 were in "E" bonds and the balance of the amount was in bonds of larger denominations.

The largest purchases locally were made by the Tecumseh Products Company. As a corporation, the Products purchased $200,000 worth of bonds and executives and employees of the company purchased about $45,000 in addition. The United Savings Bank purchased $100,000 worth of bonds. These may or may not be included when the total sales for this area are finally matched with the quota by the government.

Mr. Berkhof said today that he desired to thank the committee that assisted Mr. Thompson and himself in making the drive successful. The committee is made up of Wade L. Jones, Mrs. Florence Howe, Perry Satterthwaite, M. L. Dannells, LeRoy Titley, Aden Mead and Earl L. Wickwire.

Wit and Wisdom Club Holds Annual Banquet

The Wit and Wisdom club held its annual banquet and closing meeting Monday evening at the Grange hall where the banquet was served to 45 members and guests by Grange members. Tables were arranged in V shape and spring flowers and potted plants were used in decorating.

Alvin Brazee was toastmaster and the program which opened with assembly singing led by Mrs. O. V. Robinson, included a piano duet by Mrs. George Parsons and Mrs. Neville Hart; quarter selections by W. L. Berkhof, Neville Hart, Aden Mead and George Parsons; "The Salad", Miss Jane Elliott; "The Meat" by Rev. Norman MacNaughton; "The Dessert" by Mrs. Jennie Temple, "The Nuts" by O. W. Laidlaw. Quartette selection and assembly singing closed the program.

The club plans to hold a mid-summer picnic at the Brazee summer home at Iron Creek and appointed as committee on arrangements, Rev. and Mrs. Robinson, Mrs. Temple and Mrs. J. O. Eaton.

EMPLOYMENT SERVICE MANAGER IS SPEAKER

Clifford Rice of Adrian, manager of the county office of the U. S. Employment Service, was the guest speaker at the regular noon-day luncheon meeting of the Rotary club, Tuesday at Brees House.

Mr. Rice discussed the recent freezing of labor in essential jobs and declared that labor is going to become more and more scarce during 1943. Industrial employment in the county, he said, will be stepped up to about 10,500, an increase of 3,000, and military service will take another 800 men from Lenawee this year.

The importation of Mexican labor and conscientious objectors to aid in beet farming and on other farms in the county already has been started, Mr. Rice said.

FRIENDLY CLASS ELECTS

The Friendly Class of the Friends Church held its May meeting on Tuesday evening at the home of Mr. and Mrs. Mitchell Mobley. Officers were elected as follows: Mrs. Jennie Slater, president; Mrs. Iva Cleveland, vice-president; Mrs. Chas. Manley, second vice-president; Mrs. Roland Mohr, secretary; Mrs. Glenn Weaver, assistant; Mrs. Harry Creger, treasurer; Mrs. Ralph Comfort, corresponding secretary. Mrs. Mobley as leader presented a Mother's Day program.

COUNCIL MEETS

The regular meeting of the village council was held here on Monday evening. Current bills were audited and ordered paid and reports of committees an department heads were read and placed on file.

Typical "Little Brother" Trick Gives Police Here a Good Laugh

There are two Butlers in Tecumseh—"Johnnie" and "Charley".

Charley and Johnnie are brothers and before War No. 2 they both sold Ford cars, Charley in Tecumseh, Johnny in New York.

Since War No. 2 they are both in the garage business here—Butler Motor Sales—Johnnie assisting his brother Charley.

And everything is going just fine for the Butler brothers—but Saturday night, it seems, Johnnie pulled one of those "kid brother" tricks on his Charley that for a moment or two threatened to turn Charles O.'s hair a bit more gray that it has been, or something.

It seems that Johnnie was going away; anyway, he was in a hurry. He grabbed Charley's car, dashed up to the Butler residence on Union street, parked the sedan in the garage, bathed and changed his clothes and dashed downtown again.

But this time he walked and when he entered the garage office, Charley, like all good big brothers, asked Johnnie if he didn't want the car. Johnnie said no, he was riding with someone else and that was that.

When Charley and his wife, Mildred, locked the garage Saturday night and started for home, Charles O. looked for his faithful car. It wasn't there. Johnnie, he knew, didn't take it. He didn't need it.

Right away quick Charles O. scented a car theft. He looked up Officer Woodcox, told him his car had been stolen—the last Ford to be found in captivity.

The search started, Officer Woodcox took the Butlers to their home.

There was the faithful car in the garage where Johnnie had left it.

Charles O. and his wife Mildred are grateful to the police for the taxi service.

And this week Johnnie is on the receiving end of a bit of kidding by those who are "in the know" around the garage.

Baptist Officers Named At Annual Meeting

The annual meeting of the Baptist church was held last Wednesday evening, preceded by a pot luck supper in the church dining room. Fifty members attended.

The Rev. O. V. Robinson presided at the business session when Mr. and Mrs. John C. Brown and Mr. and Mrs. Howard A. Everhart were received into membership by letter. Clinton Church 100 Years Old

CONGREGATIONAL CONGREGATION OBSERVES CENTENNIAL AT MEETING ON SUNDAY

In observance of the 100th anniversary of the Clinton Congregational church a fellowship banquet was held in the church last Wednesday evening, when C. M. Halladay, a member of the church for 69 years, and treasurer for 50 years, was especially honored and presented with a gift.

The church was organized April 28, 1843, and dedicated in October 1844. A formal centennial celebration is planned for October 1944.

The afternoon program included a talk by Rev. B. A. Warren of New Haven, a former Clinton pastor, who spoke on "Other Tongues". Rev. O. E. Priest led the responsive reading and read the scripture lesson and Mrs. J. R. Foreman presided at the organ, Miss Vivian Moats sung a vocal solo.

The recognition service was held at 7:30 and included the invocation by Rev. W. H. Skentelbury of Chelsea, a former pastor; cello solo by Janice Allen, accompanied by her mother Mrs. P. H. Allen; historical sketch by Mrs. C. L. Kimball who gave a tribute to the older members; vocal solo by Miss Lillian Ashby of Ypsilanti, accompanied by Mrs. Foreman; reminiscences by Rev. Warren, Rev. Skentelbury and J. D. Hause, who stated that the fifth generation of the Hause family is represented in the church membership; vocal solo by Jean Gilman of Ann Arbor, accompanied by her mother Mrs. Frank Gilman; original poems of the late Mrs. Jane Clark read by Mrs. Fred Kaiser; "From April 1943 to October 1944" by Rev. Priest; anthem by the Youth choir under the direction of Guy Cooper, with Mrs. Cooper accompanist; benediction, by Rev. S. H. Berry of the Methodist church.

Former members and friends from Detroit, Jackson, Adrian and Tecumseh attended the program.

GRANGE DEGREES ARE CONFERRED ON 29

At a special meeting of Tecumseh Grange, held Thursday evening, April 29, the third and fourth degrees were conferred on a class of 29 candidates by the Washtenaw Pomona degree team. Guests were present from North Rome, Gorman and Pittsfield granges. In conclusion refreshments were served by the committee.

SEWING COMMITTEE

Mrs. John Larsen is chairman of the Tecumseh Hospital Auxiliary sewing committee for May, which includes Mrs. H. H. Hammel, Mrs. D. C. Heeson, Mrs. Edith C. Smith, Mrs. John H. Smith, Mrs. C. F. Sage and Mrs. Carl Cedarquist. The group will sew on Wednesdays as usual.

SON WOUNDED

Mrs. Anna Covell has been notified by the War Department that her son Pfc. Gerald Covell has been wounded in action in North Africa. Pfc. Covell had been in the army since May 1941.

A message received later states that Gerald has been brought to a New York hospital.

GUESTS OF TUXIS

A group of young people from the First Presbyterian church in Jackson attended the meeting of the Tuxis Society Sunday evening in the Presbyterian church. The visitors presented the program which was followed by a social hour.

MISSION GUILD

The Florence Weld Mission Guild will meet Monday evening, May 10, at the home of Mrs. W. J. Penman for a potluck supper at 6:30 followed by the regular meeting.

For genuine bargains in working men's clothing we invite you to visit our Firestone Store. It's a new line with us, as is paint and archery sets. Buy us a visit. Butler Motor Sales. adv.

2nd Honor Roll Pilaster Is Purchased By Village

A second honor roll pilaster, a duplicate of the one dedicated at a service at the Presbyterian church here last winter and upon which is inscribed the names of all the men and women from Tecumseh township and village who are in the military service, has been purchased by the village and is being set up beside the original one in the office of Wade L. Jones, village clerk.

The second pilaster is necessary Mr. Jones said, because there is not sufficient room on the original to list all of the names of the men and women. The original pilaster now lists 236 names and 65 more names must be added immediately. Another group of names, some 25, will be added in June.

Oxygen Tent Purchased By Legion Auxiliary

The American Legion Auxiliary met Monday evening in the Legion hall with 16 members present. Mrs. A. Bagshaw, president, announced that the oxygen tent has been purchased with money from the recent magazine sale and will be available to the public on arrival.

The unit voted to send $5 to the Children's Billet at Ostter Lake to purchase canned fruit. Saturday, May 29, is announced as Poppy Day and the cooperation of the public will be greatly appreciated by the Auxiliary. Refreshments were served at the close of the meeting by Mrs. R. K. Anderson, Mrs. Jack Smith and Mrs. T. Rentschler.

Weather permitting the June meeting will be a pot luck supper to be held in Adams Park.

Boy, 16, Killed In Auto Mishap

CASMER JEZIORSKI OF SALINE, VICTIM OF ACCIDENT; JACK SWICK HURT

Casmer Jeziorski, 16 year old son of Mr. and Mrs. Julius Jeziorski of Saline was killed Monday evening about 8:30 when the car in which he was riding with Jack Swick of Macon, overturned in a ditch southeast of Macon. Swick, who was driving, lost control of the car which overturned, pinning Jeziorski underneath and crushing his chest. Swick suffered minor cuts and bruises. He is the son of Mills Swick and was driving his grandfather's. Will E. Swick's car to the Macon grocery. On having to wait the boys decided to go for a ride.

Coroner Ed. M. Braun was called from Adrian and Swick made a statement Tuesday before Rex Martin, assistant prosecutor. An inquest was requested by the prosecutor's office.

Jeziorski leaves besides his parents, three brothers Henry in the army in Texas, John in the army in North Carolina and Edward at home; three sisters Mrs. Alfonse DeJonghe of Macon, Mrs. Andrew Gooding of Saline and Helen at home.

The funeral will be held Friday morning at 11 o'clock at St. Dominic's Catholic church in Clinton. Rev. Fr. John A. Ross will officiate and burial will be in the parish cemetery.

DEGREE CONFERRED

At the regular meeting of the Pythian Sisters, held last Wednesday evening, the initiatory degree was conferred on five candidates. Mrs. Forrest Abner, Mrs. S. Kring, Mrs. Harold Coates, Mrs. Henry F. Kempf and Mrs. L. Alcott. Refreshments were served at the close of the meeting.

The Temple will meet again next Wednesday evening when Mrs. Garth Hall will receive the initiatory degree.

The Temple has been requested to put on the initiatory work at the district convention at Milan this month.

ANNUAL MEETING

The Child Study Club will meet Monday evening, May 10, for their annual business session. The losers in the recent attendance contest will entertain the winners at this time. Mrs. Garth Hall, Mrs. J. W. Spafford and Mrs. Elmer Burleson are in charge of entertainment. A chop suey supper will be served and officers will be elected.

WILLIAMSON SAFE

The Herald is in receipt of a brief note from Yeoman First Class Richard Williamson of the United States Navy, a member of the crew of the USS Colorado, somewhere on the high seas. He says that he is receiving his Herald regularly and sends greetings to his many friends in Tecumseh.

ALL-DAY MEETING

The Baptist Ladies Union is holding an all day meeting today in the church parlors with pot luck luncheon at 2:30. Rev. John Ferrin of Athens, father of Mrs. Robt. Gillespie, will be the speaker.

Hospital Day To Be Observed

VISITING AT HOSPITAL, HOWEVER, IS NOT ENCOURAGED, DUE TO WAR

Although Wednesday, May 12, is National Hospital Day, it will be observed very quietly throughout the state and nation, it was said today, and, because of wartime restrictions, visitors at hospital is not being encouraged.

Tecumseh Hospital and all hospitals, nation-wide, are doing essential war work by attempting to keep the health of the community at as high a level as possible. This, the government contends, must be done because there must be no letdown in effort. Prevention of disease is now considered more important than the actual curing of disease, because of loss in manpower, and a program of immunization, to forestall any outbreak of communicable diseases, seems obligatory expedient, a wartime bulletin says.

There are some 252 hospitals in Michigan with 59,103 beds that gave patients some 17,524,600 days of care during the past year. Tecumseh hospital has 40 beds and last year cared for 1,195 patients with a total of 11,000 patient-days of care. Of the 260 births reported in the village of Tecumseh last year, 258 were in Tecumseh hospital.

Mayor J. Floyd Elliott today issued this proclamation in connection with National Hospital Day:

"Whereas, our hospital now, more than ever before, needs public cooperation and the assistance of more nurses, more nurses' aides and more volunteers,

"Now, therefore, I, J. Floyd Elliott, Mayor of Tecumseh, do hereby designate the birthday of Florence Nightingale, May 12, as National Hospital Day Week, and urge that all the citizens of Tecumseh recognize the importance of hospital work and lend their full cooperation to the continued progress in the humanitarian field."

Herrick Is Nominated To War Labor Board

Detroit, May 6—C. G. Campbell, of the Kewaunee Manufacturing Co., and Fred I. Wood, president of the Simplex Paper Corp., Adrain, and R. W. Herrick, president of Tecumseh Paper Products, Tecumseh, were nominated today by the eight industry members on the Regional War Labor Board to sit on tri-partite panels of the board set up to hear dispute cases in the Adrian area.

The industry members nominated a total of 109 persons in 70 cities as qualified to represent industry under the tri-partite panel system.

Each dispute panel is composed of three members—a public member as chairman, one representative of industry and one respresenting labor. As far as possible panels will be drawn from residents of the area in which the dispute occurs. On the basis of the testimony taken in closed hearings, panels will make recommendations to the Regional board for final action.

Any public member of the board also may serve as a panel chairman or hearing officer in any case, but in such event cannot participate in the board decision of the case.

Labor and industry select their own panel representatives. The American Federation of Labor has nominated 109 members in 36 cities, and the CIO 99 members in 19 cities, to act on Michigan panels in labor's interests. They are drawn from various unionized crafts and industrial operations. Some members already have been used on panels.

Mr. Herrick said that he had not been officially advised of his appointment to the board by the government, probably due to the fact that he has been out of the city on business during most of the past week.

O. E. S. MEETS TONIGHT

Tecumseh chapter, Order of the Eastern Star, will meet tonight in regular session, when past matrons and past patrons night will be observed. The degree will be conferred and past matrons will conduct a memorial service. Refreshments will be served.

TO MEET MORE OFTEN

Due to a lack of workers, the surgical dressing department of the Red Cross will meet on Tuesday, Wednesday and Thursday until further notice.

Working men's clothing is now included in our Firestone Store stock. We also have a complete line of paint. Also, archery sets. Butler Motor Sales. adv.

Physical Education Demonstration, May 14

Plans are being completed by Miss Louise Van Dommelan and Fred Raizk, physical education instructors in the local public schools for a physical education demonstration in which pupils from grades six through twelve will participate. The demonstration will be staged, weather permitting, on the recreation center grounds next weeks Friday evening, May 14.

The program will consist of mass calisthenics drills, relays, obstacle races, tumbling, boxing, wrestling and numerous other activities which are a part of the regular physical education program. A parade of the sports and a mock commando raid will be special features of the evening. Special music for the events will be furnished by the Tecumseh High School band under the direction of Clare Camburn.

Probe Finding of Bolt On Rail

OBSTRUCTION ON N.Y.C. TRACK HELD SUFFICIENT TO DERAIL TRAIN

Railroad detectives and federal and local officers are investigating the discovery of a heavy bolt on a rail of the New York Central Lines, Jackson branch, here Sunday, to learn whether or not the obstruction was placed there by children or by someone desirous of derailing a train.

The bolt about an inch in diameter, threaded into a nut about two inches square and an inch thick, was found on one of the rails just 22 ties north of the Evans Creek bridge. Officers say that the obstruction was of sufficient size to derail a locomotive and to cause it to hurdle into the Creek, which has been swelled by recent rains.

It seems obvious that the bolt was placed on the rail by human hands, whether child or adult. Officers also recall that it rained here the greater part of Sunday, and it seems unlikely that children would have been playing in that vicinity in a rainstorm.

No trains passed over the Jackson branch line here Sunday.

Although all rail lines are carefully guarded during wartime, residents in the vicinity of railroad tracks will be doing a service to their country if they will immediately report to officers the discovery of any strangers on railroad right-of-way. This would permit their actions to be investigated.

New Officers Named By Reliable Class

The Reliable class of the Methodist church met Tuesday evening at the home of Mrs. Walter Abbott and elected the following officers: Mrs. George Green, president; Mrs. Clarence Beach, vice president; Mrs. Abbott, secretary; Mrs. Alta Lidke, treasurer; Mrs. George Bancroft, flower secretary.

The class is sponsoring a co-operative Mother and Daughter banquet to be held at the church Tuesday evening, May 11, at 6:30 o'clock, with a good program and speaker.

Those attending are to bring buttered rolls, and heir choice of potato salad, deviled eggs, escalloped corn or creamed carrots. Table service, dessert and drink will be furnished.

P. T. A. TEA

The West Branch P. T. A. met for tea at the high school Thursday afternoon. Mrs. Melvin Murphy, president of the association poured at a table decorated with spring flowers.

During the business session the group voted to give $5.00 each to the kindergarten, first and second grade rooms for the purchase of books for their library.

Mrs. Paul Johnson was chairman of the tea and was assisted by Mrs. Frank Gray and Mrs. Roland Mohr.

W. C. T. U. CONVENTION

The annual convention of the W.C.T.U. of the second district is being held today and Friday at the United Brethren church in Adrian. Speakers are Major Belle Hribbel of Grand Rapids, leader of the Volunteers of America and Mrs. Mary Hudson, state vice president of the W. C. T. U.

LUNCHEON MEETING

The Methodist Womens Society of Christian Service will meet Thursday, May 13, at the church for luncheon and regular meeting. Mrs. Elmer Bryan is chairman of the luncheon.

Onsted Woman Club President

COUNTY FEDERATION HONORS MRS. HAROLD REYNOLDS; OTHER OFFICERS NAMED

More than 250 club women from Lenawee county gathered in Clayton Thursday to attend the 34th annual meeting of the County Federation of Womens clubs. Twenty-eight federated clubs of the county were represented.

During the morning session officers were elected for the coming year. Mrs. Harold Reynold of Onsted was chosen to succeed Mrs. Matt Benner as president; Mrs. Arthur Haviland of Morenci was chosen first vice president and Mrs. L. W. Kelley of Adrian, second vice president, each advancing in office. Mrs. Justin Sutton of Morenci succeeds Mrs. Kelley as recording secretary; Mrs. Martin Coy of Jasper succeeds Mrs. R. H. Moore of Tecumseh as corresponding secretary, and Mrs. H. F. Rohrbach of Morenci was named treasurer, to succeed Mrs. Sutton.

Reports of officers were given and club presidents reported briefly on the community and patriotic work being done by the various clubs. An amendment to the by-laws was accepted, making the term of office for the federation one year instead of two.

Miss Gertrude Spaulding of Tecumseh, president of the Lenawee County Nurses Association, discussed the nuring emergency in the nation urging federation members to try to interest young women in the nursing profession. The federation voted to co-operate with the association and also to donate $10 to Red Cross.

Luncheon was served at 12:30 in the Clayton high school gymnasium by the Parent-Teachers Association.

Dr. W. B. Huntley, medical director of Jackson prison, was the speaker on the afternoon program, giving the origin of prisons in general and the early history of the Jackson institution, explaining modern improvements. There are now 8167 prisoners at Jackson.

The afternoon also included a memorial service for members who have died during the past year, conducted by Mrs. Reynolds of Onsted, assisted by Mrs. Haviland of Morenci and Mrs. Moore, Jr., of Tecumseh. Five past presidents were among those who took part in the memorial service for two past presidents. Mrs. J. T. Clark and Mrs. Blanche Dean. Those present were Mrs. E. T. Armstrong and Mrs. A. H. Veazey of Adrian, Mrs. A. E. Brainard of Onsted, Mrs. A. E. Porter of Pittsfield and Mrs. R. E. Tomer of Hudson. A letter was read from Mrs. E. S. Tate, a past president who was unable to attend.

Mrs. J. O. Eaton gave a report of the state convention; Mrs. Frank Pratt extended greetings from the Past Presidents Club and Mrs. John McPhail from the Southwestern district. Musical numbers and readings and introduction of the new officers by the retiring president concluded the program.

Next year's meeting will be held in Adrian.

TELLS OF NURSING PROGRAM

A joint meeting of the Lenawee District Nurses Association and the County Federation of Women's Clubs was held Tuesday evening in the Adrian high school auditorium.

Miss Thelma Scratch of Lansing secretary of the student nurses recruiting program, was the speaker and illustrated her talk with two movies, "R.N." and "No Greater Glory." The speaker was introduced by Mrs. Harold Reynolds of Onsted, new president of the federation.

Several attended from Tecumseh hospital nursing staff, also others from this community.

MRS. BERKHOF HONORED

Women teachers and wives of the men teachers of the local schools were guests Friday evening at a party in the home of Mrs. O. V. Robinson on South Union street honoring Mrs. W. L. Berkhof. Games were enjoyed and refreshments served and Mrs. Berkhof was presented with a shower of gifts.

The hostesses were Mrs. Robinson, Mrs. Charles Sager, Misses Jane Elliott and Beth Cole.

MISSIONARY MEETING

The Presbyterian Missionary Circle met Friday afternoon at the home of Miss Rebecca Preston with Mrs. D. W. Beck presiding. Devotions were led by Mrs. S. W. Boyce and Mrs. J. C. Murdoch gave a report of the recent Presbyterial meeting in Jackson.

"The American Indian" was the program topic and was presented by Mrs. J. R. Lott and Mrs. Beck.

AUXILIARY TO MEET

TECUMSEH LEADS AGAIN

Again, in true Tecumseh style, the village and township have gone over the top in the government's Second Victory Bond Drive. The record locally should make every resident proud of his home community; a community that can lay claim to county leadership in every worth-while drive that has been launched since the war started.

In the bond drive that ended with the close of April, Tecumseh not only subscribed its quota of $214,500 but it nearly doubled it in actual cash dollars. Such a record is equivalent to the approximate purchase of a $100 bond by every man, woman and child in the village and the township. Nowhere else in Lenawee county was such a record established and in no other community in the county did the residents come even close to doubling their quota.

The community likewise can feel justly proud of its principal industry, The Tecumseh Products Company, for the part its employees and executives played in the April bond drive. The employees of the company purchased a little less than $50,000 in war bonds, and the company as a corporation purchased $200,000 worth of bonds, a total in excess of the township's established quota. To this amount must be added the purchase of $100,000 worth of bonds by The United Savings Bank to shove the figure to nearly $350,000.

Buying bonds and winning honors is not an innovation in the life of the Products company and its employees. Products, it will be remembered, was the first company in the United States to win the Navy 'E' and the Treasury's Minute Man Flag simultaneously. Since that time it has won the Treasury's Bulls-eye Flag and two stars have been added to its 'E' flag for meritorious production service to the Navy. Regularly, employees of the company purchase between $25,000 and $30,000 worth of war bonds monthly, under the pay-roll deduction plan, to keep the Bulls-eye flag afloat. To all of these honors may now be added the company's enviable record in the April bond drive.

We congratulate the employees of the Products company and Mr. Ray W. Herrick, its president, and we applaud the community for a job well done under the direction of Mr. W. L. Berkhof and Mr. John R. Thompson, co-chairmen of the April Victory Bond Drive in Tecumseh.

"Quite a stack of newspapers I left you yesterday, Judge. Aren't goin' in the newspaper business, are you?"

"No, I just enjoy reading different papers so my nephew George sends them to me whenever he takes a business trip. I got a big kick out of some he sent me from several counties where they still have prohibition. Particularly from some headlines that read 'Drunk Driving Arrests Rise', 'Bootleggers must post Ceiling Prices', 'Federal Agents seize 'Trick' Liquor Truck'. Doesn't that go to prove, Joe, that *prohibition does not prohibit*?

"I watched conditions pretty carefully during our 13 years of prohibition in this country. The only thing I could see we got out of it was *bootleg* liquor instead of *legal* liquor . . plus the worst crime and corruption this country has ever known."

GOVERNMENT REVISES RULING ON RE-ROOFING AND RE-SIDING HOUSES

Restrictions Lifted on Use of Asbestos Shingles to Meet Critical War Problem

WITH the removal of the restrictions on the use of asbestos shingles for re-siding and re-roofing houses, home owners need not longer think of temporary repairs. If your home needs re-roofing, if the sidewalls need painting or repair, you can now apply Johns-Manville Asbestos Shingles. And you can buy them at pre-war prices, too. Most home owners are familiar with the fireproof and durable qualities of Johns-Manville asbestos shingles but they may not know the beautiful new styles and colors that have more recently been developed in the J-M laboratories. We urge you to investigate these new shingles today.

Because Asbestos Siding Shingles need no preservative treatment—are fireproof—permanent as stone—and will completely transform the appearance of your home—and because asbestos roofing shingles have these same desirable qualities, they are the safest investment you can make in protecting your home now now and for the future. We will be glad to show you samples.

Long asbestos spinning fibre is an essential material in many war products. In mining asbestos, for every ton of long asbestos fibre, many tons of shorter fibre must be produced. This shorter fibre must be utilized and its principal use is in the manufacture of asbestos shingles. Restrictions were therefore lifted to increase the use of asbestos shingles and thereby insure an adequate supply of long asbestos fibre vitally needed for war.

A LETTER FROM AUSTRALIA

The enclosed is a copy of a letter received by friends from Corp. Cecil Neal, son of Mrs. Joseph Showard of Macon on Clinton, Route 1, who is located at Gen. MacArthur's Headquarters somewhere in Australia. Corp Neal recently passed his 22nd birthday and entered the service from Detroit at the age of 21.

April 13, 1943

My Very Dear Friends:

I've been so long in writing you now that I've started I really don't know what to say I do want to thank you from the bottom of my heart for your thoughtfulness in writing and also in sending me the Christmas box.

You ask several questions about this land called Australia. Well it's really not such a bad place but I'd say it's a little behind our time at home. The people seem to be happy and they seem to enjoy life more than we do at home. They never seem to worry about a thing. They all seem to like music and seem to enjoy life as these people do but then we have shown great advance where they seem to stand still. I truly think there will be a great change in this country after the war, for they like the American way of life and as they put it. "You Americans sure do get things done."

The flowers over here are most beautiful. I have traveled over the States but never have I seen such flowers. They also have plenty of fruit—many tropical fruits that I had never seen or heard of. I can't say that I'm too fond of these tropical fruits, perhaps I'll get used to them later. I do however like the pineapples and believe me I've sure eaten my share. The best way to eat pineapple is to take it direct from the plant, cut it in half and eat it as you would a melon. It's really something.

Australia is a strange place. There is a tree with thousands of leaves but yet it gives no shade. The reason being the leaves turn up toward the sun and therefore no shadow is cast. Australia has the only bird with no wing whatsoever. They truly have a live stuffed teddy bear in the Koalu bear and those little fellows certainly are cute. And of course there is the old man Kangaroo who already has world fame.

Well, I guess I had better close for now, so thanks once more and as ever, I remain

Your sincere friend
Cecil.

DAUGHTER HONORED

Mrs. Charles Stevenson was hostess at a 6:30 dinner Friday evening for the pleasure of her daughter, Mary, who was observing her 13th birthday anniversary. Fourteen girls were seated at a long table centered with a mass of individual corsages in a variety of colors. Ribbons in pastel shades, attached to the corsages, led to the place cards.

A social hour followed the dinner and Mary was presented with a lovely gift from the group. Later they attended the high school dance.

LYSTER LEAGUE

The Lyster Junior Service League will meet Wednesday evening May 12, at the parish house for a potluck supper at 6:30. Mrs. R. K. Anderson will speak on "The Use of Altar Cloths."

HONORS SON

Mrs. Bert Ousterhout entertained a group of ten boys at dinner Tuesday evening in honor of her son David's tenth birthday. The usual games were enjoyed.

The Band Mothers club will meet Friday afternoon at 3 o'clock in the music room at the high school.

Miss Gwendolyn Craig Bride of Otis O. Kanitz

A pretty home wedding was solemnized Wednesday evening, April 28, at 8 o'clock at the home of Mr. and Mrs. Harry Craig of Britton, when their only daughter Gwendolyn Jeanne, became the bride of Otis O. Kanitz, son of Mr. and Mrs. Frank Kanitz of Cone.

Miss Joyce Gripton of Britton at the piano played as the processional "Dream of Love" by Johnson. To the strains of the Bridal chorus from Lohengrin, the bride entered on the arm of her father who gave her in marriage and the bridal party took their places before an improvised altar of flowers and ferns and beneath a large white wedding bell, where the single ring service was read by Rev. E. O. Davis, pastor of the Cone Methodist church.

The bride's gown was of white georgette over white satin, with fitted bodice of lace and sweetheart neckline. Her floor length bridal veil, caught in cap effect at the head, was held with a band of orange blossoms. She carried an arm bouquet of white brides roses with white satin bow and streamers and wore a triple strand of pearls, a gift from the bridegroom.

Mrs. Boyd Kanitz, the bridesmaid wore a floor length gown of aqua blue marquisette and carried an arm bouquet of talisman roses tied with rose satin ribbon. Boyd Kanitz, brother of the groom, served as best man. Mrs. Craig, mother of the bride, wore an afternoon dress of navy blue crepe and Mrs. Kanitz, mother of the groom, wore a dark blue georgette print, both with shoulder corsages of roses and carnations.

Following the ceremony a reception was held for 150 guests. Ice cream and cake were sered by the Misses Joyce Gripton, Phyllis Fairbanks, Jeanette Straub and Virginia Kanitz, under the direction of Mrs. Jack Snoddy and Mrs. Harold Miller. The lace covered serving table was centered with a three tiered wedding cake topped with a miniature bride and groom.

The bride graduated from Britton high school in 1939 and has been employed in Britton. The groom is a graduate of Milan high school and is engaged in farming. They left later on a short trip and on their return will reside on their farm on Farr Road.

Previous to the wedding Mrs. Boyd Kanitz gave a pre-nuptial shower for the bride-to-be, entertaining a group of relatives and friends in her home. Progressive cootie was the diversion and prizes won by Miss Joyce Gripton, Mrs. Ronald Van Valkenburg and Mrs. Clarence Kanitz, were in turn presented to the guest of honor, who also received a shower of gifts placed on a lace covered table beneath a suspended decorated sprinkling can. A two course luncheon was served at appropriately decorated tables.

A wedding rehearsal for the bridal party was held Tuesday evening in the Craig home after which luncheon was served by Mrs. Carl Hintz and Mrs. Floyd Barrett, aunts of the bride.

PROMOTED TO MAJOR

The War Department has announced the promotion of Capt. Edwin Moore Williamson, Medical Corps, to the grade of Major, Medical Corps.

Major Williamson is the son of Mrs. Naomi North Williamson, of Tecumseh. He attended Kalamazoo College, the University of Michigan and Wayne University, receiving his M.D. from the University of Michigan Medical School.

Major Williamson entered the Army in 1941 at Fort Wayne, Michigan. He graduated from the School of Aviation Medicine, Randolph Field, Texas, and is now on duty as Director of the Department of Psychology at that School.

REPORTS FOR TRAINING

U. S. Navy Pre-Flight School, St. Mary's College, Calif., May 7.—Ready to start upon a three months course of ground school instruction, military drill and athletic training, Arthur K. Baaske of Tecumseh, has just reported to this Pre-Flight School for naval aviation cadets.

As a member of the 23rd Battalion to undergo training at St. Mary's Pre-Flight, Cadet Baake will study seamanship, gunnery, essentials of naval service, recognition and nomenclature of ships and planes, mathematics, physics and other courses necessary to aviation.

As a conditioner for the strenuous flying and fighting job that lies ahead, he will participate in ten different sports.

When cadets leave the Pre-Flight School stage of their training, they are ready for the primary and intermediate flight instruction that leads to a commission either in the Naval Reserve or Marine Corps Reserve.

AT IDAHO SCHOOL

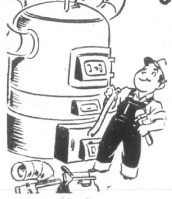
Your FURNACE!

Is it going to need Repairs?



What about next winter?

Yes, the old furnace pulled you through the present winter, but what about next year—will it last without repairs?

We cannot urge you too strongly at this time to let us inspect your furnace and determine whether you will be needing new grates, a new firepot, smokepipe or other necessary repairs.

The reason we ask you to act now is due to a war condition which makes it impossible for us to obtain repairs quickly. Sometimes it takes 10 days, sometimes six weeks or two months.

If you place your inspection order NOW we can determine your needs and make the needed repairs during the summer.

DON'T DELAY—ACT NOW

OUR RECIPE FOR A HAPPY BLENDING

for YOUR Welfare

and OUR Survival

These are UNusual times which make extreme demands on YOUR PATIENCE, time and desire to get things done when you like—the way you like. The same thing goes for us! So it's time you and we pooled our grievances, by bringing them out into the open: then we can pool our understanding, to smooth out each difficulty, as it comes along. YOU'LL be better off, because you'll be able to adjust your buying habits to limitations over which we have no control. WE'LL BOTH be better off, because we'll be meeting wartime emergencies in a patriotic spirit of cooperation. And that is the kind of spirit which is ESSENTIAL to a unified home front, best able to serve the interests of VICTORY . . .

Food For Thought For Us All

"IT TAKES SO LONG TO GET WAITED ON!" That's because some of our staff's at war: new, inexperienced help takes time to learn. BUT YOU CAN SAVE TIME by planning your shopping in advance; figuring your cost in points and cash. Then just give us a written order to fill! "I CAN'T ALWAYS FIND WHAT I WANT." Neither do we always get the same quantities and varieties. When you plan your shopping have substitutes in mind for quick replacement of what you can't find. "HOW ABOUT DELIVERIES?" Glad to make them IF you order EARLY enough for our truck to deliver on its regular route call to your block.

QUALITY IS IMPORTANT UNDER FOOD RATIONING

Yes, never before in the history of buying has quality merchandise been more important than it is today.

When the housewife spends her ration points for canned goods she desires food of a high standard and quality, food that will not be wasted.

The war has not caused us to reduce the quality of the merchandise we sell. We have built our reputation over an 80 year period on quality merchandise and we intend to maintain it.

For the best quality foods obtainable, we invite your patronage.

NEW WASHABLE PAINT GOES ON OVER WALLPAPER, PLASTER, ETC.

Dries in 1 hour

Add water — then use. Here's economy. To 1 gallon of Techide add ½ gallon of water. Makes enough paint for average room.

No need to scrape off the old paper. Techide may be applied right over it.

An occasional washing with soap and water brings back that new look to Techide Walls.

- Now cut the time and expense of redecorating a room *in half!* Do your repainting the streamlined, modern way with Pittsburgh Techide. It's entirely different from old-style wall paints. Quick to dry and easy to apply, Techide makes it possible to do over a room in 3 hours—2 for painting—1 for drying. Ask us about Techide.

3-Inch Rainfall Taxes Streams

LOWLANDS FLOODED AS RIVER RAISIN RISES TO HIGHEST POINT IN YEARS

Running at least 12 to 15 inches above the "safety point" at the Hayden Mills dam, just east of the Ford Mill on Chicago boulevard, the River Raisin on Tuesday overflowed its banks, inundating property and threatening for a time to set an all-time flood record in this vicinity. Flood gates at the dam were opened but it was not until late Tuesday night that the danger period had passed.

The flood conditon was due to the two-day rain of Monday and Tuesday when approximately three inches of water fell in this vicinity in 48 hours. This amount, added to a near 4-inch fall in April and about an inch of rain earlier in May made it impossible for the stream to handle its burden.

Perry Satterthwaite, who owns the water rights and hydroplant at the Hayden dam, said yesterday that the water was the highest that he had seen since 1919, when records were first kept. There is no special damage, however, Mr. Satterthwaite said, except the flooding of nearby property. A large area south and east of the Ford Mill was under two and three feet of water, and about two feet of water found its way into the boiler room of the Ford Mill, now under construction.

Evans creek also ran out of bounds most of Monday and Tuesday and west of Tecumseh lowlands were flooded and for a time the water ran nearly a foot deep over M-50 at the foot of Waldron's hill. Large lakes of water were on each side of the highway.

The Ford dam at Saline immediately north of US-112 also was threatened by the high water and workmen were busy the greater part of Tuesday reinforcing the concrete with sandbags. There was no damage to the dam, it was said, just a terrific headache for workmen who momentarily expected the thousands of tons of water to break through the heavy retaining walls.

Stormwater sewers in Tecumseh were taxed to capacity by the heavy rainfall and scores of residents reported basements flooded with water for a brief period.

Coroner's Jury Rules Death Due to Inexperience

"Casmer Jeziorski of Route 1, Saline, died as a result of the carelessness and inexperience of Jack E. Swick, driver of the automobile involved in the accident." That was the verdict of the coroner's jury, announced yesterday by Coroner Ed. M. Braun of Adrian, following an inquest into the Jeziorski death, held at the court house in Adrian, Tuesday.

Jeziorski, 16, was fatally injured last week Monday evening when the car in which he was riding and driven by Swick, also 16 years old, overturned on a highway near Macon.

The car involved is owned by W. E. Swick, grandfather of Jack. Mr. Swick, who resides near Macon was charged with permitting an unlicensed minor to drive a motor vehicle. In Justice L. J. VanDusen's court at Clinton last week, Mr. Swick entered a plea of not guilty and his trial was set for yesterday, when it was postponed for two weeks.

$300 IN VALUABLES TAKEN FROM FARM HOME

The Fred Reiser farm home north of Clinton was entered sometime Monday night and a number of articles stolen including two radios, meat, butter and jewelry, amounting to around a $300 loss. The family were away and discovered the robbery on their return about midnight. State police are investigating.

DERR-FAIRCHILD

Mr. and Mrs. Ray Pask were in Ypsilanti Sunday to attend the wedding of Harry Derr of Tecumseh and Miss Kathleen Fairchild of Ypsilanti held at the First Baptist church. They also attended a reception later at the home of the bride's brother in Plymouth.

Mr. and Mrs. Derr are making their home in the Brooks Apartment on East Chicago Boulevard.

NOTICE

On account of lack of help at the Post office the patrons of city carrier Milburn Brooks are requested to call for their mail through General Delivery at the Post office for two weeks during vacation period starting Monday, May 17th.

Dr. A. W. Kraus to Speak To the Westminster Club

Dr. A. W. Krause of Ann Arbor, head of the political science department of the University of Michigan, will be the guest speaker at the May dinner meeting of the Westminster Men's Club of the Presbyterian church. The dinner will be served next Thursday evening, May 20, at 6:30 in the church parlors.

Dr. Kraus is a naturalized American citizen, having been born in Germany. He lived there until the rise of Hitler. He is thoroughly qualified to speak on his chosen subject, "After Hitler, what?"

The Westminster club was organized here during the winter months and its membership of nearly 100 is not restricted to members of the Presbyterian church.

Poppy Contest Winners Named

POSTERS SELECTED WILL BE USED IN CONNECTION WITH DRIVE MAY 29

The Poppy Poster Contest, conducted by the Underwood-Orr American Legion Auxiliary in connection with the Poppy Drive to be held here May 29, resulted as follows: Grades 10, 11 and 12: Mary Lou Carlson, first place; Lenore Larsen, second place, and Madelyn Theeks, third place.

Grades 7, 8 and 9: Donald Mayes, first place; Jack Carlson, second place; Ralph Peotter, third place.

The winner in each group has been awarded a dollar in defense stamps by Mrs. Albert Bagshaw, auxiliary president. All contestants will receive a citation from the auxiliary department headquarters, and their posters will be displayed about town to publicize Poppy Day. Miss Jean Moulding and Miss Louise Van Dommelan of the faculty were the judges.

The six winning posters will be automatically entered in a District contest, to be judged after June 5.

The fourth, fifth and sixth grades were unintentionally omitted in the local contest. Any pupil from these grades, therefore, may enter a poster in this contest between now and June 1. Miss Moulding of the Art department has a copy of the rules of the contest and poster materials, which are furnished gratis by the Legion Auxiliary.

Three posters from this group will also be selected for district entry after the first place winner has been awarded a dollar in defense stamps.

Clinton Woman Dies In Hospital Here

Mrs. Jennie Eddy of Clinton who had been a patient at Tecumseh hospital for several days, died Tuesday afternoon at the hospital. Mrs. Eddy was 84 years of age, and had lived in Clinton for many years. She was a member of the Clinton Congregational church.

Survivors are one son Eugene Eddy of Evans Lake; one brother Charles Stedman of Rockford, Ill., two grandchildren and three great grandchildren.

The body was removed to the House Funeral Home in Clinton where funeral services are to be held today at 2 o'clock. Rev. O. E. Priest will officiate and burial will be in Riverside cemetery.

MOVIES AT ROTARY

The story in movies of the "Dynamic Kernels," was told to members of the Rotary club following luncheon Tuesday at Brey's House by Ralph Comfort and Perry Hayden. The "Dynamic Kernels" are kernels of wheat, planted by Mr. Hayden three years ago. He first planted one cubic inch of wheat, and he plans to repeat the planting of all of the harvest crop annually for 10 years. One tenth of the crop is given each year to the Tecumseh Friends church. Many local people were seen in the movies.

PASS NAVAL EXAMS

George Wilson, Malcolm Bagshaw and Robert Gale were in Detroit Saturday where they passed physical examinations for the Naval Officers Procurement program. George Murdoch and Don Winter previously passed this examination.

All are members of this year's graduating class excepting Wilson who attends University of Michigan in Ann Arbor.

IS RECOVERING

Mr. and Mrs. Oscar Mead have received a letter from their son Wilbur, who suffered head injuries in a fall on his boat that he had been released after 45 days in the hospital, was improving but still weak. The letter was dated April 23 and the location of the foreign base is not known.

Working men's clothing is now included in our Firestone Store stock. We also have a complete line of paint. Also, archery sets. Butler Motor Sales. adv.

Canning Sugar Will Be Issued

ADRIAN BOARD, HOWEVER, DOES NOT KNOW JUST WHEN OR HOW IT WILL BE DONE

The Adrian office of the Office of Price Administration has not yet received its instructions regarding the distribution of sugar for canning, Guy E. Nemire, secretary, said last night. However, Mr. Nemire said, persons desiring to can rhubarb and pineapple at this time may make application to the board for extra sugar and it will be granted.

Washington dispatches to the effect that sugar will be rationed at the rate of up to 25 pounds per person during the summer canning season is "news" to the Adrian office, Nemire said. He said that in all probability his office would receive such instructions within a few days.

How the sugar rationing will be handled this year, Nemire did not know. Whether a board will be set up in Tecumseh or whether applications will be made directly to the Adrian office, he could not say. This will depend, he said, upon the federal instructions.

Washington dispatches say that OPA will grant up to 25 pounds per person for the summer canning season, based upon one pound of sugar for each four quarts canned. In addition, the dispatch said, a quota up to five pounds per person will be allowed for jellies and preserves.

Blanks for sugar applications for pineapple and rhubarb may be obtained at the office of W. L. Jones here, and then mailed to the Adrian office.

The Adrian OPA office also warned consumers not to destroy or turn over to retailers red ration stamps that they do not use or have expired. Such stamps must be mailed back to the rationing office, it was said.

The office also announced that OPA blanks had arrived to be filled out by farmers who retail to their own customers both meat and butter.

Capt. Leon Williamson Weds Pattie Buchanan

Capt. Leon M. Williamson, son of L. P. Williamson of W. Chicago boulevard, and Miss Pattie Buchanan, daughter of Mr. and Mrs. Charles Foster Buchanan of 1224 Tremaine avenue, Los Angeles, were married at 5:30 p.m. on Monday, May 3, in The Wee Kirk o' the Heather, Forest Lawn Memorial Park, Glendale, Calif. The service was read by Dr. Hardy Ingham of the Methodist church.

The bride was a white wool gabardine suit with large picture hat, trimmed in hyacinths tulle veiling, and carried a bouquet of stephanotis and a white satin prayer book. She was given in marriage by her father.

The matron of honor was the bride's sister, Mrs. Guy Warren Hossley, and James Angelos, were man was the best man. Ushers were Richard Boyden and Capt. Daniel Iverson, U.S.M.R. Harvey Spencer sang "The Lord's Prayer."

Following the service there was a reception at the home of the bride's parents in Los Angeles and the newly-weds left on a trip that will bring them to Tecumseh, probably this week.

Capt. Williamson is a graduate of Michigan State College and is a member of the Varsity and Forestry Clubs. He is a member of the United States Marine Air Corps and has received the Navy Cross of Honor. He fought in the battle of Midway, Guadalcanal and Solomon Islands, and recently returned to the United States for a brief rest.

GYM DEMONSTRATION POSTPONED TO MAY 26

The gym demonstration, which was to have been staged Friday evening of this week at Recreation Center has been postponed until Wednesday evening, May 26, weather permitting, W. L. Berkhof, superintendent of schools, said today. The Recreation field has been too wet to permit practice, Mr. Berkhof said, and would be entirely too muddy for the demonstration this week.

Watch Your Dog, Hammond Warns

PROSECUTOR SAYS THAT HE WILL ACT IF DOGS CONTINUE TO RUN AT LARGE

Unless owners of unpatriotic dogs—and Prosecutor L. J. Hammond believes that most of the canines are in that class—take immediate steps to control them, Lloyd E. Van Etten, county dog warden, threatens to take steps that will end some of the scores of complaints that are being received almost daily at his office in Adrian.

Because the dog nuisance problem is growing worse, Mr. Van Etten has taken his troubles to Prosecutor Hammond who today declared that plenty can be done with the owners of licensed or unlicensed dogs, if the animals are permitted to run at large and race through Victory Gardens and otherwise destroy property.

"I have a bale of letters from irate people in all sections of the county," said Mr. VanEtten today at Mr. Hammond's office. "In towns and villages and on farms heavy damage has been done by uncontrolled dogs. Victory gardens being destroyed, flowers and shrubs ruined and even livestock and poultry killed.

"When the goverment is calling on everyone to do his utmost in the production of Victory garden and farm crops as well as boosting meat production, dogs must be controlled. I am entirely in sympathy with people whose property has been damaged by such dogs."

Mr. Hammond quoted the statutes providing that any dog, licensed or unlicensed, that has destroyed property or habitually trespasses in a damaging way on the property of persons other than the owner, subjects his owner to penalties and that any dog duly licensed and wearing a license tag, running at large is placing his owner in conflict with the statute.

"If anyone sign a complaint under oath and provides proof of such damage, I will issue an order for the owner of a dog to show cause why the animal should not be killed," said Mr. Hammond.

Mr. VanEtten said that many of the complaints he has received to date were from irate Victory gardeners who object to having dogs run through rows of tender young things such as lettuce, spinach and other above ground crops. If the warning is not heeded, action will be taken.

Raisin Twp. Farmer Ends His Own Life

Very Few War Bonds Are Being Redeemed

During the month of March, when the first income tax installment fell due, war bond sales were 6.4 per cent higher than in February, and more than 65 per cent ahead of March of 1942, according to a survey completed by E. W. Sloan, executive director of the War Savings Staff.

From May 1, 1941, when U. S. Savings Bonds (Series E, F, and G) were first offered for sale, through March 31, 1943, redemptions have been less than three and a half per cent of total sales.

"And," Mr. Sloan continues, "redemptions during March this year were only eighty-seven one-hundredths of one per cent of the total amount outstanding. That's a record that all Americans can well be proud of.

"What it show is that we as a nation fully realize the privilege that is ours to do our part in helping to finance the tremendous cost of total war. It shows that as a people we understand the necessity not only for buying bonds but also for keeping them," the director concludes.

REUNION CANCELLED

The 44th annual reunion of the 31st Michigan Volunteer Infantry Association, to have been held this year has been cancelled for the duration of the war and notice has been received by Palmer Gray Camp of the Spanish War Veterans. HATS OFF TO RETAILERS

The retail merchant has become the man in the middle—in the middle of that no man's land—where a fighting government collides with a fighting, consuming public. Both of these fighting elements are allies, but like most allies they don't get along too well sometimes. A spoiled public which has been in the habit of getting what it wants when it wants it from an incredibly efficient retail distribution system, cannot be expected to don the halter of shortages and be led about by dictatorial decrees without kicking the daylights out of a few regulatory fences. Unfortunately the retailers upon whose shoulders fall the responsibility of explaining and applying the restrictions, are the one who get kicked most often. For that reason it is only fair to give them a pat on the back occasionally. They deserve it.

Retail distributors, both chain and independent, have shown amazing ability to interpret and put into practical operation literally thousands of new wartime merchandising regulations conceived by lawyers and experts with little or no merchandising experience. Most of the regulations carry heavy jail sentences and fines for violation. Laboring in the shadow of stiff penalties, thousands of merchants throughout the country work out the rules as they understand them, often without benefit of legal advice, and put them in force. They know it has to be done or the distribution system will break down, bringing disaster to the country. They try to explain this to customers, while striving to get the government to simplify and ease inequalities in the rules. Neither the public nor most government experts actually comprehend the heavy responsibility which retail merchants bear in helping to maintain economic stability during the emergency.

Consumers should be slow to criticize the retailer for inconveniences over which he has no control. The government should constantly seek to make burdensome restrictions less onerous. And both the public and the government should be less quick to accuse retailers of evil intent when one of ten thousand rules has been inadvertently violated.

ANOTHER WARNING

Persons familiar with the farm situation have long pointed out the danger the nation faced by stripping the farms of manpower, machinery and needed fertilizer. Time has shown their fears were justified. The situation as to our milk supply is grave.

At a recent hearing in the East, after testifying on details of milk marketing orders that can make or break the farmer, Fred H. Sexauer, president of the Dairymen's League Cooperative Association, again sounded a warning as to our future milk supply. He pointed out, for example, that milk must be priced at figures that will enable dairymen to compete with hog raisers for corn.

"There are numerous indications," he said, "that dairy farmers will be confronted with a severe feed shortage late this year or early in 1944. If and when they have no feed, farmers will be forced to slaughter their cows. Then the public will be faced not only with rationing of milk, but with a health endangering shortage, which may even reduce the supply of dairy foods for the armed forces as well as for children and industrial workers."

COMMON SENSE IS ESSENTIAL
We read and hear a lot about the fuel oil shortage—but we should be thinking more about the 85% or so of Tecumseh householders who heat with solid fuel. Coal isn't rationed . . . and here are some suggestions which may help make such rationing unnecessary:
(1) Don't expect to get—in the face of transportation restrictions and the manpower problem—peace time service. The vast majority of solid fuel users can help themselves and the War Effort by (a) Being at home and having their bins ready for the delivery man—who shouldn't have to move what coal there is left; (b) Ordering at least a few days in advance, and at least two tons.
(2) Don't expect to get "oil treated" coal—for oil treating is "out," probably for the duration. Ask the dealer to do the best he can to control dust in the delivery—and don't expect perfection. Do your part by spraying the bin with water before delivery and the coal itself at frequent intervals.
(3) Don't forget that the "fines," or slack as you've doubtless called it, are almost always higher in heat and lower in ash than the coarse coal—and expect to get about 5% "fines" in nut sizes; 10% in stove; 15% in egg or lump; and about 50% in domestic mine run. With a little expert experting on your part, these "fines" will burn to your advantage, retaining fire longer and giving more even heat.
None of us wants more rationing than we have to have . . . and we'll hold it a minimum if we just use common sense.

Bathroom Fixtures

Are Not off the Market!

We Can Make Needed Repairs!

Needed repairs to the plumbing system in your home are permitted by the government and we are allowed to buy parts for this work.

If you have a sink, bathtub, toilet or hotwater tank that is beyond repair, it is possible for us to get you a new one on priority.

However, it takes time to get these parts from the manufacturer and therefore we urge you to anticipate your needs and permit us to inspect your plumbing equipment.

Include a furnace inspection at this time, too. If your furnace is beyond repair, we can get you a new one, or, if repairs are needed, we can get them for you, too.

Don't delay calling us—call early. Delays may cost you needed heat next fall.

Food Contest Open To Youth

LENAWEE TO REGISTER BOYS AND GIRLS FOR GARDENING-MARKETING COMPETITION, $6,000 IN PRIZES

Lenawee county farm youngsters are eligible to compete this year in a $6,000 wartime food production and marketing contest sponsored by the National Junior Vegetable Growers Association.

Registration blanks and details regarding the program in this area may be obtained from Stanley Hall, Lenawee County Club Agent, court house, Adrian, according to Prof. B. Snyder of Massachusetts State College, advisory chairman of the National Junior Vegetable Growers Association.

"One object of the program is to help offset critical shortages of adult farm labor by stimulating actual production of food by workers under draft age," Snyder explained. "The second objective is to help acquaint farm youngsters with efficient methods of marketing, because supplying the nation with food in war or peace depends on moving food rapidly and economically to the right place, at the right time and in the right condition."

Entries from this county will compete for a $500 grand national award, a central states regional award of $200 ad 10 central sectional awards of $100 each from a scholarship fund provided by the A & P Tea Company, Snyder said. The fund also provides two $25 war bonds as prizes for high ranking Michigan participants, he added.

The awards, to be made this fall, will be based on grades achieved in a five-unit extension course in production and marketing and a report on project work completed during the year.

This county's registration (boys and girls under 20 are eligible) must be completed within the next two weeks, Snyder pointed out. Registration cards turned in at the county agent's office will be forwarded to the Extension Service office at East Lansing.

APPEAL FOR CLOTHING FOR USE IN ENGLAND

The American Friends Service Committee has just received an urgent appeal from England for certain articles of clothing. The clothing need in England is very real due to many factors. Loss by bombings still continues. The British War Relief Society recently received a letter which said: "Many people must be wondering why we still require clothing in this country, for so far as the press is concerned, except for occasional isolated incidents one might easily think that the air raid were over and done with." This is not the case. "You will realize that after each (raid) there is need for clothing."

Other reasons for the clothing shortage are: the small production of new clothing because of the concentration of labor on war work; the neutral wear and tear as the years go by; and bte disappearance from the market of second hand clothing previously available to those of modest means. Friends and other committees depend upon us in this country to help them meet this clothing need.

The Friends War Relief Service in England is very busy caring for homeless old peopleñ for mothers and children, for school children with physical defects, and for children under the age of five. Other Quaker services in England are: Giving first aid, doing canteen and social work in four large air raid shelters; maintaining Rest Centers for the homeless in many areas; driving food convoys; staffing emergency and permanent hostels; building homes for the evacuees; running clubs and camps connected with settlements; manning mobile Citizens' Advice Bureaus in raided areas; and working in clinics and hospitals.

Interested persons may call either Rev. Edward Escolme, phone 241-M, or Mrs. Naomi Sallows, phone 170-J. The latter is the chairman of the local committee cooperating with the American Friends Service Committee.

FINAL MEETING

The Business and Professional Womens Club held its final meeting of the season Tuesday evening at Brees house. Mrs. A. W. Porter and Miss Winifred Finisy were hostesses for the dinner at 6:30 and during the business meeting new officers were installed.

The program consisted of a talk by Mrs. Naomi Williamson who told of her trip to Hawaii, and two vocal solos by Mrs. Maynard Mulvany.

The club voted to send a girl to Girls State in Ann Arbor and a committee composed of Mrs. Clarence Gilman, Mrs. O. W. Laidlaw and Mrs. Pearl Elliott was chosen to make the selection. Mrs. Leon VanValkenburg was program leader.

This Fellow Is Going Through HELL!

OUR HOME-FRONT FIGHT ISN'T 1-2-3 TO THE BATTLE HE'S WAGING

Let's Not Complain About The Trivial Things!

Sherman said, "War is Hell."

That was back in the Civil War Days when an army rifle wouldn't shoot as far as Junior's air gun—before the Devil rode in the clouds and dropped Hell's Fire and Brimstone on the areas below.

That was before the days of the submarine, tanks and machine guns; before Hitler and his Axis partners received their commission from Satan; before we really knew what Hell was.

We've got a lot of license to complain, we have, back here on the home front.

Maybe we're not doing business as usual. Maybe we're not getting as much service as before Pearl Harbor. Maybe we are inconvenienced at times.

But who are we to complain?

Do you think that the boys who are fighting your fight and ours in Bataan, Africa and Guadalcanal are complaining?

You know they're not.

And what's more, THEY NEVER WILL COMPLAIN.

Complaining isn't the American way, either on the home-front or the battle front.

We're in total war; your business and our business are affected. We're in the fight, too.

And we want to be in the fight. We want to do our part. We want to make sacrifices. We want to be able to say when it's over that we helped, too.

Don't you?

The next time you get a late delivery from us or from some other business house; the next time that things that we in business do for you are not quite "up to par" remember—

We're all in this war. Most of us are working with inexperienced help. We're doing the best that we can under the circumstances. We need your help, too.

Cooperation will make it easier for all of us.

Lenawee Gets $10,781 From Liquor Taxes

MONEY EARMARKED FOR ENFORCEMENT; WHETHER IT IS USED FOR THAT IS QUESTION

(Editor's Note: This is the second of a series of articles, written for The Herald by its Lansing correspondent, dealing with the controversial liquor law enforcement problem. The purpose of the article is to inform this newspaper's readers of the language of the law that they may be better informed on the subject.)

BY GENE ALLEMAN
(Special to The Herald)

Lansing, May 13.—Are you, Mr. Taxpayer, getting your money's worth from the dollars returned by the State of Michigan to Lenawee county for enforcement of liquor laws?

Here are some interesting facts:

1. Municipalities and townships in Lenawee county received the sum of $10,871.50 last year from the State of Michigan for the purpose of enforcing liquor laws within the county. For the 83 counties the allocations totaled $2,420,889.52.

2. The above allocation to Lenawee county represented 85 per cent of all license fees paid by persons or firms for the privilege of selling alcoholic beverages by the bottle, or by the glass, as possibly both, depending upon the wish of the local public.

3. If the licensed stablishment is within a town, 85 per cent of its fee is returned to the municipality to help pay the salary of the village marshal, the local police and otherwise to maintain the law enforcement service.

4. If the licensed establishment is outside of a town, this percentage is returned to the township board—also for the same purpose.

* * *

One weakness in the above system whereby local towns and townships derive a substantial revenue from the sale of liquor, is the fact —whether you like it or not—that in some instances this revenue has become almost a "vested right" in the minds of local officials for use in any way they see fit.

We know of instances in Michigan where a town government will order its police officers to stay out of licensed places even for purpose of inspections, and yet gladly receive the allocation of license fees for purpose of local enforcement!

* * *

Let's look at the language: "The sheriffs of the several counties and their deputies and the village marshal, constables, officers or members of the village or city police, and members of the department of state police, and inspectors of the state commission, are hereby empowered and it is hereby made their duty to see that the provisions of this act and the rules and regulations made or authorized by said commission are enforced within their respective jurisdictions."

Nothing vague about that.

Furthermore, failure to enforce the law or even "wilful neglect" makes the official subject to a fine not to exceed $500 or a jail sentence not more than 90 days, or both.

This penalty is imposed by the state legislature, and the section of the law begins with these words: "The people of the State of Michigan enact."

* * *

Another weakness in the present system is the fact that while the sheriff is held responsible, he derives no part of the state's law enforcement funds. And that goes also for the prosecuting attorney.

Glenn Dunn, chairman of the state commission by appointment of Governor Harry F. Kelly, informs us that he personally favors a change in the law whereby 35 per cent of local license revenues would be returned to the county government and earmarked by the county treasurer for use by the sheriff and prosecuting attorney for the SPECIFIC purpose of enforcing liquor laws.

A three-man committee, comprising the prosecutor, sheriff and the chairman of the finance committee of the county board of supervisors, would be given power to allocate the 35 per cent fund and see that it was expended efficiently.

* * *

In many counties this 35 per cent fund (figure it out yourself from your county's total share) would make possible the employment of special deputies and an assistant prosecutor whose main duties would be to keep conditions clean in the rural roadside taverns and hot-spots.

Take Marquette county as an example. The county has 88 taverns or places where alcoholic beverages are consumed.

Last year the county received $29,918. Under Mr. Dunn's plan the county treasurer would ear-mark $12,318 to finance the costs of special deputies and an assistant prosecutor. Transcripts of all case would be sent to Lansing.

* * *

Maybe this plan isn't the best in the world. But it does possess obvious merit of having law enforcement by local officials who should know local conditions. If you leave the job to the state, then you must expect a hit-and-miss kind of law enforcement. State inspectors make a flying visit, often catch the more decent operators in an occasional violation, and then the citizenry howls about the results.

* * *

Dancing at rural taverns should be abolished outright, at least in the judgement of state inspectors. Minors are attracted to these places of enertainment. Violations occur. But here again the home community has a social obligation.

As one state official put it, "If small towns would assume some responsibility for providing recreation for their young people, they would have less difficulty on this score. Sturgis has a night club for high school younsters run by a creamery. We never have trouble there. In some towns the Legion post opens its hall several nights a week to young people."

Do you agree with him? And if so, what is your town doing about it?

* * *

Penalties are also an important factor in law enforcement. If penalties are stiff, licensees are apt to be more careful. The new state mission, headed by Chairman Dunn, is imposing heavier penalties than did the former commission, and it is interesting to note that the former commission got progressively tougher the longer it stayed in office. Yes, the trend is definitely toward stiffer penalties.

This liquor problem is as old as the hills. We have only touched upon a few aspects of it. We might sum up our observations as follows, and if you disagree, your local newspaper will gladly print your views:

Enforcement of liquor laws is chiefly a home rule responsibility.

By-the-glass licensees MUST get approval of township, village or city boards before the state will issue a license, and the state MUST revoke any license if the local board requests such action.

State control of the liquor business is to be preferred to a return to bootlegging, speakeasies, Al Capone gangsterism and other evils. In other words, we concur with majority opinion. Our home town is bone dry. We prefer that, also.

But state control means just that—CONTROL. And here we get right back to you, Mr. Taxpayer. Are you getting your money's worth?

What! No ersatz electricity, Mr. Goebbels?

OF COURSE, you wouldn't catch crafty Herr Goebbels actually posting such a sign: "This war industry closed for lack of electric power."

Yet power shortages *have* hampered German factories. With all their other substitutes, the Nazis haven't yet invented an ersatz electricity!

They've tried to fill the gap by kidnapping workers from all conquered countries. But the muscles of whip-lashed men can't compete with power-driven machines.

America is more fortunate. No power shortage here!

Five times more electric power than in the last war. More power than all the Axis combined! *And no war industry served by the electric companies under American business management*—the group supplying about seven-eighths of this nation's electricity—*has been without ample power for all its needs!*

Harvey Proctor Drowns In River

DONALD WINTER, HIS COMPANION, RESCUED IN ACCIDENT ON SUNDAY

One Tecumseh high school senior lost his life and a second was rescued late Sunday afternoon when the boat in which they were riding in the Raisin River became water-logged and sank.

The dead boy is Harvey Proctor, Jr., 18, son of Mr. and Mrs. Harvey Proctor who reside about a mile west of Tecumseh on M-50, on what is known as the Occidental Farm.

The boy who was rescued, Harvey's companion, is Donald Winter, 18, son of Mr. and Mrs. O. J. Winter of Tecumseh.

The accident happened about 5:15 p.m., in that portion of the river known as the Red Pond, just north of the village. The boys had spent a part of Sunday afternoon at the pond and discovered an old water-logged boat along the shore. Borrowing a set of oars from a nearby resident, the boys crossed the pond but were forced to bail out a considerable amount of water during the trip. On the other side they rested, tipped the boat over to free it of water and then started the trip homeward. They forgot, however, to put in the oars which they had used for bailing the boat after they had tipped it over.

About the midway in the stream the boat began to fill rapidly with water and a heavy wind was blowing. One ore lock was broken and they had nothing with which to bail out the water.

Donald said that he and Harvey talked about their plight and discussed what they would do in the event the boat failed to hold them up until they reached shore. Harvey, Don said, was a much better swimmer than himself and he told him that he might find it necessary ot help him if the boat sank.

"The boat just settled under us and we were forced to jump," Donald said. "I knew that Harvey could swim better than I and we both started for shore. We had our shoes off, I looked back and didn't see Harvey and I hesitated and turned back. I saw him come up and I went to his rescue."

Young Winter said that he swam and aided his companion for a distance of about 20 feet. During that time he brought Proctor to the surface five different times after he had gone under water and each time that Donald raised Harvey above the water the weight forced Donald below the surface.

Exhausted, Donald was unable to swim farther and he attempted to float and at the same time hold his companion. They both went down and Donald lost his hold on his friend.

The boys' calls were heard by Harry Chilson who resides near the river and he put out in his boat. He rescued Donald and brought him to shore. He could not find Harvey. Donald was exhausted and unable to stand alone but he pleaded to be permitted to dive for his friend.

State and local police were summoned and five boats put out and the river was dragged until nearly 7 o'clock when Proctor's body was found by a boat containing officers and L. A. Carlson. The body was in about six feet of water, on what is an island when the river is at normal height. The boat sank in about 12 feet of water and the body had been carried by the wind and rapid current.

Proctor's body was removed to Tecumseh hospital where a resuscitator was used in an effort to revive him but failed.

Suffering from shock and exposure, Donald was under the care of a physician Sunday night and Monday. Tuesday afternoon he was permitted to return to school.

Harvey was to have received his diploma next month as a graduate of Tecumseh high school. He was one of the class' most prominent and active students having been declared all-county football quarterback last fall. He also played baseball. Donald also was a member of the 1942 high school football team.

Proctor was the youngest of eleven children and besides his parents he is survived by four sisters Mrs. William Stark and Mrs. Charles Dinius of Tecumseh, Mrs. Charles Barnsdale of Maybee and Mrs. Erwin Pidd of Dexter and six brothers, Stanley and Russell of Northville, Kenneth of Chelsea, Floyd of Grass Lake, Wesley of Manchester and Lester who is with the U. S. Army in North Africa.

The funeral will be held this afternoon at 1 o'clock in the home with the Rev. John Bunny of Manchester officiating, assisted by the Rev. E. T. Rodda, of Tecumseh. The burial will be in the cemetery at Dearborn.

To Give Recital

Lucien E. Becker

Celebrated Organist To Give Recital, Sunday

St. Peter's Episcopal church, Tecumseh, has secured the services of Prof. Lucien Emile Becker for its organ recital to be given at the Sunday evening Vesper Services, May 23. Prof. Becker is an accomplished musician and widely known in musical circles in this country. He is a fellow of the American Guild of Organists and was for two years, dean of the chapter at Portland, Oregon. He was born in Strasborg, Alsace-Loraine and received his musical education in the conservatory in that city, studying under such famous masters and composers as Alexandre Guilmant. A a young man he came to this country to engage in a musical career.

For many years Prof. Becker conducted his own conservatory of music in Portland, Oregon, and was organist and choir director at the Trinity Episcopal church of that city. Recently his home is in Monroe, Michigan, where he is the organist at St. Mary's church.

The program which he has selected for the Vesper Service is delightfully diversified and includes one number of his own composition.

Following the evening Prayers, Prof. Becker will render the following compositions:

March for a Church Festival, W. T. Best; Evensong, E. F. Johnston; Jerusalem the Golden, Dr. Wm. Spark; Minuetto antico e Musetta, C. A. Yon;

Rapsody in B Minor, Dr. A. G. Silver; Chorus of Angels, Scotson Clark; Episode Champetre, A. G. Buck; Fuge B Flat Major, J. S. Bach;

Londonderry Air, Robt. H. Coleman, and American Fantasia, L. E. Becker.

The Rev. E. Thos. Rodda, rector of the parish extends a cordial welcome to all who are interested in music to hear this celebrated artist. There is no admission charge and no offering will be taken at this service.

County Eighth Grade Graduation on Friday

The Lenawee county eighth grade rural school graduation exercises will be held at the Baptist church in Adrian, Friday afternoon, May 21, at 2 o'clock fest time. The program is as follows:

7 In. Rainfall Since May 1st

STREAMS AND RIVER BADLY SWOLLEN; CROPS ARE GREATEST WORRY

With more than seven inches of rainfall in Tecumseh since the first of May—and with more falling almost every day the attention of residents and farmers in this area is turning from swollen streams and damp basements to the prospects of fall crops, if and when they can be planted.

In last Saturday night's storm, Perry C. Satterthwaite, owner of the Hayden Dam and Hydro Plant, said that 1.28 inches of water fell. Sunday night an inch of water fell and the total rainfall for May up to 8 a.m., last Monday morning was 6.55 inches. Since Monday nearly another inch of water has fallen.

The average rainfall for May during the past 19 years has been 2.77 inches and the heaviest rainfall in that time was in May 1938, when 5.04 inches of water fell, Mr. Satterthwaite's records show.

The danger from high water in the River Raisin seems to have passed, despite the heavy downpours, and residents and farmers are now thinking about crops yet to be planted. Only small percentage of the oats normally planted in this area are now in the ground and farmers say that it will be at least a week or 10 days before soil would be suitable if it stopped raining today. Corn, likewise, has not been planted and other crops are being delayed.

Potatoes, almost off the market in this area, are selling as high as nine cents a pound for the new shipped-in crop with a limit of three pounds to a customer in some stores. Old Michigan potatoes are as scarce as hen's teeth at any price.

Growers who have planted their early potatoes report in some instances that the seed is rotting in the ground. Others are delaying planting until the rains are over.

"There'll be very few Michigan potatoes and green peas on the Fourth of July this year," one farmer said. "The old custom of serving them will have to be passed up I'm afraid so far as 1943 is concerned."

Victory Gardeners locally are anxious to plant their crops but nine out of every 10 families are awaiting sunshine and warmer weather.

Graduates at Macon Will Present Service

A Vesper service presented by the 1943 graduates of Macon high school, will be held Sunday evening, May 23, at 7 o'clock at the Martha-Mary chapel in Macon with Elwood Bush as leader and Dawn House the organist. The program is as follows:

Prelude, "Angel's Serenade"; Doxology; Call to worship; hymn 174 "Fairest Lord Jesus"; The Lord's Prayer; response hymn 34, "Have Thine Own Way, Lord"; Ps-lm 12, Robert Osborne; solo "The Silver Moon", Colleen Thorne; hymn 221 "God of Our Fathers"; song "Come Unto Me", senior girls, with Virginia Hubbard the soloist; recitation "The Touch of the Master's Hand", Marjorie Korth; hymn 23, "In the Cross of Christ"; recitation "Encouragement," Mary Hall; song 206 "Auld Lang Syne"; song 222, "The Star Spangled Banner"; postlude, "Amaryllis."

Members of the Senior class are Mary Hall, Dawn House, John Billau, Elwood Bush, Lenora Oliver, Ronald Wilcox, Delores Schantz, Marjorie Korth, Robert Osborne, Colleen Thorne, Russell Pilbeam, Virginia Hubbard and Mary Beth Hendershot.

TALK TO ROTARIANS ABOUT ARGENTINA

Ernest Burgin of Detroit, export Manager of the Tecumseh Products Co., and Lloyd Mason of Birmingham, were the guest speakers at the regular noon-day luncheon meeting of Rotary, Tuesday at Brees House. Both were guests of Frank Smith.

Mr. Burgin, a native of Argentina, spoke about the good-neighbor policy existing between Latin America and the rest of the world. Mr. Mason spent 28 years in South America and he also spoke about Argentina. Their talks were very interesting and as well as educational.

MEMORIAL SERVICE

The Royal Neighbors will hold their annual Memorial Service Sunday, May 23 and will meet at the hall at 10:30 a. m., to decorate graves of deceased members.

SPECIAL MASONIC MEETING

Tecumseh Lodge, No. 69, F. & A.M., will hold a special meeting Friday evening, May 21, where the first degree will be conferred on four candidates.

Here Is The Ruling on Rhubarb Canning

If you desire to can rhubarb or pineapple and need sugar, write a personal letter to the War Price and Rationing Board at Adrian, advising the number of quarts you intend to can, was the advise of OPA today.

Include in your letter, it was said, the No. 1 ration book of every member of the family in which the canning is to be done. As quickly as work will permit an allotment of sugar for the canning will be issued and coupons mailed to the applicant.

How the sugar for the canning of other fruits will be issued is still problematical today. However, it was said that any sugar issued to a family for canning either rhubarb or pineapple would be deducted from subsequent canning allotments.

Brighton Gets Purple Heart

POSTHUMOUS AWARD MADE TO PARENTS OF PRIVATE JUNIOR BRIGHTON

The posthumous award of the Order of the Purple Heart to Private Junior Brighton, son of Mr. and Mrs. E. J. Brighton of Tecumseh, who lost his life while serving his country on February 2, was announced today.

According to the War Department's communication to the parents, the Purple Heart was given "for military merit and for wounds received in action in the North Atlantic on February 2, 1943." Accompanying the notification of the award were letters to the parents from Gen. Marshall, chief of staff of the United States Army, the Adjutant General Gullo, and Secretary of War Henry L. Stimson.

Pvt. Brighton was a graduate of Tecumseh High School and was a member of the coast artillery. He enlisted in the Army on June 8, 1942.

Expectant Mothers Are Urged To Use Hospital

Due to the shortage of doctors not only in this village but in Tecumseh's immediate area, an appeal was made today to expectant mothers to make arrangements immediately for hospitalization here, rather than to depend upon medical care in private homes.

"The shortage of doctors locally is very acute," Wade L. Jones, village clerk, said. "Doctors can no longer go into the country on confinement cases or remain several hours, perhaps all day or night. They are needed too badly in other places and in the hospital.

"We have received notice recently that two babies were born in this area without the aid of a doctor. We also are advised that some expectant mothers are not receiving pre-natal care. It is the advise of the village that all expectant mothers contact a physician and receive pre-natal care, and also that they arrange for the birth of the baby in a hospital.

"This may be an unusual request, but these are unusual times," Mr. Jones continued. "Our doctors cannot work longer than 24 hours a day, and they must be handy by in the event of emergencies. All of our doctors are on 24-hour call at the hospital, and expectant mothers may be assured of attention there."

Persons unable to bear the cost of the hospitalization, Mr. Jones said, should contact their supervisor prior to the birth of the baby so that arrangements to finance the expense can be made.

LOCAL MAN IS HELD BY ADRIAN OFFICERS

A man who gave his address as Tecumseh and his name as George W. Matheny, 29, told city police in Adrian Tuesday that he entered the residence of Coug. Earl C. Michener in that city last week. He is held on a breaking and entering charge.

Matheny's arrest came after police discovered his coat hanging in the Michener residence. In a pocket was a card issued to him by the selective service board to report for induction last week. He was rejected by the Detroit board because he did not have a release from parole authorities.

Police say Matheny has a criminal record including a prison sentence of two years in Florida for larceny, a six year sentence to the Ohio penitentiary for robbery armed, and that he was placed on probation in Lenawee county for two years in 1932 on a breaking and entering charge.

"MORE PORK to market with Hogs on Concrete," is the title of the sound film to be shown at Britton's out-of-door theatre, Saturday evening, May 22, at 8 p.m. Free admission. Bring the family. If you are a farmer or a hog raiser, don't miss this showing. adv.

Blackout Here Next Wednesday

RULES ARE ISSUED BY DIRECTOR AND COUNCIL PASSES ORDINANCE

The third practice air raid blackout using the state's new alarm signals will be held in an eight-county south central area next Wednesday, May 26, according to Capt. D. S. Leonard, director of Michigan's Civilian Defense. The counties included are Lenawee, Clinton, Shiawassee, Eaton, Ingham, Livingston, Jackson and Hillsdale.

While the exact time of the blackout has not been fixed, it is expected to be about 10 p.m., it was said at Lansing. E. C. Heilman, director of Civilian Defense here, said that he had not received an exact time.

The blackout will affect residents of Tecumseh and Lenawee county as follows:

The first signal given by telephone will be known as the "yellow" and concerns only directors of Civilian Defense who will pass it along to their key men.

The first signal that the public will recognize is the "blue"—which locally will be a continuous blast of the fire siren and the Products company whistle for two minutes. Immediately the civilian defense corps will be mobilized. Traffic may continue as usual but with lights dimmed. House and streets lights must be extinguished. With few exceptions, all lights will be out.

The next warning, known as the "red", is a series of short blasts on the whistles, lasting for three minute. This means that the air raid is on. All lights must be out, all raffic must halt and pedestrians must seek shelter. Car must pull to the curb.

The all clear or "white" signal probably will be sounded about 15 minutes later by a three one-minute blasts of the whistles. There is a two-minute silence between each blast. Then lights may be turned on but not until then.

Similar signals are being used throughout the state, Mr. Heilman said, and will be used subsequently in all practice blackouts or actual raids.

Mr. Heilman has called a meeting for Friday evening at 8 o'clock in the council building at which time key men in the local civilian defense organization will receive their instructions.

The village council, in session Monday evening, passed an ordinance embodying the state's air raid signals as the signals to be used in Tecumseh.

Mrs. Louise Brumley Dies In Hospital Here

Mrs. Louis Brumley, aged 81 years, died Friday afternoon at Tecumseh hospital where she had been a patient the past month. Mrs. Brumley, whose home was originally in Decatur, Ind., had been at the home of her brother E. M. Campbell, since the death of her sister Mrs. Bina Buhler in December eleven months ago. She was a member of the Baptist church in Decatur.

Survivors are a son Howard Brumley of Detroit; two brothers E. M. Campbell of Tecumseh and R. M. Campbell of Columbus, Nebr., and one grandson, Her husband Lawson M. Brumley died in 1917.

Funeral services were held Sunday afternoon at the Collins Funeral Home, Rev. O. V. Robinson officiating. The body was later taken to Mayville where burial was made in the West Dayton cemetery Monday afternoon. Mr. and Mrs. Campbell accompanied the body to Mayville.

Elmer E. Mellon, 64, Former Resident, Dies

Elmer E. Mellon, aged 64 years, a resident of this vicinity all his life, died Saturday morning at his home in Brooklyn where he had lived the past few years. He operated a poultry business here before moving to Brooklyn.

Survivors are the widow, formerly Mabel Kotts of Clinton, a sister Mrs. Leroy Matthews of Tecumseh and a brother Winfred Mellon of Hudson.

The body was taken to the Hause Funeral Home in Clinton where funeral services were held Tuesday afternoon, Rev. Baker of Brooklyn officiated and burial was in Riverside cemetery, Clinton.

NAVAL LIEUTENANT

Paul Johnson, teacher of mathematics and science at Tecumseh high school, has received his commission as lieutenant (j.g.) in the Navy.

Mr. Johnson left Tuesday evening for Ann Arbor later going to Boston for assignment.

C. Rome Dustin who came from Cleveland recently to make his home here will complete the school year for Mr. Johnson.

Capt. Williamson and Bride Visiting Here

Capt. and Mrs. Leon M. Williamson are the guests of his father, L. P. Williamson and Mrs. Williamson of W. Chicago boulevard. They arrived on Tuesday from California where on May 3 they were married in Glendale.

Capt. Williamson, who has been awarded the Navy's Cross of honor is a member of the United States Marine Air Corps and took part in the Battle of Midway. Later, he was sent to the Solomons area and Guadalcanal and a few weeks ago was in a rest camp with his air squadron in Australia. He returned to the United States during the latter part of April.

Capt. and Mrs. Williamson expect to stay in Tecumseh about two weeks before returning to California.

Stores To Close

Twenty-five Tecumseh merchants at a meeting of the Chamber of Commerce here last evening, voted to close their stores all day on Thursday, starting June 10. The closing program will be followed throughout the summer months at least.

The shortage of help caused the merchants to take the action.

A list of the merchants whose stores will close when the program becomes effective next month will be published in next week's Herald.

Rosacrans Is Assigned To New Army Office

Newark, N. J., May 20—The assignment of 2nd Lt. Ned Rosacrans of Tecumseh, Michigan, to the War Department Office of Dependency Benefits in Newark, New Jersey, was announced today by Brig. Gen. H. N. Gilbert, director.

Lt. Rosacrans is in the disbursing branch of the Fiscal Division. He was assigned to the ODB from the Adjutant General' Officers Candidate School at Fort Washington, Md.

Before entering the Army Lt. Rosacrans was with the Tecumseh Products Company. His parents, Mr. and Mrs. Leon F. Rosacrans, live in Tecumseh, where Mr. Rosacrans is a dry goods merchant. Lt. Rosacrans attended the University of Chicago.

At is new post, Lt. Rosacrans will assist in administering the major benefits to soldiers' dependents—primarily the family allowance and allotments-of-pay. The ODB is now doing a two-billion-dollar-a-year business with soldiers and their dependents. The agency is sending to soldiers' families more than 2,200,000 family allowance checks and approximately 1,130,000 allotments-of-pay each month.

DIES IN DUNDEE

Mrs. Cecile Smith was notified of the death of her brother-in-law Russell Cauchie, which occurred last Wednesday night at his home in Dundee. Mr. Cauchie was 55 years of age.

Survivors are the widow formerly Mollie Moore of Ridgeway, one son William of Petersburg, three daughters, Mrs. Edward Vance, Alice and Catherine all of Dundee.

Funeral services were held Monday afternoon at the Methodist church in Dundee with burial in Maple Grove cemetery.

HEAR FROM SON

Mr. and Mrs. Ralph Oliver have received a letter from their son Ernest announcing his safe arrival at his overseas destination.

The letter was dated May 1 and was followed by a wire dated May 3, saying only "Please dont worry. Well. Ernie", which makes them think he is in an active area.

DAVIES TO PREACH

Rev. B. L. Davies, of Stevens Point, Wis., a former pastor of the local Presbyterian church, will conduct services here on Sunday morning, May 30.

BRITTON ALUMNI

Members of the program committee of the Britton High School Alumni Association met last evening at the home of Mr. and Mrs. Albert Tonneberger when plans were completed for the annual alumni banquet and reception June 4. The topic of the program will be "Do You Remember" and will begin with the start of World War I.

COMMENCEMENT SPEAKER

Lieut. J. R. Snelus, U.S.N.R., a representative of the Naval aviation cadet selection board of Detroit, will be the speaker at the annual commencement exercises to be held June 3 at Tecumseh high school.

FARMERS, ATTENTION. Attend the showing of the sound film, "More Pork to Market with Hogs on Concrete," Saturday evening, May 22 8 p.m., at out-of-door theatre, Britton. There's no admission charge. You'll like it. adv.

Motorists Are Given Warning

TIRES MUST BE INSPECTED BEFORE APPLYING FOR GAS RATION BOOKS

If you hold a "B" supplemental gasoline ration book and it expires on May 31, you must have your tires inspected before that date and the inspection blank must accompany your application for a new supplemental gasoline ration, the OPA warned today. In all probability, it was said, scores of motorists who have delayed inspection will find themselves "out on a limb" as the deadline date approaches.

Holders of "C" ration books which expire the last day of May also must have their tires inspected before they make application for additional gasoline, it was said.

"This much must be remembered," a spokesman said, "Before making application for supplemental gas ration, tires must be inspected and the inspection certificate must accompany the application. Also, the old ration book, either 'B' or 'C' with any unused coupons, must be returned to the board with the new application. In the event that the old ration book and the tire inspection certificate do not accompany the application, a new ration book will be denied until such time as the requirements are met."

The new tire inspection ruling is as follows: Holders of "A" ration books must have had their tires inspected not later than March 31, (first inspection) and every six months thereafter but there must be a minimum time between subsequent inspections of at least 90 days.

Holders of "B" books must have had their first tire inspection not later than February 28 and every four months thereafter but there must be a minimum time between subsequent inspections of at least 60 days.

Holders of "C" cards ust have had their first inspection not later than February 28 and every three months thereafter (May 31 is the deadline) but there must be a minimum time between subsequent inspections of at least 45 days.

Holders of "T" ration books, (truck or commercial) must have their tires inspected every 60 days or every 5,000 miles, whichever occurs first.

It is also was said today that tire inspection certificates must accompany all applications for new or used tires, regardless of the type of book that the applicant holds.

"Many motorists apparently do not understand the OPA rule regarding tire inspections," C. O. Butler, a local inspector, said. "We are finding many people who do not know the law and I am afraid that many drivers are going to be delayed when they apply for a renewal of their gas ration."

All local tire inspectors have application blanks for renewal of gas ration books or they may be obtained from Wade L. Jones, village clerk.

Flooded Marshlands Force Birds To Gardens

Due to flooding of marshlands, birds are being forced to the highlands and many are nesting in local gardens.

A pair of Nosebreasted Grosebeaks have made their home in the garden at the F. C. Dickinson home. Scarlet Tanangers have been reported at the C. O. Butler and Lyman Curtiss homes and Mrs. Ella Brown's garden has been taken over by red starts, blackpole warblers, hermit thrush, blackbilled cockatoo and a pair of quail.

It will pay anyone having a garden to take special notice of the many new birds to be found there this spring.

NO PAIN WITH LEG BLOWN AWAY

It is interesting to read the statement of Colonel Loren Hillsinger, of El Paso, Texas, who lost a leg last August 19th, when he went to Dieppe as an air cover observer on a British destroyer that was bombed.

The Colonel emphasizes that he felt no pain and no terror, only insenate anger. His vessel had started home when a German plane scored a direct hit on the bridge. "I just went up in the air," he said, "high enough to wish I had a parachute with me. Then I came down, but all I felt was as though a friend had hit me on the back too hard."

He says the experience was just like playing football, "You don't get stiff until the morning after," but he noticed his right shoe was missing. He made a tourniquet of his necktie.

When the ship listed badly, he climbed down a rope ladder into the arms of a sailor. Still, he says, nothing hurt. "You're so damn mad that you just don't care."

Anyway, the Colonel is happy, because, despite injury, he has not been grounded. He is back on active duty with the air force.

ITALY LOSES AFRICA FOREVER

Earlier this month, Premier Mussolini told a cheering crowd of Italian Fascists that "Italy must and will return to Africa."

The Italian dictator spoke from the same balcony where, seven years ago, he celebrated the triumphant end of the Ethiopian campaign, during which he said, "We defy the world and open new ways to civilization."

The Duce admitted that this "great undertaking is not finished," and asserted that "it is merely interrupted."

This is putting it mildly. The Italian Empire in Africa is not only "interrupted," it is at an end.

Regardless of Mussolini's boast that "we shall return" there is little prospect that Italy will be permitted to reacquire any foothold on the southern coast of the Mediterranean.

BEHIND THE TIME

Admiral Georges Robert, the Vichy-dominated High Commissioner of Martinique, protests the action of the State Department in severing political relations with him and his regime.

The French officer warns that the American people may "one day have to pay the price of their obliviousness of 'a living reality'" whatever that means.

He is nearly a year and a half behind the time. The American people, now defending themselves from attack, are paying the price of their obliviousness. If they had enjoyed a better comprehension of the forces moving in the world, they would have been better prepared for war and, as a result, might have been spard their present ordeals.

REESE-OLDS

A quiet wedding was solemnized Saturday evening, May 8 at eight o'clock, at the Bethel Independent church in Britton, when Miss Marilyn Reese, daughter of Mr. and Mrs. Fred Reese, became the bride of Stephen Olds, son of Mr. and Mrs. Earl Olds, all of Milan. The impressive single ring ceremony was read by the Rev. E. H. DuBois.

The bride was charming in a powder-blue linen suit with white hat and navy blue accessories. She wore a shoulder corsage of white carnations and white snapdragons.

The maid of honor Miss Kathryn Olds, cousin of the groom was lovely in a yellow linen suit with brown and white accessories, and a corsage of hyacinths, red roses, and yellow snapdragons. Mrs. Reese chose for her daughter's wedding a blue printed jersey suit. Mrs. Olds, mother of the groom, wore a gown of powder-blue crepe.

Mrs. Olds is a graduate of Milan high school with the class of 1940 and has been employed for some time in the office of the American Boiler and Furnace Foundry. Mr. Olds is engaged in forming. Both Mr. and Mrs. Olds are among the popular young people of this vicinity. They left for a short wedding trip to Chicago and on their return will make their home with Mr. and Mrs. Earl Olds for the present.

That nursery rhyme held hope for little Johnnie, but not so for us grown-ups. If your furnace needs repairs; if the stoker doesn't work; if the plumbing is faulty, right now is the time to think about repairs—all the singing in the world means nothing. In this wartime, repairs are hard to get and slow to arrive. Call us at once so that we may determine your needs. A call now and an inspection may mean heat next fall when you will need it badly.

The Home Front
Needs Attention
In Wartime, Too

Yes, the home front is a mighty important part of our war effort and it must be maintained for our boys when they return from military to civil life.

We cannot, therefore, urge you too strongly to keep your property in repair at the same time you are bending every effort to produce needed materials of war.

Don't neglect leaky roofs, they are very dangerous and destructive to your building.

Insulation, to keep out summer heat and to retain the heat from rationed fuel during the winter is of vital importance, too.

Window screens and storm sash give you protection both in summer and in winter.

You do not need a priority to do necessary repairing and we have all of the materials necessary for the work.

Call on us for an estimate.

POPPY DAY

Poppies in tribute to America's battle dead of two wars will be worn in Tecumseh on Saturday, May 29. In World War I, as in the present War, the poppy is the one touch of beauty which survives amid the destruction of war.

Poppies will be offered to everyone in Tecumseh by the women of the Auxiliary and the Girl Scouts on Poppy Day, Saturday, May 29. No price will be asked for the flowers, the pennies of children being just as welcome as the dollars of the wealthy. A poppy over every heart is the goal—2500 poppies have been ordered. The wearer makes an unspoken pledge to the nation's heroic dead that he will live as they died, serving America.

Contributions given to the Auxiliary's volunteer poppy workers will go in their entirety to the rehabilitation and child welfare funds of the American Legion and Auxiliary's effort for the disabled and fighting men of both wars, and for the children of the dead and disabled. Tecumseh's contributions will aid Tecumseh.

POPPY CONTRIBUTIONS TO AID VICTIMS OF PRESENT WAR

The poppies are here... 2500 of them! Veterans at the American Legion Hospital have already received three cents apiece for them. When they are sold on the street by volunteer workers recruited from the American Legion Auxiliary and the Girl Scouts on Poppy Day, May 29, all that is contributed over and above three cents will aid Tecumseh's war victims. True, the Government may give compensation, but while the Government grinds out its help through mounatins of red tape, children must be fed and clothed, mothers and aged dependents must be guaranteed shelter: countless works of mercy must be performed by an organization geared for such service. Such an organization is the American Legion Auxiliary which sponsors this great work all over our land. It can carry on only with the contribution it receives on Poppy Day, the one day of the year when it asks the public for support.

A poppy worn over the heart on Poppy Day will be a symbol that the heart beneath throbs for others.

Those who feel that tears are not enough to give their neighbors who may be victims of this present war, may give their dimes and their dollars to the ladies who approach them with a poppy on May 29.

THS GRADUATES OF 1943
ACCEPT OUR CONGRATULATIONS

Each year at this time it becomes our privileges to extend our congratulations to the young men and women of this area who are about to receive their high school diplomas. This year, due to the war, many of the boys will go almost directly into military service. Many of the girls, instead of continuing into fields of higher education will be pressed into defense work. But regardless of the future, we pause at this time to wish you well and to say that we are grateful of your patronage during your school years.

Gift Suggestions For The Graduate

For The Girls

For the girl graduate who desires to be dressed in a memorable fashion, yet in clothing that will be practical for months to come, she will find our store complete for her shopping. Likewise, those who find graduates on their gift list will appreciate our gift suggestions.

See our excellent line of dresses, lingerie, Mojud hosiery, skirts, blouses, sweaters and many other items.

For The Boys

Boys who require suits or sport coats and matching or contrasting trousers will not be disappointed at our store. We also have all of the needed accessories including shirts, ties, hats, sox, Hickok jewelry, etc. And for those who are making a gift to a boy going into service we have service-approved gifts such as duffle bags, hose, neck-wear, money belts; military and shoe shining kits that are sure to please.

Rely on Hayden's 'Enriched' 1900 FLOUR

Pack A Lunch That Packs A Punch!

Men and women working for Victory need the extra, nutritious goodness of sandwiches, rolls and pastry made with HAYDEN'S "ENRICHED" 1900 FLOUR! This new "enriched" flour supplies the vitamins, the minerals, the body-building proteins that make for stronger, healthier Americans.

Besides the nutriments necessary for body stamina, HAYDEN'S "ENRICHED" 1900 FLOUR contains a generous portion of the daily requirements of Vitamin B1—the morale building vitamin. That's one of the reasons why Sandwiches, Rolls, Pies, Cakes and Cookies made from this "new, enriched flour" not only taste-right but play an important part in keeping workers on the job in our Battle-for-Victory.

A Message To The Home Folk

When we say that HAYDEN'S "ENRICHED" 1900 FLOUR is "tops" for war workers, we mean it! This message is directed to the "home folk" —our neighbors and friends; people to whom we would not dare to tell a story that we could not prove. We invite you who have not tried it to do so NOW. This new "enriched" flour is one of our contributions to America's war effort.

"Our men in the service in this war have pretty definite ideas about what they're fighting for and the way they want to find our country when they come back...don't you think so, Judge?"

"I certainly do, George. Just a week or so ago I was reading in a national magazine the results of a poll taken among our soldiers. Each man was given a questionnaire containing twenty-five 'assignments' for the folks at home. He was asked to check the first five in order of importance to him.

"Out of thousands of replies the first 'assignment' to the folks back home was 'Make sure I'll have a job in my chosen field of work when I get back'. Number 5 was 'Make sure that Prohibition isn't put over on us again.'

"When the men in the last war came home and found prohibition had been put over on them behind their backs they were sore as boils. You can see from what I just told you how they feel about it this time, too."

Tecumseh Will Honor War Dead

PARADE IS PLANNED FOR SUNDAY WITH SERVICES AT BROOKSIDE CEMETERY

Memorial Day will be observed in Tecumseh with a parade Sunday afternoon, followed by appropriate services at Brookside cemetery.

The parade will form at 1:15 p. m., at North Ottawa street at Chicago Blvd., and promptly at 2 o'clock will move west on the boulevard to Union, then north on Union to Brookside where services will be held at the lots of the Civil, Spanish-American and World War Veterans and a salute will be fired by the American Legion firing squad.

Lieutenant-Commander Hartwick of the U. S. Navy who was scheduled to give the address, is ill of malaria, and another speaker, whose name has not yet been announced, will take his place.

All organizations have been requested to take part in the parade, also all ex-service men and men now in service who are on furlough. Persons with horses or motorcycles are also requested to take part and are asked to notify Louis Schneider of their intentions.

The village council has requested all business places to display the flag at half-mast until immediately after the parade when flags are to be raised to full mast.

A majority of the business places here will be closed on Monday in observance of the holiday, but the public schools will operate as usual.

C.

WELCOME CLASS

The Welcome Class of the Presbyterian church will meet Tuesday afternoon, June 1, at 2:30 at the home of Mrs. Alta Boyce on East Shawnee street for their regular business meeting and program.

Poppy Sales To Aid War Vets

PUBLIC URGED TO GIVE GENEROUSLY; SALE WILL BE MADE HERE SATURDAY

Veterans of World War 1 are urged to the first to wear the poppy on the streets of Tecumseh on Poppy Day, Saturday, May 29. Legionaires and the ladies of the Legion Auxiliary, Underwood-Orr Post of Tecumseh, have assumed the responsibility of taking care of Tecumseh's victims of this war, as they have rallied to the cause of the veterans of World War I. Thousands have been rehabiliated and set up in some useful occupation; others are still kindly ministered to in Legion hospitals throughout our country, and must be to the end of their days. Many children and wives of ex-servicemen might have fallen on evil days had it not been for the child welfare program sponsored by the American Legion and its Auxiliaries. This year, and in the years to come, thousands more will look to these self-appointed "angels of mercy" for help.

"Tecumseh will aid its own!" said Ray W. Herrick, president of the Tecumseh Products Company, always a generous civic supporter. He has pledged the full cooperation of his company. Senior Service Scouts will canvass the employees at the gates at the noon hour and again at the "swing-shift" at 4 in the afternoon. They will be under the supervision of Mrs. Louis Schneider.

Volunteer workers from the Legion Auxiliary and the Girl Scouts will be on the streets of Tecumseh all day to give the public its opportunity to aid in this glorious work. When they approach you Saturday with a poppy, give generously and cheerfully, with the realization that you will be aiding your neighbor or your neighbor's boy.

Poppy sales are under the direction of the Poppy committee: Mesdames Percy Bowen, Otto Baaske, Ed. Aebersold, and L. A. Carlson, chairman. Intermediate Scouts will conduct a house-to-house canvass in the morning. Stores will be canvassed by Mrs. Louis Schneider, Mrs. Florence Howe, Mrs. Dorothy Winter and Mrs. Truman Rentschler.

Volunteers will work throughout the day in two hour shifts, as follows: 9 a.m. to 11 a.m., Mrs. Percy Bowen, Mrs. Otto Baaske and Miss Ruth Schneider; 11 a.m. to 1 p.m., Mrs. Jennie Hodges and Mrs. Doris Bagshaw; 1 to 3 p.m., Mrs. Robt. Gillespie, Mrs. Baaske, Mrs. John Lott, Mrs. Jack Smith; 3 to 5 p.m., Mrs. Ray Sluyter, Mrs. Lyman Curtiss, Mrs. Lillard Brown and Mrs. Thomas Gallant; 5 to 7 p.m., Mrs. E. J. Aeberso'd, Mrs. Bert Warren and Mrs. Vincent Haight; 7 to 9 p.m., Mrs. L. R. Mix and Mrs. Paul Keyser. Each group will be assisted by the Girl Scouts.

Mrs. Marie Calson will be in charge of Poppy headquarters in the office of Wade L. Jones.

PRACTICE BLACKOUT WAS OBSERVED LAST NIGHT

Tecumseh joined with Lenawee county and the residents of eight neighboring counties in a practice blackout last night which was declared successful.

The state's new alarm signals were used in last night's test, street lights being dimmed at the sounding of the blue warning and a complete blackout commencing with the red signal.

Capt. Donald S. Leonard, commander of the state's civilian defense program, observed the trial in this section from Adrian. E. C. Hellman is director of civilian defense in the Tecumseh district.

C. B. SWIFT DIES

Charles B. Swift, aged 66, father of Mrs. Ilah Mead of Tecumseh, died in his sleep early Wednesday at the home of a daughter Mrs. Don Jaynes in Coldwater Mr. and Mrs. Swift recently moved from Tipton where they resided for 30 years.

Survivors are the widow, three daughters, Mrs. Mead, Mrs. Jaynes and Mrs. Carl Fish of Onsted, three grandchildren, four sisters Mrs. Fred Davis of Tipton, Mrs. Paul Arndt of Evanston, Ill., Mrs. Milton Royal of Milan and Mrs. Russell Hall of Tecumseh.

The funeral will be Saturday at 2:30 at Belding Funeral Home.

Tunis Victory Blow To Nazis

MILITARY GOVERNMENT IN EUROPE FORESEEN BY U. OF M. SPEAKER

Some form of military government in Europe after the war and a slow peace for the conquered countries was foreseen by Dr. W. H. Kraus of the University of Michigan, when he addressed a meeting of the Westminster Club in the Presbyterian church parlors here, last Thursday evening. More than 80 men attended the dinner-program, presided over by E. M. Campbell, president of the club.

Dr. Kraus, a native born German and now an American citizen, received much of his higher education in Germany. He came to the United States after the rise of Hitler, and is thoroughly familiar with the policies of the Nazis and the reactions of the German people to dictatorship.

Approximately 40 per cent of the Germans were members of the Nazi party some 12 months before Hitler assumed dictatorial powers, the doctor said, and he declared the Nazis' first conquest was in Germany itself. Subsequent powers came with the fall of France and the low countries of Europe.

Russian resistance to Hitler came as a surprise to the Hitler-loyal Germans, Kraus said, and the defeat of the Fuehrer in north Africa was a distinct blow to the Nazi program. Hitler, he said, also underestimated Great Britain's ability to withstand the bombings of the early war and the entrance of the United States into the conflict was received by the rank and file of Germans as a stunning blow. This was especially true, he said, of the older Germans who remembered America's entrance into the World War and the downfall of the German nation.

The peace that will follow the defeat of Hitler and his Axis partners in the prsent conflict, Dr. Kraus said, must of necessity be slow, if it is to be a lasting peace. He predicted that the conquered countries would for a long time be ruled by some form of military government and that the return to civil government would follow at a later date. Already, he said, the United States is training some of its soldiers in the policies of military government.

The Rev. James Cameron Murdoch, pastor of the church, acted as master of ceremonies and presented the president. Mr. Campbell. At the conclusion of the meeting, the Rev. Mr. Murdoch announced that the next meeting of the club would be in September, and that there is a possibility that Capt. Eddie Rickenbacher will be a Tecumseh speaker in the fall. Mr. Murdoch already has had some correspondence with Capt. Rickenbacher regarding his appearance here.

Miss Barbara Lindsley Bride of Edw. W. Pfalz

Miss Barbara Jean Lindsley, daughter of Mr. and Mrs. Earl Lindsley, and Edward W. Pfalz of Detroit, son of Mrs. Henry W. Pfalz of Larchmont, N. Y., were married Saturday afternoon at the home of the brides parents on West Shawnee street. The Rev. John A. Wolff of Detroit read the marriage service in the presence of only the immediate families.

Preceding the ceremony Marilyn Lindsley, sister of the bride, played "I Love You Truly" and the bridal party took their places before a background of palms, white lilacs and rose tulips, where Mr. Lindsley gave his daughter in marriage. Miss Marjorie Morgan of Detroit, an aunt of the bride, was maid of honor and David A. Forbes, of Grand Rapids attended the bridegroom.

The bride wore a suit of navy with blue and white accessories. Her only ornament was an antique garnet pin, the gift of the grooms mother, and a corsage of garden-ia and roses.

Following the ceremony a buffet supper was served by Mrs. Jack Harrison of Clinton and Marilyn Lindsley, sisters, and Dorothy and Louise Bowen, cousins of the bride. The table covered with a hand crocheted cloth, was centered with a three tiered wedding cake topped with a miniature bride and groom, and with lighted candles and vases of lillies of the valley and forget-me-nots at each side.

Later Mr. and Mrs. Pfalz left on a ten days trip to Boston, Mass., and New York City and on their return will make their home in Detroit.

DAVIES TO SPEAK

Rev. Bertram L. Davies, former pastor of Tecumseh Presbyterian church, now of Stevens Point, Wis. will deliver the sermon at the Sunday morning service here. Rev. Davies is in Michigan for the general assembly of the church being held in Detroit from today through Tuesday.

Miss Phyllis M. Green Weds Corp. R. A. Gillespie

Martha-Mary Chapel at Macon was the scene of a lovely wedding Tuesday evening when Miss Phyllis M. Green, daughter of Mr. and Mrs. Elmer Green, became the bride of Corp. Roger A. Gillespie, son of Mr. and Mrs. Clare Gillespie.

Preceding the ceremony Mrs. O. V. Robinson presented an organ recital and Miss Marguerite Ash, a cousin of the bride, sang "I Love You Truly". At 9 o'clock to the strains of the wedding march the couple took their places before the altar which was banked with palms, glads, snapdragons and lilacs, where the marriage service was read by the Rev. D. S. Carmichael of Holloway. The bride who was given in marriage by her father, was attended by Miss Leva Gillespie of Ypsilanti and Elwyn Green of Detroit assisted the groom as best man.

The bride wore a gown of white floral organza with train and illusion veil with Chantilly lace and carried a shower bouquet of carnations and lilies-of-the-valley. Miss Gillespie wore yellow chiffon with a head dress of yellow malline trimmed with violets and carried an arm bouquet. Mrs. Green and Mrs. Gillespie, mothers of the bride and groom, were in blue with a corsage of roses, and their grandmothers Mrs. Anna Murphy and Mrs. Sarah Green, who were both in attendance wore corsages of white and lavender. The ushers were Dwight Gillespie of Monroe and Harold Hall.

Following the ceremony a reception was held for 125 guests, with refreshments in charge of Mrs. Russell Thurlby and served by Miss Marcheta Gillespie, Miss Virginia Retter, Mrs. Gail Austin, Miss Joyce Fairbanks and Miss Elizabeth Dickinson. Later Cpl. and Mrs. Gillespie accompanied Mr. and Mrs. Elwyn Green to Detroit and left Wednesday morning for Ft. Dix, N. J.

The wedding originally planned for Friday evening was changed on short notice when Corp. Gillespie who was home on ten days furlough, was ordered to report to camp at once.

Mrs. Gillespie was a graduate of the Ford School and the Ford Home Arts School in Detroit and has been employed as dietitian at Green Lane Academy. Mr. Gillespie is a graduate of Clinton high school and was local city mail carrier until his induction into the army last August.

Guests from Detroit, Monroe, Ypsilanti, Adrian, Clinton, Holloway and Tecumseh attended the wedding.

Dive Pilot Says That War Is Fun

THAT IS, IF THE BULLETS DON'T COME TOO CLOSE, AND TOO FAST

Fighting the Japanese is "really fun" if the bullets don't come too close or too fast, Capt. Leon M. Williamson of the United States Marine Air Corps told members of the Tecumseh Rotary Club on Tuesday. But, he declared, "I have a considerable amount of respect for the Jap, both as a pilot and as a fighter." Capt. Williamson, home with his bride on a 30-day leave, is visiting his father, L. P. Williamson and Mrs. Williamson of 412 W. Chicago boulevard. He leaves next Tuesday to report to his home base at San Diego, Calif., for further orders.

Capt. Williamson, who has served with the Marines since 1939, was at Pearl Harbor when it was bombed by the Japanese as was his bride, a California girl who was employed on the island in the Marine engineering offices. Subsequently, Capt. Williamson saw service at Midway, the Solomon Islands and Guadalcanal. He left the Guadalcanal area a little more than a month ago, following an attack of fever.

Capt. Williamson flies a dive bomber and he has participated in raids in most of the zones of the Pacific war theatre, "I guess I've been lucky," he said, "but planes that I have been flying have never been hit." He admitted, however, that he had seen several ships with "plenty of bullet holes" but he told his listeners that "a pilot doesn't have time to worry about anti-aircraft fire."

Capt. Williamson wears the Navy Cross of honor and it was in the Midway battle that he succeeded in dive-bombing a Japanese battleship. Asked about the fight, he said that he was told that the ship sunk. "I was too busy," he said, "dropping bombs. I didn't see it sink but some of the boys told me that it did." Official naval reports confirmed the sinking and credited Williamson with its destruction.

"Washing machine Charley" is the bane of the boys on Guadalcanal, the captain declared. "Charley" is a "Japanese two-motored bombing plane but the motors are not synchronized. The ships sounds like a washing machine. "Charley" pays frequent visits to the area and "pesters" the Marines, the pilot declared. He was still operating when Williamson left the canal zone.

"Charley" drops bombs on the American ships just as they are returning from a raid and, generally speaking, "makes life miserable." "Sometimes you get a little nervous when eight or 10 fellows are crowded into a fox-hole with little covering over you and the bombs keep bursting nearer and nearer," he declared.

The U. S. Marines are "tops" with the natives on Guadalcanal. When the Marines landed they found that the Japanese had killed many of the natives and had tortured and wounded their chief, tied him to a tree and left him to die. Marine doctors saved his life and the natives are grateful to the Americans, he said.

Japanese planes compare favorably with America's, the pilot declared. He said that in some crews of Jap ships shot down and captured, boys of 13 years had been discovered in uniform. While the Japs are good and hard fighters, the captain says that they lack ability of "think through" a problem, and often do "awkward" things. He declared that Nippon has received some terrific blows in the Guadalcanal area.

Capt. Williamson spoke at the Rotary meeting at Brees House following the regular noon-day luncheon. He was accompanied by his father and they were guests of Earl L. Wickwire.

HONORS SON

Mrs. Robert J. Hanna entertained a group of 10 children May 18 honoring the third birthday of her son, Gary. The usual children's fun was followed by ice cream and cake. The small guests were seated at a table decorated with spring flowers with nut baskets as place markers.

Those present were Susanne Hite, Judy Seidel, Linda Hanna, Allan Dickinson, Gregg Mason, Gary Elliott, David Holden, Charles Hartsell and Graham Morden.

TO MEET TODAY

The Missionary Study Group of the Methodist Womens Society of Christian Service will meet this (Thursday) afternoon at the home of Mrs. William Barnes with Miss Lavie Snedecor as leader.

TALKS TO LEGIONAIRES

Captain Leon Williamson gave an interesting talk last evening at a social meeting in the Legion Club when all service men home on furlough were guests of the club.

RETAILING GROWS IN IMPORTANCE

If it were not for the retail stores of the country and local banks, this nation would be flat on its back and the complicated rationing system would be unworkable.

Separate departments have been opened in most banks where rationing coupons are deposited and the local storekeeper draws a "coupon" check as well as a "money" check when renewing supplies from his wholesaler. Banks have had to add new departments to handle this double account system.

One small chain store in a western city has added sixteen people to sort ration coupons. In a country store, the proprietor or his wife do this extra work after the day's work is done.

The consumer may think he has trouble with coupons, but when he realizes what the storekeeper has to do, he will be patient in helping carry out the program.

THE OLD JUDGE SAYS . . .

"Just one more question before you go, Judge. What is this thing called propaganda you hear so much talk about these days?"

"I'll give you an example, Hank. Last night I was reading an interesting little book called 'Hitler is in Favor'. It told how Hitler would very much like to see Americans fighting among themselves over prohibition because that would create disunity, waste the time of Congress and legislatures in wet-dry arguments and cripple our war effort. It also mentioned a booklet written about Hitler's government telling how Hitler's gang wants to maintain contact with foreign temperance organizations and how it contributes annually to an international temperance union.

"You can bet Hitler isn't interested in seeing prohibition advanced in our country for any reason except that he knows it's a good way to stir up trouble. That's what they mean by propaganda, Hank."

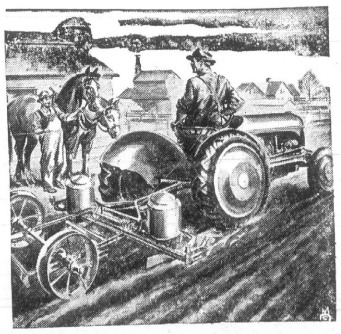
Bumper Crops Will Bring Victory



Don't Neglect Storage Buildings

Farmers in all sections of Lenawee County are planting food for victory—increasing acreage, increasing the number of hogs, cattle and chickens on their farm—and next fall's harvest should be a bumper one.

But now is the time to plan for that harvest, to have farm buildings in readiness to take care of the crops so badly needed in our war effort.

WE HAVE ALL THE NEEDED MATERIALS

You do not need to neglect your buildings for the want of materials for repairs. We have plenty of shingles, rolled roofing, lumber, flooring, cement, etc., for all necessary repairs.

Priorities are not necessary. Sale of these materials for repairs is permitted without any red tape.

Get Studebaker service and keep your car up to par

CARS that are allowed to deteriorate in operating efficiency may affect the success of the entire wartime transportation effort. Don't let your car become a liability when it should be a help. Have frequent inspections made so that serious trouble won't get a chance to develop.

No matter what make you drive, you'll find that the Essential Transportation Workers employed by Studebaker dealers are thoroughly qualified to help keep your car in tip-top condition. They use special wartime servicing procedures that were worked out by factory experts in the great Studebaker engineering laboratories and on the famous 800-acre Studebaker proving ground.

Bring your car in regularly—at least once a month—for a careful Studebaker check-up.

How to guard your mileage
1. Have inspections made at least once a month.
2. Check your tire pressure at least once a week.
3. Have your wheels correctly aligned to prevent tire wear.
4. Make only necessary trips in your car.
5. Share rides with neighbors who have cars.

We Offer This Prayer For the Fighting Forces of America

Onward Christian Soldiers

See them march to war! These sons and brothers, husbands and nephews, from our own homes.

These men of courage—in the foxholes and in the quagmire—are slowly but surely building a ring of steel around Hitler, Tojo and Mussolini; a force that will bring an end to tyranny and oppression.

Their marching feet, together with the treads of tanks on the land—the prows of ships on the sea—and the wings of planes in the air—will make a pattern around the world. A pattern by which new freedom shall be cut for men and women, boys and girls everywhere to wear and enjoy. A pattern which by the same token, shall prove the fascist's shroud, wherever he may lurk.

We who are privileged to remain on the home front—soldiers of the war plant whose duty it is to furnish needed munitions and materials to our fighting men—we pause as we approach another Memorial Day to pay tribute to those who have made the Supreme Sacrifice.

To the God of the Universe, the Creator of all things, we bow our heads and offer this prayer:

Almighty God and Father of infinite mercy, Thou art a strong tower of defense to them that put their trust in Thee; and Thy power no creature is able to resist. We cry unto Thee in the hour of our Country's need. To Thee it belongeth justly to punish sinners and ungodly men and to give Thy mercy to those who repent. Save and deliver us from the hands of our enemies; abate their pride, assuage their malice, and confound all their devices; that we being armed with Thy defense may be preserved to honor Thee who art the giver of Victory through Thy Blessed Son Jesus Christ.

Reckon not against Thy people their many iniquities, for from the lusts of our own hearts come wars and fightings amongst us. Look in mercy upon those immediately exposed to peril, conflict, sickness, and death. Comfort the prisoners, relieve the sufferings of the wounded, and show mercy to the dying. Remove in Thy good providence the causes and occasions of war. Create in us clean hearts and renew a right spirit in us and in men everywhere. In the name of Jesus Christ our Lord we pray. Amen.

This Message Is Directed To The LADIES!

You Ladies know how easy it is for husbands to forget—difficulties in the work-day life that make the furnace and home plumbing seem insignificant, until they are completely out-of-order.

That is exactly why we are telling our story to the "boss" of the house—the lady who spends most of her time at home—who meets up with these problems hourly.

If your furnace is not working properly, if the plumbing if faulty, see us now. Parts are difficult to get and slow to arrive. Action NOW may mean heat and repairs when you need them badly.

IN MEMORIAM

In loving memory of Willard Hall, who passed away 11 years ago May 28, 1932.

The Sun and moon are shining
On a lone and silent grave
Beneath lies one we dearly loved
But whom we could not save
Friends may think we have forgotten
When at times they see us smile
Little do they know our heartaches
That our smile hides all the while.

Sadly missed by his wife, children and grandchildren.

THE TECUMSEH HERALD

NINETY-THIRD YEAR—NUMBER THIRTY-SIX | TECUMSEH, MICHIGAN, THURSDAY, JUNE 3, 1943 | FIVE CENTS PER COPY

May's Rainfall Sets New Record

11.05 INCHES OF WATER FELL DURING MONTH; .65 INCHES ON JUNE 1

With Lenawee county farmers worrying about crop failures due to the heavy rainfall, and with the weatherman unable to foresee any immediate relief from the wet weather, potato, oats and wheat growers declared today that the only hope they had left for any kind of a crop in this area was an extremely late fall, and then they estimated that the acreage would be reduced approximately 50 percent.

"May was the wettest month we have seen here in 20 years, Ernest Church of the Consumers Power Company, said yesterday, Mr. Church said that his instruments recorded a total rainfall during the month of 11.05 inches, nearly double that of any previous year. A normal rainfall here in May (20 year average) is 2.77 inches.

"The barometer is still low," Mr. Church said, "indicating that the rain is not over. In Tuesday's terrific storm the rainfall locally amounted to .65 of an inch."

Tuesday's storm was one of the most severe of the season, and included wind, hail and lightning along with the rain. Trees were uprooted in several parts of the village, a portion of the roof was blown off one building at the Tecumseh Products Company, and lightning hit a transformer in the north part of town and electric service was interrupted for several hours. Tecumseh was without street lights Tuesday night and lines to Britton and Holloway were broken down by falling limbs and trees. There also was some interruption in telephone service.

Extremely high water in the River Raisin and in Evans Creek has sent both streams out of bounds and lowlands over the weekend and Monday were under several feet of water. Perry Satterthwaite, who owns the water rights and hydroplant at the old Raisin mill, declared that the river was at flood stage but he said that there was no damage. Flood gates have been opened to ease the pressure.

Several county roads were under water during the first part of hte week and on that stretch of Pike road at Billington's corners to US-112, water was reported to be running board deep. M-50 west of Billington's has been seriously damaged by the heavy rains and in all probability will have to be rebuilt rather than repaired.

Tuesday's storm was felt severely in the vicinity of Ridgeway where several trees were blown down, two of them on the H. F. Barnes lot where one tree fell on the house. At the M. R. Pennington farm a large tree was uprooted and fell across the highway.

Questioned about farm crops in this area yesterday, Wm. Beardsley of the Hayden Flour Mills, said that it is still too early to forecast what may happen to the wheat, oat and corn farmers.

"There is this much about it," Mr. Beardsley said. "We know that all crops are going to be short, but we don't know how short. Winter wheat in some places looks good, in other spots it has been flooded and drowned. Oats are not yet planted in many sections and corn farmers are worried. If we get some fair weather soon it may not be too late, if we have a late fall. Hybrid corn may be the answer to that crop. But we can only guess, we do know that the situation is critical and that it is general. All mid-west and western farmers are doing plenty of worrying."

However, Mr. Beardsley said that he attended a meeting in Chicago last week at which time government experts forecast fair crops and indicated that there was no need to worry about a shortage of foodstuff due to the wet weather.

Early spring plowing for both oats and corn was made impossible during April because of the 3.47 inches of rainfall locally during that month. Normal April rainfall here is 2.7 inches.

HURT IN ACCIDENT

James Kimmel and Charles Hobbins of Jackson were admitted to Tecumseh hospital Monday for treatment of minor injuries received when their car collided with the rear end of a dump truck west of town on M-52. They were released after treatment.

ASCENSION DAY

Grace Lutheran church will observe Ascension Day with special services at 8 o'clock this (Thursday) evening.

The church council will meet Monday evening, June 7.

A meeting of the Ladies Aid Society will be held next Thursday afternoon, June 10, at 2 o'clock.

Holy Communion will be celebrated Sunday, June 13 with announcements on Saturday, June 12.

Stores To Close Thursdays Beginning on June 10

Beginning on June 10, and continuing through the months of June July and August, a majority of the retail stores in Tecumseh will be closed all day on Thursday, Wade L. Jones, executive secretary of the Chamber of Commerce, announced today. More than 95 per cent of the stores and offices have agreed to the closing, Mr. Jones said.

The reason for the Thursday closing, it was said, is to give merchants an opportunity to catch up on their store work and to rearrange their stocks for week-end shopping. The extreme shortage of help has thrown the burden of this work onto store owners and their families.

A list of the stores and business places cooperating in the Thursday closing program will be found in an advertisement in another page of this newspaper.

Poppy Day Sale Nets Over $500

OVER 2,500 FLOWERS SOLD HERE; MONEY WILL AID NEEDY VETERANS

The sum of $508 was realized in the Poppy Sale conducted by the local American Legion Auxiliary in Tecumseh, Saturday. A total of 2,500 poppies were sold before 5 o'clock, for which $75 had already been paid to veterans for making them. At the gates of Tecumseh Products Co., $95 was collected by Senior Service Scouts who solicited the employeees; $45 was solicited from the local merchants and business people; $268 was netted from a house-to-house canvas by Girl Scouts, and street sales by Auxiliary members and their daughters and the Scouts; $100 was donated by Tecumseh Products Co., through R. W. Herrick, president.

It is well that the sale this year netted more than in former years for this fund will be earmarked for the continued relief of veterans of World War I, plus the rehabilitation and welfare of Tecumseh's own victims of the present war.

Volunteer workers included the Girl Scouts and the members of the Legion Auxiliary and their daughters, supervised and directed by the Poppy committee composed of Mrs. Percy Bowen, Mrs. Otto Baaske and Mrs. L. A Carlson, chairman.

The Tecumseh Legion Auxiliary expressed its gratification at the public's generous response to its appeal for fund to carry on its local welfare work among the families of its servicemen.

Mrs. Edward Prichard Is Buried at Macon

Mrs. Edward Prichard, aged 63 years, life long resident of Tecumseh and Macon, died suddenly Sunday evening following a heart attack in her home on North Maumee street. She had been in her usual health until the attack.

Mrs. Prichard, who was formerly Emma Jane Service, was born March 7, 1880 in Macon and was the daughter of Mr. and Mrs. Thomas Service. In the year 1900 she was married to Edward Prichard of Tecumseh and had since made her home in the village. She was a member of Palmer Gray Auxiliary of Spanish War Veterans.

Survivors are the husband, one son Donald and six grandchildren, Charles, Joyce, Mary Jane, Rhoba, Frank and Doris Prichard, all of Macon; two half sisters Mrs. Elizabeth Graf of Macon and Mrs. Margaret Hope of Tecumseh.

Funeral services were held at Collins Funeral Home Wednesday afternoon with burial in Macon cemetery.

Rev. Alvin Brazee officiated and bearers were B. W. Mominee, Herman Blohm, Thomas Gallant, Orville Dewey, Frank Arnold and R. R. VanWinkle.

HONOR SONS IN SERVICE

Mr. and Mrs. L. P. Williamson held open house Sunday at their home on West Chicago Boulevard in honor of Captain and Mrs. Leon Williamson who came from California on their wedding trip and have been spending two weeks with his parents. Another son Yeoman Richard Williamson, his wife and infant son, arrived home Sunday morning from San Francisco, Calif., and a third son, Seaman Robert Williamson also came from Great Lakes Naval Training Station for the occasion. Mr. and Mrs. Howard Dawson and son of Ypsilanti, also spent the weekend here.

JACKSON-BECKER

Miss Juanita J. Jackson, daughter of Mr. and Mrs. Rickard Jackson and John Leon Becker, son of Mr. and Mrs. George Becker of Tipton were married Saturday evening by Rev. R. W. Scheele at the Grace Lutheran Church.

They will reside on a farm near Tipton.

18 Drivers Lose Gasoline Books

OPA ACTS TO ENFORCE 35-MILE LAW; CAR DEALER'S LICENSE SUSPENDED

In an effort to more rigidly enforce the 35-mile speed law, made mendatory under gasoline and tire rationing, the Lenawee County War Price and Rationing Board at Adrian has announced the suspension of 18 more gasoline rationing books, bringing to 48 the total number of ration books revoked in the county since March 30.

Two of the drivers whose books were revoked reside in Tecumseh. They are Frederick A. Dernyer and William G. Hastings. Others were L. A. Carncross, Lewis Baughey, Kenneth Thompkins, Kenneth W. Knapp, Francis Shaffer, William L. Driscoll, Donald V. Hyland, Ivan S. Detwiler, Henry W. Vogel, Norman Arnold, Everett Barnes, Ernest Dils, Francis Ivott, Francis Newell, L. D. Stahl and Orville C. Wagner. Periods of revocation run from 30 to 60 days.

It also was announced by OPA at Lansing this week that the license of John E. Collins, automobile and tire dealer here, to handle rationed automobiles and tires was suspended until December 31, 1944. The announcement followed a hearing by the Office of Price Administration in Lansing last week Friday which was in charge of Fred S. Glover, jr., chief hearing commissioner of Cleveland.

Mr. Collins was charged with falsifying an application for a new car for E. H. McConnell, also of Tecumseh, and with falsifying applications for new tires for his own business.

He was represented at the hearing by Charles L. Robertson, Adrian attorney.

Victory Garden Are Now Ready For Planting

If you want a Victory Garden and do not have sufficient ground where you live, you may have a suitable site free of charge by registering with Wade L. Jones, village clerk. The community gardens are located near Tecumseh hospital and are donated for that purpose by Henry Ford, owner of the land.

The ground has been plowed and fitted and is ready for planting, Mr. Jones said, and the clerk's office is given the responsibility of assigning the plots. Persons also may have sufficient garden space to raise potatoes and sweet corn, if they desire.

Funeral Services Held For Charles B. Swift

Funeral services for Charles B. Swift, who died suddenly May 26 in Coldwater, were held Saturday afternoon at the Belding Funeral Home. Rev. Edward Escolme officiated and bearers were Fred Davis, Russell Hall, Milton Royal, Laurence Logan, T. J. Pentecost and George Towner. Burial was in Deerfield cemetery.

Among those from away who attended the services were Mr. and Mrs. Don Janes of Coldwater, Mr. and Mrs. Milton Royal of Milan, Mr. and Mrs. George Towner and family of Swanton, Ohio, Mr. and Mrs. Laurence Logan and family of Ottawa Lake, Mr. and Mrs. Glenn Reinhart of Hillsdale, Mr. and Mrs. Asa Emerson, Mr. and Mrs. Orlie Swift and Mrs. Lillian Bradish of Adrian, Mr. and Mrs. Carl Fish and sons Maurice and Warren Charles of Onsted, Mrs. Walter Frayer and Mrs. Alfred Spohr of Britton and many others from this vicinity.

Jack Hammel Gets Military Commission

Among the Cadets graduating from the U. S. Military Academy at West Point, N. Y., on June 1, was Jack W. Hammel, son of Col. and Mrs. H. H. Hammel of Tecumseh.

Appointed to the Military Academy by Rep. Earl C. Michener, Hammel is a graduate of Tecumseh high school and prepared for his entrance examinations to the military academy at Stanton's Preparatory School in Cornwall, N. Y., before coming to West Point. During his first class year here he was a cadet sergeant. He participated in rifle.

Upon graduation, he received his commission as second lieutenant in the Air Force.

Col. Hammel of Camp Forrest, Tenn., and Mrs. Hammel and daughter Irene of Tecumseh, attended the graduation and also the wedding of Lt. Hammel and Miss Anne Swallow held yesterday in Philadelphia.

Driver Is Arrested Following Auto Accident

Mrs. A. S. Martin suffered minor injuries Saturday when the car in which she was riding with Mrs. Frank Bisher, also of Tecumseh, was struck by a car driven by J. R. Jones of Ogden, two miles north of Adrian. The Jones car veered from the road striking a concrete bridge then struck the Bisher car which had stopped, waiting for a chance to cross the bridge.

The ladies returned to Tecumseh for treatment and Mr. Jones, who suffered head cuts, was taken to Bixby hospital for treatment and later removed to the county jail after being arrested by sheriff's officers.

CALLED FOR DUTY

Donald Graf of Tecumseh is one of 22 men inducted to army service last week who will leave June 9 for Fort Custer.

George C. Wilson, son of Mr. and Mrs. Harold E. Wilson of Tecumseh and Basil Foor of Onsted were accepted for naval service.

Another group of draftees will report June 10.

97TH BIRTHDAY

Mrs. Eliza Chaplin, formerly of Tecumseh, celebrated her 97th birthday May 25, at the home of her niece Eva Miller in Elkton, where she makes her home. She is quite smart for her advanced age and is still interested in Tecumseh where she lived for many years.

Parade Honors Local War Dead

SERVICE AT BROOKSIDE CEMETERY; FR. JOHN A. ROSS SPEAKER

Tecumseh paid a fitting tribute to its war dead here on Sunday, Memorial Day, with a half-mile long parade and a service at Brookside Cemetery.

Louis Schneider acted as marshal of the day and the parade, headed by the high school band under the direction of Clare Camburn, move westward on Chicago boulevard at 2 o'clock. The order of parade included the national colors and color guard, Civil War veterans car with war flag and guard of honor, the speakers' car, State Troops firing squad, Spanish American colors and color guard, American Legion colors and guard, Legion firing squad, Legion delegation, car with wreaths for graves Spanish American Auxiliary and colors, Civilian Defense group, mounted delegation, American Legion Auxiliary, Boy Scouts, flower truck, Girl Scouts, floats, cyclists and civilian cars.

The parade halted at Evans Creek where a wreath was placed upon the water in memory of the sailors and at the cemetery the invocation was by the Rev. E. T. Rodda. Frank Kessler of Adrian, chaplain of the 40 & 8 of the American Legion also offered a prayer Judge G. Arthur Rathbun presided at the service for the decoration of the graves and the address was given by the Rev. Fr. John A. Ross. The salute to the dead was fired by State Troopers and taps were sounded. The service closed with the playing of the national anthem by the high school band.

Mr. Schneider today expressed his thanks to those who participated in the Memorial Day parade and aided in making the ceremonies a success.

Lenawee Pomona Grange In Session at Morenci

Lenawee County Pomona Grange is meeting today at Morenci with the business session at 10:30 and the program which is open to the public at 2 o'clock.

The annual memorial program will be presented this afternoon with Lawrence Hammond delivering the address. The program will also include a reading by Frank Kessler, chaplain of the William C. Stark post of the American Legion in Adrian; vocal solo by Leonard Day of Hudson Center; vocal duet by Mrs. William Taylor and Mrs. David Westgate of Adrian Grange; a tableau by members of the South Dover Grange; instrumental music by members of the Morenci Grange; a short talk by James Marr, Pomona Grange master, and a short description of the dedication of service flags by the delegate from each Grange who will give the names of the service men. Mrs. Adam Rau, Pomona secretary, will read the names of the deceased members as the three women officers, Ceres, Pomona and Flora, place flowers on the altar.

MRS. LILLIAN E. PENTECOST DIES; FUNERAL HERE SUNDAY

Mrs. Lillian E. Pentecost, aged 88 years, widow of the late John S. Pentecost, died Wednesday morning at 11:45 at the home of F. E. Ford, Norvell, Michigan, after several months of failing health.

Mrs. Pentecost was born in Norvell township, Jackson county, June 6, 1855. She was married to John S. Pentecost of Franklin township, Lenawee county, August 22, 1879. To this union were born four children all of whom died in infancy. Her early married life was spent on their farm in Franklin which they left in 1907 to make their home in Tecumseh. Mr. Pentecost preceded her in death April 26, 1926. She was a member of the Presbyterian church and Order of Eastern Star.

She is survived by one foster-daughter, Mrs. Gladys Ford of Norvell, a nephew, John Merrill of Jackson and a niece Mrs. Pearl Cochran of Concord. The funeral will be held Sunday afternoon at 2:30 at Collins Funeral Home. Rev. James Cameron Murdoch will officiate and burial will be in the Grub cemetery near Tipton.

TO MEET FRIDAY

The Good Cheer Class of the Baptist church will meet Friday evening at the home of Mr. and Mrs. Howard Matthews. A collection will be taken to cover expense of refreshments.

Tecumseh Lodge Knights of Pythias entertained the Dundee Lodge Tuesday evening and the visitors conferred he initiatory degree on five candidates, one from Dundee and four from Tecumseh. Lunch was served at the close of the meeting.

Certain Red Meats To Cost More Ration Points

An upward jump in the point values of certain red meats was revealed in the new point values for meat, fats, fish and cheese announced today by the Office of Price Administration. The new values are effective June 6.

The changes in meat values were due to a current scarcity of red meat, it was explained. Point values generally are increased when supplies are ample. A second factor in some of the revision is the perishability of certain meat products in the summer months.

Largest jumps were made in the values of certain beef cuts. Here is how some of the June values compare with those of May:

	May	June
PORTERHOUSE	8	11
SIRLOIN, BONELESS	9	12
CHUCK	7	8

In the case of lamb stews and other cuts, a slight drop was evident; for example, breast and flank dropped from 3 points to 1; bone-in shank from 4 to 3; bone-in neck from 4 to 3.

Pork cuts remained substantially the same.

Applications For No. 3 Ration Book Distributed

Applications for War Rationing Book No. 3 are now being distributed by local post offices and according to Guy E. Nemire, secretary of the Lenawee County Rationing Board, should be in the hands of residents this week.

"There is nothing complicated about the application," Mr. Nemire said. "The head of the family makes the application for the entire family, and if instructions on the card are followed no one will encounter any difficulty."

Mr. Nemire said that the applications should be filled out and returned to the Adrian office not later than June 10. A three cent stamp must be affixed for the mailing. Ration books will be returned to applicants probably in July.

"We have heard that some residents have not yet received application blanks," Nemire said, "it is up to postoffices to deliver them and I would urge that persons (heads of families) who have not received an application by this time call at their postoffice and ask for one."

The new ration book, No. 3, will not go into use until sometime in August.

Local Pythian Sisters At District Convention

Twenty-two Pythian Sisters from Tecumseh Temple attended the district convention held in Milan Tuesday and officers from the group put on the initiatory work assisted by a staff from the various lodges. Mrs. Verdi Skinner was in charge of the work and Mrs. Frank Beal was the candidate.

Twenty-five members attended from Tipton Temple and draped the charter. The Adrian Temple were in charge of balloting.

Mrs. Irene Whalley of River Rouge presided, and Mrs. Anna McManus of Pt. Huron, Grand Chief of Michigan who was present, addressed the meeting. During the program Mrs. Maude Steidle was presented with a photograph of herself taken when she was most excellent chief of the Milan Temple.

Red Cross Is Requesting Games, Athletic Goods

The camp and hospital service of the Red Cross has made a request for donations of games and athletic equipment. Because of new camps and hospital units, many in northern Michigan where recreational facilities are very limited, the need urgent. Games such as checkers, cards, puzzles, etc., base balls, basketballs, bats, mitts and other articles as well as all kinds of muical intruments are needed.

The Red Cross is the only service that can take amusement of this sort into the camps this supplying a want not reached by the USO.

Anyone wishing to donate either money or equipment for this cause may leave same at the Lenawee Chapter House in Adrian or with Clara M. Waldron, Tecumseh Home Service chairman at 601 W. Pottawatamie street.

FELLOWSHIP SUPPER

Family night will be observed at the Friends church Tuesday evening June 8, with a Fellowship supper at 6:30 and a joint meeting of the Mens Bible Class and Friendly Class.

WED IN TOLEDO

Miss Auldene Drouillard, daughter of Mr. and Mrs. Richard Drouillard, and Wesley Anderson, son of Mr. and Mrs. Oscar Anderson of Adrian, were married Saturday in Toledo.

60 Seniors To Get Diplomas

COMMENCEMENT EXERCISES WILL BE HELD TONIGHT AT THE HIGH SCHOOL

Commencement activities of Tecumseh high school will be brought to a close this evening with the annual graduation exercises to be held in the high school auditorium when diplomas will be presented to 60 seniors.

Lt. J. R. Snelus of the U. S. N. R. will give the commencement address; Margie Van Winkle, the salutatory and Gay Larsen, the valedictory. The class will be introduced by Supt. W. L. Berkhof and diplomas will be awarded by P. C. Satterthwaite, president of the Board of Education. Mrs. Naomi Sallows will welcome the class to membership in the high school alumni and her daughter Joyce, a graduate, will give the response. Musical numbers will be given by the Girls Chorus.

Class night was observed last night in the school auditorium and the following program presented:

Presentation of cane, Malcolm Bagshaw; acceptance of cane, Douglas Murdoch; class history, Jane Leighton and Mary J. Smith; poem, Don Brazee; prophecy, Mary Wright and Robert Laidlaw; class song, Margaret Zick; giftatory, Jean Marie Herrick, Jack Osburn, Gwendolyn Kring and John Hamilton; will, George Murdoch and Betty Purkey; president's address, Malcolm Bagshaw

Baccalaureate services for the 1943 graduates were held Sunday evening in the Presbyterian church with the Rev. E. T. Rodda, rector of St. Peter's Episcopal church, giving the address. The church was beautifully decorated for the occasion with baskets and bouquets of lilacs, tulips and other spring flowers.

The graduates in caps and gowns accompanied by Superintendent Berkhof, and members of the faculty, and led by Douglas Murdoch, president of the Junior class, marched to their places in the front of the church.

The services opened with an organ prelude by Mrs. Bertram Updyke. This was followed by the class processional "March of the Israelites" and the singing of "The Star Spangled Banner." Rev. O. V. Robinson gave the invocation; Rev. Edward Escolme, the scripture lesson and Rev. Norman MacNaughton the evening prayer with response by the choir. James Freckelton was soloist, singing "If Christ Came Back" by Jeffrey O'Hara and "With Thee on High" was sung by Saint Andrews choir led by Mrs. Neville Hart.

Rev. Rodda took for his text "Keeping Up To Date", and dealt with the present day temptations to young people and a comparison of present day life and that of the past.

Rev. J. C. Murdoch pronounced the benediction with response by the choir.

THE NEW FRONTIER

Every great war opens a new frontier. Prior to the first world war, the frontiers were geographic. The civil war was followed by the great westward trek of war weary men and women looking for new opportunities and a new life. With the close of the current conflict, at least a major portion of the new frontier, like that of twenty-five years ago, will be in the industrial field. But instead of automobiles, it will lie this time in the scientific development of the nation's natural resources. Research men of the coal, metal mining and oil industries, working quietly in laboratories surrounded by military secrecy, have lifted the veil of the future. They have seen the new frontier in all its promise, and enough hints regarding its nature and extent have leaked out to stir the imagination of the man in the street.

The miracles of the sulfa drugs, derivatives of coal, are just one phase of the coming revolution in discovery and research. Rubber synthetics are multiplying almost by the score, along with plastics and other materials, each of which can easily mean the establishment and growth of an entire new industry. Beyond these is a vast realm of discovery of which the public as yet knows nothing. There is a petroleum synthetic, for example, that is effective for its purpose even when diluted in a ration of one part in 100,000,000; it is handled in a "concentrate" of .01 per cent. The future will see 100,000-mile tires, 20,000-mile lubricating oil, 50 to 70-mile-to-the-gallon gasoline, and sealed cooling systems with petroleum-product liquids in both cars and planes.

This country has just begun to grow. If the way is kept clear, the past will seem puny by comparison with the future. The way for future achievements can be kept clear only by a steadfast resolution that in this country government must not be the sinister competitor of free enterprise. This is as true of the natural resource industries as of the smallest popcorn stand. These industries hold the future of a new frontier. It will never materialize except by the effort of free men under the stimulant of private ownership and management.

THE OLD JUDGE SAYS...

"Glad we ran into you, Judge. I was just tryin' to set Helen straight on this business about sugar. I wish you'd tell her what you told me last night down at lodge."

"Glad to, Jim. I told him, Helen, that there's not a single bit of truth to the rumor that the distillers use sugar in making whiskey. They make it exclusively from grain. Only bootleggers use sugar to make whiskey. I read an article in the paper just last week that goes to prove it. It told how a confessed bootlegger in a Federal court testified to the fact that another bootlegger, also on trial, had bought a million pounds of sugar a few years ago.

"As a matter of fact, Helen, no distiller is making whiskey today and hasn't for many months. All distillers are working night and day producing war alcohol for the government. And they make every drop of it exclusively from grain, too."

Why butter won't melt in Africa

AS EVERYBODY KNOWS, butter will melt unless you keep it cool. And the African desert isn't cool.

Nevertheless, the Americans who are fighting there carry butter—and it doesn't melt.

It doesn't melt because it's fortified with a fat which has a high melting point. The result is a butter which can be packed in a can, like beans or beef, which will not melt and will keep indefinitely.

You might think that our soldiers could get along without butter They could. But—they don't have to. Butter is good for them and Uncle Sam is seeing to it that American soldiers are the best-fed, best-equipped, best-cared-for soldiers in the world!

The next time you come inte our store and can't buy exactly what you want remember this story about butter. It's not only butter that's going to our soldiers—it's sugar, coffee, meat, cheese.

We are just as anxious to serve you with the foods to which you have been accustomed as we ever were, and we'll be doing it after Victory.

But until then, until the Axis is defeated, our's is another job.

Let's pull together for Victory and a lasting Peace.

Watch It!

Don't Neglect Coupon No. 17

Right now is the time to check your Ration Book No. 1 and determine whether or not your No. 17 coupon (good only for shoes) has been spent. If it hasn't, you have until Tuesday, June 15, to use it. After that date it is worthless.

Any Member of Family May Use It

If you do not need shoes yourself and have not used your coupon, it is possible, under the law, for you to give the coupon to any member of the family needing shoes. In this way, children or men who work in the shop and wear more shoes may obtain the needed coupons.

We Have Shoes For The Entire Family

Whether it's shoes for the children, work shoes for the men, dress shoes for the ladies, we have what you need. For the men who are looking for supreme quality, we suggest Florsheim—the king of style and comfort.

No second chance...no other choice

FOR THOSE WHO FALL and freeze on the lime-covered floors of the cattle cars that carry them to German labor camps—there is no other choice.

● For the little children of Tepelini and Salonika and Athens who wait with swollen stomachs for the food ship that never arrives, there is nothing else to do—but wait.

For the Russian peasant with no choice but to burn his home before the Nazis reached it; for the Chinese of Nanking who suffered the terrorism of the Jap; for all of those in nameless graves and numberless cells—for *all* of them—there was no second chance, no other choice.

But for *you*—a choice still remains. For *you*—among all the peoples of the world, the road to freedom is still clear.

Never before have we been able to measure the price of freedom for ourselves and our children in such tangible terms. Will you help to keep the road to freedom open? Will you invest—*all you can*—in War Bonds?

It's not so much to ask. Many of us are making more money than we have for years: The things we'd like to buy with that money are scarce—or unavailable. So, we're asked to *loan* money at good interest—$4 for every $3 when the Bonds mature. Money to help pay for the war—keep prices down—provide peacetime jobs and peacetime goods and a generally decent world for all of us when the war is won.

Chances are you're already in the Payroll Savings Plan—buying War Bonds—doing your bit. But don't stop there. Raise your sights! Do your *best!*

YOU'VE DONE YOUR BIT---NOW DO YOUR BEST!

Child's Story Hour Is Halted For The Summer

The Children's Story Hour, conducted at the Library at ten each Saturday morning for the past five months, must necessarily be discontinued for the summer, because the Senior Service Scouts, who conducted it are expecting to be employed.

The Story Hour, begun as an experiment in Community Service, has justified its existence, workers say, and its young patrons hope it will be resumed when school opens. Since its beginning January 16, the attendance has fluctuated between thirty and sixty, and the circulation of children's books has nearly doubled. "1398 children's books were withdrawn for the period, as against 711 for the same period last year. The increase in circulation has accounted for the addition of 73 new children's books, and 54 new cards were issued to children," said Miss Edith Ingersoll, Librarian, who has whole-heartedly supported the project and volunteered her time and her services during each Saturday morning period.

The Senior Service Scouts who faithfully took charge of the project during its existence for eighteen weeks from January 16 to May 22 are Nancy Tingley, Patricia Hickey and Dolores Isaacson, in charge of the group from preschool to third graders; Dorothy Bowen and Mary Lou Carlson in charge of all those above third grade.

Some of the books which proved most popular are: Dr. Doolittle; Blueberry Mt., Mary Poppins, Thumper's Christmas and Mighty Magic.

Games were played on the library lawn at the close

Two Hour Parking Law To Be Enforced Here

Tecumseh's two-hour parking law in the business district—which has not been rigidly enforced for several months—will be enforced to the letter beginning on Monday, June 14, William J. Hanna, chief of police, said today.

The parking law provides for a two-hour limit in the restricted areas from 12 o'clock noon until six p.m. Sundays and holidays are excepted.

"The reason that we are compelled to enforce the two hour limit is because the privilege of parking is being abused," an official said. "Some cars are parked in the downtown area all day long and are never moved. We hoped that it would not be necessary to rigidly enforce the law this summer, but failure on the part of motorists to cooperate makes the action necessary."

The two-hour law was rigidly enforced here for several months and then the police "winked" at parking offenders, believing that the privilege would not be abused too often. However, after next Sunday, Chief Hanna says that there will be no more "winking."

Thursday Closing Is Started Here, Today

Beginning today, a majority of the stores and other places of business in Tecumseh inaugurated the practice of closing their doors all day on Thursday, throughout the months of June, July and August.

While a few stores and restaurants have been closing one day a week for several months, it was not until this week that the practice became town-wide.

"The Thursday closing," Wade L. Jones, secretary of the Chamber of Commerce, said, "permits merchants to catch up with their work. Almost every store is short of help and the closing day will make it possible for them to rearrange their stock, do their book work, and post their points. I am certain that the public will cooperate with the merchants by arranging their buying accordingly."

A list of the merchants and business men cooperating in the closing plan will be found in an advertisement in another page of this newspaper.

Miss Clara Waldron Tells of Work of Red Cross

The American Legion Auxiliary met Monday evening at the home of Mrs. Paul Keyser for their regular meeting which was preceded by a picnic supper with members of the Post as guests. Mrs. Al Bagshaw was assistant hostess.

During the business meeting Mrs. Bagshaw and Mrs. Bert Warren were elected delegates to the district meeting in Ypsilanti, with Mrs. C.W. Howe and Mrs. Percy Bowen the alternates. Mrs. Jack Smith and Mrs. Warren were chosen delegates to the state convention in Detroit in August with Mrs. Howe and Mrs. Marvin Watkins as alternates.

The Auxiliary also voted to pay $10 to the cigarette fund and to pay the dues of Gold Star mothers of World War II.

For the program Miss Clara Waldron gave an interesting talk on the work of the Home Service department of the Red Cross of which she is local chairman.

HEARD ON RADIO

Tecumseh residents listening to the "Breakfast at Sardis" radio program Tuesday morning at 11 o'clock, were surprised to hear the voice of Mrs. Bernard Clark, recently of Tecumseh, now of West Hollywood, Calif. Each morning a customer in the Sardi restaurant in Los Angeles, Calif., is called upon to tell of his or her former home. Mrs. Clark who was celebrating her 37th birthday, gave a brief history and description of Tecumseh, her home town and was presented with orchids.

TRIBUTE TO FORD

Employees of the Henry Ford Farms in Macon, contributed $100 in memory of the late Edsel B. Ford, president of the company. In accordance with Mr. Ford's wishes, because of his interest in the Red Cross, contributions given were turned over to the Red Cross, instead of being used for floral tributes.

The group at Macon includes 180 men from Britton, Clinton and Tecumseh.

3 Persons Die In Road Crash

JACKSON FATHER AND TWO DAUGHTERS FATLLY INJURED IN ACCIDENT NEAR ADRIAN

Three persons were killed and two others critically injured in an automobile accident which occurred Saturday morning about 7:20 on Cranes Hill south east of Adrian on U.S. 223. The dead are Lester DeWard White and two daughters, Sarah Joan, 11, and Barbara Anne, 9. The injured are Mrs. White who suffered a broken hip and other injuries and their son son Daniel, 4, who has both legs broken and seven cuts and bruises. All are members of one family and were enroute from their home in Jackson to Ohio to attend the Golden Wedding anniversary celebration of Mrs. White's parents. The injured were removed to Bixby hospital and the bodies of Mr. White and daughters were taken to the Everiss Funeral Home in Adrian.

The accident occurred when the White car going down the hill at slow speed over a rough spot, was struck in the rear by a large freight truck driven by Dale Sanborn of Saginaw. The White car in the impact was shoved in front of another truck coming from the east driven by L. R. Jenkins of Shelby, O. The White car was thrown clear of the Jenkins truck, to be run over by the Sanborn truck, on which the brakes failed to hold, and which continued over 600 feet before it came to a stop. Two other cars belonging to Alfred Trombly of Petersburg and John Laughlin of Toledo were grazed by the Sanborn truck and had their fenders damaged before the truck came to a stop. Both truck drivers were uninjured.

Mr. White has been office manager of the Jackson branch of the the past five years coming from Parkersburg, Va.

Members of the State police and the sheriffs department investigated the accident and an inquest was held Monday morning in the office of Prosecutor L. J. Hammond. The coroner's jury decided that the accident was due to failure of Sanborn to have his equipment under control and a warrant was issued charging him with negligent homicide. The inquest was conducted by Coroner Ed Braun and eight witnesses were summoned.

Sanborn said he had been a truck driver for 10 years but had worked for the Associated Lines only four days. In that time he had made two complete round trips between Toledo and Battle Creek and was on his third full trip when the accident occurred. He had very little sleep for 24 hours but declared he was wide awake at the time of the accident. He had stopped the truck and trailer two miles west of the accident and his brakes had worked perfectly but worked only partially at the time of the crash. Later a broken hose connection was discovered which mechanics said lessened the braking power of the truck as much as 50 percent. Whether this happened in the crash or before is not known.

Local Police Officers To Attend FBI Meeting

In quarterly conference held all over the nation, law enforcement officers have been meeting with representatives of the Federal Bureau of Investigation in an effort to plan effective means of exterminating and controlling enemy fifth column activity in the United States.

These conferences, held under the auspices of the FBI Law Enforcement Officers Mobilization Plan, have increased in numbers and attendance until every community in the United States is represented. The conferences were instituted in 1939 as the result of a directive issued to the Federal Bureau of Investigation by President Roosevelt.

In the Eastern District of Michigan conferences will be held at Algena, Bay City, Saginaw, Lansing, Battle Creek, Jackson, Ann Arbor, and Detroit. These Quarterly Police Conferences are being conducted under the supervision of John S. Bugas special agent in charge of the Detroit Field Division of the FBI.

Law enforcement officers from Hillsdale, Lenawee and Jackson Counties will meet with representatives of the FBI at the Jackson high school auditorium on Tuesday, June 22, at 7 p.m. All law enforcement officers including auxiliary police are urged to attend.

Lenawee County Sheriff Elmer Bringman and chief of Police Louis F. Gersend of the Adrian Police Department have announced that the Quarterly Police Conference will be considered a regular meeting of their respective auxiliary police organizations. Chief William Hanna of Tecumseh also will attend.

WHY WERE SAINTS, SAINTS?

Over a certain man's desk is a motto which is a daily reminder of what is needed in these trying times. It reads:

"Why were the saints, saints? Because they were cheerful when it is difficult to be cheerful; patient when it was difficult to be patient, and because they pushed on when they wanted to stand still, and kept silent when they wanted to be disagreeable. That was all. It was quite simple and always will be."

The days of the saints are not past. The need for saintly people was never greater. The tragedy of defeat brings its own courage for moments of crisis, but the road upward to victory is honeycombed with pitfalls for the unwary. We need now and will need even more when we face the great problems ahead of us before peace is established, leaders and followers who are alike moved by unselfed devotion to the highest ideals.

We will have need of cheerful people, those who can be cheerful when it is difficult to be so, who are more interested in bringing happiness and prosperity to others than in getting what they themselves want.

We will have need of patient people, those who can wait under difficulties, who do not need to rush through to the end, who must have everything happen at once as they want it, and who must live now as they think they should.

We will have need of preserving people, those who will push on when they are so tired they want to stand still, who will carry through the task before them even when heart and body fail, who do not give up under fire of criticism or complaint.

We will have need of thoughtful people as well as those who know when to talk and when to be still. We will have need of agreeable people, those who are trained in the habit of being kind and courteous even when tempted to be disagreeable. We will have need of self controlled people, those who will not fall into the traps of hatred toward any group, whether it be of class or creed or color.

Call them saints if you will, it is those kind of people we will need, that we do need today, and it is the kind of saintliood that is within reach of every one of us. It is a daily task, a daily problem. Try it one day, and the next, and the next. You may fail every now and then. We all do—but, if we keep on trying, the effort will become a habit and we will find our problems solving themselves.

Why were the saints, saints? Because they kept on living what they believed. It was quite simple and it always will be.

BECKER-JACKSON

Juanita Jesnette Jackson, daughter of Mr. and Mrs. Richard Jackson of Tecumseh, and John Leon Becker, son of Mr. and Mrs. George Becker of Tipton, were united in marriage Saturday evening, May 29, in the Grace Evangelical Lutheran church which was beautifully decorated with lilacs, iris and peonies. Rev. R. W. Scheele performed the double ring service. Preceding the ceremony Miss Marie Wintersteen played several organ selections; Mrs. Charles Difill sang two solos, "Oh Perfect Love" and "O Promise Me" and Rev. Scheele gave a brief wedding address. Miss Wintersteen played the Wedding March from Lohengrin as the bridal party entered the church. Miss Jackson was preceded to the altar by the little flower girls, Barbara Joan Meyers and Joan Smith, both in floor length gowns of lace point organdy in pastel pink. Each wore a pink rose in their hair and carried a heart shaped pillow bearing a ring.

The bride wore a floor length gown of white satin, princess style with sweetheart neckline and long sleeves, and a fingertip veil of illusion net with a tiara of seed pearls. She also wore a strand of pearls, the gift of the groom and carried a bride's bouquet of white roses and fern tied with white tulle and satin.

Mrs. Lloyd Allen, attending her sister as matron of honor, wore blue marquisete with yellow roses in her hair and carried a bouquet of yellow roses. Miss Herma Wellnitz and Mary Lou Boyd were bridesmaids, and both wore identical gowns of yellow marquisette jersey with arm bouquets of pink roses and with pink rosebuds in their hair. Ernest Lamkin was best man and Wayne and Clifford Jackson the ushers.

Mrs. Jackson wore for her daughter's marriage a two piece dress of navy and white and a corsage of Johanna Hill roses. Mrs. Becker wore powder blue with white accessories and a shoulder bouquet of Talisman roses.

A reception for 60 guests was held in the church parlors following the ceremony. Tables were centered with spring flowers and lighted by pink and white candles. The bride's table was centered with a 3-tiered wedding cake topped with a miniature bride and groom and surrounded by lilies of the valley. Those serving were Misses Beverly McGinnis, Virginia Carl, Mary Tuckerman, Myrna Lughee and Mrs. Frederick Miller assisted by Mrs. Ray Tuckerman. Guests attended from Tecumseh, Onsted, Tipton, Britton, Brooklyn, Palmyra, Jackson, Cement City, Milan Somerset Center, Detroit and Fremont, O.

The bride is teacher at the Pink school near Tipton. After a short trip they will make their home west of Tipton where Mr. Becker is engaged in farming.

THE OLD JUDGE SAYS...

"I can't think of anything else you'll need for your Victory garden, Judge... you've got pretty nearly everything."

"I think so, too, John. Ever get your asparagus patch going?"

"I gave that up last year, Judge. Tried it six years in a row with no luck. Just haven't got the right soil, I guess?"

"Well, I think you're wise, John... no use keeping on trying things you know won't work. Just like prohibition. State-wide prohibition has been tried in this country seventy-two times in the last ninety years. It has been adopted forty-seven times in the past thirty-three years and discarded everywhere except in three states. Same thing was tried in eight provinces in Canada and in Norway, Sweden, Finland and Russia but it was an admitted failure and universally abandoned.

"The reason is *prohibition does not prohibit.* All you get is bootleg liquor instead of legal liquor, plus no end of crime and corruption."

IT'S not much to do . . . but every bit helps these days, that's why more and more patriotic and wise homemakers are ordering their coal now instead of waiting for Autumn to come around and catch them unprepared! By ordering your winter's supply of coal now, you release vital transportation facilities for our fighting men and safeguard your family's health; an important factor in the welfare of America. Uncle Sam wants you to order as much coal as you will need to see you through the winter in comfort and health . . . but order it now when there is not a rush on train facilities. You get the same, high grade quality coal as always when you buy early, and are doubly assured of obtaining as much as you need—before you need it! Our coal prices are low and in line with your war-time policy of economy.

Place your order today for our clean burning coal. Call 140 and we'll have your coal delivered as soon as possible. It's your patriotic duty to order coal now!

ALUMNI BANQUET HELD FRIDAY

The annual banquet and reception of the Clinton Alumni Association was held Friday evening in the school gymnasium where dinner was served to 100 guests by the members of the Order of the Eastern Star.

The tables were effectively arranged in a large V for victory and at the point a long table was placed for the incoming class. At the upper part of the V was a table banked with flowers to conceal an electric fan that kept the flag waving throughout the evening. A green and white color scheme was carried out in candles and holders and orchid and purple iris were used in low bowls on all the tables.

Charles Parker acted as toastmaster and introduced Miss Donna Linden, association president, who gave the welcome to which Willard Van Tuyle, 1943 class president, responded. Miss Roberta Hornsby played a piano selection and toasts were given by Mrs. Eva Winder, W. P. Van Tuyle and Mrs. Ella Tuttle Matteson of Adrian. A solo was sung by Miss Doris Jean Gilman. The evening's program opened with group singing and closed by the singing of the national anthem.

At the beginning of the program the association secretary, Mrs. Woodrow Hunt of Onsted, read the honor roll of graduates in their country's service, comprised of 93 boys and one girl, and every guest present was requested to offer silent prayer for those on the list.

Twenty members of the 1943 graduating class were made members of the association at this time.

During the business session these officers for 1944 were elected: president, Mrs. Arthur Rudel; vice president, Mrs. Burton Stadler; secretary, Mrs. Harold Calhoun; treasurer, Miss Mary Fox.

A group of about 25 women met at the library recently and organized a Blue Star Mothers Club to be composed of mothers and foster-mothers of men in the armed services.

The following officers were elected: Mrs. D. W. Sell, president; Mrs. J. R. Foreman, vice president; Mrs. Arlo Warner, recording secretary; Mrs. Elmer Brown, treasurer; Mrs. Frank Rawson, corresponding secretary; Mrs. E. H. Meyers, chaplain. Mrs. Sell appointed Mrs. Henry Werth, Mrs. Francis Baird, Mrs. Samuel Englehart and Mrs. Clyde Way as a ways and means committee.

The group decided to do Red Cross work every Thursday evening at the Red Cross rooms and to hold a regular business session the third Thursday evening in each month.

CLASS ELECTS

The Methodist Semper Fidelis Sunday school class met recently at the church for a pot luck supper and business meeting. Officers elected were Mrs. John Knight, president; Mrs. Arthur Rudel, vice president; Mrs. Francis Peters, secretary; Mrs. Merritt Chase, treasurer. Sunday school lessons were reviewed by Mrs. E. H. Meyers, leader.

The June meeting will be held at the home of Mrs. Harold Every, with Mrs. Maurice Martin assisting.

DIEDRICH-FURGASON

Marie Furgason, daughter of Mr. and Mrs. F. A. Furgason, of Clinton and Carl L. Diedrich of Cleveland were married May 22 in Cleveland where they will make their home.

WOMAN'S UNION ELECTS

The Woman's Union of the Congregational church has elected the following officers: Mrs. Albert Geiger, president; Donald O'Hara, vice president; Mrs. Clyde Greenfield, recording secretary; Mrs. L. C. Weaver, treasurer; Mrs. Harry Werth, corresponding secretary; Mrs. John Stewart, parish chairman; Mrs. C. L. Kimball and Mrs. F. R. Kaiser, world service.

WOMAN'S CLUB CLOSES SEASON

The May meeting of the Clinton Woman's Club was held at the library room Thursday afternoon beginning with a cooperative luncheon at 12:30 o'clock. Mrs. L. C. Weaver conducted the business session at which officers read their annual reports. The women also talked about providing recreation facilities for young people this summer. The name of Mrs. Guy Cooper was added to the membership list. Mrs. Weaver gave a report of the State Federation of Women's Clubs convention, Mrs. E. E. Hoyt of the county federation and Miss Bel Plummer, Mrs. Ella Finney and Miss Grace Davis of the Adult Education Institute. This was the final meeting until October.

$200.00 worth of poppies were sold by Boy Scouts and Girl Scouts Saturday during the Poppy Day sponsored by the American Legion and Auxiliary.

ADDRESSES ROTARY CLUB

The Rev. E. T. Rodda gave a talk on "Why I Am An Episcopalian" at the Rotary club meeting Thursday evening. The club selected Donald Dressellhouse to attend the Wolverine Boys State at East Lansing. The guests were Lester Rogers, M. L. Dannells, George Green and John Larsen of Tecumseh, Newton Foreman of Homer, Ill., and Reid Woodward of Carleton.

Thirteen billion dollars—the sum the Treasury must raise in the Second War Loan drive, is only one sixth of the estimated cost of the war for the fiscal year of 1943.

April 12, 1943

The Honorable President and Trustees,
Village of Tecumseh,
Tecumseh, Michigan.
Gentlemen:

Pursuant to engagement, we have made an audit of the books of account and records of the VILLAGE OF TECUMSEH AND THE TECUMSEH CEMETERY ASSOCIATION for the period February 21, 1942 to February 20, 1943.

In connection therewith, we have reviewed the system of internal control and the accounting procedures of the Village of Tecumseh and Cemetery Association, and without making a detailed audit of the transactions, have examined or tested accounting records and other supporting evidence, by methods and to the extent we deemed appropriate.

Verification of the Securities, in the Perpetual Care of the Cemetery Association, was made at April 9, 1943. Securities are shown in the Inventories at face or nominal value, without present appraisal.

We certify that, in our opinion, the attached Condensed Statements of Receipts and Disbursements of the Village of Tecumseh and of the Tecumseh Cemetery Association present the result of the transactions for the period under review, as further explained in our Audit Report dated April 12, 1943, which forms a part hereof and is on file at the Clerk's office.

Respectfully submitted,
ROBERT G. FULLER & COMPANY,
Certified Public Accountants.

THE TECUMSEH HERALD

NINETY-THIRD YEAR—NUMBER THIRTY-EIGHT | TECUMSEH, MICHIGAN, THURSDAY, JUNE 17, 1943 | FIVE CENTS PER COPY

$77,000 Boost In Town Value

ASSESSED VALUATION OF TECUMSEH TOWNSHIP IS NOW $3,133,380

An increase of about $77,000 in the assessed valuation of the township of Tecumseh was approved by the Board of Review, which ended its session this week. The total assessed valuation of the township now stands at $3,133,380 as compared to $3,056,140 a year ago.

The greatest increase in valuations came in the category "farm personal property" due to the assessment levied by the township on the Panhandle and Eastern Pipeline Company's line located east of the village. The Pipeline's assessment amounted to a little more than $43,000.

Village real estate this year is valued at $2,057,950 as compared to $2,031,300 a year ago; village personal, $260,800 as compared to $262,100 last year; farm real estate at $688,750 as compared to $684,850 in 1942; and farm personal at $125,880 as compared to $77,890.

The assessed valuation statement shows a jump in village real estate values of about $25,000 and a decrease in village personal property of a little less than $2,000. Farm real estate values jumped only about $3,900.

The tax rate for the township will not be fixed by the equalization committee and the board of supervisors until next fall. The village tax rate will be determined when the council meets in regular session, next Monday evening. The finance committee of the council is expected to meet this week to recommend a tax rate but it must be confirmed by the council.

In Tecumseh, the rate last year was $14 per $1,000 assessed valuation. It was said today that the rate would not be increased over last year's figure and that the committee was endeavoring to determine whether or not a cut might be possible.

Tells Part Concrete Plays In Improvements on Farms

The important part that concrete plays in the hog raising industry was explained to members of the Rotary club on Tuesday by Roger Gleason, executive vice president of the Wolverine Cement Co., Coldwater, when he spoke on Tuesday, following the club's regular noon-day luncheon at Brees House. He illustrated his talk with colored motion pictures.

Mr. Gleason and Robert Byron, also of Coldwater, were the guests of R. H. Moore, who had charge of the program, P. E. Russell of Fremont, Ohio, also was a guest.

The Tecumseh Products Company's harmony quartet, composed of W. S. Costigan, Neil DePuy, Leonard Welssner and Wiley Mc. Cann, sang several numbers. The quartet goes to Chicago this week end to enter in the SPEBSQSA contest, at the Morrison hotel. There are 95 quartets from all parts of the United States entered. The SPEBQSA is a society for the furtherance of barber shop quartets.

MISS JEAN RICHARD WEDS H. B. JOHNSTON

Miss Jean Richard, daughter of Mr. and Mrs. Cloyd Richard of Jasper, formerly of Tecumseh, and Hernie B. Johnston, son of Mr. and Mrs. Verne Johnston of Morenci, were married Saturday evening, June 12, at the home of the bride's parents by the Rev. H. J. Salmon of Morenci. Their attendants were Miss Katherine Simpson of Seneca and James Marlatt of Weston.

A reception for 30 relatives was held following the ceremony.

They will live on a farm near Morenci.

IN PITTSBURG WRECK

Gerald Allen of Tecumseh was one of those injured in the bus and street car collision in Pittsburg, Pa., Monday. One man was killed, 70 injured, all but four seriously.

Allen who was on his way home from New Jersey, suffered minor injuries to both legs and one shoulder. After treatment he was released and arrived home Monday night.

PIANO DECITAL

Mary Jane Hayden, Dorothy Jean Brandt, Sally Brown, Gay Larsen and Joyce Sallows were in Adrian last evening where they took part in a piano recital by pupils of Miss Irene E. Murphy. Mary Teresa Sack and Allen Dale Bender, formerly of Tecumseh, also took part in the recital.

FATHER DIES

Mr. and Mrs. N. L. Hart were called to Escanaba Tuesday by the death of his father which occurred that day. Mr. Hart who had spent some time here with his son had gone to Escanaba only a week ago. He had been ill for some time.

Price of Butter Rolled Back Five Cents a Pound

The retail price of butter in Adrian and Lenawee county was rolled back five cents a pound by the Office of Price Administration effective June 10.

This new price applies to the sale of butter at retail regardless of when the store purchased the butter or what price was paid by the retailer.

This would make the retail price of 92-score butter in the independent stores approximately 51c a pound. The price at chain stores and larger markets should be lower This new price applies to the sale of farm butter also.

Housewives who feel that they have been charged more than the ceiling price should report the matter to the War Price and Rationing Board in Adrian, it was said.

Children Give Church Programs

SUNDAY SCHOOLS TAKE CHARGE OF SERVICES AT CHILDREN'S DAY ON SUNDAY

Children's Day was observed Sunday in the local churches with combined Sunday school and morning worship services and programs by the various departments of the Sunday schools.

Rev. N. MacNaughton pastor of the Methodist church preached on "Our Obligation to the Child" after which a Children's Day program was presented. Those taking part were Marlene and Gary Lykken, Judy VanWinkle, Ruth Ann Coates, Wilma Bumpus, Flora Nixon, Barry Falk, Donald and Joyce Partridge, Jimmie Dewey, Gary Underwood, Virginia Snyder, Bruce Falk, Nancy Sherrard, Dorothy Dewey, Sally Jo Rentschler, Mary Nixon, Lanet Lykken, Ardyth Eaton, Mary Hallie Price, Billy Snelbaker, Stephanie Davis, Donald Morgan, Sharon Lee Muir, Louis Underwood, Ruth Goodacre and Roberta Baxter.

At the Baptist church a Children's Dedication Service was held and the program included recitations by Betty Lou Bird, Billy Starkey, Shirley Watson, Linda Sisson, Kay McClure, Phyllis Butler, Robert Bird, Brice Toland, Shirley Snyder, Larry Starkey, Joe Rockwell and Roger Butler; vocal solos by Barbara Starkey and Grace Moore, selections by the boys choir and by the girls choir and the Dedication service, with invocation and benediction by the pastor and prelude and postlude by Mrs. Robinson.

Lenore Larsen reigned as queen of Children's Day at the Presbyterian church, and each department participated in the program, which also included selections by the Boys chorus and the young peoples orchestra. Solo parts were taken by Barry Freckelton, Betty Jo Hanna, Jimmy Hartsell, Nancy Wilson, Cynthia Spafford, David Lott and Jimmy Hite. Each child brought flowers which were placed in a cross as a ceremonial to Children's Day.

NATIONAL WAR FUND GIVES AID TO SOME 60,000,000

War services financed by the National War Fund will aid upwards of 60,000,000 persons, it is estimated according to Prescott S. Bush, national campaign chairman. This is in addition to home-front services for health, welfare and recreation, which are supported through local united campaigns carried on in many communities in conjunction with the National War Fund campaign next fall.

These 60,000,000 are reached and served in some way on the military front and on the United Nations fronts, by one or more of the agencies participating in the National War Fund, which are as follows:

USO, American Social Hygiene Association, United Seamen's Service, War Prisoners Aid, YMCA; British War Relief Society, United China Relief, Queen Wilhelmina Fund, Greek War Relief Association, Polish War Relief, Russian War Relief, United Yugoslav Relief Fund, U. S. Committee for Care of European Children, World Emergency and War Victims Fund, YWCA; French Relief Fund, Norwegian Relief, Belgian War Relief Society, National CIO War Relief Committee, United Nations Relief of the AFL, Refugee Relief Trusteeship.

The national goal sought by the National War Fund is $125,000,000, for aid on the military front, and the United Nations front. American citizens will be asked to contribute through their local united campaigns, not only to the National War Fund, but to "home defense" welfare services in their own communities.

Miss Gwendolyn Kring Bride of Harry Beland

Miss Gwendolyn R. Kring, daughter of Mr. and Mrs. S. R. Kring and Harry F. Beland, son of Mr. and Mrs. Clare Beland, all of Tecumseh were married last evening at a ceremony held in the Baptist church. Rev. O.V. Robinson read the marriage service in the presence of more than 100 friends and relatives.

Preceding the ceremony Miss Kathleen Powell sang "I Love You Truly" and Mrs. O. V. Robinson at the piano and Herbert Fisher, violinist, played The Wedding March. The bride who was given in marriage by her father was attended by Miss Joyce Sallows and her brother Si Kring, Jr., attended Mr. Beland as best man. Patricia May Froelich was flower girl and Richard Froelich ring bearer. Douglas Murdoch and Archie Porter were ushers.

Later a reception was held in the church parlors where the guests were served by Misses Clara Belle Kerr, Margaret Zick, Theone Eggleston and Isabelle Hamilton.

Mr. and Mrs. Beland left on a short trip and on their return Mrs. Beland will remain with her parents. Mr. Beland who was inducted into army service will report at Ft. Custer June 25.

Both are graduates of Tecumseh high school, the bride in this years class and the groom in 1940. Previous to his army induction he has been employed at Willow Run.

Man, 20, Drowns At Hayes Park

WAS WADING WITH FRIENDS AND STEPPED INTO DEEP HOLE IN LAKE

Harold Simon, aged 20 years, of Ida, Michigan, lost his life by drowning Sunday at Hayes State Park Beach at Wamplers Lake, where he was spending the day with a party of friends from Monroe and Ida. Simon and Redford Prochnow of Monroe, one of his companions, were wading near the diving dock when Simon shouted and sank out of sight. The body was recovered 15 minutes later by Raymond Rumsey of Onsted. Wilbur Richards and Edward Fowler of Ypsilanti, who found the body lying on the lake bottom, Simon who could not swim, evidently had stepped into deeper water unexpectedly.

Michigan State Police arrived and artificial respiration was attempted and the resuscitator from Clinton was used but after two hours effort Dr. W.B. Hornsby of Clinton pronounced Simon dead. Coroner E. M. Braun of Adrian investigated and decided death was accidental. There will be no inquest.

The body was taken to the Hause Funeral Home in Clinton and later taken to Ida.

Forcing the Sale of Ice or Sherbet is Now A Violation of OPA Law

Requiring a customer to buy a certain portion of ice or sherbet when that customer desires only ice cream is a violation of OPA law and is forbidden, a statement from the Office of Price Administration declares.

The OPA statement, which followed an investigation by officials at Adrian, is as follows:

"Some confusion has arisen in regard to the new OPA regulation on the sale of ice cream.

"It is strictly a violation of OPA regulations for any person in the sale of ice cream to require a purchaser to buy a certain portion of ice or sherbet, when asking for ice cream.

"This pertains to ice cream in packages; ice cream sundaes or sodas; ice cream cones or the sale of ice cream in any other manner.

"The new price panel which has recently been set up at the War Price and Rationing Board is checking the stores in Adrian and Lenawee County this week in regard to this matter.

"Ice cream manufacturers and wholesalers in all territories have been notified by OPA that it is a violation of the law to attempt to force a retailer to purchase ice cream along with any other product of a similar nature. The intent of the law is that "Tying-in" agreements are strictly prohibited in any form. This means that no person can be forced to buy a product that he does not order, in order to get the product that he wants."

FBI CONFERENCE

June War Bond Quotas Are Under Totals for May

Tecumseh's June War Bond quota has been fixed at $28,000 or $4,500 under the May quota, it was announced this week by C. L. Robertson, Lenawee chairman.

Other quotas in this area are: Britton, $2,000; Clinton, $10,800; Onsted, $2,600; Ridgeway, $200.

The Lenawee county quota is $256,000.

Tecumseh lacked a little more than $1,000 to make its May War Bond quota, it has been announced. The local quota was $32,500 and sales locally amounted to $31,087.50. Of this amount, all but $1,818.75 were sold through the United Savings bank. The balance was sold through the postoffice.

In this area, Onsted sold $5,268.75 against a quota of $2,700, Clinton with a quota of $11,000 sold only $7,575 and Britton sold $1,406.25 against a quota of $2,200.

Lenawee's quota was $272,000 for the month and sales county-wide amounted to $251,852.50, a drop of $20,147.59 under the quota.

Rev. Opal E. Berger Weds The Rev. Harold Speer

Rev. Opal E. Berger of Tecumseh, daughter of Mr. and Mrs. Karl Berger of Curtice, O., and Rev. Harold Speer of Severy, Kansas, were married Thursday evening at the Glad Tidings Tabernacle in Toledo by the Rev. Wesley J. Domm using the double ring service. Nearly 200 friends and relatives attended.

Preceding the ceremony "The Lord is My Shepherd" was sung by a male quartet and a ladies duo sang "Together", with Mrs. Domm as accompanist. Mrs. Daisy Duberly of Tecumseh played the Wedding March and the bride, who was given in marriage by her father was attended by three sisters, Ethel as maid of honor, Gladys and Ruth as bridesmaids. Rev. Speer was attended by Elroy Berger brother of the bride as best man. Other attendants were Walter Berger and Douglas Hosley cousins of the bride. Ushers were Lloyd Behn of Martin, O., and Ellsworth Anderson of Toledo.

The bride's gown was of white chiffon, lace trimmed, with a train and veil and she carried a shower bouquet of white carnations and larkspurs. The maid of honor wore powder blue, and the bridesmaids were in yellow and aqua, each with corsages in pastel colors.

Following the ceremony a reception for 150 guests was held at the Navarre Park Shelter House and the couple were presented with a shower of gifts.

Rev. and Mrs. Speer have returned to Tecumseh, where the bride has been pastor of the Gospel Tabernacle for nearly two years. Her husband will now take the pastorate and she will be his assistant. They will make their home with Mrs. Maude Cummings on West Pottawatamie street.

Need Teachers For Local Jobs

BERKHOF IS HAVING DIFFICULTIES IN FILLING VACANCIES IN STAFF

Four vacancies in the Tecumseh public school's teaching staff, three of them in the high school, are giving W. L. Berkhof, superintendent, no little trouble, his office here declared today.

"There is a distinct shortage of teachers state and nation-wide," a spokesman said, "and today schools are bidding against each other for teachers. The result is that many teachers who heretofore taught in small schools are finding jobs in metropolitan areas, and the small schools are finding it difficult to fill their positions."

Paul Johnson, local science teacher, has left the system to accept a lieutenant's commission in the Navy. Neville Hart, commercial instructor and football coach, has been accepted for Army duty and he expects to be inducted into service some time this month. Miss Louise Van Dommelan, physical education instructor, has accepted a government call to Walter Reed Hospital, Washington, and Mrs. Alice Hamilton, first and second grade teacher, has accepted a contract with the Britton schools.

Up to this time, Mr. Berkhof said he had been unable to find anyone to fill the vacancies here.

Mr. Berkhof declared that the school would continue to offer its war-time program of education, stressing subjects that best fitted the students to war work. This pre-induction program includes aeronautics, science, etc.

The school's athletic program also will be speeded up, the superintendent said, to meet the needs of boys and girls who may be called for military service.

Help Shortage Hits Garages

APPEALS IS MADE FOR PART-TIME LABOR TO KEEP CARS ON HIGHWAY

A shortage of help in local garages and filling stations that threatens to cripple necessary motor traffic unless relief is obtained was forecast here today by Charles O. Butler, of Butler Motor Sales, one of the largest Ford service stations in Lenawee county.

"The average motorist doesn't realize what the service station operator is up against," Mr. Butler said. "Take our own case, for instance. We are operating with only one full-time man in our repair department. For the most part, I am operating the gasoline service station, and when I'm not busy pumping gas or waiting on a customer, I find plenty to do in the greasing, lubrication and tire departments."

Mr. Butler says that practically every garage and service station that he knows about is much in the same boat. Owners are doing as much of the work as they can with the aid of one or possibly two men and as many teen aged boys.

"The situation is really critical," Butler continued. "Unless we get some help from somewhere I can foresee a breakdown in the garage repair business. All cars are getting older, tires are getting thinner, and repairs in all departments are increasing day by day. As the months go on the repair business is going to be a terrific headache, because everybody's car is going to need more and more attention and for the life of me I don't know where we are going to get the men to do the work.

"The trouble with the garage business," Butler said, "is that we are forced to compete with war plants in wages and our retail prices are frozen as of March 1942. We can't get any more for our work now than we did a year ago in March, but we're paying about double for our labor."

The only hope for the industry, Butler believes, is for war plant workers whose shifts are arranged to permit it, to go to garages and inform operators that they are willing to work three or four hours daily, as they can to help keep necessary cars and trucks on the highway."

"As I see it," he said, "it's a mechanic's patriotic duty to help out in times like these. Garage owners will be glad to pay all the wages that they can to these extra men and I know that the motoring public will be very grateful, too. If garages can get this kind of help they'll be able to keep trucks and cars in service for the duration. If not, well, the public's guess is as good as mine."

THE FAMILY WASHTUB

We have read much of the attempts of the War Production Board to make available to the civilian population increased quantities of civilian goods in which shortages have become critical. For example, it is difficult for the average person to realize the function of the galvanized washtub to millions of our people. Over half the homes of America are without bathrooms, and the galvanized tub, used for laundry, is the only bathing facility for the family. Despite this need, however, there has been for many months an acute shortage of large galvanized tubs.

This situation is cited to illustrate the importance of renewing supplies of essential domestic items which the majority of our citizens must eat, wear, and use in order to maintain the morale and health of the country. Only the local storekeeper and the people affected know the importance of such items.

Mistakes were inevitable in establishing any rationing program of food and commodity supplies, but the time for correction has arrived, and washtubs point the way.

THIS MEANS ME

The Office of Defense Transportation advises that non-essential travel for other than vacation purposes must be wholly eliminated, and that vacations should be spent at home or as near home as possible. Director Eastman of the ODT asks the public to "avoid overnight trips, travel on day coaches, and carry box lunches on the trains, so as not to add to the strain on Pullman and dining car facilities—carry as little baggage as possible . . . Be prepared to expect delayed arrivals, crowded conditions and lack of the usual travel comforts. The cooperation of employers and of individuals in . . . minimizing vacation travel . . . is urgently necessary. . . .

"There is no pleasure in giving such advice as this, and I know that many will find it difficult to realize that there is need for it. If they will think for a moment of what the induction, training, and final embarkation of many millions of servicemen means in the way of a load upon our railroads and busses, combined with the continued travel of these men on furlough and leave, of service women, and of relatives and friends, plus the extraordinary business travel which the tremendous productive activity of the country requires, and if they will also bear in mind that the railroads and bus lines have been given practically no new equipment and have lost the help of the private automobile, I think they will understand what we are up against.

"Many will approve the advice as good for the other fellow, but will regard a personal pleasure trip now and then as a harmless exception. The advice will do no good unless everyone will realize that it means me and applies today as well as tomorrow."

THE OLD JUDGE SAYS...

"How about joinin' us in a game, Judge?... I'll drop out for a while."
"Sorry, Phil, but I can't today...I'm on my way up to the hospital to see how Frank's wife is coming along. I just dropped by to give you the answer to that question you asked me about synthetic rubber yesterday in the barber shop. I looked it up and found out that the beverage distilling industry's facilities for producing grain alcohol make it possible to include 200,000 tons of rubber from grain in the government's 870,000 ton synthetic rubber program.
"I also verified the fact that no distiller is making whiskey today. They all stopped making whiskey last year and are working night and day, 7 days a week, producing war alcohol for the government...for smokeless powder, chemical warfare materials, medical supplies, as well as for synthetic rubber. It's a mighty good thing these distilleries were in existence ready to do this important job."

Michigan Mirror

Non-Partisan News Letter

East Lansing, June 17—State Treasurer D. Hale Brake recently computed the debts of Michigan local governments and produced this good news:

Governmental indebtedness decreased $67,000,000 between June 30, 1941 and June 30, 1942. In seven years local governments have paid off approximately $100,000,000. Out of the $532 million dollar I O U's existing one year ago, $455 millions were in Wayne, Oakland and Macomb counties—the Detroit metropolitan area.

The government units include 6,353 school districts, 1, 266 townships, 309 villages, 163 cities and 83 counties.

* * *

When new restrictions are imposed on gasoline use in Michigan, don't be surprised. Unless Washington can figure out ways to get more supplies into the East, Michigan motorists will get fewer coupons and the coupon values will be deflated. Invasion requirements are said to be tremendous and shocking. Eastern Congressmen have also raised the cry of "discrimination".

* * *

Michigan Republicans are interested in the statement by Wendell L. Willkie, recent visitor in Detroit, that Michigan and Ohio were key states for 1944. Willkie's stock is reported to be increasing here, despite the Owosso boom for Tom Dewey. Possible reason: The war importance of foreign relations.

* * *

Bonus recommendation by Governor Harry F. Kelly at Columbus, Ohio: State governments should supplement federal payment to returning servicemen, but only after Washington acts. Kelly favors an "adequate" bonus payment for every veteran.

The Michigan governor's talk at Columbus stressed the theme, "we won the war and lost the peace", and he urged the Republican party to retreat from isolationism on the premise that "the United States is inescapably a part of world civilization."

* * *

Brig. General LeRoy Pearson, state selective service director, announces that 40,000 Michigan men face military service by end of 1943. Approximately 80,000 men have been deferred to date for occupational reasons.

* * *

Capt. Donald S. Leonard, state director of civilian defense, objects to federal policies restricting use of gas masks, helmets and similar protective equipment for air raid personnel. Distribution is now limited to cities. Said Leonard: "It is impossible for a bombardier in a plane three miles high to tell where a city ends and an abutting township begins." Leonard has a feud with Washington's OWI for painting a too-rosy picture of the war.

* * *

C. W. Lucas, state highway department public relations expert, decided he couldn't work for a Republican commissioner without being tagged as a "turncoat" by his Democratic friends. His new job: Assistant to Manfred Burleigh president of the Great Lakes Greyhound Lines. Lucas goes to Flint for a year, thence to Detroit headquarters.

* * *

Michigan's War Fund campaign next fall will emphasizes benefits to Michigan servicemen through the USO.

* * *

Beet sugar prospects improve with better weather. Little corn planted in southern and central Michigan, and livestock feeding problem is bound to become acute by fall. Farmers may resort to cull beans for feeding . . . Governor Thomas Dewey's emergency food committee brings a report of impending "crisis"; plowing 20 per cent completed by June 10 in New York state. . . . Farm Bureau in Battle Creek advertises for "farm army"; appeals to high school students and office workers for vacation work.

Disease-free kidney bean is developed in California by state University in cooperation with Michigan State College. A carload of bean seed was recently shipped to Michigan.

* * *

Strawberry prices will get premium prices this year—possibly double, advises Charles Figy, state commissioner. . . . Cherry price are due to rise also over 1942. Michigan canners are worried about the labor shortage; ask the regional War Labor Board to grant an increase of 15 cents an hour to cannery workers.

* * *

And don't forget to include root vegetables—carrots, beets, potatoes,—in your Victory Garden! Michigan homes will need food next winter and next spring. Plant now before it's "too little and too late."

Money Talks

Yes, money talks, but it says different things to different people.

To the thriftless it is apt to say, "Good Bye," and nothing else. But to others it says, "I am the key to the door of opportunity."

There is nothing that insures success so much as the means to attain money—in the form of a reserve of ready cash to take advantage of an opportunity.

And the most convenient way to accumulate such a fund is by making regular deposits in a savings account.

Why not come in and open your account now—and dictate what your money will say to you?

Hello Folks—

The Genie of Aladdin's Lamp is said to have worked wonders for his master, but no less wonderful are the miracles I can perform for you. Over 600,000 strong here in Consumers Power Company, my brother kilowatts and I are at your service day and night. At the flick of a switch thousands of us rush to provide light, heat and power for your great industrial plants and at the same time hundreds more are ready, waiting to protect your food, clean or light your home.

When there's work to be done just flick the switch and I'll be on the job immediately. How much do I charge? Well, even though most every living cost has increased considerably, I still work *at the same low rate* of a few cents a day, washing your clothes, sweeping the floors, protecting your food and doing hundreds of other tiring, troublesome tasks.

Look for me, you will see me in this newspaper often

The Axis Stops at Nothing. Don't stop your War Bond Payroll Savings at 10%. Every soldier is a 100 percenter. Figure it out yourself.

TO: The American People
FROM: The Secretary of the Treasury

A report on the most tremendous financing task in history - - - the Second War Loan

DURING the three weeks between April 12 and May 1, the American people tackled the biggest job of financing in the history of the world.

In these three weeks it was proposed to raise the sum of 13 billion dollars, or more than half as much as was raised by *five* drives in the first world war.

It was obvious that the task was hopeless unless the people of the nation were desperately in earnest about the war. And it was equally obvious that here was, so to speak, a thermometer by which the fervor of the people could be measured with reasonable accuracy.

This is why we believe you, as an American citizen, can take pride in this report. For it was written solely by you, the people.

The result, in dollars

Our goal was 13 billion dollars. Actually, the American people subscribed 18 billion, 500 million dollars.

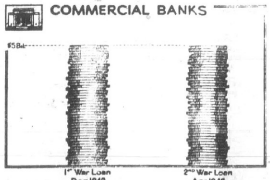
This was 90% as much as was raised in all five drives of the first world war combined.

It was, I think, as much a victory for America and the free American democracy as any military triumph.

Where did the money come from?

You will be interested in where this 18½ billion dollars came from — for every dollar invested in War Bonds is more than a purchase; it is a demonstration of faith.

The chart below shows the portion of the 18½ billion that came from commercial banks. They were eager to buy more, but were limited to set amounts:



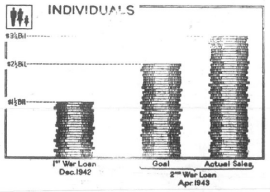
Insurance Companies and other Corporations know that there is no sounder investment than a U. S. Bond. The chart (top of next column) shows their purchases:

Naturally, it was your money that bought the bonds in the two groups above — for you are the people who put your money in banks and invest in insurance.

But how about what might be called your "personal" money.

That is a very important question, for it is vital that Americans, as individuals, buy War Bonds with all they can spare.

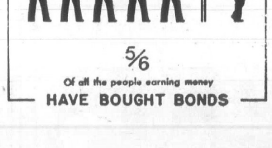
Our goal, here, was 2½ billion dollars. The chart below tells the story:



50 million bondholders

To review your record to date, almost half our entire population own at least one bond —including infants, children, the lame, the halt and the blind.

Or, to look at it in terms of those best able to buy bonds, see the chart below:

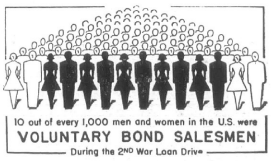


Who gets the credit?

The credit for the 2nd War Loan goes to the people.

It goes to the children who put dimes and quarters into war stamps. To everyone who bought a bond. To thousands of patriotic banking people. To advertising people who donated their creative talents. To patriotic merchants and companies who paid the bill for war bond messages. To radio stations, newspapers, movies, outdoor advertising companies, and publications.

But chiefly, perhaps, to those who turned voluntary bond salesmen — a loyal legion of patriots.



What lies ahead?

Yes, America's record is good. But we cannot become complacent — for our biggest financing job lies ahead.

In the first 4 months of this year, we raised 25 billion dollars. During the balance of this year we must raise 45 billion dollars *more*.

The war is costing us 100 billion dollars this year. Part of this will come from taxes, and the balance must come from War Loans.

You, as an American, can take pride in what you have done. You have shown the Axis that Americans on the home front, like Americans on the battle front, will do all that is required of them — and more.

But our need is great. Dig as deeply as you possibly can and invest it in War Bonds now — either through the Payroll Savings Plan or through special purchases. Don't wait for "drives."

We must win this war with bayonets — and with dollars. We who stay home in safety must provide the dollars — all that are needed. It is the very least we can do.

THE TECUMSEH HERALD

NINETY-THIRD YEAR—NUMBER THIRTY-NINE | TECUMSEH, MICHIGAN, THURSDAY, JUNE 24, 1943 | FIVE CENTS PER COPY

Two Local Men Are Now Majors

WILLIAMSON, LEONARDSON AND BEARDSLEY ARE GIVEN SERVICE PROMOTIONS

Capts. Leon P. Williamson and Douglas Leonardson, both members of the United States Marine Air Corps, have been promoted to the rank of major, relatives of the men here have been advised. The promotions come this week.

Major Williamson recently returned to his base in California after a honeymoon trip to Michigan and a visit with his father, L. P. Williamson and Mrs. Williamson. He has been awarded the Navy Cross of honor and took part in the battles of Pearl Harbor, Midway Island, Guadalcanal and Solomon Islands. He returned to the United States about 10 weeks ago and is now assigned to a base in the West.

Major Leonardson is stationed at Cherry Point, N. C., and is the son of Mr. and Mrs. Faunt Leonardson of Detroit, formerly of Tecumseh. He is the grandson of Mr. and Mrs. O. B. Leonardson of Britton. Leonardson and Williamson both received their early training at Pensacola, Fla.

William Beardsley this week also received a notification that his brother, Lieut. J. C. Beardsley, had been promoted to the rank of captain. He is stationed somewhere in the Aleutian Islands. Capt. Beardsley was home on leave several months ago.

The three promotions give Tecumseh four colonels, six majors, three captains, ten lieutenants and three ensigns now serving in the present world-wide conflict, more officers, it is believed, than from any other community in Lenawee county.

The top ranking officers from Tecumseh are Col. H. H. Hammel now at Camp Forrest, Tenn., Col. Clarence W. Hardy, Camp Carson, Col.; Col. Webster Anderson, now in Africa; Lieut. Col. John H. Anderson, Baltimore, Md.; Major R. G. B. Marsh, Camp Livingston, La; Major Edwin Williamson, Converse, Texas; Major Leon Williamson, California; Major Stuart McLain, Aberdeen, Md.; Major Douglas Leonardson, Cherry Point, N. C.; Major Arthur Brown, reserves, Tecumseh.

The captains are J. C. Beardsley, Aleutian Islands; Arthur Lepon, South Carolina; Wm. Britton, reserves, Tecumseh. The army lieutenants, R. F. Heizerman, Santa Ana, Calif.; Ferris G. Hodge, S. Carolina; R. C. Osburn, Rockford, Ill.; Ned Rosacrans, Washington; Jack Hammel, Georgia;

In the Navy, Lieut. J. G., Paul Johnson is stationed in Boston; Lieut. S. G., Jack Conklin, Washington; Ensign W. A. Wright somewhere in the Atlantic; Ensign Frederick Dickinson, New York; Ensign Raymond LaBounty, Ithaca, New York; Ensign Wayne Pence Merchant Marine.

Tecumseh also has two lieutenants in the Army Nurses Corps, Lieut. Hilda Marks, Big Springs, Texas; and Lieut. Lillis Brown, Chicago.

Civil Air Patrol To Be Organized Here

Lt. Kennth J. Dunlap of Toledo is organizing a Civil Air Patrol in Tecumseh, for Michigan Wing, as part of Adran flight. The Civil Air Patrol was formerly a part of the OCD but since April has been an auxiliary of the Army Air Force. It is a training organization for patrol work, courier service for emergencies and other defense patrols.

Any one interested is requested to contact Lt. Dunlap by writing him at Tecumseh postoffice.

FATS ARE NEEDED TO AID THE WAR EFFORT

Ralph Oliver, proprietor of the Nation-wide store, today made an appeal to the residents of Tecumseh to save their waste cooking fat and take it to their meat market.

"Our government is badly in need of this waste fat. It is refined and made into explosives, so necessary for us to fight this war. For a time local residents were bringing in fat regularly, but of late the amount has fallen off materially," Mr. Oliver said.

All that the housewife needs to do is to pour the clean waste fat into a can and when she has a pound or two, take it to her market. The fat will be shipped immediately to the refinery to aid the war effort.

CHURCH OFFICERS TRAINING

Grace Lutheran Church offers any child from 6 to 15 years of age and not confirmed, the advantage of three weeks of religious training.

Classes will begin June 28 and will be held each week from Monday through Friday from 9 a.m. until noon. Subjects treated will be Bible history, catechism, singing and other religious subjects.

Ray W. Herrick Gives Fluoroscope To Hospital

A fluoroscope was a recent gift to the Tecumseh hospital by Ray W. Herrick. The hospital staff is indeed grateful to Mr. Herrick for this timely gift, which saves time for the physicians, time of the hospital staff, and lessens the suffering of the patient because of less manipulations in many cases.

The fluoroscope has been used considerably already in the setting of fractures. In principle, the fluoroscope is similar to the x-ray used in the fitting of shoes. The physician can watch his progess in manipulations with fractures and know that bones are in proper place without having to wait to develop x-ray plates. X-rays are also used where permanent records are indicated.

Another type of use of the fluoroscope is in locating foreign bodies swallowed by small children, such as safety pins, toys, and money. Progress examinations can be made to make sure these foreign bodies do not lodge or get stuck somewhere in the gastro-intestinal tract.

Car Tax Stamps Necessary Soon

JULY 1 IS DEADLINE FOR NEW $5 MOTOR CAR STAMP. U. S. WARNS

Have you purchased new 1943-44 motor vehicle use stamp? The price is only $5.

Well, if you haven't, you have until July 1 to do so—that is, unless you intend to "lay up" your car and not drive after that date.

The federal law provides that after midnight, June 30, all motor cars and other motor-driven vehicles must have the $5 stamp attached if the vehicle is operated on the highway.

Locally, P. A. Bowen, postmaster said, there has been little activity at the use stamp window. Late yesterday afternoon, only 112 of the stamps had been sold in Tecumseh. The normal sale here, Mr. Bowen said, is about 1600.

"If people will buy their stamps this week or before the last day or two there will not be a line at the postoffice window. We can sell hundred stamps a day without any difficulty," he concluded.

Lieut. Beardsley Sees Invasion of Attu Island

An interesting article in this week's issue of "The Yank" tells how Lt. James C. Beardsley of Tecumseh witnessed the invasion of Attu Island, from his aerial seat as navigator on a B-24 bomber called the Milk Wagon. Lt. Beardsley's mission was to observe and take radio directions from the ground during the American attack and according to Sgt. Geo. N. Meyers, Yank's Alaskan correspondent the entire aerial offensive was directed from the Milk Wagon by Col. John V. Hart, chief of staff of the 11th Air Force. For the first time the Milk Wagon and other 11th Air Force bombers and fighters were supporting a full scale ground offensive.

The Yank states that Lt. Beardsley watched with delight as Col. Hart radioed his nimble Lightnings which circled for orders, then plunged boldly into the narrow valleys of Attu. The planes buzzed low over the dug-in-Japs, tossing bombs and throwing quick bursts.

Lt. Beardsley is the son of Mrs. J. W. Beardsley and a brother of William M. Beardsley of Tecumseh.

ROTARIANS HEAR TALK ON INFLATION CAUSES

Clyde A. Barber, local accountant delivered an interesting talk on inflation, its causes and effect, when he addressed the regular noon-day luncheon meeting of the Tecumseh Rotary club on Tuesday, at Brees House. Mr. Barber is a member of the club.

Guests at the meeting included Major Perry L. Miller of Adrian, now at El Paso, Texas, Dale Driscoll of Adrian, Gordon L. Carson of Grand Rapids, Yeoman Holden Sutton of New Orleans, La., Vance Ogden of Clinton and E. H. Ahrens of Tecumseh.

OBSERVES BIRTHDAY

Mrs. Clyde Bailey was hostess at a family gathering Tuesday for Mrs. G. D. Ellis of Macon who was celebrating her 80th birthday. The guests were Mrs. Ellis and Mrs. Claude Bailey of Macon, Mrs. Della Augustus and Mrs. Fred Bailey of Ypsilanti and Mrs. L. W. McIntyre and son of Clinton.

HURT IN ACCIDENT

Mrs. Thomas Dunn of Milan and Mrs. Edith Longfellow of Britton were treated at Tecumseh hospital Monday afternoon for minor injuries received when cars driven by Mr. Dunn and C. F. Goodrich both of Milan, collided east of Macon at the County line road. The drivers were not hurt.

MacNaughton To Stay As Pastor

M. E. MINISTER RENAMED FOR YEAR; OTHER MINISTERS ARE REAPPOINTED

The Rev. Norman MacNaughton will return as pastor of the Tecumseh Methodist church for another year, and was also named to the Tecumseh quarterly conference at the annual meeting of the Detroit district of the Methodist church held in Detroit during the past week.

All Methodist ministers in Lenawee County were reappointed as follows:

Adrian, John E. Martin; Addison, Rollin Center and Devils lake, Leslie C. Sarah, the only new appointment in the county; Blissfield, Herbert Brubaker; Clayton and Weston, Bertram McNally; Clinton and Macon, S. H. Berry; Deerfield and Petersburg, Donn S. Stubbs; Hudson, W. C. B. Saxmen; Morenci and Canandaigua, Harold J. Salmon; Ridgeway and Britton, A. B. Johns; Wellsville and West Summerfield, George W. Chaffee.

Dr. Samuel J. Harrison, president of Adrian College; Dr. John E Marvin, editor of the "Michigan Christian Advocate; Corley S. Ritchie, vice president of Adrian College, and Harvey J. Seifert, professor at Adrian College, were named to the Adrian quarterly conference.

Barber Shop Quartet Is Home From Chicago

The Tecumseh Products Company's Berber Shop Quartet, home from Chicago after taking part in the annual meeting of the SPEB SQSA (Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America) already is making plans to attend next year's convention. While the quartet did not place in the top five of the United States, it made a distinct hit with is song, "Sing for Victory", composed by Neli DePuy, one of its members.

The Harmonizers of Chicago won first honors at the meeting; the Kansas City Polecats second for the third year, the Mainstreeters of Tulsa, Okla., third, the Aristocrats of St. Louis, fourth, and the Harmony Halls of Grand Rapids, fifth. It was the first time that a Michigan organization had placed in the top five.

The meeting was attended by some 81 quartets from all parts of the country and at the community sing, directed by Col. Cambum of the U. S. Army, some 5,000 persons participated. The quartets in competition were heard by about 10,000 people.

The local quartet, sponsored by the Products company, is made up of Wiley McCann, Neli DePuy, W. S. Costigan and Leonard Weisaner. They left for Chicago last Thursday and spent the week-end there. The men wear white linen suits.

"Our quartet is a community affair," Mr. DePuy said, "and we will be glad to appear on programs for local clubs and organizations. There is no charge for our services."

MISS DORIS WINTERSTEEN TO WED CORP. R. E. MOHR

Invitations are out for the wedding of Miss Doris Wintersteen, daughter of Mr. and Mrs. John Wintersteen and Corp. Robert E. Mohr, son of Mr. and Mrs. Waldo Mohr, all of Tecumseh, which will take place Saturday evening, July 3, at Grace Lutheran church. Corp. Mohr is stationed at Richmond, Va.

Please Tell Us

During recent weeks, The Herald has received numerous complaints from its subscribers in the Village regarding postal delivery service. Some subscribers have complained that they did not receive their Herald until Friday, others that they received no paper at all.

That subscribers may know, The Herald is entered at the postoffice in Tecumseh on Thursday morning before the carriers leave on their routes. Subscribers in the Village, therefore, should receive their newspaper on Thursday. Postoffice boxholders should find the newspaper in their boxes during the the morning hours.

In the past few months the local postoffice has suffered as a result of the manpower shortage. Inexperienced help has been hired, mistakes have been made.

The Herald, however, desires to give its subscribers the best possible service under war-time conditions. Subscribers who receive their paper late or not at all will be doing the newspaper a service by complaining.

The Herald's telephone number is 47-8.

Several From Tecumseh To Report To Ft. Custer

Neville N. Hart, Raynor E. Hagadorn, Julius Vincze and Harry F. Beland of Tecumseh, Courtney G. Taylor of Ridgeway, Norman H. Short of Clinton and Albert L. Horak of Tipton are among the group of 25 army inductees who will leave Friday morning for Ft. Custer.

Thos H. Brooks, Jr., also one of the inductees was assigned to the Navy.

The second June group of Lenawee men will go to Detroit Friday for induction.

Change Is Made In Tire Ruling

OTHER RULING CHANGES GOVERNING VEHICLES ANNOUNCED BY THE OPA

The office of Price Administration has announced new rulings governing the purchase of tires, tire inspections, and fuel oil. The new regulations follows:

Rules under which the purchaser of a used car may qualify for a gasoline ration to operate it, even though he is unable to get a tire inspection record from the previous owner, were announced today by the office of Price Administration.

In the past, the new owner was required to turn in existing inspection record when applying to a local War Price and Rationing Board for a gasoline ration.

Under the new procedure, if the buyer is unable to present the tire inspection record, he must satisfy the local board either that;

1. No tire inspection record ever was issued for the vehicle; or

2. The buyer has been unable to get the record from the previous owner after diligent attempt."

When either condition is met, the board may issue the appropriate gasoline ration and a new inspection record for the car."

The tie-in of the inspection record with the issuance of gasoline rations gives the board an opportunity to examine the record and take appropriate action if case tires have been improperly mounted on the vehicle."

These tire registration changes also have been made:

1. A consumer in exchange for a certificate for a farm tractor or implement tire may now purchase from a dealer any of the following types of tires.

1. Farm Tractor Tire
2. Implement Tire
3. Industrial Type Tire
4. Grade III Tire

2. A dealer may deliver to a consumer any size tire or tube on a passenger tire or tube certificate. For example, if the applicant has a certificate for a 550/17 Grade I tire, the dealer is now permitted to deliver a 600/17 Grade 1 Tire.

3. An inspector may now certify on Form R-1 or R-21 a truck tire for resoaping without removing the tire from the wheel or rim.

The following notice has been sent to fuel oil dealers:

No dealer is permitted to deliver fuel oil without coupons from consumer. No consumer is allowed to accept Fuel Oil deliveries without surrendering coupons. No. 5 coupons are valid through September 30th.

Jack Kimball Dies After Long Illness

Jack Kimball, well known local carpenter, died Saturday night at Tecumseh hospital after several month's illness. He had submitted to a major operation in University hospital a few months ago and recently had entered the local hospital where his death occurred.

Mr. Kimball who was 56 years of age, was the son of the late Orren and Lucy Kimball and was born February 21, 1887 in Norvell, where he spent his early life. After coming to Tecumseh he was married to Zella Macham of Tecumseh who died three years ago. He later married Bertha Day from Pennsylvania who survives. He also leaves a brother in Iowa.

Funeral services were held Tuesday afternoon at the Collins Funeral Home with Lewis Green, pastor of the Tipton Community Church officiating. Bearers were Floyd Billington, Herbert McClure, Chauncey Harrison, Ed Prichard, Bernard Poucher and J. A. Collins. Burial was in Brookside cemetery.

SCOUT PROGRAM

HOAGLAND REUNION

The annual reunion of the Hoagland family will be held Sunday, June 27, at the home of Mr. and Mrs. William Swick at Macon.

$14 Tax Rate Is O.K'd By Council

IS SAME RATE AS THAT OF YEAR AGO; COUNCIL DIVIDES ON TAVERN LICENSE

The village council in session on Monday evening, fixed Tecumseh's tax rate at $14 per $1,000 assessed valuation. The rate is the same as that of a year ago and will raise a total income for the village which has an assessed valuation of $2,318,750, of $32,462.50. Of the total assessed value, $269,800 is personal property and the balance is real estate.

Of the 14 mill tax rate 11 mills will be placed in the general fund, one and a half mills in the highway fund, one mill in the sewer fund and one-half mill in the hospital sinking fund.

The council also considered several cases of delinquent water bills, totaling between $200 and $300 and instructed the assessor to assess the accounts against defaulting property owners as a special assessment.

The council divided its vote on an application of Mae Wallace for permission to operate under a beer and wine license at Tecumseh Tavern, 108 W. Chicago boulevard. Trustee Van Vleet moved that the application be denied and it was supported by Trustee Truesdale. When the vote was taken, Trustees Van Vleet, Truesdale and Rohweder voted to deny the license and Trustees Turnbull, Smith and Kerby voted favorably. The tie was broken and the license was denied when President J. Floyd Elliott cast his vote with the dissenting group.

The council then voted to table an application for a similar license to be issued to Lamont C. Harrington.

Tecumseh Tavern has been operated by Joseph Scholten but his license was denied several weeks ago.

President Elliott named Yale Kerby, local restaurant man, to succeed O. J. Winter as a member of the council and the appointment was approved. Mr. Kerby took his chair as the opening of the session. Mr. Winter has moved from Tecumseh to Wayne where he has accepted a banking position.

Robert G. Fuller & Co., Detroit auditors, was named to audit the books of Tecumseh Hospital. The same firm also audits the books for the village.

The salaries of Albert Bagshaw, village engineer, and Frank Hoekstra, highway department, were increased. Mr. Bakshaw's salary was set at $230 monthly and Mr. Hoekstra's at $190.

Storage of Clothing Problem For Cleaner

Every business man has his headache in war-time, but E. M. Campbell, owner and operator of Campbell's Cleaning Shop, says that he'd be willing to trade his problem with most anybody.

"For the first time in the three decades that I've been in business," Mr. Campbell said, "people seem to have more clothes than they can possibly wear. Our shop is crammed with hundreds of garments, some of them have been here for weeks and months. We are at a loss to know where to store the clothing, once it's been cleaned, and repeated appeals to our customers have failed to cause them to call for their clothing."

In reply to a query as to what he might do about the condition, Mr. Campbell said that he had two alternatives. First, he might close his shop for a week, get caught up on his work and mail letters or postcards to customers asking that they call for their clothing. The second plan, and the one that Mr. Campbell is seriously considering, is to publish an offical notice to the effect that all garments left in his shop for a period longer than 30 days will be sold for the service charges. Legally, this may be done under Michigan statute.

"I simply can't understand some folks," Mr. Campbell declared. "We have two and three suits and as many dresses in our shop for some customers and they've been here for several months. They've got more clothes than I have or else they're running around in a barrel.

"Seriously, we're having a problem to find storage space and we'd greatly appreciate it if our customers would cooperate. We don't like to invoke the 30-day storage limit, but we simply can't go on as we are. We've got several hundreds of garments now for which we cannot find storage space. If customers would cooperate our problem could be whipped in a week, and they would be doing us and themselves a genuine favor."

4-H CLUB WEEK

Annual 4-H Club week for lower Michgan will be held at Michgan State College, East Lansing, from June 28th to July 1. The "week" has been cut to a three days session because the young folks are needed to help in farm work.

Pvt. Chas. E. Anderson Killed In North Africa

Mr. and Mrs. John Anderson, who live north of Clinton on the Canfield farm, have been notified by the war department that their son Pvt. Charles E. Anderson who was sent over seas last October, has been killed in action in North Africa. Charles who was 25 years of age had been in service for two and a half years.

Besides his parents he leaves two brothers Emery who is in the Medical Corps in Maryland, and Clarence of Detroit, also a sister Mrs. Edna Novinski of Detroit.

Mrs. Mary L. Brown Dies In Britton Home

Mrs. Mary L. Brown, widow of the late Lawrence Brown, was found dead in bed in her home in Britton last Thursday morning, and it is believed her death occurred sometime Tuesday night. She had visited a neighbor Tuesday evening returning home about 1 o'clock which was the last anyone saw of her. The body was discovered by Mrs. Leonard Daykin who came to take her to the Daykin home for the day. Mrs. Brown who was 74 years of age, had lived in this vicinity all her life Coroner Ed Braun decided an inquest was unnecessary.

A son Lawrence Brown of Madison Center and a grandson are her only survivors. Mr. Brown died several years ago.

The funeral service was held Saturday afternoon at the Niblack Funeral Home and burial was in Brookside cemetery in Tecumseh.

Miss Virginia Cameron To Wed Ralph Hodges

Mrs. C.F. Sage was hostess to a party of friends Thursday evening at her home on Adrian street, to announce the approaching marriage of her neice, Miss Virginia Cameron to Ralph E. Hodges, which is to take place in July. Garden flowers were used throughout the rooms where tables were arranged for contract. Honors were awarded to Mrs. Hoyt Raymond and Mrs. Charles Parker. Refreshments were served in conclusion with Misses Mary Wright, Mary Jean Wolters, Barbara Dannells and Margaret Jane Sage assisting the hostess.

DR. RENTSCHLER ATTENDS WAR SERVICE MEETING

Dr. Truman Rentschler of Tecumseh, took a prominent part in the War Service Conference of the American Osteopathic Association, July 16 to 20 in Detroit. Dr. Rentschler served as a member in the house of delegates, which is the legislative body of the association.

The program of the conference was highlighted by new and increased public health problems of wartime, including civilian rehabilitations and physical fitness for war effort, industrial medicine, the doctor shortage and so on.

The sessions included refresher courses for doctors in such things as war and tropical medicine, obstetrcs, pediatrics and wartime and industrial surgery. Several osteopathic allied societies and specialists' boards met during and just prior to the main assembly.

GARDEN CLUB TO HOLD A PICNIC IN JULY

Tecumseh Garden Club met Friday afternoon at the home of Mrs. R. W. Herrick with Mrs. Neal Pearson presiding. During the business session Mrs. L. W. Larsen was received to membership and a report of the recent State Federation meeting in Kalamazoo, was given by Mrs. Stanley Reese of Carlton.

The program included a paper on Chinese gardens and the gardens of other allies, by Mrs. Charles Kempf, and a talk on the gardens of England by Mrs. Edward Escolme. Refreshments were served by Mrs. Herrick assisted by Mrs. C. H. Giltner, Mrs. Bertram Updyke and Mrs. Addie Lindbert.

The July meeting will be a picnic at the home of Mrs. W. Laidlaw.

EXECUTIVE MEETING

The mid-summer meeting of the executive board of the Lenawee County Federaton of Women's Clubs is being held today at the cottage of Mrs. Ella Flatt Keller at Devils Lake. Pot luck luncheon at 12:30. Department chairmen will be announced and plans discussed for the coming years work.

DEGREE CONFERRED

Tecumseh Lodge, Knights of Pythias, met Tuesday evening and conferred the third rank on a class of candidates.

About 25 members attended the morning service at the Presbyterian church Sunday.

TO MEET FRIDAY

The Presbyterian Missionary Circle will meet Friday afternoon at the home of Mrs. Martha Murphy.

Rural District Gains In Favor

CENSUS FIGURES SHOW THAT POPULATION SWING IS AWAY FROM THE LARGER CITIES

BY GENE ALLEMAN
(Special To The Herald)

East Lansing, June 24—For more than a generation there has been wailing about the future of small town and rural America.

Michigan has had its share of tear-shedders.

Last Saturday we attended a war conference of the National Editorial Association at Cincinnatti, and we heard a remarkable talk about the American Main Street—those thousands of small towns of less than 10,000 population scattered from coast to coast, from Canada to the Gulf—and their surrounding farm regions.

The speaker was the publisher of a small town newspaper. L. A. Rossman, publisher of the Herald-Review at Grand Rapids, Minnesota, presents facts about Main Street which are worth repeating—and we know of no better theme for this week's Michigan Mirror than the small towns and rural sections of Michigan which are bearing the brunt of the 1943 food burden and making a significant contribution to Victory without benefit of "E" awards or publicity ballyhoo.

* * *

"Fifty-two percent, over half, of the people of the United States live in rural sreas or in villages and cities of less than 10,000 population," said Country Editor Rossman.

"This fact, of vital importance to the case to be presented, is readily established from the census of 1940.

Distrubtion of Population

In 92 cities of more than 100,000 population 27,987,989 29%
In 985 cities of from 10,000 to 100,000 24,727,908 19%
In 15,675 villages and cities of less than 10,000 21,050,483
In unincorporated areas 47,902,896 52%

"Such figures need no explanation. They are eloquent."

* * *

"It has been charged that the automobile and motor vehicle is destroying the smaller communities and building the larger cities.

"Such predictions ought not to be discussed on the basis of sentiment, though that element is involved, generalities or ill founded opinion. There is a better basis, that of fact and thoughtful observation.

"Available to every citizen is the census of 1940 and its comparisons with previous years. Therein population is divided into two classifications, the rural which includes all villages and cities up to 2500 people, and the urban which includes those communities of more than 2500. Here is a table showing the comparatives increase in urban and rural population by decades:

Decade Ending	Urban	Rural
1910	39.3%	9.0%
1920	29.0	3.2
1930	27.3	4.4
1940	7.9	6.4

"These facts show the general trend of population from rural to urban over a period of 40 years.

"That general change came from certain obvious causes. The primary reason was the great development of industry which thrives upon cities and tends to build great centers of employment and

THE DOCTOR GOES ALOFT

A few years ago the dreams of men who proposed four-hundred-mile-an-hour combat planes which functioned efficiently at 40,000 feet, would have been scoffed at as impossible. Even if the planes were devised capable of such performance, what of the human element? It was thought no person could stand the strain. No person could, then. But medical science managed to keep abreast of aircraft development. Planes and men fight today in the stratosphere at earsplitting speeds. They fight at altitudes where the air is so rare exposure means death in a matter of seconds.

It was recently pointed out in Hygeia that, "An Airman—this applies to men on the ground staff as much as to flying crews—who is obviously suffering from strain finds in the medical officer a personal friend anxious to assist him in every respect. The doctor usually knows most of the flying men of his squadron by name. By studying their records, documents and flying logs, he can always keep himself informed of their progress."

It is no idle assertion that modern airpower is dependent upon modern medicine.

GOVERNMENT ON THE MARCH

The postwar reconstruction plan drawn up by the National Resources Planning Board and now under consideration in Congress, except incidentally, is not a plan of reconstruction at all. It is a proposal to establish in this nation an authoritarian welfare state.

The National Industrial Conference Board has sought to clarify the NRPB plan for average understanding. It points out that: "The government has always carried on economic activities. The important fact about this economic activity by government was that it was . . . not wielded as a single economic instrument in monopolistic control of the market for goods and services and the productive equipment of the nation. It was managed and directed under thousands of 'Corporations,' each a free economic unit not controlled by any overhead power.

"The NRPB plan is in general a proposal for greatly increasing the area of the economy directed by the 'government' and coordinating it into one unified system under Federal executive control."

Under the NRPB plan, political administrators would control industry directly with an iron hand more than 2,000,000 business enterprises, over five million farmers and farm operators, together with the millions of workers in those enterprises. In short, they would control the livelihood of every citizen. Once they controlled that, they would soon be forced to control his political convictions on the threadbare excuse of protecting the general welfare.

The price of individual security as envisioned in the NRPB plan would be destruction of the republic—men, instead of laws, ruling by decree.

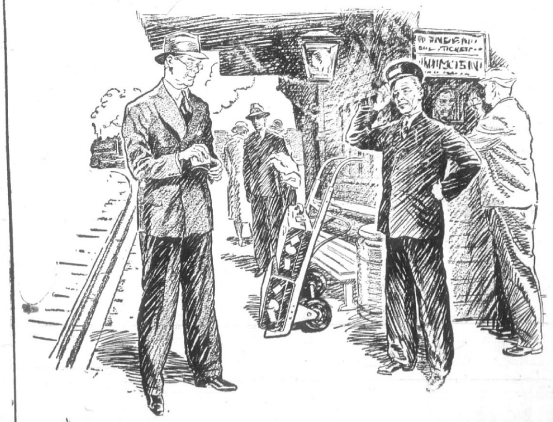
THE OLD JUDGE SAYS...



"Mornin', Judge....meetin' someone?"

"No, Sam, I'm just going up the line aways on business. Wasn't that a troop train that just pulled out?"

"Sure was, Judge...stopped over here for ten minutes and what a swell bunch of fellows they were."

"That's true all over, Sam. Our present Army is the best trained, best disciplined, best behaved in American history. That's why I get my hair up when I hear of some people trying to dry up the areas around Army camps. Why, in a recent report made by the government, it said the Army usually prefers its camps to be located in wet instead of dry communities. And there's a sound reason. In a wet community the Army can control drinking. In dry communities where bootleggers run wild it's almost impossible. We know that from our nearly 14 years of experience with national prohibition.

Is Everybody Talking About Your HOME!

They Will if You'll INSULATE

Yes, in these warm summer days and nights, there's nothing more enjoyable—nothing that will start your friends talking quicker than insulation.

Why? Well, insulation makes your home many degrees cooler. It keep out the blistering summer sun's rays; it makes it more liveable—more sleepable. And in the winter, insulation keep out the cold and reduces your fuel bill by many, many dollars.

We can still sell you insulation without priority and to install insulation is an easy job—most anybody can do it. The cost, too, is small, surprisingly small.

Why don't you see us today about insulating your home. You'll never regret it—your family and friends will be happy about it, too.

"Lightning Never Strikes Twice In The Same Place" . . . .

BUT WINDSTORMS DO!

READ THE STORY BELOW THIS PICTURE

This is a picture of the second wreck on this property, belonging to Dora Westfall and located two miles west and four miles south of Fowlerville. The first wreck occurred May 29, 1942, loss $2,568.94, and the other loss caused by this year's storm, April 27, was $6,465.00. The Michigan Mutual Prompty Paid these losses. It is interesting to note that these two buildings stood on exactly the same spot.

TWO STORMS — TWO LOSSES — ONE SPOT

There is no telling where the next windstorm will strike!

Although windstorm losses have been very heavy each year since 1939 ($2,397,145.74 in the last five years.) this company has paid its policyholders losses without borrowing money or increasing the annual assessments of 15c per $100.

population. At the same time that industry was passing through its great mechanical changes, agriculture was also becoming mechanized, the great farming frontiers were nearing development.

"One of the greatest developments in the economy of the nation is the change of trend in population from country to city and a condition of obvious stability in the balance of these two great parts of the nation's population.

"In truth, it is interesting to hear the dire predictions of today that the large cities are to lose in population and prestige. The cities are disturbed because so many of their people are moving into outlying areas. This condition has its particular effects upon the cost of government and the value of property in metropolitan communities.

"In the last census period six out of twenty of the largest cities of nation lost in population, six had but insignificant gains and the whole group had a population increase but approximately half that of the rest of the nation.

"In the decade ending in 1940 the population of the whole nation increased by 7.2 per cent, the population of the rural areas increased by 6.4 per cent and the population of the twenty largest cities increased by 4.7 per cent.

* * *

"The assumption that the automotive age was to adversely affect rural and small town America has never been reasonable or warranted.

"People in smaller communities or rural areas depend more upon transportation than those of large centers of population. To improve, to revolutionize, transportation facilities cannot help but aid those people and those communities dependent upon them.

"It is true that the automobile sometimes takes people from a smaller community to trade in a larger center. But at the same time it brings the whole countryside in closer contact with local centers of trade. The farmer who was once perhaps hours from the nearest village now finds himself but a few minutes distant from town.

* * *

"There is still another factor. The smaller community of a generation ago had its livery stable, a noisome and interesting institution. Today the sale and servicing of automotive equipment is the largest commercial enterprise in town. There is a gasoline filling station on every other corner. It requires more people, spread thruout America, to sell and service automotive vehicles than are needed to manufacture them in the large centers of industry.

"Again, look at the facts. The trend in population, from rural to urban, in the last generation was largest in the first decade of the century at a time when the automobile was just being developed. It was less in the next decade. That trend was less apparent in the years from 1920 to 1930 despite the great activity in industrial centers. In the last decade, when the number of motor vehicles was greater than ever before and the highway system of the nation most adequate, the trend from country to city had practically disappeared."

* * *

Yes, times have changed, and the Michigan small town today has many advantages which formerly were in the exclusive possession of large cities.

City and country know of no general distinctions in merchandise. The silver screen reflects the same Hollywood films. The same radio program comes into the homes.

And, as every politician knows, control of government in America rests with rural small town and smal city America. Proof: In 29 states of the union the rural population exceeds the urban.

When you start to beman the fate of small towns, think twice. The facts tell an entirely different story.

STORE AND FLAT ARE DAMAGED BY FLAMES

Fire, the origin of which has not been determined, did several hundred dollars worth of damage about 8 o'clock last evening to the Red & White store building, owned by Hubert Van Camp on West Chicago boulevard.

The fire started in the second story apartment, occupied by Mr. and Mrs. Doron Withrow and family. The Withrows were not home.

Firemen extinguished the blaze quickly. A large part of the damage was due to water.

The store room on the first floor of the building, occupied by the Red & White, was empty except for fixtures, the store having been closed when Mr. Van Camp entered the Army.

RANDOLPH-HALL

Miss Ella E. Hall of Tipton and Glen Randolph of Munith were married Sunday at the home of the brides parents Mr. and Mrs., Wesley Jeffrey. Rev. Horace James of Munith read the double ring service. Miss Maxine Brooks of Grass Lake played "I Love You Truly" preceding the ceremony and the wedding march from Lohengrin. The attendants were Eula B Jeffrey and Leone Wallace.

Refreshments were served at the close of the ceremony and later the couple left on a weeks trip and on their return will make their home near Munith. Mr. Randolph is employed at the N.Y.C. station in Jackson and Mrs. Randolph is a teacher in Munith schools.

HONORS SON

Mrs. Richard Butler entertained 11 boys and girls at a party Monday afternoon for her son Roger who was celebrating his seventh birthday. Games were enjoyed and refreshments were served. Richard received a variety of gifts.

CHRISTIAN SCIENCE CHURCH HOLDS ANNUAL MEETING

BOSTON, MASS., June 17—The Christian Science Board of Directors has placed "prayer" at the top of the list of defensive and offensive weapons that free-thinking peoples are counting upon to win the global war against oppression and suppression.

In a statement to the annual meeting of the Mother Church, The First Church of Christ, Scientist in Boston, Massachusetts, the Directors first emphasized the word "prayer", then followed with the term "miracle of deliverance" which is to be accepted, they said, as the logical answer to righteous prayer.

Thus, deliverance from the hand of the oppressor was seen by the Directors to be no miracle at all, but rather a simple witnessing to the fact that power springs from the prayer of understanding.

The Directors also announced the election of Mrs. Daisette D. S. McKenzie of Cambridge, Massachusetts, as President of The Mother Church for the ensuing year, succeeding Mrs. Elizabeth F. Norwood, of Brookline, Massachusetts.

The new President first became interested in Christian Science in 1887 during the very early days of the movement. Hence, Mrs. McKenzie became instrumental in the pioneering of this religion in the city of Cleveland. She served ultimately as Reader in First Church of Christ, Scientist, Cleveland, and as a member of its board of directors. In 1898 both Mr. and Mrs. McKenzie were called by Mrs. Eddy, the Discoverer and Founder of Christian Science, to become members of her last class taught in November of that year.

A. Warren Norton, Manager of The Christian Science Publishing Society reported an increase in the circulation of all Christian Science publications, including The Christian Science Monitor. The exigencies of war have been met in part, he said, by the reduction in size of some of the periodicals. The circulation of the Christian Science Sentinel, reduced to pocket-size, was reported at the highest in its history.

Emphasis was placed by Mr. Norton upon the public recognitions of merit won by the Monitor during the past year for outstanding editorial and news content, and typographical make-up. He referred to the winning of Columbia University's Maria Moors Cabot Award for outstanding contribution in the field of Inter-American Relations, the Monitor being the first newspaper in the United States to earn this recognition. The Monitor also won the F. Wayland Ayer competition among daily newspapers for excellence in typography, make-up and presswork. On May 28 this paper also obtained a medal of distinction for service in journalism from the School of Journalism of the University of Missouri.

From the Trustees under the Will of Mary Baker Eddy came the report that since the year 1913, when the Trustees were first appointed they have expended $6,400,000 on church work. Announcement was also made that the sales of Mrs. Eddy's works, including "Science and Health with Key to the Scriptures," had more than doubled in the last two years.

BRIDGE LUNCHEON

Miss Jennie Gillespie was hostess at luncheon Friday after which tables were arranged for contract. Honors were awarded to Mrs. Elmer Slayton and Mrs. B.J. Pulver. Out of town guests were Mrs. Slayton of Adrian, Mrs. Harry Rosacrans and Mrs. Norman Thurston of Toledo.

A classified advertisement in The Herald pays big dividends.

For freedom's Sake

Please limit your call to 5 minutes. Others are waiting

Even in wartime, we'd like to give you prompt service on long distance calls. But telephone lines to many cities now are overloaded, and urgent civilian calls are often delayed.

When circuits are extra busy, and the operator requests you to limit your call to 5 minutes, please know it's because others are waiting.

You can help speed the handling of all calls, including your own, if you make this resolution:

"I will make only absolutely necessary long distance calls . . . If I must call long distance, I will be brief."

MICHIGAN ASSOCIATED TELEPHONE COMPANY

Can you meet the requirements of the Motor Vehicle Financial Responsibility Law?

IGNORANCE OF THE LAW NO EXCUSE —GET THE FACTS!

THE MICHIGAN LEGISLATURE has passed a new law affecting the use of automobiles. This law goes into effect July 30th, and it has real teeth in it.

You will lose your driving or car-owning privilege, under this law, the *first* time you have an automobile accident involving any bodily injury or death:

UNLESS, you can satisfy the Secretary of State that the liability resulting from such accident is insured, or

IF NOT so insured, unless you can furnish an affidavit certifying that all personal injury or death claims resulting from such accident have been settled or unless you can give security for payment of such claims.

The Law Also Applies

IF YOU fail to pay, within 30 days, any final judgment for bodily injury or death, or for property damage of more than $50.00 or

IF YOU are convicted of violation of certain provisions of the Motor Vehicle law.

Ignorance of the Law No Excuse

Can you prove your financial responsibility?

The minimum amount of financial responsibility required is: $5000 for injury to, or death of, one person in one accident; $10,000 for injury to, or death of, two or more persons in one accident, and $1000 for damage to the property of others.

The best, safest, and most economical way for you to prove that you are financially responsible is to carry the right kind of Automobile insurance in an insurance company licensed to do business in Michigan.

Why Insure in The Travelers?

1. The Travelers has more business in Automobile Liability and Property Damage Insurance than any other company.

2. More than 500 Travelers representatives who will help you in case of an automobile accident are located in Michigan. There are hundreds more in bordering states.

Act Now to Protect Yourself

See a Travelers agent as soon as possible. Find out which type of Automobile insurance will help you keep your driving and car-owning privileges. With this new law, and in view of the present low rates because of gasoline rationing, you can't afford to be without Automobile insurance.

There's Nothing Funny

About This Message

No, there's nothing funny about our story, in fact ours is a serious message.

Briefly, we want to say to you that right now is the time that you should have your furnace inspected. Repairs are hard to get, delays are long.

If you want to be sure of having heat next winter, phone us today for an inspection. We'll tell you whether your furnace is in condition for next winter's work and if not, what repairs it will be needing.

Asking for Trouble

The door of the ladies hairdressing shop opened and in came a meek-looking little man.

One of the assistants approached him.

"What can I have the pleasure —" she cooed.

"Er—could you spare me a blonde hair for my shoulder?" he stammered. "I want to make my wife jealous."

Next time you get sore — grab your pencil...

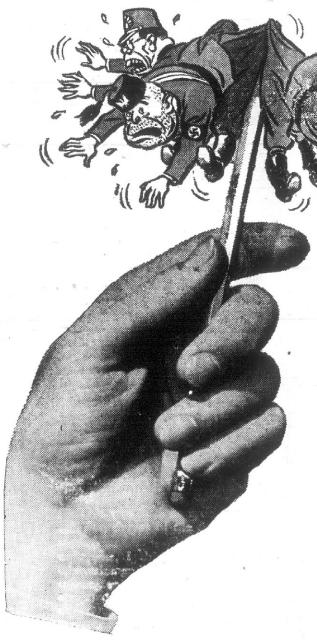

FIGURE IT OUT YOURSELF

Next time you're sore at the Nazis or Japs, just sit down for a minute. And if there's a pencil handy, do a little figuring—something like this : : :

Sure, taxes are higher. You're paying more than you used to. And the cost of living hasn't gone down any either. *That's* costing you more. But : : :

Chances are, you're *making* more, too. And maybe somebody else in the family's working. Maybe one of the girls is bringing home a pay envelope every week—and pretty good pay at that. Chances are, there's more cash coming into your home right now than there has been for a long, long time. What's more : : :

Maybe you were going to get a new bus this year. Every year, you

know, millions of people *did* get new ones. Or radios. Or refrigerators. Anyway, it's a cinch you'd have spent *some* money this year on things you can't buy now.

So what?

So maybe you can put *more* of your family earnings into War Bonds!

Not 10% or 12% or 15% or 20%—but *all you can!* If you and every other American who has an income will sharpen up your pencils and figure out how you can save an extra dollar here and another there that can go into War Bonds—if you'll *keep on* figuring and saving—you'll provide a weight of metal that will snap the Axis' spine like a rotten stick!

Let's pour it on! And *keep* pouring

it on till the murderous fools who have defiled our soil, butchered our sons, broken up our homes—who have refused to let us live and work in peace—are smashed utterly to dust!

Get out that pencil! See charts below!

Leonora

Leonora straightened the objects on her desk with great care. She had put her desk at the end of her room facing the door so that when her mother came in she would have to cross the whole room under Leonora's stern executive eye to get to her. Fashion movies and pictures in the newspapers Leonora had gotten a good idea of how the desk of a busy woman of affairs should look.

With an important scowl, Leonora picked up a sheet of paper. Now she was two people — herself, the busy woman, and her own stenographer. "Miss Simpkins, take a letter to the Secretary of the Treasury, will you?" she murmured under her breath. "Yes, immediately," she murmured back at herself.

Leonora cleared her throat and looked at the ceiling for inspiration. Miss Simpkins bent over the sheet of paper hanging on the words about to fall.

"Dear Mr. Morgenthau," — "Got that?" — "Yes, madam."

"I am—ahem—thirteen years old and anxious to be of all possible service to the country at this time, ahem!

"I earn a weekly income of from $1.37 to $2.12 by helping with the housework and by shovelling snow. I am at present in possession of one War Savings Bond and am buying stamps weekly. I want to become a member of the 10 percent Club. I feel it to be—ahem—not only my duty, but my privilege" ("How do you spell privilege?" asked Miss Simpkins. "Don't bother me with these details," said Leonora)—my privilege as an American to invest at least ten percent of my income in War Bonds.

Yours truly,"

"Get that off at once, Miss Simpkins," said Leonora. "Yes, Ma'am! You certainly are an important woman, ma'am," said Miss Simpkins.

THE TECUMSEH HERALD

NINETY-THIRD YEAR—NUMBER FORTY | TECUMSEH, MICHIGAN, THURSDAY, JULY 1, 1943 | FIVE CENTS PER COPY

3 Blue Stamps Become Valid

N, P, AND Q MAY NOW BE USED; COFFEE RATION IS INCREASED

Blue food ration stamps N, P and Q of ration book No. 2 will be valid from July 1 to August 7, inclusive, it has been announced by the OPA. These stamps are intended for the purchase of processed food. Blue stamps K, L and M will remain valid during the first seven days of July and a similar seven-day carry-over period will prevail for the July stamps through August 7.

In announcing a policy of continuing the seven-day overlap period for subsequent months, the ration office said the carry-over makes shopping more convenient, especially for persons living in remote sections. Validity dates for red stamps to be used during July will be announced shortly.

Markets and all dealers selling meats have been advised by the Adrian ration office that the new schedule of meat ceiling prices has been received here and copies are available at the ration office. These must be posted in a conspicuous place in the market at once for the new prices are already in effect. The price of each cut on display must also bear a price tag conforming to the new ceiling price.

Validity dates for four new series of red stamps from war ration book No. 2 for the purchase of meats, fats, oils and cheeses were announced by the district Office of Price Administration in Detroit today. P stamps totaling 16 points, are now valid, Q stamps July 4, R stamps July 11 and S stamps July 18. All four will expire July 31.

All other Red stamps formerly valid expired Wednesday.

The office of price administration also announced that the next two coffee rations will be on the basis of one pound in three weeks —the most liberal allowance since the beginning of rationing. The present ration is one pound for four weeks.

The lowest ration has been one pound for six weeks but for the most part one pound for five weeks.

OPA said large stocks of green coffee already on hand as well as the more regular arrival of imports with which to maintain these stocks, made possible the increased ration. It cautioned, however, that any deterioration of the present favorable supply situation would make smaller rations necessary and that consumers must be prepared for such reductions whenever they are necessary.

Coffee stamp No. 21 in ration book No. 1 will become valid for one pound of coffee July 1 and will expire July 21. Stamp No. 22 will be valid for one pound of coffee from July 22 to August 11. Stamp No. 24, now in use, expires at the end of June.

For the first time since rationing began, OPA reported, coffee supplies have reached a normal level, with indications of sufficient imports to sustain that volume.

Gertrude Montgomery Graduates With Honors

Miss Gertrude Montgomery, daughter of Mr. and Mrs. W. R. Montgomery, graduated Friday with honors from the American Red Cross national aquatic school held at Culver Military Academy in Culver, Ind.

All types of water stunts were taught including functional swimming under war tactics, which consisted of jumping overboard with army pack and helmet; also into blazing oil covered water and various other forms of rescue work from boats and surf boats.

Miss Montgomery spent the weekend here with her parents and left for Pontiac to act as instructor in connection with the city recreation program.

DIES IN DETROIT

Word has been received here of the death of Mrs. Edith Lamkin, widow of the late Frank Lamkin, which occurred last Tuesday, June 22, at St. Lukes hospital in Detroit. Mr. and Mrs. Lamkin were former residents of Tecumseh.

Orman Lamkin of Tipton, a brother-in-law, Mrs. Kenneth Hall of Tecumseh, and Mrs. Harold Harrison of White Plains, N. Y., nieces of the deceased, are the only survivors.

The funeral was held Thursday in Detroit.

CAMP TO OPEN

KILLS RATTLESNAKE

George Finnegan killed a rattlesnake Saturday at his farm home south of town. The snake was in a flower bed about 15 feet from the back door where the children usually played.

$1,300 Loss In Fire At Improved Processes Co.

Fire, the origin of which has not been determined, did about $1,300 worth of damage to the building and contents of the Improved Processes Company at the corner of North Pearl and Bidwell street, late yesterday afternoon. The property is owned by J. M. Mulvany. The blaze was brought under control by the local department.

The Processes company manufactures wax for dance hall and skating rink floors and a large part of the loss was in the destruction of cartons, labels, etc. The building, however, was badly burned.

Mr. Mulvany said that no one was in the building when the fire broke out and he was unable to determine its origin. The structure is a two-story frame, the company occupying both floors.

Woman Drowned In Lake Mishap

ATTEMPT TO CHANGE POSITION IN BOAT COSTS ADRIAN WOMAN HER LIFE

Mrs. Charles Tipton, aged 22,, of Manitou Beach, drowned Sunday evening at Devils Lake when the boat in which she and her companions were riding overturned. The accident occurred when Mrs. Tipton who had been steering the outboard motor boat, attempted to change seats with her husband. The party included Mr. and Mrs. Tipton, Clare Anderson and Miss Marie Van Doren both of Adrian, all of whom, except Anderson, could swim. Mrs. Tipton went down in 8 feet of water about 1000 feet off shore and failed to come up. The body was recovered by Kay Porter of Metamora. O., and a resuscitator used for four hours. The other members of the party were picked up by rescuers. Coroner Ed. Braun of Adrian decided no inquest was necessary.

Mrs. Tipton was formerly Mildred Fields of Adrian, and was employed as a crane operator at the Bohn Aluminum and Brass Corporation.

She leaves her husband, her father Robert Fields of Adrian, a sister Mrs. Martha Farmen of Akron and a brother Robert of Morenci.

Funeral services were held Wednesday afternoon at the United Brethren church in Adrian, with burial in Lyons cemetery.

Isaac D. Miller, 68, Britton Resident, Dies

Isaac D Miller, aged 68 years, died Thursday afternoon at his farm home northeast of Britton where he had lived for over 30 years. Mr. Miller had been in failing health for several months.

He leaves two sons Wilton of Jackson and Harold at home; three brothers, one sister and four grand children. Mrs. Miller died in March 1924.

Funeral services were held Sunday afternoon at the Niblack Funeral Home in Britton, Rev. E. O. Davis of Res officiating and Rev. Charles Bragg singing. Clyde Brooks Injured In Peculiar Accident

Clyde Brooks of Adrian suffered painful and serious injury to his right eye Thursday night in a peculiar accident near Billington's Corners. Mr. Brooks was on his way to the home of his sister Mrs. Ethel Lloyd near Clinton to obtain better used tires for his car. Just south of Billington's a tire on his car went flat, and while he was making the change his spare blew out, blowing dust and dirt around the eyeball. It is thought he may lose the sight of the eye.

OUT OF HOSPITAL

Mr. and Mrs. Forrest Louden have received word that their son Wendell Louden who was a hospital patient in Australia until late in April, is now a member of a gun crew on a ship in the Pacific area.

MARRIED IN BRYAN, O.

Miss Phyllis French, daughter of Mrs. Lillian French, and Carl Phillips of Tecumseh were married June 19 at Bryan, O. They are making their home here.

Detroit Race Rioting Seen as Challenge to Democracy

IS THE SPIRIT OF INTOLERANCE THAT ENCOURAGED GERMANY AND ITALY?

BY GENE ALLEMAN
(Special To The Herald)

East Lansing, July 1.—"I killed one of those niggers myself last night."

A white man, driver of a taxi cab in Detroit, said this to me in bitter hatred but as casually as if he had just brushed off a fly. It was an amazing aftermath of the Detroit race riots, the like of which this nation has not seen in 20 or more years.

I had left the state capital for Detroit to meet Philip T. Rich, publisher of the Midland Daily News, and accompany him to Cleveland for a conference with officials of the War Manpower Commission. While waiting for a cab in front of the Book-Cadillac hotel, I heard a cheery voice and turned around to greet a friend from a state office at Lansing. He resided many years in Detroit.

Our conversation began and ended on the topic of the previous evening's battling right in the heart of Detroit—the city hall, Grand Circus Park, Woodward Avenue, and the bus terminal on Washington boulevard, just to mention a few.

* * *

The state executive gave an explanation of the race riots which I have substantiated since from two army officers. Here it is:

"Since the war began, hundreds of thousands of southern whites and Negroes have come to Detroit. In their home states—Kentucky, Tennessee, Alabama, Georgia, Arkansas—the Negroes were accustomed to segregation and other restrictions. The whites did not regard the Negroes as their social equals, and in fact they have been re-fighting the Civil war ever since on that one point alone.

"Up here in Detroit the Negroes have found a new freedom. They work with Whites in war plants on a basis of equality of wages. The Negroes' earnings are fantastically high in contrast to sums they received in the South. Some Negroes—but only a few, have become bumptious, swaggering and offensive. The old Negroes, those who have lived in the North for many years, are not troublesome. They are good citizens.

"Put southern whit s and southern negroes together in a northern war boom city, where negroes and whites have freedom of the city's facilities of schools and parks, and you get a dangerous combination. Basically, that is the core of Detroit's festering boil."

* * *

But, let's return to the taxi driver's startling confession of homicide.

Because of the 10 p.m. curfew in Detroit, we had decided to leave early for the boat docks. The steamer, City of Detroit III, was to depart at 11:30 o'clock. A Checker cab hove in sight, and we flagged it to the curb.

Cab drivers are proverbial sources of much information and gossip, and this driver—a husky white chap of about 45 years—was no exception. I started off with reference to my friend's remark about "hoodlums" who had taken over control of the city before federal troops arrived at 11 p.m. the night before.

* * *

"I'd like to have that guy say 'hoodlums' to me" he retorted quickly, turning about to give me a belligerent once-over as the cab left the curb. "Don't believe that, brother, I was in that mob last night, and I killed one of those niggers myself! I've got the iron bar right with me, too. A lot of good American citizens were in there fighting, mister."

I will not quote all the things this cab driver told me, but he did blame recent mayors of Detroit for "catering" to Negro voters and for permitting them to "over-run" Belle Isle.

"This thing will never be solved until all the niggers have been put under," he declared vehemently. "I'm going to try and get a gun, and the first nigger that comes toward my cab is going to get it, full-blast." Those were his exact words.

* * *

Now for a cab driver to talk like a murderer to a stranger is proof supreme that a dangerous mob attitude prevails among some elements of Detroit's teeming war workers and their sons and daughters. We were too shocked to argue.

From army officers we learned that Sunday, June 20, had been a hot and sweltering day in Detroit. Belle Isle was swarming with Negroes—about 70,000 or more were there—trying to get respite from the heat.

Why did they go to Belle Isle? "Paradise Valley", the Negro section along Hastings Avenue, is filled with old houses, shabby business buildings, and crowded apartments. The Negroes have no parks of their own; their dwellings are congested and stuffy; the day was hot; so they went to the river front. It was just as simple as that. Would you, in their position, have done likewise?

In many Detroit public schools the white boys and girls mingle with Negro boys and girls. Teenage white youngsters formed a goodly proportion of the hodlums. They were zoot-suiters in reverse.

Negroes retaliated by smashing and looting "white" stores up and down Paradise Valley. The words, "Negro Owned", were enough to spare a store from the fury of the mob.

Yes, and all this in Michigan!

* * *

When you try to analyze the Detroit race riots—and in our opinion, they will flare up again inevitably when the troops depart—you can't help but wonder about our so-called civilization and whether it is more than skin-deep; about the shortcomings for which our Michigan boys are fighting on the deserts of Africa and the tropical isles of the Pacific, while we would deny the same freedom to fellow Americans back home.

It all contributes to a confusing, irrational and illogical situation where emotions put rational reasoning into hurried eclipse. The solution is not easy. Here are the ingredients which won't mix: Thousands of whites who have been transplanted from a Jim Crow into a prosperous, tolerant North; thousands of Negroes who have gone from the shadow of social restrictions into the sunlight of social equality.

In the meanwhile, this amazing fact exists. Detroit, an arsenal of democracy, producing arms for the battle of freedoms, is being guarded by U. S. troops to maintain peace among the makers of death-producing weapons.

We still remember the hatred of the taxi driver when he said: "I killed one of those niggers myself". The words were not only savage, cruel and brutal. They evoked a frightening spectre of Fascism, the spirit of intolerance which has scourged Germany and Italy. Yes, they present a challenge to America, and strangely enough, right on the home front of democracy itself.

Gene W. Chamberlain Weds Geo. T. Johnston

Gene Wright Chamberlain, daughter of Mr. and Mrs. Alfred Wright of Adrian, formerly of Tecumseh, and George T. Johnston of Detroit, were married Thursday morning, June 24, at the First Presbyterian church in Jackson by the Rev. S. A. Griffeth.

Phillip Lincoln played the wedding march and the bride, who was given in marriage by her father, was attended by Helen M. Pratt. The best man was George J. Johnston of Detroit, son of the bridegroom.

Following the ceremony a wedding breakfast was served at the Cascades Clubhouse. Guests were present from Adrian, Detroit, Ann Arbor, Dundee and Jackson.

MEETINGS SUSPENDED

The executive committee of the American Legion Auxiliary has announced that no meetings of the Auxiliary will be held in July and August. Mrs. Albert Bagshaw reports $25 was taken in by the sale of Purity products which will be turned over to the Red Cross for packages for war prisoners.

COMMUNION SERVICE

Rev. James M. Horton, rector of Christ Church in Adrian, will have charge of services during July, at St. Peters Episcopal church when the only services will be Holy Communion at 9 o'clock Sunday mornings. Sunday school is being dispensed with during July.

MRS. HERBERT MURPHY HONORS BRIDE-TO-BE

Mrs. Herbert Murphy was hostess at a miscellaneous shower last evening in honor of Miss Doris Wintersteen whose marriage to Corp. Robert Mohr takes place Saturday evening, July 3, at Grace Lutheran church.

The time was spent socially with games and prizes which were later presented to the bride-to-be. The shower gifts were presented in a green umbrella.

Refreshments were served by Mrs. Murphy assisted by Misses Lenore Mohr and Elaine Wintersteen. Table decorations were carried out in a color scheme of pink and green and the refreshments featured a shower cake topped with a miniature bride and groom.

HURT IN FALL

Charles J. Roberts suffered a broken ankle and painful bruises Friday afternoon when he fell from a scaffold while at work at the Ford Mill. He was treated at Tecumseh hospital.

Village Boasts 30 U. S. Officers

NUMBER BELIEVED GREATER THAN FROM ANY OTHER TOWN ITS SIZE IN STATE

Thirty Army and Navy Officers, ranging in grade from colonels to ensigns and second lieutenants, who claim Tecumseh as their home, are now serving the United States in the present world-wide conflict, a survey of the honor roll of this village disclosed today. The number of officers, it is believed, is the largest from any Michigan town the size of Tecumseh and some contend that Tecumseh may lay claim to a national record.

Four colonels from Tecumseh are now in service. They are, Col. H. H. Hammel, Camp Forrest, Tenn; Col. Clarence W. Hardy, Camp Carson, Col.; Col. Webster Anderson, now in Africa; Lieut. Col. John H. Anderson, Baltimore, Md.

The majors are, Maj. R. G. B. Marsh, Camp Livingston, La.; Maj. Leon Williamson, California; Major Edwin Williamson, Converse, Texas; Major Stuart McLain, Aberdeen, Md.; Maj. Douglas Leonardson, Cherry Point, N. C.; Major Arthur Brown, reserves, Tecumseh.

The captains are, Capt. J. C. Beardsley, Aleutian Islands; Capt. Arthur Lepon, South Carolina; Capt. Wm. Britton, reserves, Tecumseh.

The army lieutenants are, R. F. Heizerman, Santa Ana, Calif.; Ferris G. Hodge, S. Carolina; R. C. Osburn, Rockford, Ill.; Ned Rosacrans, Washington; Jack Hammel, Georgia; David Laidlaw, Louisville, Ky.; Frederick Schumm, Ft. Sheridan, Ill.

In the Navy, Lieut. J.G., Paul Johnson is stationed in Boston; Lieut. J.G., Jack Conklin, Washington; Ensign W. A. Wright, somewhere in the Atlantic; Ensign Frederick Dickinson, New York; Ensign Raymond LaBounty, Ithaca, N. Y., Ensign Wayne Pence, Merchant Marine.

Tecumseh has two ensigns in the Navy Nurses Corps, Jeanne Sluyter of Chicago, and Martha Comfort, Wellington, N. Z.

In the Army Nurses Corps two lieutenants call Tecumseh their home. They are Hilda Marks, Big Springs, Texas, and Lillis Brown, Chicago.

Miss Marjorie O. French Weds Sgt. J. R. Foster

Miss Marjorie O. French, daughter of Mr. and Mrs. Percy French of Tecumseh and Staff Sgt. Jack R. Foster of the Army Air Force Navigation School at San Marcos, Texas were married June 21 at the Presbyterian church in San Marcos by the Rev. H. L. Murphy. Their attendants were Miss Mildred Shaw and Corp. J. P. Jones of San Marcos.

After a wedding trip to the Gulf of Mexico, Mrs. Foster will return to Tecumseh to remain with her parents on South Maumee street. The bride is a graduate of Tecumseh high school and has been employed for some time in the D & C store. Sgt. Foster, who is the son of Mr. and Mrs. Oren Foster of Adrian, is a graduate of Hudson high school and was manager of a service station before entering army service in October 1941.

Red Cross Nurses Aides Hold Meeting In Adrian

A mass meeting of all Red Cross Nurses Aides in Lenawee county, who have completed their training courses in Tecumseh and Adrian, was held Tuesday evening in Adrian. A total of 81 women from Tecumseh, Adrian, Morenci, Tipton, Manitou Beach, Metamora and Clayton have completed the course and have been giving service of hospitals in Tecumseh, Addison and Adrian.

Certificates were presented at this time to Adrian's second class of 30 women who have just completed the course.

The program included movies on "First Aid" by S. F. Rost of Blissfield, county first aid chairman, and a talk by Squire Chase, county chairman of Civilian Defense.

ENTERS TRAINING

MIAMI BEACH, FLA., July 1, (Special)—Pvt. Elmer O. Curtiss, son of Mr. and Mrs. Lyman A. Curtiss, of 314 East Pottawatamie St., Tecumseh, is now taking his preaviation cadet training here at Basic Training Center No. 9 of the Army Air Forces Technical Training Command.

He is taking courses designed to prepare him for the rigorous aviation cadet curriculum. If this is completed successful, it leads to a commission as pilot, bombardier, or navigator in Uncle Sam's flying fighting forces.

Major General Walter R. Weaver is commanding general of the Technical Training Command, while Colonel Allen Kimberly is commanding officer of BTC-9.

Girl Scouts Will Aid In Collection of Fats

All local Girl Scouts, Brownie, Intermediate and Senior, are to take part in a collection of fats on Saturday July 3. Headquarters will be in the library from 9 to 12 and Scouts are asked to bring wagons and express carts to aid in the collection. The Scouts will make a house to house canvass. Housewives are requested to have the fats ready for collection.

The fats will be sold at local markets and the money obtained will be used to defray expenses of Girl Scouts at Washington Lake Camp this summer.

Emily J. Todd Now Storekeeper In Navy

Her training completed, Emily Jane Todd, 20, daughter of Mr. and Mrs. Albert James Todd, Ridgeway, Michigan, is now ready to serve as a storekeeper in the U. S. Navy. A member of the WAVES, she was graduated from the Naval Training School for storekeepers located on the campus of the University of Indiana, Bloomington, Ind.'

She received instruction in bookkeeping, typing, stores and supplies, and naval procedure. She will now be assigned active duty at some naval shore station to release a man for active duty with the Fleet.

Hundreds of members of the Women's Reserve of the Navy, Coast Guard, and Marine Corps are in training at the University of Indiana.

Two Local Bluejackets Await Orders To Fleet

Two Tecumseh, Michigan, Bluejackets were today graduated from the Service Schools at the U. S. Naval Training Station, Great Lakes, Ill., and now await assignment to active duty with the U. S. Fleet, at some naval shore station.

Selected to attend these specialized schools on the basis of a series of aptitude tests given them while in recruit training, they have been given several weeks of technical training along with practical experience in their new work. Some of the men were advanced to petty officer ratings upon completion of their training, while others are now qualified "strikers" and will probably obtain their ratings after a short time in their new duties.

The graduates from Tecumseh, Michigan, their new ratings, and the schools they attended are: Robert M. Williamson, 18, son of Mr. and Mrs. L. P. Williamson, 412 West Chicago Blvd., graduated from Torpedoman School; and George Vincent Underwood, 18, son of Mr. and Mrs. George Underwood, 205 East Pottawatamie Street, promoted to Fireman, second class.

VICTORY GARDENERS URGED TO REGISTER

Registration for the Victory Garden contests will close this week and gardeners are asked by Mrs. Edna Beamer of Blissfield, county chairman, to register their gardens by that time. Entry blanks may be filed with Mrs. Beamer, at the county agricultural agent's office or with local chairmen. In Tecumseh the chairmen are Miss Marion Whelan and Rev. Edw. Escolme.

Farmers especially are invited to compete for prizes. More than 100 gardens in Adrian and about 50 4-H club gardens already have been registered as well as many through out the county. Those who register their gardens will be eligible to compete at the county fair. There are ten classes with a prize of a $500 war bond for the first and second classes and smaller prizes in the other classes.

DIES IN CALIFORNIA

Miss Ethelyn Garlinghouse has been notified of the death of her aunt, Mrs. B. A. Garlinghouse, which occurred May 27, in South Pasadena, Calif. Mr. and Mrs. Garlinghouse were former residents of Tecumseh.

EVER READY CLASS

The Ever Ready class of the Baptist church met at the church parlors last evening and with their husbands as guests enjoyed a pot-luck supper. Miss Sarah McNeil who was celebrating her 91st birthday was the guest of honor.

TO HOLD LUNCHEON

The Methodist Women's Society of Christian Service will hold their monthly luncheon at the church, Thursday, July 8, from 12 to 1 o'clock. Reservations may be made with Mrs. Bert Warren or Mrs. H. H. Loveland.

XMAS MAILING

The Post Office Department has announced that Christmas gifts for men in the army service overseas must be mailed from September 15 to October 15, and for those in naval service overseas must be mailed between September 15 and November 1, to assure delivery on time.

Rotary To Seat New Officers

COMMITTEES FOR THE COMING YEAR ALSO NAMED; LANSING POET IS SPEAKER

New officers and directors of the Tecumseh Rotary Club were announced and committees were named, when the club held its final luncheon meeting of the year 1942-43, at Brees House, Tuesday. Merton Wheeler of the Michigan State Highway Department, a guest of Paul Maves, was the guest speaker.

M. L. Dannells becomes president of the club succeeding S. Henry Smith, at the organization's next meeting on Tuesday. Ralph Comfort is vice-president, Wade L. Jones, secretary, and Lester Rogers, treasurer. The Rev. E. T. Rodda, L. W. Larsen, Mr. Dannells, F. K. Smith, J. R. Thompson and A. L. Van Winkle.

Committees were announced as follows: Aims and objects, Mr. Dannells, Mr. Comfort, Mr. Jones, Mr. Larsen and Mr. Smith. Classification and membership, W. Bruce, D. Carson, B. Turnbull. Community service and planning, C. Brown, E. Wickwire, H. Hanna, A. Bagshaw. Boys work, L. Schneider, F. Smith, T. Rentschler. Rural urban, D. Burleson, F. Whelan, B. Oosterhout, W. Britton. Moore, R. Comfort.

The new officers will be installed at the next meeting and the program will consist of a report by committee chairmen.

At this week's meeting of the club, Mr. Wheeler, who is a journalist, poet and historian, spoke of the early life of Michigan and its roads. A goodly portion of his talk was in verse and in a humorous vein. He presented Mrs. Wheeler with a Rotary pin as a birthday gift. Mr. Wheeler and Mr. Maves are friends of many years, dating from the time Maves resided in Lansing.

Miss Emma J. Brewer Bride of George Deery

Miss Emma Jeanne Brewer and George Deery, both of Detroit, were married Saturday morning at St. Martin's chuch in that city by the Rev. Fr. Marion Young in the presence of the immediate families and a few friends. They were attended by the groom's sister and husband, Mr. and Mrs. Robert J. Sack of Adrian.

Following the ceremony breakfast was served at the Savorine Hotel for the families and later a reception was held at the home of the bride; after which Mr. and Mrs. Deery left on a boat trip to Duluth. After July 10 they will be at home at 791 East Lawn, Detroit.

The bride graduated from a New Orleans high school and is employed in the offices of the Packard Motor Company. Mr. Deery, who is the son of Mrs. Mary Deery of Adrian and the late Charles Deery, is a graduate of Tecumseh high school. He later attended University of Michigan and is now employed in the Packard offices.

AUTO STAMP SALE IS NOT TOO BRISK

Despite the fact that today is the day when the new 3% federal automobile stamp is supposed to appear on all cars in operation, P. A. Bowen, local postmaster, said that he has not sold more than half the number of stamps he did a year ago. Violators of the stamp law are liable to fine.

SUPPER FOR HUSBANDS

The Presbyterian Missionary Circle met Friday afternoon at the home of Mrs. Martha Murphy with 14 members and guests in attendance. Mrs. Rose Schreder conducted the business session and the program included assembly singing; repeating the 23 Psalm and the Lord's Prayer in unison; an article on Missionary work by Mrs. J. C. Murdoch, taken from "Women and Missions", a article on "Mexico"; a poem and prayer.

The July meeting will be held at the church with a co-operative supper, members to invite their husbands and guests.

MISCELLANEOUS SHOWER

Miss Joan Barritt and Mrs. Everett Furgason entertained Wednesday evening at a miscellaneous shower for Miss Virginia Cameron, whose marriage to Ralph Hodges takes place in July. Prizes at games were also presented to Miss Cameron. Refreshments were served at the close of the games.

THE RIDDLE

The master of the Oregon State Grange and the chairman of the National Grange Executive Committee have joined the national master of the Grange in strongly criticizing the price subsidy program on the ground that it "directly contributes to inflation by further increasing the purchasing power of the high-income group—a purchasing power which already is in excess of the amount of consumer goods available."

The reason given for the subsidy is to help hold down prices, thereby retarding inflation. But people must pay any subsidy through taxation, which in turn promotes inflation. The argument for a price subsidy does not ring true.

How can prices be stabilized unless the cost of production is stabilized? That is the riddle that has never yet been answered.

ROCKING CHAIR PATRIOTS

Freedom to us in this country, is our greatest heritage—likewise, its preservation is our gravest responsibility.

We have used the freedom our men are fighting to perpetuate, as an instrument to avoid discomfort. Some of us went out on strike in vital defense work because we did not get total wage increases demanded. Hundreds of thousands of us struck against government because we didn't think we were paid enough to dig coal with which to win the war. We actually have had the gall to wave the American flag over such acts, the same flag under which our troops are dying in every corner of the world.

Many of us, in our own selfishness, cheer at reverses in our own government to run the show after the war, just like other governments have been running the show in Europe. We cheer because we think we can get more handouts from government. Apparently, after the war, we don't intend to stand up to wave Old Glory—we plan to do it sitting down in an easy chair.

This abuse of freedom must end somewhere, or there won't be any freedom to abuse. Our employing, tax-paying enterprises must be preserved as private endeavors. Men returning from war must be saved the right to go back to work under private employment, as free citizens. Unless the right is retained, its corollary, representative government, cannot survive. Neither can survive unless the shameful attempts to use our freedom to avoid the hardships of war are put down effectively and soon.

COMMUNICATION

Editor of The Herald:

I notice in the Council proceedings in their meeting of June 21st they printed the names of some of the so-called delinquent water users. This gives the general public the opinion that all the accounts are delinquent, but in my case at 209 S. Evans Street in my four apartment building, the village installed one meter to take care of the four units. I have paid for all the water that went through this meter, but now the village water ordinance reads: "Whenever any building, except as provided in Section 6 of this ordinance, is occupied by the owner and one or more tenants or entirely by tenants, each occupant shall be classified as an individual user of water and shall be charged a minimum rate of $2.50 per quarter, plus meter rental charge as provided in this ordinance, and the owner of such building shall be responsible for payments of all such water rates."

In other words, if you have one or more roomers in your house each one is classed as a tenant and you should pay $2.50 quarterly for each tenant. I know that some of our lawmakers have housed from one to three tenants and as I didn't see their names published in the council proceedings as delinquent in their water bills, I am wondering if they have paid $2.50 a quarter for each of their tenants. In the case of multiple dwellings, the electric company bills you for the electricity you have used, but the water board demands you pay for a lot of water that doesn't go through the meter.

If this ordinance is allowed to stand it seems to me others in the same category should pay on the same basis. Why single out a few to enforce this upon and release the others? Everyone should be treated alike.

R. J. McCoy.

THE OLD JUDGE SAYS...

"The more I read about it, Judge, the more I realize the tactics and requirements of this war are as different from the one I fought in 25 years ago as night is from day."

"Yes, and I can give you an example of how true that is, Fred. In World War I the chief uses of alcohol produced for war purposes were found in smokeless powder, medical supplies and chemical warfare materials. In this war the need for this product is far more vital because it is also used as a fuel to propel torpedoes, to make shatterproof glass for airplane windshields and instrument covers, to make lacquers used in camouflaging equipment and as a base for synthetic rubber needed for tires, gas masks, paratroop equipment and dozens of other things.

"Every time I think of it, Fred, I realize how fortunate we were in having a beverage distilling industry in existence when war broke out... ready and willing to convert 100% to the production of this critically needed war product. I'm mighty sure bootleggers wouldn't have."

Make Your Back Yard

A Summer Resort

These are war times—times when, due to the restrictions on gasoline and tires, we must stay close to home. That's one of the best reasons we know why you should beautify your own back-yard and make it a "summer resort" of your very own.

There are just dozens and dozens of things that you can do in "your own back-yard" to make it more beautiful. You can repair the fences, repair the walks, build a trellis for the roses in your garden; repair the grape arbor and a dozen and one other things that are inexpensive, yet add very materially to the beauty and comfort of your own home.

Build a Table - a Stove - Benches

Another suggestion—a few pieces of lumber and you can build a suitable picnic table; a few bricks and some cement and there's your picnic stove, or perhaps a few benches in the yard would add beauty to the setting.

Plan what you would like to do to make your own yard a summer resort and then see us. While our stocks are somewhat limited, we can, for the most part, supply you with the things that you need.

And Until Victory and Peace

Every American Mother is helping to bring the day of Victory closer. Aside from joining our armed forces, hundreds of thousands are taking their places in civilian defense work or beside the men in our factories and even on the farm. Believe me, I get a great deal of satisfaction knowing that I am aiding them to do this vital war work by helping to wash and iron the clothes, clean rugs, polish floors, protect foods, run the radio and perform hundreds of other household tasks. Actually, I can do the work of ten maids. I'm on the job every minute of the day and night—Thursdays and Sundays included. Yet my salary is only a fraction of what you'd pay one maid.

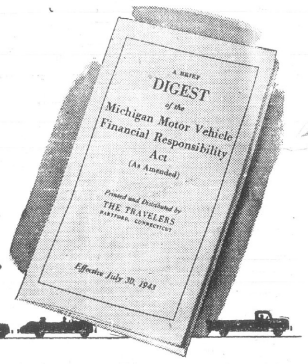
Everything you need to know about Michigan's new motor law.



Don't lose your license to own or drive a car. Know the law.
MAIL COUPON NOW!

THE Michigan Motor Vehicle Financial Responsibility Act affects everyone who owns or drives a car. It goes into effect soon and *it has real teeth in it!*

Unless you can meet the provisions of this new law, one accident involving a small claim for bodily injury or death may result in the loss of your license to own or drive a car. And *ignorance of the law is no excuse!*

FREE—THE FACTS YOU NEED TO KNOW!

As you can see, you need to know the facts about this new law. You can get these facts in a brief, easy-to-understand digest of this important law prepared by The Travelers Insurance Company. A copy is yours, absolutely free, just for filling in and mailing the coupon below.

HOW MANY OF THESE QUESTIONS CAN YOU ANSWER?

1. What must you do to keep from being barred from the road the *first time* you have an accident involving bodily injury or death?
2. What steps must you take to prove your financial responsibility?
3. What is the minimum amount of financial responsibility you must prove if you have: (a) An accident resulting in the injury to, or death of, one person? (b) An accident resulting in the injury to, or death of, two or more persons? (c) An accident causing property damage?
4. How soon must you pay a final judgment for bodily injury, or for property damage of more than $50 to avoid losing your license?
5. What is the safest, most economical way to prove your financial responsibility?

ALL THESE QUESTIONS ARE ANSWERED IN THE DIGEST!

Once you read the digest and understand your responsibilities under this new law, we think you'll agree that:

The safest, most economical way to prove your financial responsibility is to carry the right kind of automobile insurance in a company licensed to do business in Michigan.

When choosing an insurance company, consider the advantages of insuring in The Travelers.

Since 1898, The Travelers has protected more car owners than any other company. More than 500 Travelers representatives in Michigan are ready to help you in case of an accident. And there are hundreds more in bordering states.

Let's help our farmer neighbors
with their hauling problems

AMERICA'S farmers have the tremendous responsibility of raising more food this Summer than ever before in the nation's history.

Farm manpower is scarce. Every hour of every farmer's time is vital to victory. Let's help conserve it.

Don't keep any farmer waiting

Owners of stores, operators of markets, warehouses, elevators, terminals and processing plants, can aid substantially in the success of the "Food for Victory" program by expediting the loading and unloading of farm products.

Every farmer is an essential home front soldier. Don't keep him waiting. He has a long way to go and no time to waste.

Studebaker dealers are co-operating

Studebaker dealers go out of their way to help obtain parts for all makes of trucks.

They co-operate further by handling special repair jobs for farmers as fast as possible.

Many Studebaker dealers have special facilities for locating used trucks, that have been idle or in part-time use, for sale to farmers.

Keep your car and truck up to par

All trucks and cars must be kept in good shape to safeguard the nation's vital transportation life lines. And that's especially important this Summer.

Drop in for regular inspections. Studebaker dealers' mechanics are Essential Transportation Workers who can spot and correct truck or car trouble before it becomes serious.

Ask for free copy of Studebaker's valuable, new, 48-page book, "Care and Maintenance of the Farm Truck"—or write Studebaker Truck Division, Dept. N, South Bend, Indiana.

Listen to Morgenthau-Marshall Tell Power of Payroll Savings!

Washington, D. C.—How important is the average worker's war bond purchases out of his pay every payday in the grand strategy of the Allied High Command? Does the extent of his or her War Bond allotment have a part in determining when, where and the strength of our military blows?

George C. Marshall

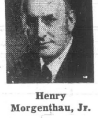
Any worker listening in on a recent conversation between General George C. Marshall, President Roosevelt's Chief of Staff, and Secretary of the Treasury Henry Morgenthau, Jr., learned the answers to these questions.

Said General Marshall:

"Mr. Secretary, I want you to answer a question for me and to answer it with complete frankness. Can we military leaders plan to fight this war in an orderly way—in the surest and most effective manner—or must we take extraordinary risks for fear the money will not hold out?"

Replied Secretary Morgenthau:

"General, the American public will take care of that. What they have done in the Second War Loan drive—the money they have produced and the spirit they have shown—is proof enough for me that they will not let our fighters suffer from lack of support until we achieve complete victory, no matter how long that may be or how much it may cost."



Henry Morgenthau, Jr.

Up your War Bond allotment out of your wages today. Figure it out for yourself how much above 10 per cent it should be.

One Drowning Mars Holiday

OTTAWA LAKE MAN LOSES LIFE AT DEVILS LAKE; ANOTHER NEARLY DROWNED

The only accidental death to occur in Lenawee county over the Fourth of July holiday weekend was that of John Beck, aged 24 years, of Ottawa Lake, who drowned Sunday while swimming at Devils Lake. The drowning occurred near the south shore of the lake in about eight feet of water.

Before going into the water Beck jokingly told his companions "Well, if I start to drown, come out and save me!" He swam out and a short time later his companions heard him call but paid little attention because of his joking. He was an able swimmer, but when he disappeared an investigation was started. After the recovery of the body a resuscitator was used for an hour and a half but with no success. Coroner E. M. Braun of Adrian decided no inquest was necessary.

The body was removed to the Reeb Funeral Home in Sylvania.

On Monday, Sam Fidell of Petersburg nearly drowned at Evans Lake when his motor boat capsized while he was fishing. A group from Adrian, fishing near the south island, about 4 o'clock, saw the capsized boat and investigated. They found Mr. Fidell clinging to the boat and towed both the boat and the owner to the island. Mr. Fidell righted the motor boat and got it into operation. He seemed to suffer no ill effects from being in the water.

Mrs. Adelaide Putnam Dies In Columbus, O.

Mrs. Adelaide Putnam, widow of Elmer E. Putnam, died Monday night at the home of her sister in Columbus, O., where she had made her home recently. Mr. and Mrs. Putnam formerly owned and operated the Putnam Hotel at Sand Lake and were well known in this vicinity. Mr. Putnam died in May 1931 and for a few years Mrs. Putnam was matron of the community rooms in Adrian.

She leaves two sisters, Mrs. J. A. Weston of Columbus, O., and Mrs. T. M. Robbins of Cleveland and a brother Roy F. Huddleston also of Cleveland.

Funeral services will be held this afternoon at Everiss Funeral Home in Adrian with burial in Oakwood cemetery.

WELCOME CLASS ENDS ITS MEETINGS 'TILL FALL

The Welcome class of the Presbyterian church held its mid-summer picnic and closing meeting Tuesday at Mrs. Rose Schreder's with 26 in attendance. The guests were Rev. and Mrs. J. C. Murdoch, Mrs. Elliott and Mrs. Yoder, Miss Ruth Harding and Miss Consuela Rodriguez.

Following the business session and devotionals Miss Rodriguez gave an interesting talk on the Presbyterian Hospital and Nurses Training School in Puerto Rico.

Meetings will be resumed in September at the home of Mrs. Ed. Smalledge.

WED IN ADRIAN

Mrs. Pearl V. Harris of Tecumseh and Ralph E. Pletcher of Adrian were married Thursday evening at the Methodist parsonage in Adrian by the Rev. John E. Martin. Only the immediate families were present. Mrs. Harris was attended by her daughter, Mrs. W. D. Hite of Tecumseh and Mr. Pletcher was attended by his son Wayne Pletcher of Adrian.

The group returned to Tecumseh where refreshments were served at the Hite home on West Kilbuck street. Mr. and Mrs. Pletcher left later on a wedding trip and after August 1 will be at home in the Darling cottage at Evans lake.

JOHN POWELL HURT

John Powell, nine year old son of Mr. and Mrs. O. M. Powell, fell while playing on a junk pile Tuesday evening and suffered a badly lacerated left wrist. He was taken to Tecumseh hospital where Dr. P. B. Hardy cleansed and treated the wound. It was found a tendon had been cut and he was removed to University hospital in Ann Arbor for an operation and will remain about 10 days. Three stitches were also taken in a gash in the right leg.

DEGREE CONFERRED

Tecumseh chapter, Order of the Eastern Star, met Thursday evening and conferred the degree on five candidates, Mrs. Lewis Coller, Mrs. Theodore Ehinger, Miss Beatrice Daykin, Miss Julia Free; and Hoyt Raymond. Refreshments were served by Mrs. Lewis Lent and committee.

There will be no meeting in August and regular meetings will be resumed September 2 with initiation.

Products Employees Meet In New Guinea

Pvt. Gaza Kish of Tecumseh, Larry Sharp of Dundee, Carl Dargate and Harold Gaertner of Petersburg, all old friends recently met in New Guinea. All are in the armed service and this was their first meeting and Mr. Gaertner's first meeting with anyone he knew since his arrival overseas. Kish and Gaertner were former employees of Tecumseh Products Company.

Do Not Forget Your Gas Book

RENEWAL OF "A" BOOKS MUST COME BEFORE JULY 21 IF YOU WISH TO DRIVE

Application forms for renewing basic A gasoline rations are now available at local filling stations and at factories which have plant transportation committees, and should be picked up by motorists and motorcycle owners as soon as possible, Rex Forrister of the Lenawee County War Price and Rationing Board, reminded the motoring public today.

The forms must be filled out and mailed to the rationing board in order to get new "A" and "D" coupon books to take the place of present ones which expire on July 21. It will not be legal to use the now "A" book until July 22. Do not call at the Rationing office for your renewal book. They will be mailed to you in ample time for use July 22.

"Early applicants will assure themselves of getting their new books before their present ones expire," the Ration board chairman said. "Mail renewals were planned to make the task of getting new coupon books as easy as possible. There will be no schoolhouse registration this time, and car and motorcycle owners will not be required to come to the Ration Board to get their ration books.

"We hope autoists and motorcyclists will cooperate by not waiting until the last minute to file their applications. This would mean delay and inconvenience to everyone concerned."

The application form, Mr. Forrister pointed out, is a simple one that can be readily filled out largely from information on the car owner's registration card and present tire inspection record. Tire serial numbes must also be written in.

This form, when filled out, is to be mailed to the board together with the back cover of the owner's present "A" book (properly filled out) and the current tire inspection record showing that proper inspections have been made.

Tom Wardle of Britton Succumbs To Injuries

Tom Wardle, well known Britton resident, died Saturday afternoon at Tecumseh hospital where he had been brought earlier in the afternoon for injuries suffered in a fall. Mr. Wardle who was janitor at the Britton school house, had been working at the school and failed to go home at noon. Mrs. Wardle went to the school and found him in a semi-conscious condition, where he had fallen from a step ladder and struck on the back of his head.

Survivors are the widow, Clara, a sister Mrs. Amy Bailey of Detroit, and several nieces and nephews.

Funeral services were held Tuesday afternoon at the Niblack Funeral Home in Britton, Rev. E. H. DuBois officiated and bearers were Gordon Bailey, Earl Griffin, Harold Miller, Harry Rozelle, Jesse and Sam Lockwood. Burial was in Ridgeway cemetery.

FUNERAL TOMORROW FOR MRS. ADDIE B. KEMP

Mrs. Addie B. Kemp, wife of H. Ray Kemp of Adrian, died Wednesday at her home in Adrian after a long illness. Mrs. Kemp who was 70 years of age lived in Tipton for many years and before her illness was active in the Pythian Sisters, both state and national serving as Grand Chief of Michigan, Supreme Chief of the United States and Canada, also president of the Past Grand Chiefs Club of Michigan.

She leaves her husband one son Glenn L. Kemp of Tipton and one sister Mrs. Clarence Repp of Monroe.

Funeral services will be held Friday at 2:30 at the Everiss Funeral Home in Adrian with burial in Tipton cemetery. Rev. W. E. Grove of Curtice, O., will officiate.

DIES IN PIONEER

Mrs. Laura Mohr, aged 71 years, died Monday afternoon at her home in Pioneer, Ohio. She had been in poor health for some time.

Mrs. Mohr is survived by three sons, Waldo Mohr of Tecumseh, Cecil of Quincy, and Linford at home.

Funeral services will be held this afternoon at 2:30 o'clock with burial in Pioneer.

Scouts Collect 320 Lbs. of Fat

EXTEND THANKS TO THOSE WHO ASSISTED IN PATRIOTIC EFFORT ON SATURDAY

Patriotic Brownies and Girl Scouts conducted a salvage drive Saturday to collect waste fats for Uncle Sam. Nearly 320 pounds of fats were collected and moved by wagons from homes to a local meat market where it was immediately sold. Twenty-seven girls participated in the drive under the leadership of Miss Beth Saiterthwaite of the Girl Scount Council and the Misses Margaret Roberts and Virginia Carlston.

The girls who took part were: Brownies, Pauline Bagshaw, Betty Jo Hanna, Cynthia Spafford, Shirley Fozbender, Nancy Anne Sherrard, Margaret Touborg, Barbara Stakey, May Lou Alderdyce, Barbara Frost and Ann Bacon; Intermediates, Nancy Wilson, Joan Hart, Shirley Bailey, Jennie Mae Bird, Patty Hammack, Martha Ann Hayden, Mary Brown, Shirlie Moore, Kathryn Hicks, Sally Brown, Marilyn Lindsley, Lois Purkey, Ila Louden and Patty Patten, with Jean Swick, Dorothy Brandt and Louise Bowen of the older intermediates.

The Girl Scouts wish to thank Tecumseh housewives for responding so well and hope they did not miss any homes. If so, fats will be collected if a leader or any scout is notified. The girls also wish to thank LaRue Hart for taking care of the fat as it was brought in.

A picnic and field day has been planned for the group who helped to be held July 7 at the Spafford home on East Shawnee street.

Miss Doris Wintersteen Bride of Corp. Robt. Mohr

At a wedding held Saturday evening at Grace Evangelical Lutheran church, Miss Doris Irene Wintersteen, daughter of Mr. and Mrs. John C. Wintersteen, became the bride of Corporal Robert E. Mohr, son of Mr. and Mrs. Waldo Mohr, all of Tecumseh, the Rev. R. W. Scheele reading the double ring service. Preceding the ceremony Mrs. Kenton Hunt gave a short organ recital and played the wedding march and James Freckelton sang, "I Love Thee".

The bride, who was given in marriage by her father, was attended by her sister, Miss Doris Wintersteen of Detroit, as maid of honor. Harold Hall attended the groom as best man and the ushers were Pvt. Gordon Yancer of Tecumseh and Roger Ely of Montpelier, O.

The bride's gown was of white satin and net combination, fashioned with long train and sleeves, tight bodice and chantilly lace yoke. She wore a finger tip veil of illusion with pearl tiara and orange blossoms, and carried an arm bouquet of regal lilies tied with white satin ribbon. She also wore a pearl necklace, the gift of the groom. The maid of honor wore canary yellow net over taffeta trimmed with cornflower blue ribbon. She carried a bouquet of shasta daisies, blue delphinium and baby's breath and wore a comb of yellow rose buds, delphinium and miniature daisies in her hair.

Mrs. Wintersteen chose for her daughter's wedding an ensemble of powder blue crepe with a corsage of pink roses and blue delphium and Mrs. Mohr wore floral jersey with a corsage of roses and sweetpeas.

Immediately following the ceremony a reception was held in the church parlor for 75 guests from Isle, Jackson, Montpelier, Detroit, Saline, Clinton and Adrian. Later another reception was held at the Wintersteen home on West Pottawatamie street. Corp. and Mrs. Mohr left later for a week's stay at a Lodge in northern Michigan.

The bride is a graduate of Tecumseh high school and for some time has been employed in the office of the F. C. Hanna Insurance and Real Estate Company. Corp. Mohr is a graduate of Waldron high school and also attended Michigan State Normal College in Ypsilanti. He is now stationed with the U. S. Army Air Forces at Richmond, Va.

Late Clinton Resident Deeds House and Lot to the Tecumseh Hospital

To manifest his acknowledgement of the kindly treatment and consideration he received at the hand of the officers and employees of Tecumseh Hospital while he was a patient there, the late Clark E. Semark of Clinton, deeded a house and lot in that village to the institution and the $1,900 received from the sale of the property has been used by the hospital board to establish the "Clark Semark Fund" which will be used exclusively for the purchase of capital equipment.

Announcement of Mr. Semark's action was made this week by the hospital board after the property had been sold to Clyde W. and Maude Greenfield.

Mr. Semark died last October 23.

Michigan Fifth State To Pass Responsibility Law

When the new amendment to the automobile financial responsibility law goes into effect July 30, in Michigan, the state will become the fifth in the nation to have an automobile law of this type in force. A somewhat similar law went into effect in Indiana July 1. Frofr to that time, laws have been adopted by New Hampshire, Maine and New York, in that order. Michigan is the second largest state in point of population to adopt such a provision, New York being the largest.

Every one who owns or drives a car in Michigan will be affected by the new law. There are now more than 1,700,000 cars in operation in the state and it is estimated, that before the law has been in effect many months approximately three out of four cars will carry insurance. This estimate is based on results in other states which have adopted similar laws.

The Michigan law provides for the suspension of the operator's license and registration of a financially irresponsible driver under the following conditions: If he is uninsured and unable to meet a just claim arising from an automobile accident in which anyone is killed or injured; if he fails for thirty days to satisfy any final judgment for bodily injury or death, or for property damage in excess of $50 arising from an automobile accident; or if he is convicted of certain offenses involving the use of a motor vehicle.

Such drivers must also furnish evidence of financial responsibility for the future.

IS READY FOR DUTY AS RADIO OPERATOR

Now ready for active duty as a radio operator aboard ship or at a shore station is Donald F. Russell, 18, son of Mr. and Mrs. R. H. Russell, 215 East Pottawatamie, who was graduated last week from the Navy's special training school for radiomen on the campus of Northwestern university, Evanston, Ill. He has been designated a "striker," meaning that he will be eligible for a petty officer rating as a radioman, third class, upon serving a short period of apprenticeship on active duty.

The Bluejacket was selected to attend the school upon making high scores in a series of aptitude tests taken during recruit training He has received 16 weeks of instruction in the transmission and reception of radio code messages, and the operation and maintenance of radio quipment, and has been transferred to Miami, Fla., for further training.

Unique Harvest Here Saturday

HAYDEN MILLS TO CUT CROP OF "DYNAMIC KERNELS" WITH FORD EQUIPMENT

What promises to be one of the most unique wheat harvesting in many decades will take place in Tecumseh, Saturday morning, July 10 at 10:30 a.m. At that time, 93 year old Harmon Russ, of Adrian, will operate a horse drawn 90-year-old self rake reaper, owned by the Edison Institute at Greenfield Village, in Dearborn, and loaned through the courtesy of Henry Ford, all to harvest one golden acre of wheat.

But there is more to this demonstration than just cutting a little wheat. This harvest is the third in a series of six, all as a result of the planting of one tiny cubic inch of wheat on Ford land Sept. 26, 1940. Inspired by a sermon in the Tecumseh Friends Church Sunday, Sept. 22, 1940, one of the members read of a local milling firm, thought that the sermon text, taken from John 12:24, "Except a corn of wheat fall into the ground and die, it abideth alone, but if it die, it bringeth forth much fruit" could be dramatized in actual life. It was wheat planting time, and so through the cooperation of Edgar Clark, superintendent of the 10,000 acre Ford Farms at Macon; L. C. House, agricultural teacher in the Ford Macon schools, and C. D. Finkbeiner, grower of certified Bald Rock Wheat, at Clinton, 360 kernels of wheat were planted by hand in 1940.

The remarkable yields of 50 fold the first year, and 55 fold the second year were attributed by Perry Hayden, of the Hayden Flour Mills, who is carrying out the project, to the fact that the project is an effort to prove the truth of the Bible. In addition to a "tithe" of approximately 90,000 kernels, about 800,000 kernels were planted on Ford land in 1942, just east of the Tecumseh Hospital. The prospects for a heavy crop this year are excellent.

The 1941 crop was cut by sickle. One shock of wheat resulted. In 1942, the crop was cut by cradle and resulted in 28 shocks. In 1943 the wheat will be cut by a reaper used before the Civil War. It has been estimated that whereas it took 14 hours to cut an acre of wheat by sickle, and five hours by cradle, this was cut to two hours by the reaper.

This six year project of "Dynamic Kernels" is a direct outgrowth of the preaching on the blessings of tithing by Rev. Edward Escolme of the Friends church. A tithe of each crop will go to his church, which, incidentally, as shown a 360 percent increase in offerings since tithing has been taught. This year 60 percent of the offerings has been given out to Christian activities apart from the work of the local church.

It is expected that Henry Ford's personal photographer will take pictures this year.

The public is invited to witness the cutting of the wheat Saturday morning on the plot of ground directly east of the Tecumseh Hospital. Some of the wheat will be cut by sickle, some by cradle, and the balance by reaper, all furnished by the Henry Ford's Edison Institute at Dearborn. A loud speaker will be set up, a short program will precede the cutting, and souvenir historic programs will be furnished free by the sponsors of the project.

TIPTON FARMHOUSE DAMAGED BY FLAMES

A blaze which had its origin in the attic of the home of Mr. and Mrs. Harvey Warner, four miles south and west of Tipton, caused considerable damage to the structure, late Tuesday afternoon. The Adrian rural truck responded to the alarm and the family kept the blaze under control with water from a garden hose until the department arrived. The blaze was confined to the attic, but the ceiling in the dining room was damaged by water.

DIES AT ONSTED

Lynford W. Bennett, aged 34 years, died Sunday night at his home in Onsted after a long illness.

He leaves his parents Mr. and Mrs. DeWitt Bennett of Onsted, a brother Pvt. Clifford Bennett in Georgia, and his grandfather Warren Pitcher of Clayton.

The funeral was held Wednesday afternoon at Dunn Funeral Home with burial in Maple Shade cemetery in Onsted.

BURIED AT CLINTON

Funeral services were held Wednesday afternoon at the Hause Funeral Home in Clinton, for Christian Kurtz, a former resident of Franklin township, whose death occurred Monday near Adrian. Mr. Kurtz was 83 years of age. He leaves only cousins. Burial was in Riverside cemetery.

Council Is Divided On Beer Garden License

The village council, by a split vote, approved the application of Lamont C. Harrington for a state beer and wine license when the trustees met in regular session on Tuesday evening. The vote was four to one, Trustees Turnbull, Kerby, Truesdale and Rohweder voting favorable and Trustee Van Vleet voting in the negative. The application must now go to the state for further consideration. Mr. Harrington plans to operate the former Tecumseh Tavern on W. Chicago boulevard formerly operated by Joe Scholten and to whom a license was denied by the council.

There was little other business to come before the council. Current bills were audited and ordered paid, an ordinance was enacted covering the new withholding tax from village employees' pay checks, and reports of officers were ordered filed. Doran Withrow was granted permission to park a house trailer at 703 So. Evans Street.

New Wage Tax Held Painless

WILL CUT PAYMENTS OVER VICTORY TAX IN SOME CASES; TO AID BOND SALES

The new pay-as-you-go tax plan, which went into effect on July 1, has more balm than bite in the opinion of Frank N. Isbey, Michigan chairman of the U. S. Treasury War Finance Committee. "Actually the plan is rather painless," Mr. Isbey said, "and should result in more purchases of War Savings Bonds.

"For instance, examination of the withholding brackets shows that a man and wife and two children who earns $40 a week will pay only 80 cents a week. This is actually 50 cents a week less than he is now paying out of his wages for the five per cent Victory Tax—and his entire federal income tax is all paid up.

"If the same family earns $50 a week the withholding tax will be $2.80 a week. There is no mathematical nightmare about this. When the taxpayer realizes that the withholding tax includes the Victory Tax he is now paying, he should breathe with considerable relief. In many cases the pay-as-you-go deduction from his pay check will be less than it is now for the Victory tax.

"Let's examine the status of a married man with two children now earning $25 a week. He will pay 40 cents a week as compared with 70 cents now going to Victory tax. If the same worker makes $30 a week, his new deduction will be 50 cents against 90 cents now coming out of his pay. If he earns $35 weekly, he will pay 70 cents where he is now shelling out $1.10.

"The man of the house with two children must earn $45 before his income tax is greater than the amount he has been paying for Victory tax alone," Mr. Isbey pointed out. He added that taxpayers should not forget the 75 percent forgiveness of one year's income tax. Thus everybody starts out on July 1 even with Uncle Sam.

"We do not expect any falling off in either over-the-counter sales or in plants where payroll deductions for War Savings Bonds are in operation," said Mr. Isbey. "The new tax is by no means a flat 20 percent as many have been led to believe, but rather 20 percent on only that portion of the income in excess of allowable exemptions."

CHARLES KIDD, AGED 71, DIES; FUNERAL SATURDAY

Charles Kidd, aged 71 years, whose home was north of Tipton, died Wednesday at the state hospital in Ypsilanti where he had been since March. Mr. Kidd was born in Weston June 22, 1872 and was a son of Wilson H. Kidd and wife. He never married and had followed the trade of fence builder most of his life.

Survivors are a brother John Kidd of Charles Lake, two sisters Mrs. Anna Brighton of Jackson and Mrs. Pearl Kelley of Tecumseh.

Funeral services will be held Saturday at 2:30 at the Collins Funeral Home. Rev. Edward Escolme will officiate and burial will be at Reynolds Corners.

Food Problem is Cause For Worry

WET WEATHER HAS DELAYED PLANTING; FARMERS OPPOSE OPA PRICE SUBSIDY

BY GENE ALLEMAN
(Special to The Herald)

East Lansing, July 8.—We don't believe it is revealing any military secret to observe that the Michigan home front is having tough going this summer.

Here are the signs:

The farmer is seriously concerned, and rightfully so, about the prospect of a dwindling supply of foodstuffs and meats next winter because of the incessant wet spring which delayed planting of grains, sugar beets and beans. Acreage yields will be cut sharply. The farmer opposes the OPA price subsidy.

The industrial worker is restless over the spiraling rise in the cost of living. He is wondering what may be the ultimate outcome of Washington's inability to "hold the line". Food prices have been climbing steadily.

Draining of manpower to essential war industries, where fantastically high wages are being paid, is beginning to cripple civilian economy.

* * *

We reaffirmed many of these conclusoins after glancing through a recent issue of the Congressional Record, the printed proceedings of the House and Senate at Washington.

Here are some quotations from remarks made by Michigas congressmen:

Rep. George A. Dondero, Royal Oak—"This morning I received a telegram from two farmers' organizations in my district, the Oxford Cooperative Elevator Co. and the Oakland county farm bureau, both saying this:

"'Farmers and farm leaders are emphatically opposed to any rollback in farm prices. So much unfavorable publicity from Washington. Absence of guaranty of stabilized profitable returns to agriculture when labor and industry are taken care of is interfering with crop production. Office of Price Administration regimentation is resented.'"

Dondero concluded: "If the people of this country, when wage scales, and national income are the highest in the history of the Nation, are unable to pay for butter, coffee, meat and for food at decent prices to the producer, when will they be able to pay for it?"

* * *

Rep. Earl C. Michener, Adrian—"The great mass of farmers do nothing to create or support a black market. All the farmers want is a fair price is the market place . . . While most labor in war industry is today receiving unheard of compensation and is abundantly able to pay for its food at a much higher price, yet we are all mindful of the school teachers, the clerks, and the white-collar employees who have had no increase in wages but who must buy their food in the same market with the high-salaried war worker."

* * *

Rep. Jesse P. Wolcott, Port Huron—"In order to crystallize the issue as to whether the American people today might not be in a better position to pay their food bill than ever before in the history of this country, I want to read one sentence from the last report of the Bureau of Agricultural Economics of the United States Department of Agriculture in which, in summarizing their findings, it is said:

"'The total cost to consumers of fixed quantities of food making up a typical consumer's food basket was smaller in relation to average

HORSE SENSE

As a sedative to numb the fear of public debt, the people have been told that no harm could result from the debt because the people merely owed it to themselves.

Harold G. Moulton, head of the Brookings Institution, has knocked the "owe it to yourself" theory into a cocked hat in a booklet entitled, "The New Philosophy of Public Debt." He shows that those who pay taxes to support the debt are not identical with those who receive the interest on the debt or the government bounties which the debt makes possible.

While the people may owe the public debt to themselves, the man who is taxed to pay interest on the debt will soon find that the tax collector will take his shirt if he does not pay his taxes, to pay interest on a debt which he "owes to himself."

Mr. Moulton blasts the idea that public debt can go on growing forever without doing any harm. His remarks shoot close to financial and economic advisors of the government, and to the National Resources Planning Board.

He makes it brutally clear that deficit spending and boundless public debt lead either to totalitarism or to debt repudiation, and that without "a stable system of public finance . . . in the United States and also in other countries, the foundation stone for international reconstruction will rest on quicksand."

His analysis is just plain horse sense which most everybody understood until they were hypnotized with the suggestion that prosperity could be brought about by priming the pump continuously with public funds. He does not try to prove that government debt is bad, but he does insist that it must be controlled.

The time will come when in spite of all the primings, the pump will suck air if the water supply is exhausted. The earning of the people are the water in the financial well. Those earning must come from individual effort and production which depend on prosperous operating industries and agriculture. The pump primers produce no new water.

USE VEGETABLES AT THEIR BEST

Learn the proper time to gather and eat your Victory Garden vegetables if you want to rate with your family and friends as belonging to the master gardener class!

"Pick 'em young!" advise specialists at the Ferry-Morse Seed Breeding Station who realize that many home gardeners foster the mistaken idea that vegetables must mature before being eaten.

Snap beans are at their snappiest just before the beans inside the pods have begun to form. This is also the best stage for canning. Pods of green peas should be smooth, rounded, and fresh green in color. If pods are flat, let them grow a few days longer; it is wasteful to pick them when peas don't fill the pod. On the other hand, if pods have turned slightly whitish and wrinkled, the peas are too old and will not cook tender and tasty.

When you have eaten carrots at a half to three-quarters inch in diameter, you will never again hanker for larger roots. Kohl rabi globes should be allowed to get no bigger than an inch across before popping them into pot or skillet.

Straightneck summer squash is fast becoming a favorite, but the tendency is to let the fruits grow too large. Slice them with skin and seeds intact when four to five inches long and boil or sauté for just a few minutes. All the delicate flavor and nutritive values are saved, and summer squash becomes epicurean instead of a tasteless mass.

Down South the slender pods of okra are gathered and used before they are three inches long. At this size they are a real delicacy and less "gluey," either as a vegetable alone or in soups and stews. Try slicing young cucumbers for the table when they, too, are no more than four inches long,—the richer, fresher flavor is amazing.

The time to pick, or not to pick an ear of sweet corn sometimes stumps the experts. Experience says the silk should be brown and somewhat dry, and the ear plump to the touch through the green husk. As a double-check, however, seasoned gardeners usually strip down a bit of husk while the ear is still on the stalk. If kernels are deep, close together, and milky, they are ready.

Up Your Savings

There will be American justice for the savages of Tokio but our trial and punishment of Tojo and his criminals will cost blood, sweat, toil and tears and money. You can supply the money by upping your war bond buying through the payroll savings plan. Figure it out yourself and see where the money is coming from. How much does it cost you and your family to live each month? How much money is coming in from all members of your family? Put the extra money into war bonds, every penny of it. Let 10 per cent be only the starting point for figuring your allotment.

Is Your Roof Fortified Against
FIRE-SNOW-WIND-RAIN-SUN?

Can your roof take it? Is it ready to battle the elements of snow, wind, rain and sun? Will it resist fire? Does it give you to the protection that a roof should give?

The moment that your roof goes on . . . the war against weather and wear begins. With United States Gypsum shingles your roof is "fortified" . . . and your troubles are gone.

See us today about installing a new United States Gypsum roof on your home. Or, perhaps, new USG sidewall shingles. We can furnish them to you in red, green or gray, or if you prefer, in asbestos.

Take the Fuel Shortage Seriously

You can save fuel-a-plenty if you'll install storm sash and storm doors in your home. Storm sash materially reduce your heating cost when your entire home is fortified against the cold.

We build storm sash to fit your needs—any size you desire.

Don't Wait--Place Your Order NOW

Now is the time to order your storm sash. Bring us the measurements and we will make them during the summer months. Next winter you'll have them as a defense against the snow and cold. As for the price—they'll nearly pay for themselves in a year or two in the fuel you save.

Augusta

Augusta Travers—you know, the one who runs the little hat shop down on Main Street—she's always been dead set against gambling in any form. Never will forget when I was a kid and she found little Hammy, her youngest nephew, playing marbles for keeps out back of the shop. Took it on herself to give him a whaling and point out the evils of gambling. She's a strict woman, Augusta, real strict. Good as gold, of course. But mighty set against the lighter things of life.

Well, so you could have knocked us all over with a feather when Augusta started her gambling campaign for War Bonds and Stamps, right out in the window of her shop. First she got hold of the photographs of every boy here in town who's joined up, and pasted them on a big board in the window, with little American flags at the corners. Half the town was down there watching her do it. She left the middle empty. Then she brought out a placard she'd had printed up and put it in the middle, and this is what it said: "These are the Local Boys who have enlisted in America's War—They are betting that you are buying War Bonds and Stamps—Hitler and the Japs are betting you aren't—Place your bets inside."

My wife couldn't wait to get herself down there and inside Augusta's shop to see what in the wide world had happened to her, turning right around about gambling like that. You know my wife. She kind of likes to talk. She went right up to Augusta and said, "Augusta Travers, seems like something's come over you. Why, I never thought I'd see you running a gambling campaign in your own shop."

Mean to tell me it's a gamble whether this country buys enough bonds to win this war?" Augusta asked.

I forgot to say. Wasn't just a hat my wife brought home. Was a hat and a $25 bond.

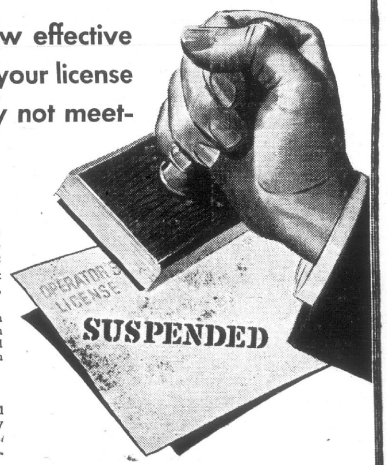
FINAL WARNING!

Important new motor law effective July 30th...you can lose your license to drive or own a car by not meeting its provisions!



FACTS ABOUT THIS NEW MICHIGAN LAW:

STARTING JULY 30th, you will be barred from the roads as a driver or owner of an autombile, the *first time* you have an accident involving any bodily injury or death:

UNLESS, you can satisfy the Secretary of State that the liability resulting from such accident is insured, or

IF NOT so Insured, unless you can furnish an affidavit certifying that all personal injury or death claims resulting from such accident have been settled or unless you can give security for payment of such claims.

The Law Also Applies

IF YOU fail to pay, within 30 days, any final judgment for bodily injury or death, or for property damage of more than $50.00 or

IF YOU are convicted of violation of certain provisions of the Motor Vehicle law.

IGNORANCE OF THE LAW NO EXCUSE:

CAN YOU PROVE YOUR FINANCIAL RESPONSIBILITY?

The minimum amount of financial responsibility required is: $5000 for injury to, or death of, one person in one accident; $10,000 for injury to, or death of, two or more persons in one accident, and $1000 for damage to the property of others.

The best, safest, and most economical way for you to prove that you are financially reponsible is to carry the right kind of Automobile insurance in an insurance company licensed to do business in Michigan!

HOW A TRAVELERS POLICY CAN HELP YOU

Within the limits of the amounts of insurance provided by the policy, Automobile insurance placed with The Travelers:

1. Protects you against damage claims arising out of the death or injury of another person, or persons, or out of the damage caused to property by your automobile. Investigates the accident, determines who was to blame.
2. Settles meritorious claims amicably, whenever possible. Acts in your defense if court action is necessary. Pays the award if one is rendered, the court costs and legal fees in addition.
3. Protects everything you own against being seized, sold, or attached to satisfy a damage judgment arising from an automobile accident.

WHY INSURE IN THE TRAVELERS?

1. Since 1898, The Travelers has protected more car owners than any other company. This experience is valuable to you.
2. More than 500 Travelers representatives who will help you in case of an automobile accident are located in Michigan. There are hundreds more in bordering states.

ACT NOW TO PROTECT YOURSELF

See a Travelers agent as soon as possible. Find out which type of Automobile insurance will help you keep your driving and car-owning privilege. With this new law, and in view of the present low rates, you can't afford to be without Automobile insurance.

The new PAY-AS-YOU-GO Tax

Not an Extra Tax...Just an

country raise the money

IT'S NOT 20% OF YOUR SALARY

Get this straight . . . "This way of collecting taxes, which goes into effect July 1st, is not a flat 20% tax. It's only 20% on that portion of your income after you make your permissible deductions. The 20% includes 17% for income taxes and 3% for Victory Taxes.

Now here's the amazing thing . . . with 75% of either your 1942 or 1943 Taxes forgiven (cancelled) and with the 5% Victory Tax reduced to 3%, every wage earner will have less taxes to pay. Not only that, Uncle Sam is eliminating the headache of big lump payments . . . from now on you will merely be paying a little bit out of every pay envelope and that's easy!

HERE'S HOW IT WORKS

Take the case of a man earning $40.00 per week, with a wife and two children . . . right now $1.30 per week is being deducted for the Victory Tax . . . but with the pay-as-you-go tax . . . he will only have 80c per week deducted and that includes *Income* as well as *Victory* Tax!

Instead of 20% deducted, he has only 2% deducted. This man, like a lot of other wage earners, will have more money to buy *more* War Bonds!

HOW TO FIGURE DEDUCTIONS

Look at the chart at the right . . . at a quick glance you can estimate the amount of your weekly deductions. They may not only be less than you thought—but, best of all, each week in practically every instance your *income taxes are paid.*

Joseph C. Grew Warns

Half-Effort Will Not Defeat Japan

By JOSEPH C. GREW

United States Ambassador to Japan until the outbreak of war, and author of "Report From Tokio."

(Written for the Treasury Department in connection with the Retailers' "SAY YES" campaign to complete the nation's 100,000,000 partially filled War Stamp albums.)

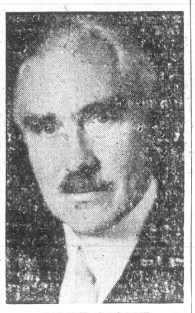
WASHINGTON, D. C.—In describing one of the big air battles over Gandalcanal a recent newspaper account tells of an American flyer who parachuted from his crippled plane to the waters of Lunga Bay. The Navy craft which picked him up next went to the rescue of a Japanese pilot seen struggling in the water nearby. As the rescue boat reached the Japanese flyer he suddenly pulled out his revolver, aimed it at the drenched American pilot and pulled the trigger. The cartridge failed to explode. Then the Japanese officer turned the gun on himself with suicidal intent. Again he pulled the trigger and again his revolver failed him. At this point an American sailor knocked him out with a boat hook and pulled him aboard the American craft a prisoner.

Almost daily one reads eye-witness stories such as this one, and all of them clearly demonstrate that war with our enemy in the Pacific cannot end in compromise.

For ten years I lived in Japan. The truth as I know it from close observation is this: Nothing less than the exertion of our maximum capacities, individually and collectively, in a war of offense will bring our beloved country safely to the longed-for haven of victorious peace.

The Japanese are pawns of a senseless but mighty militarism—a warrior caste which is ruthless and cruel beyond comprehension.

From the flood of eye witness accounts of atrocity and bestiality one



JOSEPH C. GREW

Says It's Fight to Finish

fact shines clear. We must utterly crush that machine and caste and system. If, however, we Americans think that collectively and individually we can continue to lead our normal lives, leaving the spirit of self-sacrifice to our soldiers and sailors, we shall unquestionably run the risk of a stalemate with Japan. I do not have the slightest doubt of our eventual victory. But I do not wish to see the period of our blood, sweat and tears indefinitely and unnecessarily prolonged. We must not fail to realize that we are up against a powerful fighting machine, a people whose morale cannot be broken even by successive defeats and untold economic hardship, a people who gladly sacrifice their lives for their Emperor and their nation. We must also remember that Japan did not start this war without carefully laid military plans for victory over the United States and a peace dictated by their war lords at the White House.

This is a total war, the only answer to which is a total American victory. It is a war in which half measures of any kind mean incredible waste of material, energy and human life. In this sense a half-filled War Savings Stamp album is symbolic of a half effort. There are, I am told, roughly 100 million partially complete War Stamp albums now in circulation. These uncompleted Stamp albums are, in a measure, like a 100 million threats to a speedy and victorious peace. On the other hand, for every War Savings album completed and cashed in for a Bond, you the owner have helped some soldier or sailor take a forward step on the uphill road to total victory. *U. S. Treasury Department*

Do you WANT Black Markets!

NO!—But what are you doing to stop them?

Sure, it was all right to give Bill those gas coupons you didn't need.

Or was it?

That thick steak you got from an accommodating dealer, without surrendering enough points — the canned foods, or tires, or coffee or sugar you managed to obtain outside the rationing rules —

They didn't amount to anything — or did they?

Well, let's see.

The only reason these things are rationed is because there aren't enough of any of them to go 'round.

Why aren't there enough?

It's because boys fighting on every front and sea need rubber and gas and nourishing foods to keep them fit to fight.

It's because the men and women in the factories n.. stout shoes to work in, solid food to work on.

It's because you yourself can't get along with these things that they have been rationed—for y...

Suppose you do get a little extra something to w... you are not entitled. And a lot of other people ... "just a little extra", too.

Then, there isn't enough to meet those coupons.

So, people begin offering bribes to get merchandise. And Black Markets spring up everywhere — in tires and gas, shoes and canned goods, meat and sugar and butter and coffee.

You'd soon find the price-bribes you'd have to pay so exorbitant you couldn't meet them. And you'd find the merchandise so scarce in the legal market that, coupons or no, you couldn't buy anything.

• • •

There is only one way to protect your share of the nation's products.

Buy no rationed products without surrendering the proper number of ration points.

Don't take advantage of somebody else's ration points to get things you're not entitled to.

Pay no more than ceiling prices.

NOTES

These ceiling prices apply in all class 1 and class 2 stores selling these meats at retail located in Zone 7.

The above prices are subject to the conditions contained in notes 1 to 3, inclusive.

NOTE 1.—GROUND MEAT.

(a) The retailer must not sell any ground meat unless it is ground beef, ground veal or ground lamb as defined in Section 20 of the beef, veal, lamb and mutton retail regulation, and he must not sell such ground meat at prices higher than those listed above.

(b) If a customer buys any retail cut of meat and wants it ground, the retailer may grind that cut of meat for the customer, only if the grinding is done in a manner so that the customer can observe it. No addition may be charged the customer for the grinding.

(c) The retailer shall not have in his store or cooler any ground meat except ground beef, ground veal or ground lamb, or meat which has been bought by a customer and ground at the customer's request and which is wrapped and marked with that customer's name.

NOTE 2.—CUBE STEAK.

The retailer must not sell any steaks which have been cubed in advance of an order. If a customer buys any retail cut of meat and wants it cubed, the retailer may cube that cut of meat for the customer, only if the cubing is done in a manner so that the customer can observe it and no addition is charged the customer for the cubing.

NOTE 3.—YEARLING LAMB.

The ceiling prices for yearling lamb cuts of the different grades are lower than the above ceiling prices for lamb. The retailer must not sell retail yearling lamb cuts of choice grade at a higher price than the ceiling price for the corresponding retail lamb cut of good grade; he must not sell retail yearling lamb cuts of good grade at a higher price than the ceiling price for the corresponding retail lamb cut of commercial grade; and, he must not sell retail yearling lamb cuts of commercial, utility and cull grades at a higher price than the ceiling price for the corresponding retail lamb eut of utility grade.

consumer income in recent months than at any other time on record.'"

"That is not amazing because we know that consumer purchasing power has been increasing by leaps and bounds . . . The only way we can siphon off this purchasing power so that there will not continue to be this constant threat to inflation, is, first, by taxation, and second, by the sale of bonds to individuals who will hold these bonds."

* * *

Rep. Fred L. Crawford, Saginaw —"When consumers' goods, both durable and non-durable, are disappearing from the market, due to the dollar flow which is increasing tremendously, the stream widening all of the time, and also to decreased production, and there is a disposition on the part of many and for economic reasons, to want to decrease the buying power, I cannot understand why people who claim to be intelligent will advocate a subsidy and the so-called rollback theory and have the Federal Treasury actually pay a large percentage of the grocery bill of those who are receiving the benefits of the increased dollar flow, incident to war financing.

"I know what wages are being paid on Army and Navy construction jobs and in those industries where armament, munitions, machine guns, and tanks, and planes are being built. The beginnng wage rate in my town for war workers is around 88 cents an hour. I have about 26,000 organized workers in my area, and I am not going to stand here and advocate that the people of this country subsidize their grocery bills. Let them pay their own grocery bills out of the wages that the United States Treasury is paying them for the war work they perform.

* * *

Rep. Clare Hoffman, Allegan—"Perhaps some day one of four freedoms—freedom from fear—will be restored to the American workingman and he will be permitted to accept and work at a job without being required to buy a work permit of a political ally of the administration." (He referred to a statement by the National Labor Relations Board charging that certain unions had "perverttd" the war production program by compelling hundreds of thousands of workers to pay initiation fees for the privilege of working for the United States government. The ULRB called thist practice a "most lucrative labor racket".)

* * *

Rep. Albert J. Engel, Muskegon, informed members of Congress that unskilled workers were receiving fantastically high wages in war plants. He told of an 18-year-old girl, coming from behind the counter of a dime store, who was making $65 a week after two weeks' training. This girl's annual pay was $3,380, while the base pay of a major in the army is $3,000.

Engels said that machine gun assemblers were receiving $4,700 to $8,740 a year, while Lt. General Somervell, chief of the army service of supply, was paid only $8,000.

Judging from the one issue of the Congressional Record, Michigan congressmen are well posted on the state of affairs on the Michigan home front. Their expressions are significant in reflecting the workings of a democracy in wartime.

TO WED JULY 10

The wedding of Miss Virginia Cameron and Ralph Hodges will take place at high noon July 10, at St. Elizabeth Catholic church.

$68,000 Budget For School Here

DR. BROWN NAMED PRESIDENT OF BOARD AT ORGANIZATION MEETING MONDAY

A $68,000 budget for the operation of the public schools here during the coming year, the election of Dr. Arthur Brown as president of the board of education, and a voters' directive to the board to name a three member committee to plan for the construction of a new school building at the close of the war were high lights of the annual school meeting of the district, Monday evening at the high school building.

The $68,000 operating budget for the new school year is about $4,000 higher than that of a year ago, figures show. Last year the board including capital expense, spent approximately $70,000, including $4,000 for the new heating equipment at the central building and library operation. This year's budget does not include the library costs, and there is no heating plant expense. The latter was listed as a capital investment and was not included in operating overhead.

The meeting Monday evening was presided over by P. C. Satterthwaite, president, and Dr. Brown was re-elected to office for a three-year term by acclamation. His was the only term to expire. At a board organization meeting immediately following, Mr. Satterthwaite declined the presidential re-election and Dr. Brown was named. Satterthwaite was named as vice-president, John Larsen as secretary and Earl Lindsley, treasurer. Jeins Touborg is the fifth member of the board.

W. L. Berkhof submitted his annual report, outlining plans for the new school year and reviewing the past year's work. His report showed the cost of education in the local schools to be about 50 cents per day per pupil.

The voters also heard the reports of Miss Edith Ingersoll, librarian, Fay Whelan, director of the Recreation Center, and Mr. Lindsley, treasurer.

By motion, the voters directed the board at a future date to name a three-member committee to plan for the construction of a new school building here at the close of the war. The committee will look into the possibility of obtaining federal funds to aid with the work.

The need for a new building here has long been recognized, and Mr. Berkhof called attention to the crowded condition of the school buildings in his report. It is likely that the board will name the committee at its August meeting.

The school meeting lasted for about an hour. Only 24 voters attended.

Second Nurses Aide Class Graduated on Tuesday

The regular meeting of Tecumseh Hospital Auxiliary was held Tuesday evening in the parlors of the Methodist church. Mrs. R. K. Anderson presided and a short business session held and reports given. Mrs. G. Arthur Rathbun, chairman of the Red Cross Nurse Aide, then introduced the program of graduation for the second Nurse Aide class and presented Mrs. F. K. Smith as organizer of the class and Mrs. Sam Sisson as mistress of ceremonies.

Mrs. Sisson announced the program in cleverly arranged, original verse. Solos were sung by Miss Crystal Wise and Miss Joyce Zeigler with Mrs. Bertram Updike as piano accompanist; Mrs. Updike played a piano solo and R. K. Anderson of the hospital board gave a greeting to the class. Mrs. O. V. Robinson gave a history of the class and Mrs. Smith gave a history of the first and the second classes, and, in place of the pins, which had not arrived, presented each member of the class with a certificate.

Short informal talks were given by Mrs. Dorothy O'Reilly, class instructor, Miss Gertrude Spaulding, superintendent of the hospital and Miss Ella McNeil of Ann Arbor, president of the Michigan State Nurses Association. Mrs. Glenn Driscoll, a member of the first class, who was ill at the time of graduation, was present in her uniform, and was introduced and the program closed with the singing of the class song with Mrs. Sisson, composer of the song at the piano.

The members of the class are Nina Butler, Blanche Farver, Mabel Hanna, Sarah Robinson, Virginia Retter, Alice Schneider, Florence Howe, Nina Heesen, Phyllis Gillespie, Henrietta Lindsley, Marie Deaner, Thelma Daunells and Agnes Harris.

GARDEN CLUB PICNIC

The Tecumseh Garden club will meet Friday at the home of Mrs. O. W. Laidlaw with a potluck luncheon served at noon. Miss Consuela Rodriguez of Ponce, Puerto Rico, and Miss Ruth Harding, who has been a teacher there, will give talks on the gardens of Puerto Rico.

Japanese Two-Man Suicide Submarine Will Visit Tecumseh Sunday at 10 A.M.

America's first trophy captured after the attack on Pearl Harbor—the Japanese two-man suicide submarine—will visit Tecumseh on Sunday morning, July 18, from 10 to 10:30 a.m.

The submarine, on nation-wide tour, is in Michigan for only eight days. It comes to Tecumseh from Ann Arbor and goes from here to Adrian, where it will be on display until 2:30 in the afternoon, going from Adrian to Hillsdale.

In Tecumseh, the submarine will halt in front of The Herald office. Traffic on the north side of that block in the downtown district will be prohibited Sunday morning.

Announcement that the sub would visit Tecumseh came late yesterday afternoon to Ray W. Herrick, president of the Tecumseh Products Company, from Reardon Peirsol, deputy state administrator of War Bond sales. Originally, the sub's schedule did not call for a stop here, only in the county seat city.

The submarine is mounted on a tractor-trailer, 94 feet long, and is guarded by federal and state officers.

The nation-wide tour of the submarine started Navy Day, October 27 from San Francisco and has been as effective in its stimulation of War Bond and Stamp sales as the submarine was supposed to have been in its sneak attack on Pearl Harbor.

The submarine, after its capture, was taken apart at Pearl Harbor, by the U. S. Navy for study, and photographs were taken and blueprints made of the many parts. The submarine was then shipped to the Mare Island Navy Yard at San Francisco and put back together. Portholes were cut in both sides of the hull and folding steps and catwalks put on so that the public might view the interior. The only means of entrance is through a 15½ inch opening atop the conning tower.

The exhibition of the submarine is hoped to stimulate the sale of War Bonds and Stamps here, to assist in meeting Tecumseh's high quota for July.

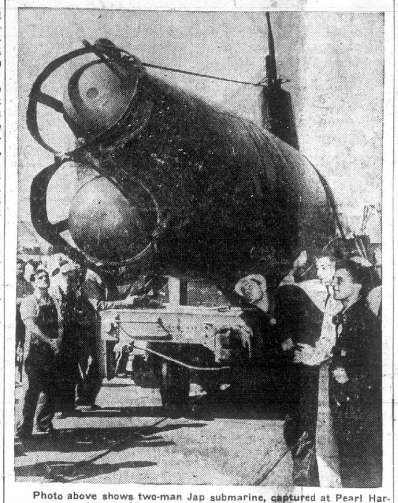

Photo above shows two-man Jap submarine, captured at Pearl Harbor, which will be on display here, Sunday morning at 10 o'clock on West Chicago boulevard in front of The Herald office. The submarine was brought to Tecumseh through the efforts of Ray W. Herrick of the Tecumseh Products Company.

ANOTHER MEETING TO BE HELD ON FRIDAY; PROGRAM TO START JULY 25

The Civil Air Patrol, recently organized here, held its first meeting Monday evening, when 10 applicants were interviewed and applications issued. Another meeting will be held Friday evening at 8 o'clock, in the wing department of the Meyers airplane factory on North Evans street when more applications will be taken. It is expected that the training program will begin July 25.

All applicants must take 25 hours of basic training before becoming C. A. P. members, and at the completion of the basic training period are eligible to wear the uniform. The basic training is followed by advanced flight instruction.

The C. A. P. takes particular interest in training probable army draftees. The training is a great help and is recognized by the army. The course of instruction includes military courtesy and discipline; interior guard duty, organization of civil air patrols; safeguarding military information; local civilian defense organization; air corp protection; aviation communication including radio operation, semaphore signalling with flags and methods of air and ground communication without radio equipment.

Anyone interested may make application by writing Lt. Kenneth J. Dunlop, C. A. P., Box 541, Tecumseh.

WED IN PHILADELPHIA

James Artman, son of Mr. and Mrs. J. M. Artman of Tecumseh and Miss Miley Strickland of Ideal, Ga., were married Saturday afternoon, July 10, at the Methodist church in Philadelphia.

Mr. Artman is a Marine gunner, with the U. S. Marine Corps, Quartermaster department depot supply in Philadelphia, and the bride before her marriage was supervisor of a school for officers children at Ft. Benning, Ga. They will make their home in Philadelphia.

FIREMEN ELECT

At a meeting at the council building, Ralph Oliver was elected president; George Hoag, secretary and treasurer; B. B. Moon, chief; Lee Purkey, and Clare Dickinson, assistant chiefs for the coming year.

NAMED DIRECTOR

At the annual school meeting of the Culbertson district, held Monday evening, Ellsworth Robison was elected director for three years to succeed Charles Allen.

Eye-Witness Tells Story of Capture of Two-Man Sub

By Capt. Eugene E. Wilson
Army Air Corps

I was on duty at Hickam Field, Pearl Harbor, as Inspector General of the Hawaiian Air Force, when the Japanese attacked on December 7.

Early the next morning I had a call from an air installation on the ocean side of a readland near Pearl Harbor that a Japanese submarine was just outside the reef few hundred feet offshore.

By the time I got there, a plane had dropped a light bomb on the seaward side of the sub and had washed it up onto the reef—a neat trick if you can do it. The idea was to capture the sub intact, instead of blowing it to the flowery kingdom come, which would have been easy.

The officer who had been in the submarine, swimming ashore, had been captured by our men. He was in his underwear. He asked to be allowed to shoot himself, since he had failed in his mission, but our men did not seem to care for the idea. The prisoner spoke fairly good English, which he said he had learned in Japan. There was no trace of the enlisted man who had been in the two-man submarine with him.

Air force and ground troops were by then paddling out to the sub on the rubber liferafts that our planes carry and were attaching lines to the sub. A Navy detachment, for which the Army had put in a call, finally hauled it onto the beach. Len H. Roos, Pathe News cameraman whom I knew, took pictures of the salvaging operation. When next I saw the sub, it was mounted on concrete cradles at the Submarine Base, Pearl Harbor.

It seems to me an excellent idea for the Treasury Department to have borrowed this first trophy of our war with Japan and to be taking it around the United States on the first overland submarine cruise in history to stimulate the sale of War Savings Stamps and Bonds.

To me it is a symbol of the ruthlessness of the foe we face and shall conquer in the Pacific. Those two men in that Japanese sneakboat started on a one-way voyage, prepared to die a fanatic's death for their Emperor, with two torpedoes and a demolition charge as their only weapons. If they had managed to get into Pearl Harbor they might have sunk an American ship and killed many more Americans. I believe inland folk who have never seen a submarine will get a vivid idea of what we have to fight in the Pacific and a new determination to work, fight and save to make the world safe from that sort of fanaticism.

Captain Wilson is a son of Ernest M. Wilson, art teacher at Gardena High School, Los Angeles. His eldest brother William Wilson is a first lieutenant in the Army; a younger brother is also a flier in the Army Air Force, and a sister's husband, Jack Townsend, is a lieutenant in the Marine Corps.

NOBLE GRAND CLUB

Mrs. Edward Furgason entertained the Rebekah Past Noble Grand Club Tuesday evening at her home on South Democratic street for their regular meeting and social evening. Potluck supper at 6:30 will precede the meeting.

Prizes at games were won by Mrs. Jennie Hodges, Mrs. Martha Nye, Mrs. May Blesing and Mrs. E. T. Topps.

HAND INJURED

Miss Nona Pocklington caught one of her hands in a machine at the Tecumseh Products Co., Saturday losing the nail of her thumb.

Miss Virginia Cameron Bride of Ralph Hodges

Miss Virginia D. Cameron, and Ralph E. Hodges, both of Tecumseh, were married Saturday noon at St. Elizabeth's Catholic church, by the Rev. Fr. John A. Ross. The bride, who is the daughter of Mrs. J. C. Cameron of Detroit, was given in marriage by her uncle, C. F. Sage in whose home she has lived for many years. Miss Margaret Jane Sage was maid of honor and Dwight Hodges attended his brother as best man. Sally Mullaney was flower girl; Eddie Hodges was ring bearer and Bob and Jerry Mooney of Detroit were altar boys.

The bride's gown was of white satin and net with lace bodice, sweetheart neckline and full skirt. She carried red roses and gysophila and wore rose buds and gysophila in her hair. Miss Sage wore pale green with lace bodice, and net skirt and carried an arm bouquet of pink roses and gysophila. Mrs. Cameron wore an ensemble of beige and green and Mrs. Jennie Hodges, mother of the groom, wore a navy ensemble, both with a corsage of gardenias.

Following the ceremony a reception for 150 guests was held at the Sage home on Adrian strpet, and later Mr. and Mrs. Hodges left for a week's boat trip. On their return they will make their home in the Mulvany apartments on North Union street.

Mrs. Hodges is a graduate of Big Rapids high school and holds a secretarial position with Tecumseh Products Company. Mr. Hodges is a graduate of Tecumseh high school and of Ferris Institute at Big Rapids and until entering army service was employed at pharmacist in the Pulver Drug Store. He was discharged from the army in May and is now employed at the Ford Mill here.

War Bond Quota Exceeded Here

TECUMSEH ONE OF NINE COMMUNITIES IN COUNTY TO GO OVER THE TOP IN JUNE

Lenawee's July War Bond quota has been fixed at $332,000, it was announced today. Tecumseh's quota is $34,000, an increase of $6,200 over that of June. Clinton's quota is $13,900, Ridgeway's $300, Britton, $2,700 and Onsted's $3,300.

Tecumseh was one of nine communities in Lenawee county to exceed its June War Bond quota, according to a report issued by the Lenawee County War Savings Committee. Tecumseh's quota for the past month was $28,000 and sales locally amounted to $36,487.

Lenawee county as a unit failed to meet its bond quota for the second straight month in June with total sales $24,456 under the quota of $256,000. In May, Lenawee sales were $19,000 under the $272,000 quota.

Although the May and June sales were short, the directors of the campaign in the county were of the opinion that the report was fairly satisfactory. The payment of income taxes and the uncertainty of the wage withholding tax had its effect on sales, it was believed.

"We must do better in the future, however," was A. A. Palmer's comment. Mr. Palmer is chairman of the county committee. "The two-man Japanese submarine is coming to Adrian for exhibition on July 18 and the Treasury department knows about the visit. The Treasury feels that with the submarine coming into the county interest in bond buying should increase. We hope the Jap suicide submarine will have its effect on sales."

The county report on sales for June follows:

	Quota	Sales
Addison	$ 2.88	$ 3,375
Adrian	148,400	124,632
Blissfield	18,500	18,562
Britton	2,000	2,084

Peter W. Phelps Dies Following Heart Attack

Word has been received here of the death of Peter White Phelps, of Marquette, brother of Miss Louise Phelps of Tecumseh, which occurred July 6 in a Marquette hospital after a three weeks illness following a heart attack.

Mr. Phelps who was the son of the late Rev. Josiah Phelps and wife spent his early life in Tecumseh. His father was rector of St. Peter's Episcopal church for 22 years.

Mr. Phelps had lived in Marquette for many years and was agent for an insurance company for over 50 years. He served as secretary and treasurer of the War Preparedness Board and as chairman of the Marquette County Red Cross during World War I. He was president of St. Luke's hospital for over 20 years and a trustee of the hospital more than 30 years. He was a charter member of the Marquette Rotary Club.

Survivors are the widow, one daughter Mrs. Emily Randall of Winnetka, Ill., one sister Miss Louise Phelps of Tecumseh and two grandchildren.

Funeral services and burial were held Thursday in Marquette.

Mrs. Ada Bartholomew Buried In Brookside

Mrs. Ada Bartholomew, aged 73 years, wife of Bert Bartholomew, died Thursday at Kalamazoo State Hospital where she had been a patient for 20 years.

Mrs. Bartholomew was formerly Ada Penman and was married to Mr. Bartholomew in 1891. They made their home in Tecumseh and she was a member of the Tecumseh Methodist church.

Besides her husband she leaves one son Carl S. Bartholomew and three grandsons all of Adrian.

The body was brought to the Belding Funeral Home here where funeral services were held Saturday afternoon. Rev. O. V. Robinson officiated and burial was in Brookside cemetery.

B. & P. W. C. PICNIC

The Business and Professional Woman's club held its annual picnic Tuesday evening at the home of Miss Beatrice Dorkin near Britton.

Two New Teachers Are Hired In School Here

Two new teachers to replace Paul Johnson and Neville Hart, who have joined the armed forces, have been hired by W. L. Berkhof, superintendent of schools here.

David J. Dick of Lyons, Michigan, has been hired to succeed Mr. Johnson in the science and mathematics department. He is a graduate of Michigan State Normal.

Delmar Crisp, a graduate of Cleary College and Michigan State Normal and who has been teaching in Ohio, has been hired to succeed Mr. Hart in the commercial department.

Neither of the new teachers will coach football and Mr. Berkhof said that in all probability this assignment would go to Fred Raizk. Last year, Mr. Hart coached the football team.

Mr. Johnson is a lieutenant, junior grade, in the Navy, and Mr. Hart is in the Army.

Lavern G. Boyce, 62, Will Be Buried Today

Lavern G. Boyce, aged 62 years, died suddenly Monday afternoon at the home of his sister Mrs. Mary Underwood in Britton where he had made his home for 13 years.

He leaves a broter Bert Boyce of Eustis, Fla., two sisters Mrs. Underwood and Mrs. Margaret Curry of Britton and several nieces and nephews. He was a member of the Knights of Pythias.

Funeral services will be held this (Thursday) afternoon at 2:30 at the Niblack Funeral Home in Britton. Rev. A. B. Johns will officiate and burial will be in Lake Ridge cemetery.

C. E. Corwin of Clinton Buried In Riverside

Charles E. Corwin, aged 97 years, a resident of Clinton for over 60 years, died Sunday night at the home of his daughter Mrs. Guy Katner in Detroit where he had spent the past year. Mr. Corwin was born in New York state. He was a member of the Methodist church in Clinton.

Survivors are three daughters, Mrs. Katner, Mrs. Milton Merrill of Ottawa, Candada, and Mrs. Harold Every of Tipton, also five grandchildren.

The body was brought to the Hause Funeral Home in Clinton where funeral services were held Wednesday afternoon with burial in Riverside cemetery. Rev. S. H. Berry officiated.

Mrs. Mary Upell, 81, Dies In Hospital Here

Mrs. Mary Upell, aged 81 years, died Saturday morning at Tecumseh hospital where she had been a patient for three months. Mrs. Upell had lived in this vicinity all her life except 23 years in Ohio.

She leaves two sons Walter Upell of near Holloway with whom she made her home and Loren Upell of Coleton, O., also six grandchildren and nine great grandchildren.

Funeral services were held Monday afternoon at the Niblack Funeral Home in Britton. Rev. A. B. Johns officiated and burial and burial was in Pleasant View Cemetery at Blissfield.

Lightning Starts Fire That Destroys Barn

A large barn on the Joseph Kish farm northeast of Britton, was struck by lightning during the electrical storm Sunday evening and was completely destroyed by fire. The blaze spread so rapidly that the whole building was in flames before anything could be done. The Britton fire department were aided by the heavy rain and prevented the blaze from spreading to the other buildings.

The first cutting of hay had just been stored in the barn. A hay loader, hay rake and combine were also destroyed. The loss is partially covered by insurance.

NOW 31 OFFICERS

The list of 30 officers from Tecumseh now serving in the army and the Navy may be increased to 31 with the name of Lt. Fred M. Temple, of the Transportation Corps, Ft. Hamilton, Brooklyn, N. Y., son of Mr. and Mrs. Leon E. Temple of Toledo and a native of Tecumseh.

FIRE IN SHED

The fire department answered a call to the home of Ralph Peotter Saturday morning to extinguish a blaze which had started in a shed at the rear of the home on East Shawnee street. Only slight damage resulted.

VILLAGE TAXES

Until further notice, I will be at the United Savings Bank every Tuesday also Saturday afternoons and evenings for the collection of Village of Tecumseh taxes.

Ford Watches Wheat Harvest

HAYDEN'S "DYNAMIC KERNELS" CUT LAST SATURDAY; WILL BE THRESHED SOON

In the presence of some 500 persons, including Henry Ford, and Charles Figy, state commissioner of agriculture, Perry Hayden's third crop of "Dynamic Kernels" was harvested Saturday, July 10, as scheduled.

Whereas only a handful of close friends watched the "sickling" of the first crop, totaling 50 cubic inches in 1941; and possibly 250 watched the "crading" of the second crop July 4, 1942; this year, in addition to townspeople, and interested observers from neighboring villages there were enthusiastic visitors from Detroit, Wauseon, Boise, Idaho, Lawence Kansas, St. Louis, Mich., Toledo, Battle Creek Ann Arbor, Wayne, Porto Rico, Jackson Milwaukee, Wis., Chelsea and other points.

Approximately half of those present registered, with Edward Ecolme, pastor of the Tecumseh Friends Church as the official "registrar". Of that number 130 attempted to place an estimate on the probable yield of the acre of wheat, which had grown from the cubic inch of 360 kernels planted in 1940. These estimates in the main were from 20 bushels to 40 bushels. It was said that Charles Figy guessed at 26 bushels, Frank Campsall, secretary to Mr. Ford placed his guess at 30 bushels; Edgar Clark, superintendent of the Ford Farms at 24 bushels; Leroy Titley, Tecumseh township supervisor at 34. Only 63 pounds of seed was planted to the acre plot.

One veteran wheat producer, Melburn Owen, of Tecumseh who placed an estimated yield of 32½ bushels said, "I never saw finer wheat in my life". The wheat was grown from Bald Rock seed supplied originally by C. D. Finkbeiner of Saline, who estimated 26 bushels from the one acre plot.

The wheat is to be threshed on the same location with a thresher to which power will be supplied from five teams of horses. This machine is being offered by Mr. Ford from the Edison Institute Museum. Mr. Ford seemed deeply impressed with the idea, and between shaking hands with oldsters, and autographing cards for younsters, he took time to present Marilyn Lindsley with an autographed New Testament from which he read to her the text John 12:24 which inspired the whole project.

Mr. Hayden announced that a prize would be given to the 10 oldest men who registered. This prize will be a one dollar box of Hayden's Wheat Germ. While the exact ages of all the older men present were not secured, it is known for a certainty that the following individuals will be eligible for the gift. Harmon Russ, 93, Adrian; Newton Satterthwaite, 87, Tecumseh; J. W. Friedley, 86, Blissfield; Charles Foot, 85, Ridgeway; Henry Karcher, 85, Britton; William Powell, 85, Tecumseh; and Henry Ford, 80, Dearborn. In addition to these men, were the following among the registrants: Howard Moore, Adrian; John Wyrill, Willis Schreder, J. W. McQueen, John Gamboe, David Boyd, Alonzo Sisson, Robert Quackenbush, all of Tecumseh; Harvey Hindes, Ridgeway; Frank Treat, Adrian; Emmet McCollum of Clinton and E. B. Williams of Union City, Mich.

In order that the general public may see the threshing of the wheat which will probably be held Saturday afternoon, July 24th, a general announcement will be made later.

The "Dynamic Kernels" planting was inspired through a sermon which Mr. Hayden heard at the local Friends church in 1940 in which the John 12:24 text was used. At each harvest the local church is given a tithe of wheat, and the remainder of the grain is saved for planting. In all probability this year's harvest will be planted in September and the program is to continue for three more years.

The final crop, in 1946, will amount to several thousands of bushels and will take hundreds of acres of ground for planting.

25 Lenawee Draftees Report To Fort Custer

Twenty-five draftees from Lenawee county, accepted for army service, left Friday for Ft. Custer after the usual two weeks leave, included in the group were Albert E. Van Brunt, Walter W. Denney and Glen E. Hagadorn of Tecumseh.

Another call was made July 14 and the second July call will be made July 28. These groups will be granted three weeks leave between induction and reporting at Ft. Custer.

LIVES—THE PRICE OF STRIKES

Many people have not realized the full threat to the war effort that attaches to labor trouble in the coal mines. In 1943 it is estimated that upward of 100,000,000 tons of coal will be chemically utilized. Coal derivatives are used in explosives, plastics, the priceless sulfa drugs, solvents, food preservatives, insecticides, fertilizers, lacquers, rubber, nylon and hundreds of other vital war materials.

Total demands for coal have grown to astronomical proportions. Prior to work stoppages in the mines, the industry was endeavoring to meet all demands placed upon it. It was succeeding. Now it remains to be seen whether there will be a coal shortage. No power on earth will be able to bring back the lives of the service men who may be lost because of any shortage. Men's lives are the price of strikes in wartime.

DICTATORSHIP BY DEFAULT

There is a possibility that this nation may go totalitarian by default. And if that happens, we will see "the beginning of a cycle of tyranny and impoverishment such as other nations have experienced when the individual was superseded by the State." That is the warning of Eric Johnson, president of the United States Chamber of Commerce.

The danger of America going totalitarian arises from the illusion that government is blessed with an inexhaustible supply of wisdom and cash, which can be drawn on freely without any strings attached to freedom. It is a dangerous illusion, a warped conception of democracy, the result of which has been a staggering growth of bureaucracy, debt, and political domination of private effort. It must be erased before the future can be approached with confidence.

Our republic became great because it has always been a land of individual enterprise. Its people grew strong because they were free and self reliant. A man who had a good idea and was willing to work to put it into effect, received encouragement and reward, providing he could actually give people something they needed and wanted. Thus industry was built. Hard work by individuals keeps it going. Our bountiful natural resources—the oil, coal and metals so vital to victory—would still be buried in the ground but for the individuals who were not afraid to take risks and back up those risks with a lot of sweat.

The people of many nations are counting on this country. The men and women of America are literally the last hope for a better civilization. It is conceivable that, with the tradition of greatness which is theirs, they will seek to solve their problems by following the same tawdry path of government idolatry that has destroyed civilization in a large part of the world.

PRICE PANELS MEETS

At the regular meeting of the Price Panel of the War Price and Rationing Board held Thursday in Adrian, Price Panel Assistants for Lenawee county were selected. These assistants will co-operate with the retailers in this county by helping them post their stores in accordance with certain orders issued by the Office of Price Administration. A number of interviews and complaints received by the price clerk were reported to the Price Panel for consideration.

There's Real Economy In Sidewall Shingles

If the sidewall of your home is needing repair and paint, investigate completely the use of sidewall shingles before you do the work.

Sidewall shingles, you know, can be installed almost as cheaply as paint and the cost of the paint can be deducted from the cost of the shingles—making the improvement rather inexpensive.

There's real economy, too, in the use of sidewall shingles—economy that you'll enjoy from the standpoint of fuel bills; economy that the entire family will enjoy in warmer rooms, warmer floors, less drafts, etc. In the summer time, sidewall shingles act as insulation and your house is cooler.

We'd like to tell you the full story of sidewall shingles in this advertisement, but space does not permit. If you will visit us, however, we'll be glad to enumerate the advantages, and to figure costs with you.

We know you'll be surprised how cheaply the work can be done.

Don't Neglect Your Roof

And while we're talking about shingles, we can't refrain from talking about the roof on your home. There's an old saying that a house is no better than it's roof, and it's a true one.

Don't neglect the roof on your home. It's mighty important. The care you give to the roof determines the life of the building.

We can furnish you with almost any type of asphalt or asbestos shingles you desire—and in a wide range of colors. Have the work done this summer or fall before winter sets in and forget your worries.

AN ORDINANCE

An Ordinance to Amend an Ordinance to Provide for the Collection of Employees Victory Tax Pursuant to the Requirements of the U. S. Revenue Act of 1942.

The Village of Tecumseh ordains:

Section 1. Deduction to be made. That, beginning with the first payroll after July 1, 1943, the Village Clerk and|or Village Treasurer is hereby authorized and directed to deduct and withhold from the wages or salary paid to each officer or employee of the village, the tax of twenty (20%) per cent of the excess of each wage payment over the withholding exemption, allowable under the schedule shown in sub chapter D, chapter nine (9), Internal Revenue code of 1943.

Section 2. Accumulation, depositing and payment of funds: The Village Clerk and|or Village Treasurer at the time of making up the payroll or immediately thereafter, shall transfer the monies deducted therefrom under the provisions of this ordinance to a separate account in the United Savings Bank of Tecumseh, Michigan, where they shall be deposited and designated as a withholding tax account. The monies accumulated from such withholdings during each quarter of the calendar year shall be paid by the Village Treasurer to the United States Collector of Internal Revenue for the District in which this Village is located on or before the last day of the month following the close of any such quarter, or in such other manner or time as the collector of Internal Revenue or Secretary of the Treasury may designate.

Section 3. Report of Tax Withheld. The Village Clerk and|or Treasurer shall furnish to each employee, from whose wages they withhold taxes, a written statement (W-2), showing the wages paid and the amount of tax withheld during the calendar year. This statement (unless an extension of time has been previously granted by the commissioner of Internal Revenue) shall be given to the employee on or before January 31 of the succeeding year; or, if the employment ends before the close of the year, or the day on which the last payment of wages is made.

In case of intermittent employment, when at the end of any term of employment, it is not expected that the employee will be re-employed, then a statement must be furnished him for the amount of tax withheld from payment made during the term of employment.

With respect to the calendar year, 1943, only one statement is required. It should cover the five (5%) victory tax, withheld, beginning January 31, and the twenty (20%) per cent tax withheld, beginning July 1.

Section 4. Amendment. The provisions of all ordinances or parts thereof now in effect relating to the payroll procedure of this Village inconsistent herewith or with the provisions of the Revenue Acts of 1942 relating to the victory tax are to that extend modified.

Section 5. Emergency. This ordinance is hereby declared to be an emergency measure made necessary for the preservation of the public peace, health and safety and to meet the requirements of the Revenue Act of 1943 and shall take effect immediately.

J. FLOYD ELLIOTT,
Village President.

Attest: WADE L. JONES,
Village Clerk.

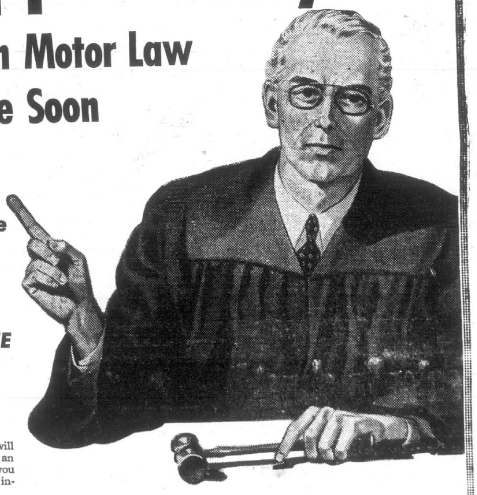
New Michigan Motor Law Effective Soon

Failure to meet requirements will deprive you of the use of your automobile or truck!

IGNORANCE OF THE LAW NO EXCUSE!



HOW THE LAW AFFECTS YOU

UNDER this new Michigan law, you will lose your privilege to drive or own an automobile or truck, the *first time* you have an accident involving any bodily injury or death:

UNLESS, you can satisfy the Secretary of State that the liability resulting from such accident is insured, or

IF NOT so insured, unless you can furnish an affidavit certifying that all personal injury or death claims resulting from such accident have been settled or unless you can give security for payment of such claims.

The Law Also Applies

IF YOU fail to pay, within 30 days, any final judgment for bodily injury or death, or for property damage of more than $50.00 or

IF YOU are convicted of violation of certain provisions of the Motor Vehicle law.

CAN YOU PROVE YOUR FINANCIAL RESPONSIBILITY?

The *minimum* amount of financial responsibility required is: $5000 for injury to, or death of, one person in one accident; $10,000 for injury to, or death of, two or more persons in one accident, and $1000 for damage to the property of others.

THE ECONOMICAL WAY TO PROTECT YOURSELF

Don't take a chance, just because you may be driving less. Just one accident can do the damage! So protect yourself.

The safest and most economical way to prove that you are financially responsible is to carry the right kind of automobile insurance in a company licensed to do business in Michigan. The best company to get it from is The Travelers.

WHY INSURE IN THE TRAVELERS?

1. The Travelers has more business in Automobile Liability and Property Damage Insurance than any other company.
2. More than 500 Travelers representatives are located in Michigan to help you in case of an automobile accident. There are hundreds more in bordering states.

In view of this new Michigan law and the present low rates, you cannot afford to be without Automobile Insurance. See your nearest Travelers agent now. Find out which type of Automobile insurance will help you keep your driving and car-owning privilege.

Who Creates Credit?

The suggestion has often been made that banks should "create more credit."

The truth is that a bank is only ONE of the parties necessary to the creation of credit. The other is a worthy borrower, able to employ bank funds profitably and to repay them when due.

This bank has money to lend. It is anxious to make sound loans. If you wish to borrow we will give your application careful consideration.

NEW STATE LAW AFFECTING MOTORISTS IS DRASTIC

There are teeth that really bite in the New Financial Responsibility Law — the motorist who fails to have adequate insurance coverage may lose his right to drive.

Unless an uninsured motorist can furnish proof that he can pay any claims that might follow an accident his right to drive is suspended. He cannot drive again until all claims are paid and he has furnished satisfactory proof of Financial Responsibility for the future.

A Wolverine "No Exclusion" policy is recognized as satisfactory Proof of Financial Responsibility and protects you under any and all circumstances. Ask us at once for full details.

The following amendment to Ordinance relating to Victory Tax Withholding, was offered by Trustee Turnbull.

An Ordinance to Amend an Ordinance to Provide for the Collection of Employees Victory Tax Pursuant to the Requirements of the U. S. Revenue Act of 1942.

The Village of Tecumseh ordains:

Section 1. Deduction to be made. That, beginning with the first payroll after July 1, 1943, the Village Clerk and/or Village Treasurer is hereby authorized and directed to deduct and withhold from the wages or salary paid to each officer or employee of the village, the tax of twenty (20%) per cent of the excess of each wage payment over the withholding exemption, allowable under the schedule shown in sub chapter D, chapter nine (9), Internal Revenue code of 1943.

Section 2. Accumulation, depositing and payment of funds: The Village Clerk and/or Village Treasurer at the time of making up the payroll or immediately thereafter, shall transfer the monies deducted therefrom under the provisions of this ordinance to a separate account in the United Savings Bank of Tecumseh, Michigan, where they shall be deposited and designated as a withholding tax account. The monies accumulated from such withholdings during each quarter of the calendar year shall be paid by the Village Treasurer to the United States Collector of Internal Revenue for the District in which this Village is located on or before the last day of the month following the close of any such quarter, or in such other manner or time as the collector of Internal Revenue or Secretary of the Treasury may designate.

Section 3. Report of Tax Withheld. The Village Clerk and/or Treasurer shall furnish to each employee, from whose wages they withhold taxes, a written statement (W-2), showing the wages paid and the amount of tax withheld during the calendar year. This statement (unless an extension of time has been previously granted by the commissioner of Internal Revenue) shall be given to the employee on or before January 31 of the succeeding year; or, if the employment ends before the close of the year, or the day on which the last payment of wages is made.

In case of intermittent employment, when at the end of any term of employment, it is not expected that the employee will be re-employed, then a statement must be furnished him for the amount of tax withheld from payment made during the term of employment.

With respect to the calendar year, 1943, only one statement is required. It should cover the five (5%) victory tax withheld, beginning January 31, and the twenty (20%) per cent tax withheld, beginning July 1.

Section 4. Amendment. The provisions of all ordinances or parts thereof now in effect relating to the payroll procedure of this Village inconsistent herewith or with the provisions of the Revenue Acts of 1942 relating to the victory tax are to that extend modified.

Section 5. Emergency. This ordinance is hereby declared to be an emergency measure made necessary for the preservation of the public peace, health and safety and to meet the requirements of the Revenue Act of 1943 and shall take effect immediately.

J. FLOYD ELLIOTT,
Village President.
Attest: WADE L. JONES,
Village Clerk.

Moved and supported that amendment as read be accepted and adopted. Ayes: VanVleet, Turnbull, Kerby, Truesdale, Rohweder. Nays: None. Motion carried.

Moved and supported that application of Doran Withrow to park House trailer at 703 S. Evans Street be granted. Motion carried.

Moved and supported that reports of officers be accepted and placed on file. Motion carried.

Moved and supported that the Village Council approve application of Lamont C. Harrington for State Beer and Wine license. Ayes: Turnbull, Kerby, Truesdale, Rohweder. Nays: VanVleet. Motion carried.

Moved and supported that offer of John W. Truesdale of $5.00 for small safe be accepted. Mr. Truesdale agrees to save the Village from all damages in removing safe from Council Building. Motion carried.

On motion Council adjourned.

J. FLOYD ELLIOTT,
President.
WADE L. JONES,
Clerk.

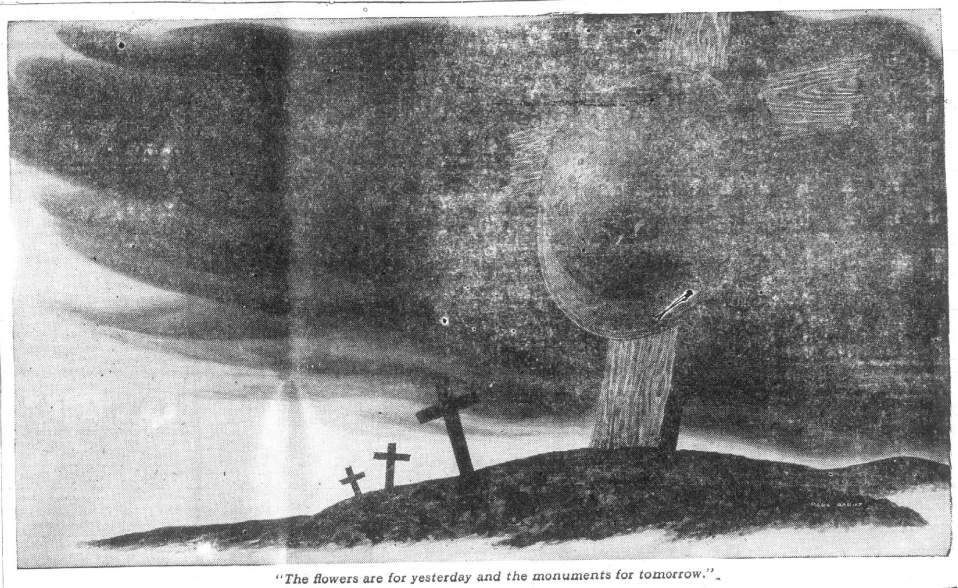
JUST ARRIVED—Air mail stationery, letterheads and envelopes, each 5c and 10c per package.



"The flowers are for yesterday and the monuments for tomorrow."

"I'd like to tell you what the Japs did to some friends of mine"

I AM LIEUTENANT (j. g.) ANN B. BERNATITUS, U. S. N.—a nurse, back from Bataan. I have a message for you . . .

"Those American boys—who fought for you with their backs to the wall, waiting for help that never reached them—came from the land of plenty. But when their lives were at stake, all they had was . . . *plenty of nothing!*

"They were outnumbered, outgunned, and outsupplied. They were so short of ammunition that antiaircraft gunners often had to hold their fire until the enemy planes were on top of them. They were so short of bandages and gauze that we nurses had to wash out the old ones and use them again.

"But they were never short of courage. They never spoke of surrender. They just went on fighting, and hoping, and dying. And no sacrifice was ever too great.

"Let me give you an example. One terrible day on Bataan we had 285 patients on our operating tables in 8 hours—*a new patient every two minutes of the day.*

"A sailor was brought in with his abdomen blown to bits. He was a goner and I think he knew it. 'Doctor,' he asked, 'is there any hope at all?'

"The doctor wished to reassure him and replied, 'We'll do everything we can!' The sailor tried to roll over. 'Doc,' he begged, 'get me off this table and save one of those other fellows who still has a fighting chance.'

"That was the kind of men we had at Bataan. And they would want you to remember not only what they *did,* but what they *did without.*

"They would want you to remember it, but not with flowers and memorials. The flowers are for yesterday and the monuments for tomorrow.

"Remember them *now*—this month and *every* month—by buying War Bonds!

"Buy guns and planes and shells and ships and tanks—for those other countrymen of yours who are fighting so far from home. See to it that never again, any place in the world, will American fighting men be caught short as they were on Bataan! That never again will American wounded perish for the help your dollars might have sent!

"Certainly taxes are higher. Certainly the cost of living has gone up. *But the men on Bataan were never ten-percenters!*

"They gave everything they had. And now it's up to you to buy War Bonds not only *if* you can, but *all* you can! Please believe me, folks—that's the way the boys on Bataan would *like* to be remembered!"

YOU'VE DONE YOUR BIT---NOW DO YOUR BEST!

Miss Mary A. Wilson Weds Corp. A. F. Hoch

A lovely wedding took place at Martha-Mary chapel in Macon Thursday evening, when Miss Mary Ann Wilson of Tecumseh, daughter of Henry Wilson of Macon, became the bride of Corporal Albert F. Hoch, son of Mr. and Mrs. Frank Hoch of Jackson. The single ring service was read by the Rev. James Cameron Murdoch in the presence of 75 guests.

Preceding the ceremony Mrs. George Parsons presented a short organ recital and Herbert Gilmore sang "O Promise Me' and "I Love You Truly." Promptly at eight o'clock the bride entered with her father. Her sister Mrs. Elmer Burleson was matron of honor and Frank Hoch, Jr., attended his brother as best man. The little flower girls, Donna and Marilou Burleson, nieces of the bride, preceded the group to the altar which was decorated with hampers of lilies and pyramids and lighted candelabra. The ushers were Elmer Burleson of Tecumseh and Roy Wheeler of Jackson.

The bride's gown was of white satin, princess style with sweetheart neckline, long sleeves and train. Her long veil was caught with a seed pearl tiara and she carried an arm bouquet of gysophila and white roses. Her only jewelry was a gold locket, the gift of the groom. Mrs. Burleson wore pink ninon made with sweetheart neckline and full skirt. Her headdress and arm bouquet were of pink and white roses. The little flower girls wore aqua and rose and each carried a basket of flowers. Mrs. Hoch, for her son's wedding, was dressed in brown and white, with white accessories and a corsage of white gardenias.

Following the ceremony a reception was held in the chapel basement where refreshments were served from a candle-lighted service table centered with lillies, delphinium and daisies in a crystal bowl, and a three-tiered wedding cake topped with a miniature soldier and bride.

Later Corp. and Mrs. Hoch left on a short trip. For going away the bride wore a two piece blue ensemble with white accessories. After their trip Corp. Hoch will return to Camp Forrest, Tenn., and Mrs. Hoch will continue to make her home with her sister and husband, Mr. and Mrs. Elmer Burleson. The bride is a graduate of Tecumseh high school in 1938 and is employed in the Navy division of Tecumseh Products Company. Corp. Hoch was employed by the Michigan Central Railway before entering army service.

During the week preceding the wedding Mrs. Walter Pfaus of Tecumseh and Mrs. Frank Hoch, Jr., of Jackson entertained at miscellaneous showers for the bride-to-be.

Robinson Quits Baptist Pulpit

RESIGNS TO TAKE POST AT BURTON STREET CHURCH IN GRAND RAPIDS

The Rev. O. V. Robinson, pastor of the Baptist church here, tendered his resignation to the congregation at the regular morning church service, Sunday. He will leave Tecumseh October 1 to become the pastor of the Burton Street Baptist Church, Grand Rapids.

The Rev. Mr. Robinson came to Tecumseh eight years ago from Chicago, where he was the assistant pastor of Lorimer Memorial Church.

During Mr. Robinson's ministry here, the local Baptist church has been one of the most active organizations in Tecumseh and under his leadership 116 new members have been added to the church roll.

Both Mr. Robinson and his wife have been active in civic affairs and the pastor is a member of the Rotary club. He also is a member of the Baptist State Committee on Ministers.

"It is with regret that Mrs. Robinson and myself leave Tecumseh," he said today. "We have made some very fine friendships here. However, I feel that I am answering a new call to duty."

The Grand Rapids church is somewhat larger than the Tecumseh church and is located in a rapidly growing section of the Furniture City.

Committees Are Named By B. & P. W. President

Mrs. Marvin Watkins, president of the Business and Professional Womens Club has appointed the following committees for the coming year: Program, Miss Jane Elliott, Mrs. Bernice Duncan, Mrs. Lillian Tingley, Mrs. O. V. Robinson; membership, Miss Margaret Lowry, Mrs. Ayesha Laidlaw, Mrs. Susan Porter; finance, Miss Marie Koering, Mrs. Pearl Elliott, Mrs. Helen Oliver; publicity, Mrs. Ethel Truesdale, Mrs. Anna Blesing, Mrs. Anna Hardenburgh; courtesy, Mrs. Naomi Sallows, Mrs. Clara Desermia, Mrs. Cecil Smith; auditing, Miss Lellah Wuerthner, Miss Bess Spayde, Mrs. Peg Pilman; child welfare, Mrs. Lila Campbell, Mrs. ArleneOusterhout, Miss Bernice Parker; welfare representative, Mrs. Nina Heath; parliamentarian, Mrs. Claudyne Swick.

Seventeen members of the club enjoyed a picnic at the home of Miss Beatrice Dayton near Britton last Tuesday evening when the committee appointments were announced. Regular meetings will be resumed in September.

CHARLES B. RYAN DIES IN CLEVELAND

Mrs. W. J. Penman was notified Wednesday of the death of her brother-in-law, Charles B. Ryan, which occurred Tuesday night at his home in Cleveland, O., after a long illness. He leaves the widow, formerly Margaret Schreder of Tecumseh, and six children, four of whom are in service.

Funeral services will be held in Cleveland Friday.

Mrs. Penman went to Detroit yesterday afternoon and in company with her daughters, Mrs. Frank Shier and Mrs. Ross Humphrey left for Cleveland.

MARRIED 45 YEARS

Mr. and Mrs. Laverne Mansfield observed their 45th wedding anniversary Wednesday at their home on East Pottawatomie street. There was no celebration.

Mr. and Mrs. Mansfield who were married in Saline July 21, 1898, are the parents of three children, Pvt. Lavern Jr., stationed at Ft. Dix, N. J., Mrs. William Shavaller of Tecumseh and Clifford Mansfield of Ann Arbor. They also have three grand children Lavern Mansfield III of Clinton, Corp. William Shavaller of Ft. Ord, Calif., and James Shavaller of Tecumseh, and one great grand child William Wayne Shavaller of Tecumseh.

WED IN CALIFORNIA

Miss Mildred Upell, daughter of Walter Upell of Britton and Pvt. Arthur Roekle of Camp McQuaide, Calif., son of Mr. and Mrs. Karl Roekle of Adrian, were married July 2 at the Mesiah Lutheran church in Santa Cruz, Calif., by the Rev. J. Gamm. They are residing in Watsonville, Calif.

COUNCIL MEETS

The regular meeting of the village council was held Monday evening. Current bills were audited and ordered paid and except for reports from officers and department heads there was little other business to come before the trustees.

S. S. PICNIC TODAY

The Friends Sunday school will hold a picnic on the church lawn this afternoon at 3 o'clock. Picnic supper at 7 o'clock will be followed by a surprise entertainment.

Toledo Pastor Will Be Speaker Here, Sunday

The second in a series of three community patriotic services, will be held on Sunday evening at 8 o'clock in the Baptist Church here. The speaker will be the Rev. R. Lincoln Long, D.D., pastor of the Collingwood Avenue Presbyterian church, Toledo. Dr. Long's subject will be, "From Ling Christians."

The community services are being sponsored by the Baptist, Presbyterian, Friends, Methodist and Episcopal churches of this village and last Sunday's service drew a large attendance.

Use Horses To Thresh 'Kernels'

HAYDEN'S 1943 HARVEST TO BE THRESHED ON CIVIL WAR MACHINE FROM MUSEUM

The third crop of Hayden's "Dynamic Kernels" is to be threshed in Tecumseh Saturday, July 24 at 2 p.m. Through the courtesy of Henry Ford, who is personally interested in the six-year project, and who has furnished land for the first three crops, this year's crop will be threshed on a Birdsall separator of Civil War vintage, with 10 horses furnishing power on an old fashioned sweep-and-tumbling rod. This is being loaned by the Edison Institute Museum.

Inspired by a sermon on the text taken from John 12:24—"Except a corn (kernel) of wheat fall into the ground and die it abideth alone, but if die it bringeth forth much fruit," that was preached in the Tecumseh Friends Church by Clifton Robinson of Newport News, Virginia, on Sunday, September 22, 1940, Perry Hayden, president of Hayden Flour Mills, decided to see if this sermon would work out in actual life.

Assisted by Edgar Clark, superintendent of the Macon Ford Farms, and officials of the Edison Institute of the Macon area, the project officially had its "birth" on Thursday, September 26, 1940, when C. D. Finkebeiner of Clinton, grower of certified Bald Rock Wheat supplied a cubic inch (360 kernels) of wheat to 12 boys from the Macon Ford Schools who planted them in 12 rows on a small plot of ground just east of Ford's Hayden Mill in Tecumseh.

In 1941 the crop was found to have yielded 50 fold, and was threshed by "lung power" in the Hayden home. The second crop was planted by hand by 45 people, and when threshed at Michigan State College in August 1942—it was found that a gain of 55 fold had taken place.

In 1942 the third crop was planted on an acre of ground just east of The Tecumseh Hospital. This was cut by an 1853 Champion self rake reaper also furnished by Mr. Ford, on Saturday, July 10.

The public is invited to witness the threshing Saturday. It will probably be the first time in 50 or 60 years that wheat has been threshed by horse power in Lenawee county, and most likely will be the last time, ever that such a sight can be seen.

MISS RUTH HARDING TALKS TO GARDEN CLUB

Miss Ruth Harding, a teacher for a few years in Porto Rico, gave a most interesting talk at the meeting of Tecumseh Garden Club Friday afternoon, in the home of Mrs. O. W. Laidlaw. She told of the gardens, the shrubbery and the homes there and gave interesting descriptions of the people. She also talked of the political situation and of the food conditions, which have been a major problem. The talk was preceded by a potluck luncheon with 21 members and guests seated at tables with patriotic decorations. A few of the members brought patriotic table arrangements of flowers and they were discussed. Four guests were present, Mrs. Norman MacNaughton and her sister, Miss Alice Gertrude Chalk, Mrs. Wyman Service and Mrs. Russell Garno. The August meeting will be held at the home of Mrs. F. C. Dickinson.

SPEAKS TO ROTARY

Mrs. Naomi Williamson was the guest speaker at the regular noonday luncheon meeting of the Rotary club on Tuesday at Brees House. She was the guest of E. M. Campbell, who had charge of the program. Mrs. Williamson spoke interestingly on her visit two years ago to the Hawaiian Islands.

PYTHIAN PICNIC

Members of the local Pythian Sisters with their husbands and families, will hold a picnic at Adams Park, Wednesday evening, July 28. Supper at 7 o'clock, members are to bring table service, sandwiches and a dish of food to pass. Games and entertainment are planned for the evening.

As Tecumseh Saw Jap Suicide Sub

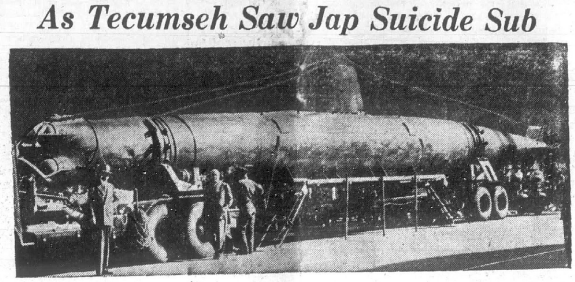

Photo above shows the two-man Japanese suicide submarine that visited Tecumseh last Sunday morning and during its 30-minute stay here was seen by a crowd estimated at from 1,500 to 2,000 people. The submarine, mounted on a 94-foot tractor trailer, was parked on West Chicago boulevard in the business district.

Captured at Pearl Harbor after the Japs attacked that Naval base at the outset of the war, the underwater craft, which is 84 feet in length, was dismantled and shipped to the United States, reassembled in California and is now on a nation-wide tour in an effort to stimulate the sale of War Savings Bonds and Stamps.

The sub was taken from Tecumseh to Adrian where it remained until mid-afternoon when it continued its journey to Hillsdale and other points in Michigan.

15 Local Boy Scouts Win Honors at Camp

A group of 15 Boy Scouts returned Sunday from a week's outing at Camp Kanesatake on Washington Lake. As a group project the Scouts enlarged and relocated the camp site which overlooks the lake and is visible from M-50.

Honors were won by the local boys in competition with 72 other Scouts, as follows: Marvin Barber, second year camper, one merit badge; Jim and Jerry Murphy, second year campers, three merit badges; Robert Moore III, Norbert O'Hara, "Hoppo" Anderson, first year campers; Don Maves, first year, group quartermaster; Tom Corbery, first year, assistant quartermaster; Bill Hayden, first year, auxiliary camp bugler. Others attending were Ken Maves, Richard Hubbard, Gene Tuckey, Gordon Comfort, Charles Manley and Douglas Tate.

B. C. Dannells, scoutmaster, was in charge of the group and was also awarded the camp honor arrow.

ILLINOIS CLUB

The Illinois Club of Lenawee County held its 15th annual reunion at the state park at Wampler's lake with 85 members present. A picnic dinner was served at noon and Mrs. Don Armantrout presented a program. Officers were elected as follows: Mrs. Carl Thompson of Tecumseh, president; Mrs. Harlan Meyers of Britton, secretary-treasurer; Miss Bertha LaPointe of Tecumseh, historian. Members were present from Adrian, Milan, Morenci, Britton, Ridgeway, Clinton, Tecumseh and other places in the county. The next reunion will be held at the same place, the second Sunday in July 1944.

HONORS DAUGHTER

Mrs. M. R. Blanden entertained four tiny tots and their mothers Friday afternoon at her home on West Chicago Blvd., honoring the first birthday of her daughter Harriett Francella. Those present were Mrs. William A. Wright and daughter Sarah, Mrs. Ned Baldwin and daughter Linda Mae, Mrs. Leroy Titley and daughter Alice Jane and Mrs. Howard Truesdale and daughter Judy Ann.

Refreshments were served and included a birthday cake with one candle. Gifts were presented to Harriett.

ENTERTAIN SOCIETY

Mrs. D. W. Beck and Mrs. John R. Lott entertained the Presbyterian Ladies Aid Society yesterday afternoon at their home south of town. Mrs. John R. Thompson gave a talk on "Women of the Bible" and Mrs. Hoyt Whelan gave vocal selections.

NEW ASSIGNMENT

Lt. R. F. Helserman has received his diploma as flight surgeon and has been assigned to the Air Depot Base at Galena, Wash. After a five-days furlough Lt. Helserman and family will leave Santa Ana, Calif., this weekend for Galena.

NEW POSTAGE RATE

New postal rates are now in effect for mail going to Canada. All letters will require a 4-cent stamp instead of a 3-cent stamp. Cards will continue at the 2-cent postage rate as before.

R. C. WORKERS NEEDED

A new supply of surgical dressings have arrived at the local Red Cross rooms. The sewing rooms will be open in the future at 1:30 o'clock on Tuesdays and Thursdays, starting July 27, it was said today. Workers are urgently needed to complete Tecumseh's quota on time.

Sand Lake Property Sold To Toledo Group

The former Putnam's Landing property at Sand Lake, more recently owned by Carl Schleh, has been purchased by the Wil-O-Land Sportsman's Club of Toledo. The purchase includes 27 acres of land, a group of eight buildings at Putnam's Landing, the dance hall, combined hotel and bath-house, two cottages and four cabins. The club making the purchase is composed of a group of employees from various factories in Toledo who plan to use the property as a summer resort and health camp for club members and their families exclusively.

Extensive improvements to both buildings and grounds are planned; and include making the hotel-bath-house into a modern club house and closing up that end of the lake for a first class bathing beach. A small golf course is to be laid out on the baseball diamond site and an archery range and other recreations will be provided. Members of the club will do most of the work which has already begun. The bath house and hotel have not been open recently and the dance hall has been used as a skating rink. Water has returned to the lake this year after a long period of low level. The skating rink will be continued temporarily, but later the building will probably be converted into a community center for cottagers.

Car Owner and Driver Get Traffic Tickets

A car belonging to Lavern Theebe was wrecked Saturday night north of Clinton when the driver Lena Rosekline, 13, lost control of the machine which struck a tree. Both persons received minor cuts and bruises.

Clinton State police issued a ticket charging Theeke with allowing an unlicensed person to drive a motor vehicle and the girl will be taken to probate court to answer a charge of driving without a license.

HONOR BRIDE-TO-BE

Miss Sarah Jane Heilman and Mrs. W. A. Wright entertained Thursday evening at the Heilman cottage at Sand Lake for Miss June Costigan whose marriage to S. Sgt. Woodrow F. Green of Saginaw, takes place August 4. The bride-to-be was presented with a shower of towels. A buffet supper was served and the evening spent swimming and boating. Sgt. Green is stationed at Lincoln, Neb.

PRESBYTERIAN PICNIC

The Presbyterian Sunday school will hold a picnic Thursday, July 29, at 6:30 p. m., on the church lawn. Parents of children in the Sunday school and all members of the church are invited. Each family is asked to bring sandwiches and a dish of food to pass. Entertainment will be furnished after the picnic supper.

SON HONORED

Mrs. Clarence Allison and Mrs. Jim Allison entertained a group of children Friday afternoon in honor of the latter's son Jimmy who was celebrating his seventh birthday. Games were enjoyed and ice cream and cake were served.

The guests were Donna and Marilyn Burleson, Judy Beckman, Dick Tingley and Bruce Hoekstra. They presented Jimmy with gifts.

SUNDAY FISHING, ONLY

Some folk misinterpreted the advertisement of the Gravel Pit on Adrian street, regarding the permission to fish there. The owner of the pit permitted fishing on Sunday, July 18, only, for both boys and men. Fishing after that time or any other time is prohibited.

To Investigate Price of Meats

LENAWEE PANEL REQUESTS INVESTIGATORS FOR LENAWEE MARKETS

A request that investigators be sent from Lansing to inquire into alleged violations of ceiling prices on meats in Lenawee county markets, and at the same time inquire into charges of alleged boosting of restaurant prices, was made by the Lenawee County War Price and Rationing Board Price Panel, at its regular weekly meeting, last week. The investigators will come from the enforcement division of OPA.

The board heard several complaints to the effect that markets were not heeding the government's roll-back prices on both beef and pork. It also was charged that some markets were out of line on the 28 cent a pound price for ground beef.

All markets have been furnished with a list of the government's ceiling meat prices and these must be posted in retail meat stores. Also, the law provides that meat in display cases must be plainly marked as to grade and price.

The board also heard complaints regarding suspected violations of ceiling prices in the sale of used refrigerators, furniture, lumber, tire-inspection service and automobile repairing.

The Price Panel clerk has provided all meat retailers and eating and drinking establishments with a copy of the regulations covering their lines of business, and a complete file of the regulations on all commodities is available for the use of the trade and the public at the panel's headquarters in the old National Bank of Commerce building on East Maumee street in Adrian.

Sgt. John C. Heesen Weds California Girl

Staff Sgt. John C. Heesen, son of Mr. and Mrs. Don C. Heesen of Tecumseh and Miss Audrey Rose Streit, daughter of Mr. and Mrs. George Streit of Pomona, Calif., were married Sunday, July 18, at the Trinity Methodist church in Pomona. Immediately following the ceremony a reception was held in the church parlors.

The bride is a graduate of Pomona Junior College, Sgt. Heesen graduated from Tecumseh high school and was employed by Tecumseh Products Company previous to his army induction. He is now stationed at Fort Ord, Calif., and they will make their home in Monterey.

KEMPF REUNION

The annual reunion of the Kempf families was held July 11 at the home of Mr. and Mrs. Frank Kniffen near Britton. Fifty-two relatives attended from Ypsilanti, Milan, Plymouth, Adrian, Tecumseh, and Britton. Picnic dinner was followed by a business meeting and the following officers were elected: Clyde McCaughey, president; Mrs. Roy Kempf, vice president; Mrs. Joseph Spohr, secretary and treasurer. The afternoon was spent socially and in conclusion ice cream and cake were served.

Next year's reunion will be held at the home of Mr. and Mrs. Clyde McCaughey near Cone.

HUNT FAMILY

The descendants of Abraham V. and Margaret N. Hunt held their 39th reunion at the home of Mr. and Mrs. Ivan Hunt in Tipton. After the potluck dinner a business meeting was conducted by Ivan Hunt, president. Officers were elected as follows: President, Don Hunt; secretary, Mrs. Don Hunt; recording secretary, Mrs. Willard Hunt; program chairman, Ivan Hunt. The historian reported 11 men in the armed service, ten births and two marriages during the last year. A short program was given under the direction of Mrs. Woodrow Hunt.

The reunion will be held next year with Mr. and Mrs. Don Hunt west of Tecumseh.

Wages Make World Cockeyed

GIRLS GET $55.80 WEEKLY FOR MENDING SHOES FOR $50-A-MONTH BOYS IN SERVICE

BY GENE ALLEMAN
(Special To The Herald)

Lansing, July 22.—Of course 1943 is cockeyed.

Listen to these questions and answers:

Q. Who are these people working in the (war) factories?

A. They are farmer boys, gas station attendants, grocery store clerks, dry goods store clerks, former automobile salesmen, etc.

Q. Do you cash their checks in your bank?

A. Yes.

Q. How much do they make?

A. Anywhere from $120 to $230 every two weeks.

Q. Do they have any special skill?

A. H—l, no. They were hauling manure last fall, digging potatoes, husking corn, pumping gas, selling groceries, dry goods etc. Farmer boys making more money in the factory in one year than the farm is worth upon which their father has been trying to pay a mortgage for a lifetime.

* * *

The above questions were asked by Representative Albert J. Engel of Muskegon. The answers, in substance, were given by cashiers of small-town banks in towns of 1,000 people or more, surrounding industrial war centers. Both questions and answers were a part of findings presented this summer to Congress by the Michigan congressman who recently completed a 44-day inspection tour of 47 war plants.

Representative Engel reported, "I spent two weeks in General Motors, Chrysler and Ford's". For all purposes, as any half-awake citizen of Michigan could readily substantiate, the above answers could have been given, (and they probably were) right in the good state of Michigan—center of mass production technology, world automotive capital, now glorified as the nation's leading arsenal of democracy.

* * *

No one who has studied the problems, as I have tried to study them." Representative Engel told members of Congress, "can spend 44 days going through plants and seeing the wheels of production roll without coming to the conclusion:

"First, that on the whole we are doing a magnificent job of production;

"Second, that labor, as a whole, has worked faithfully and well and that labor is entitled to a full share of the credit for such production;

"Third, that the conversion of peacetime plants into war production plants has been the most amazing chapter in the industrial history of the world and both to management and labor, from the head of the production plants on down to the lowest paid worker, must go great credit."

* * *

"I believe in decent wages. I believe in skilled labor being paid and paid well. You have in war industries many skilled men, toolmakers, diemakers and others. I was fascinated as I watched these men work. It takes years to make an expert diemaker.

"Should the worker who operates a simple machine that he can learn to operate in two or three weeks be paid as much, or more, than the skilled craftsmen who built the die which makes it possible for the workman to turn out his work?"

The Michigan congressman might have added that these high wages are being paid, not by the big bad manufacturers who dwell in mansions of gold, but by a lot of little people all over the United States and the future generations and generations yet unborn. War contracts are financed by crisp currency of the United States government which belongs to all of us.

* * *

To complete the Alice-in-Wonderland contrasts, the Muskegon congressman pointed out "the government pays $55.80 a week in pay and per diem to girls while they learn how to mend shoes. The same government pays $50 a month to the young men in the service who are wearing these shoes."

Yes, big pay with little training—that is the 1943-style prosperity which is helping to inflate the cost of living.

Why is it necessary to pay a tank welder, after four weeks of training, $67 a week . . . or "girls in still another plant, after two or three weeks of training . . . as much as $269.72 a month" when the base pay of a lieutenant colonel is $3,500 and a colonel $4,000 a year?

What will the host of Michigan soldiers, sailors and marines (not to say anything about our Waca, Waves and Spars) say when THEY come back and start paying high

FACTS FROM ENGLAND

A few facts from England eloquently tell the story of compulsory health insurance. Under the British system of health insurance a physician has a panel of 1,000 to 2,500 patients at $2.25 each per year. He may have to see 100 patients a day. Frequently as many as 60 persons must be seen in his office in two hours—two minutes per patient, including paper work. There is no time for adequate treatment. If a panel physician keeps patients waiting too long, Unlike American physicians, the they report him to his superiors. panel physician in England rarely has the time or the energy to study, engage in research, attend medical meetings or take refresher courses.

It is easy to see why doctors oppose schemes to emasculate the American medical system. It has its shortcomings, but fundamentally it is the most efficient, far-reaching system yet devised. Infinitely more important, it is a system which inspires initiative and progress. Within its framework doctors are free individuals. Tomorrow, next week, next year, as the future rolls into the present, new techniques and new cures will come from the imaginative, probing minds of American medical men. It would be calamitous to freeze medicine into a compulsory socialistic mold that would kill the souls of these men.

ENCOURAGE FOOD PRODUCTION

In talking to fifty congressman, Fred H. Sexauer, president of the Dairymen's League Coop. Assn., said that as meat, butter and cheese are rationed, the public turns to substitute foods, including milk. "The choice of substitute foods is narrowing daily. The danger that milk may be added to the ration list is real. A food crisis is upon us, yet the government is concerned in regard to paying the farmers a price sufficient to encourage them to produce to the utmost. Prices should be controlled, but not discourage production."

MAKING MONEY

Here's a governmental corporation that has made money:

The War Damage Corporation has just ended its first year, with $124,000,000,000 of insurance in force and practically no damage to pay for.

War risk insurance is being renewed all over the nation. There is the prospect that most of the 14,879,000 policies will be renewed and the corporation will receive, in premiums, another $131,000,000.

Those who have War Risk insurance policies will do well to keep them effective. The premium is small and it guarantees the property owner against damage as a result of war activities. It is a good buy.

The government corporation is wise, we think, in not reducing its premium rates. There is no telling when it will suffer a major loss. The random bombing of one large city could result in huge claims and it is just as well to have a large cash reserve.

Insulate Your Home and Cut Your Fuel Bill
Scientific tests prove beyond all question of doubt that it is possible to reduce fuel bills as much as one-third or more through proper insulation.
Would you be interested in cutting a $75 coal bill to $50 or less? Would you object to spending a few dollars for insulation when you could be shown that it would save its costs in from two to four years?
We know you wouldn't, buy you may be like many people—you are of the opinion that insulation is expensive. That it costs too much money.
On the contrary—the cost of insulating the average home is small. Attic insulations seldom reach $75—some much less. It does not take an experienced man to install insulation—most anybody can do it.
Why don't you come in and let us estimate the cost of attic insulation in your home? We'll be glad to give you the benefit of our experience.
Storm Sash Save Fuel, Too
Storm sash—including storm doors and windows —are important — with or without insulation. A large part of your heat loss is through glass and poorly fitted window frames.
Now—this summer—when we have time, let us make the storm sash that you need for your home. We'll complete the job and have it ready for you to paint and install next fall.
In these war-days—insulation and storm sash are essential. Fuel next winter may be at a premium. Why not save it for Victory?

Wages Make

(Continued from Page 1)

income taxes on our dizzy national debt? Will the ex-war workers condemn the boys from Sicily and Tunisia and Guadalcanal and Attu for lack of "patriotism" if the American Legion and Veterans of Foreign Wars suggest another bonus to "equalize" the $50-per-month war compensation?

* * *

We don't know the answers, of course, but we can make two and two add up to four.

The arithmetic of high wages in today's war industries points to the following post-war developments, as we see it:

1. A reaction against both management and labor IF the evidence bears out reports of excessive net profits—the sums left over after Uncle Sam has collected his taxes. Remember, both management and labor were in the national doghouse after the last war because of the sins committed by greedy minorities.

2. Federal regulations of labor unions as well as stockholders' corporations.

3. Call it what you may, some kind of extended compensation to service men and women who are making the real sacrifice—and for some of them it will be the SUPREME sacrifice: life itself.

We might add a fourth as we contemplate what the farmer is going to think when he makes another payment on the farm mortgage: Parity prices for foodstuffs.

There, we've done it again.

So we say in return: All right, add 'em up yourself. Your guess is as good as ours. What do YOU foresee for post-war America as a result of today's war labor boom.

QUALITY is Important When Food is Rationed

Never in the history of the present gentration was it more important to buy quality in food stuffs than today.

With food rationed, the food that you purchase with your ration stamps must be "entirely useable"; it must be top quality if you are to get the most for your money.

And that is where our store plays an important part. We sell—and have sold for 80 years—only top quality merchandise.

We know that you'll appreciate trading with us.

ANNOUNCES The MIRACLE in Permanent Waving

NO HEAT
NO MACHINES

As entirely new and different permanent. A triumph of modern science. THESE ARE THE MIRACLES OF COLD RAY:

BETTER HAIR CONDITION! In COLD RAY, magic lotions flow gently through your hair, to mold and hold your curls. Then a touch of satin cream. Result? Hair as soft it's like spun stardust!

IDEAL COMFORT! In COLD RAY, there is no painful stretching of your hair, no heat, no machines, no weighted down feeling. COLD RAY is safe, tested and re-tested on all types of hair. It's the peace-of-mind permanent.

SOFTER, STRONGER CURLS! In COLD RAY, you get abundant, luscious curls! Not only on normal hair — but even on many types of hair hard to wave with heat! Best of all . . . stronger, longer-lasting curls all along the neckline, too.

COMPLETE CONVENIENCE! In COLD RAY, we offer you a heatless, machineless wave which takes no longer to give than an ordinary heat wave. And long after you have your COLD RAY, you'll be ever so grateful for its convenience, for it leaves your hair soft and manageable . . . beautifully easy to style for any occasion.

To Save the Farmers Time

We will grind and mix farmers' grain ONLY on Mondays, Wednesdays, Fridays and Saturdays

This will permit us to concentrate all of our efforts on those 4 days from 7:00 a.m. until 6:00 p.m. on custom work which should result in faster service to our Farmer trade.

We do not mean to be "dictatorial" or "independent" in this matter. The tremendous load placed upon our equipment and manpower producing Hayden Starter and Grower, Hayden Hog Balancer, Hayden Egg Mash, Poultry Balancers, Broiler Mashes, Dairy Feeds, etc. etc. has forced us this decision. We actually believe that it will increase the efficiency of our service.

THIS DOES NOT APPLY TO BUYING AND SELLING WHEAT AND OTHER GRAINS OR TO PREPARED FEEDS. We will supply flour, feed, seeds, etc. every day in the week.

No Grinding or Mixing on Tuesdays or Thursdays Until Further Notice
